Microbe Hunters Paul de Kruif, 2002-10-28 An international bestseller, translated into 18 languages, Paul de Kruif's classic account of the first scientists to see and learn about the microscopic world continues to fascinate audiences. This is a timeless dramatization of the scientists, bacteriologists, doctors, and medical technicians who discovered the microbes and invented the vaccines to counter them. De Kruif writes about how seemingly simple but really fundamental discoveries of science—for instance, how a microbe was first viewed in a clear drop of rain water, and when, for the first time, Louis Pasteur discovered that a simple vaccine could save a man from the ravages of rabies by attacking the microbes that cause it. It manages to delight, and frequently to entrance, old and new readers [and] continues to engage our hearts and minds today with an indescribable brand of affectionate sympathy. -- F. Gonzalez-Crussi, from the Introduction.

**Into the Wild** Jon Krakauer, 2018-07-12 Jon Krakauer's *Into the Wild* examines the true story of Chris McCandless, a

Kublai Khan has sensed the end of his empire coming soon. Marco Polo diverts his host with stories of the cities he has seen in his travels around the empire: cities and memory, cities and desire, cities and designs, cities and the dead, cities and the sky, trading cities, hidden cities. As Marco Polo unspools his tales, the emperor detects these fantastic places are more than they appear.

*The Librarian of Auschwitz* Antonio Iturbe, 2019-04-04 For readers of *The Tattooist of Auschwitz* and *The Choice*: this is the story of the smallest library in the world - and the most dangerous. 'It wasn't an extensive library. In fact, it consisted of eight books and some of them were in poor condition. But they were books. In this incredibly dark place, they were a

reminder of less sombre times, when words rang out more loudly than machine guns...' Fourteen-year-old Dita is one of the many imprisoned by the Nazis at Auschwitz. Taken, along with her mother and father, from the Terezín ghetto in Prague, Dita is adjusting to the constant terror that is life in the camp. When Jewish leader Freddy Hirsch asks Dita to take charge of the eight precious books the prisoners have managed to smuggle past the guards, she agrees. And so Dita becomes the secret librarian of Auschwitz, responsible for the safekeeping of the small collection of titles, as well as the 'living books' - prisoners of Auschwitz who know certain books so well, they too can be 'borrowed' to educate the children in the camp. But books are extremely dangerous. They make people think. And nowhere are they more dangerous than in Block 31 of Auschwitz, the children's block, where the slightest transgression can result in execution, no matter how young the transgressor... The Sunday Times bestseller for readers of *The Boy in the Striped Pyjamas*, *The Tattooist of Auschwitz* and *The Choice*. From the author of *The Prince of the Skies*, based on the incredible and moving true story of Dita Kraus, holocaust survivor and secret librarian for the children's block in Auschwitz.

**Ulysses** James Joyce,2024-07-03 Stephen, an elbow rested on the jagged granite, leaned his palm against his brow and gazed at the fraying edge of his shiny black coat-sleeve. Pain, that was not yet the pain of love, fretted his heart. Silently, in a dream she had come to him after her death, her wasted body within its loose brown graveclothes giving off an odour of wax and rosewood, her breath, that had bent upon him, mute, reproachful, a faint odour of wetted ashes. Across the threadbare cuffedge he saw the sea hailed as a great sweet mother by the wellfed voice beside him. The ring of bay and skyline held a dull green mass of liquid. A bowl of white china had stood beside her deathbed holding the green sluggish bile which she had torn up from her rotting liver by fits of loud groaning vomiting. Buck Mulligan wiped again his razorblade. —Ah, poor dogsbody! he said in a kind voice. I must give you a shirt and a few noserags. How are the secondhand breeks? —They fit well enough, Stephen answered. Buck Mulligan attacked the hollow beneath his underlip. —The mockery of it, he said contentedly. Secondleg they should be. God knows what poxy bowsy left them off. I have a lovely pair with a hair stripe, grey. You'll look spiffing in them. I'm not joking, Kinch. You look damn well when you're dressed. —Thanks, Stephen said. I can't wear them if they are grey ...

**Daddy-Long-Legs** Jean Webster,2017-07-04 First published in 1912, this classic epistolary novel is a delightful modern fairy tale about a plucky young orphan in search of her destiny. This resolute hopefulness captures the attention of a mysterious benefactor, a man Jerusha comes to know as Daddy-Long-Legs, who sees in her the potential for greatness as a writer. In return for a college education and generous allowance, Daddy-Long-Legs asks only one thing: that Jerusha write him a letter every month telling of her experiences and thoughts. Thus begins the new life of Jerusha—now Judy—as she explores a world she never dreamed available to her. Through her letters, readers can follow the education and realization of a young woman seeking her place in both school and society, steadfastly refusing to let others decide her fate or fortune, in a charming and witty adventure of both heart and mind.

Psychic self defense Dion Fortune,2023-05-09 It is with a sense of the seriousness of the issues involved that I set myself to the task of writing a book on psychic attack and the best methods of defence against it. The undertaking is beset with pitfalls. It is hardly possible to give practical information on the methods of psychic defence without at the same time giving practical information on the methods of psychic attack. It is not without reason that initiates have always guarded their secret science behind closed doors. To disclose sufficient to be adequate without disclosing sufficient to be dangerous is my problem. But as so much has already been made known concerning the esoteric teachings, and as the circle of students of the occult is becoming rapidly wider every day, it may well be that the time has now come for plain speaking. The task is not of my seeking, but as it has come into my hands, I will do my best to discharge it honourably, making available the knowledge which has come to me in the course of many years' experience of the strange by-ways of the mind which the mystic shares with the lunatic.
