Fear of the Abyss Aleta Edwards,2016-06-07 Most self-help or personal growth books help their readers learn to cope better with one specific problem that troubles them. In contrast, *Fear of the Abyss* offers healing for a wounded core by providing guidance to those with a certain constellation of issues, which Dr. Edwards calls the PCS personality. While perfectionism, control, and shame may be the issues that readers most easily relate to, they form part of a pattern that also includes such issues as rigidity, black-and-white thinking, indecisiveness, and relationship difficulties caused by a need to be needed. Dr. Edwards sees this entire constellation as rooted in a core fear that varies from person to person. It is the object of this fear that she calls the abyss. Through a series of clinical vignettes drawn from her own experience as well as exercises accompanying most chapters, she helps the reader develop self-awareness and compassion for him- or herself, as well as a greater sense of authenticity. This book is a true gift. Aleta Edwards is ... a genius in simplifying how to get to the root of the issues that trouble us - how to embrace the shadow and transcend to love, compassion, and honor. *Fear of the Abyss* is a must read for every psychotherapist, not to mention anyone who suffers from shame and perfectionism - which I'd say is most if not all all of us. -Lisa Ortigara Crego, PhD, LCSW, CEDS, CAP, NBCCH, Clinical Psychotherapist, Doctor of Addictions Psychology, Nat. Bd. Cert. Hypnotherapist In this engaging book, Dr. Aleta Edwards sheds new light on the issues of perfectionism, control, and shame. Breaking from the traditional model of diagnosis, she explains the role of trauma as a major factor in the development of the 'PCS' personality and emphasizes the adaptive nature of these issues. This book is recommended for its thoughtful text and helpful exercises, as well as the spirit of hope. -Nina Savelle-Rocklin, PsyD, Psychoanalyst, award-winning writer of the *Make Peace with Food* blog and host of the *Win the Diet War* podcast This is a great book for individuals who struggle with shame and perfectionism. I've recommended it to several clients and they have found it very helpful. I believe this book is a good tool as an addition to therapy or by itself as a self-help book. -Ana Maria Aluisy, MA, LMFT, LMHC, CRC, relationship specialist, featured on CNN Latino, Super Q Radio and ESPN Deportes Radio

Journey to the Heart of the Abyss London Shah, 2021-11-16 The sequel to London Shah's thrilling futuristic mystery *The Light at the Bottom of the World*, perfect for fans of *Illuminae* and *These Broken Stars* Leyla McQueen has finally reunited with her father after breaking him out of Broadmoor, the illegal government prison—but his freedom comes at a terrible cost. As Leyla celebrates his return, she must grapple with the pain of losing Ari. Now separated from the boy who has her heart and labeled the nation's number one enemy, Leyla must risk illegal travel through uncharted waters in her quest for the truth behind her father's arrest. Across Britain, the fallout from Leyla's actions has escalated tensions between Anthropoid and non-Anthropoid communities, bringing them to an all-time high. And, as Leyla and her friends fight to uncover the startling truths about their world, she discovers her own shocking past—and the horrifying secrets behind her father's abduction and arrest. But as these long-buried truths finally begin to surface, so, too, do the authorities' terrible future plans. And if the ever-pervasive fear prevents the people from taking a stand now, the abyss could stay in the dark forever.

Facing the Abyss George Hutchinson, 2018-01-23 Mythologized as the era of the “good war” and the “Greatest Generation,” the 1940s are frequently understood as a more heroic, uncomplicated time in American history. Yet just below the surface, a sense of dread, alienation, and the haunting specter of radical evil permeated American art and literature. Writers returned home from World War II and gave form to their disorienting experiences of violence and cruelty. They probed the darkness that the war opened up and confronted bigotry, existential guilt, ecological concerns, and fear about the nature and survival of the human race. In *Facing the Abyss*, George Hutchinson offers readings of individual works and the larger intellectual and cultural scene to reveal the 1940s as a period of profound and influential accomplishment. *Facing the Abyss* examines the relation of aesthetics to politics, the idea of universalism, and the connections among authors across racial, ethnic, and gender divisions. Modernist and avant-garde styles were absorbed into popular culture as writers and artists turned away from social realism to emphasize the process of artistic creation. Hutchinson explores a range of

important writers, from Saul Bellow and Mary McCarthy to Richard Wright and James Baldwin. African American and Jewish novelists critiqued racism and anti-Semitism, women writers pushed back on the misogyny unleashed during the war, and authors such as Gore Vidal and Tennessee Williams reflected a new openness in the depiction of homosexuality. The decade also witnessed an awakening of American environmental and ecological consciousness. Hutchinson argues that despite the individualized experiences depicted in these works, a common belief in art's ability to communicate the universal in particulars united the most important works of literature and art during the 1940s. Hutchinson's capacious view of American literary and cultural history masterfully weaves together a wide range of creative and intellectual expression into a sweeping new narrative of this pivotal decade.

