Times Gone By Vicente Pérez Rosales,2003-05-01 These memoirs trace the wild and adventurous life of Pérez Rosales from his childhood up to the 1860s. During that approximately half-century he saw and did more than a dozen ordinary men. At age eleven in Argentina he witnessed the executions of Luis and Juan Jose Carrera. From there, his activities and adventures took him on several journeys on sailing vessels around Cape Horn; to Paris, where he witnessed the July revolution of 1830; to various commercial endeavors including a distillery, the practice of medicine, and cattle smuggling; into service as an advisor to an Argentine warlord; as a miner for precious metals in the north of Chile; as participant in the California Gold Rush in 1849; as director of the government's project for German immigration and settlement in the wild south of Chile; and also as Chilean consul and immigration agent in Hamburg. Around the world, Rosales lived through many of his era's watershed moments. His exciting memoirs offer a chance to relive the rush and chaos of these times--from a much safer vantage.

The Twisted Muse Michael H. Kater,1999-04-22 Is music removed from politics? To what ends, beneficent or malevolent, can music and musicians be put? In short, when human rights are grossly abused and politics turned to fascist demagoguery, can art and artists be innocent? These questions and their implications are explored in Michael Kater's broad survey of musicians and the music they composed and performed during the Third Reich. Great and small--from Valentin Grimm, a struggling clarinetist, to Richard Strauss, renowned composer--are examined by Kater, sometimes in intimate detail, and the lives and decisions of Nazi Germany's professional musicians are laid out before the reader. Kater tackles the issue of whether the Nazi regime, because it held music in crassly utilitarian regard, acted on musicians in such a way as to consolidate or atomize the profession. Kater's examination of the value of music for the regime and the degree to which the regime attained a positive propaganda and palliative effect through the manner in which it manipulated its musicians, and by extension, German music, is of importance for understanding culture in totalitarian systems. This work, with its emphasis on the social and political nature of music and the political attitude of musicians during the Nazi regime, will be the first of its kind. It will be of interest to scholars and general readers eager to understand Nazi Germany, to music lovers, and to anyone interested in the interchange of music and politics, culture and ideology.

A Guide to the Latin American Art Song Repertoire Maya Hoover,2010-04-29 A reference guide to the vast array of art song literature and composers from Latin America, this book introduces the music of Latin America from a singer's perspective and provides a basis for research into the songs of this richly musical area of the world. The book is divided by country into 22 chapters, with each chapter containing an introductory essay on the music of the region, a catalog of art songs for that country, and a list of publishers. Some chapters include information on additional sources. Singers and teachers may use descriptive annotations (language, poet) or pedagogical annotations (range, tessitura) to determine which pieces are appropriate for their voices or programming needs, or those of their students. The guide will be a valuable resource for vocalists and researchers, however familiar they may be with this glorious repertoire.

Irony, Satire, Parody and the Grotesque in the Music of Shostakovich Esti Sheinberg,2017-07-05 The music of Shostakovich has been at the centre of interest of both the general public and dedicated scholars throughout the last twenty years. Most of the relevant literature, however, is of a biographical nature. The focus of this book is musical irony. It offers new methodologies for the semiotic analysis of music, and inspects the ironical messages in Shostakovich's music independently of political and biographical bias. Its approach to music is interdisciplinary, comparing musical devices with the artistic principles and literary analyses of satire, irony, parody and the grotesque. Each one of these is firstly inspected and defined as a separate subject, independent of music. The results of these inspections are subsequently applied to music, firstly music in general and then more specifically to the music of Shostakovich. The composer's cultural and historical milieux are taken into account and, where relevant, inspected and analysed separately before their application to the music.

Magnetized Carlos Busqued, 2020-06-02 NPR, One of the Best Books of the Year A “chilling but fascinating portrait” of a serial killer and “a must-read for true crime fans” who enjoyed *My Dark Places*, *The Stranger Beside Me*, or *I’ll Be Gone In the Dark* (Buzzfeed) One of Argentina’s most innovative writers brings to life the story of a teenager who murdered four taxi drivers in 1982 Buenos Aires—without any apparent motive. Over the course of one ghastly week in September 1982, the bodies of 4 taxi drivers were found in Buenos Aires, each murder carried out with the same cold precision. The assailant: a 19-year-old boy, odd and taciturn, who gave the impression of being completely sane. But the crimes themselves were not: 4 murders, as exact as they were senseless. More than 30 years later, Argentine author Carlos Busqued began visiting Ricardo Melogno, the serial killer, in prison. Their conversations return to the nebulous era of the crimes and a story full of missing pieces. The result is a book at once hypnotic and unnerving, constructed from forensic documents, newspaper clippings, and interviews with Melogno himself. Without imposing judgment, Busqued allows for the killer to describe his way of retreating from the world and to explain his crimes as best he can. In his own words, Melogno recalls a visit from Pope Francis, grim depictions of daily life in prison, and childhood remembrances of an unloving mother who drove her son to Brazil to study witchcraft. As these conversations progress, the focus slowly shifts from the crimes themselves, to Melogno’s mistreatment and misdiagnosis while in prison, to his current fate: incarcerated in perpetuity despite having served his full sentence. Using these personal interviews, alongside forensic documents and newspaper clippings, Busqued crafted *Magnetized*, a captivating story about one man’s crimes, and a meditation on how one chooses to inhabit the world, or to become absent from it.

Stabat Mater Tiziano Scarpa, 2011-08-25 The female musicians of the Instituto della Pietà play from a gallery in the church, their faces half hidden by metal grilles. They live segregated from the world. Cecilia, is a violinist who, during anguished, sleepless nights, writes letters to the mother she never knew, haunted by her and hating her by turns. She eats little and cannot sleep. But things begin to change when a new violin teacher arrives at the institute. The astonishing music of Vivaldi, the 'Red Priest', electrifies her and changes her attitude to life, compelling her to make a courageous choice.

Beatnik Buenos Aires Diego Arandojo, Facundo Percio,2021 When night falls in Buenos Aires, the city comes alive.

Artists flock to cafes and dives to exchange ideas, listen to music, watch outré performance art, pen poetry, fall in love. In these raucous, smoke-filled rooms, the bohemian heart and soul of this vibrant city, a conflagration of creative energy burns. With the improvisational pacing of a jazz performance, *Beatnik Buenos Aires* follows the lives of writers, painters, musicians, sculptors, and performers as they wind their way through these hubs of creative life, seeking out inspiration and grappling with their craft.