Moving Through Fear Jeff Gollhofer, 2011-03-17 A powerful and important new work that will help readers develop their spiritual instincts and move from a life of fear to one of freedom. In seeking truth, success, and ultimately a happy life, there is no escaping fear; even while we may not always perceive it, fear is ever present. But what is it? What are we afraid of—really—and what can we do about it? These are the questions that Jeff Gollhofer answers in *Moving Through Fear*, a sensitive, personal, and wholly inspiring work of guidance. In this original and exciting work of spiritual self-help, Gollhofer illuminates five insights about fear, and then reveals—chapter by chapter—the seven instincts that can allow each of us to move from a life of fear to one of freedom. As we cultivate each of these seven instincts, we will in turn be creating a life where fear doesn't rule our emotions and hold our lives hostage. Through a mix of stories and anecdotes, Gollhofer illustrates the nature of man—from his cultivation of love and justice to the power of community—before tackling fear and its role in these aspects of our lives. Spiritual practices follow, and the reader is encouraged to develop his tools for navigating and ultimately moving through fear.

Last Steps Christopher Fynsk, 2013-06-13 Writing, Maurice Blanchot taught us, is not something that is in one's power. It is, rather, a search for a non-power that refuses mastery, order, and all established authority. For Blanchot, this search was guided by an enigmatic exigency, an arresting rupture, and a promise of justice that required endless contestation of every usurping authority, an endless going out toward the other. The step/not beyond (*le pas au-dela*) names this exilic passage as it took form in his influential later work, but not as a theme or concept, since its step requires a transgression of discursive limits and any grasp afforded by the labor of the negative. Thus, to follow the step/not beyond is to follow a kind of

event in writing, to enter a movement that is never quite captured in any defining or narrating account. Last Steps attempts a practice of reading that honors the exilic exigency even as it risks drawing Blanchot's reflective writings and fragmentary narratives into the articulation of a reading. It brings to the fore Blanchot's exceptional contributions to contemporary thought on the ethico-political relation, language, and the experience of human finitude. It offers the most sustained interpretation of *The Step Not Beyond* available, with attentive readings of a number of major texts, as well as chapters on Levinas and Blanchot's relation to Judaism. Its trajectory of reading limns the meaning of a question from *The Infinite Conversation* that implies an opening and a singular affirmation rather than a closure: How had he come to will the interruption of the discourse?

Names of Nihil Arvydas Šliogeris, 2008 In this book, probably for the first time in Western philosophy, an attempt has been made to point out and systematically explicate the problem scope of the Nothing (which is called Nihil in the book) and to try to explain the springhead of the excessive negativity, inherent only in the human being, or in other words, the springhead of the human's natural nihilism. Nihilism is treated here not as a posture, pose, or an ideological attitude, but as the spread of the human metaphysical nucleus, of Nihil. Nihilistic annihilation, manifesting itself as the road of the naming of Nihil and of the production of thingly crystals (artificial world) as a result of that naming, usually is called "history". Names of Nihil (language phenomena), being the antithesis of Nihil, falsify and cover up Nihil itself, turning it into "supreme" being, e.g. into "the One", "God", "Substance", "Matter", "Spirit", ad infinitum. This book should be interesting not only to philosophers or humanitarians, but also to all those who concern themselves with the total human condition.

Maurice Blanchot and Fragmentary Writing Leslie Hill, 2012-07-05 Writing in fragments is often held to be one of the most distinctive signature effects of Romantic, modern, and postmodern literature. But what is the fragment, and what may be said to be its literary, philosophical, and political significance? Few writers have explored these questions with such probing radicality and rigorous tenacity as the French writer and thinker Maurice Blanchot. For the first time in any language, this book explores in detail Blanchot's own writing in fragments in order to understand the stakes of the fragmentary within philosophical and literary modernity. It attends in detail to each of Blanchot's fragmentary works (Awaiting Forgetting, The Step Not Beyond, and The Writing of the Disaster) and reconstructs Blanchot's radical critical engagement with the philosophical and literary tradition, in particular with Hegel, Nietzsche, Heidegger, Heraclitus, Levinas, Derrida, Nancy, Mallarmé, Char, and others, and assesses Blanchot's account of politics, Jewish thought, and the Shoah, with a view to understanding the stakes of fragmentary writing in Blanchot and within philosophical and literary modernity in general.

My Bright Abyss Christian Wiman, 2013-04-02 Seven years ago, Christian Wiman, a well-known poet and the editor of Poetry magazine, wrote a now-famous essay about having faith in the face of death. My Bright Abyss, composed in the

difficult years since and completed in the wake of a bone marrow transplant, is a moving meditation on what a viable contemporary faith—responsive not only to modern thought and science but also to religious tradition—might look like. Joyful, sorrowful, and beautifully written, *My Bright Abyss* is destined to become a spiritual classic, useful not only to believers but to anyone whose experience of life and art seems at times to overbrim its boundaries. How do we answer this burn of being? Wiman asks. What might it mean for our lives—and for our deaths—if we acknowledge the insistent, persistent ghost that some of us call God? One of Publishers Weekly's Best Religion Books of 2013

Beasts of the Deep Jon Hackett, Seán Harrington, 2018-01-10 *Beasts of the Deep: Sea Creatures and Popular Culture* offers its readers an in-depth and interdisciplinary engagement with the sea and its monstrous inhabitants; through critical readings of folklore, weird fiction, film, music, radio and digital games. Within the text there are a multitude of convergent critical perspectives used to engage and explore fictional and real monsters of the sea in media and folklore. The collection features chapters from a variety of academic perspectives; post-modernism, psychoanalysis, industrial-organisational analysis, fandom studies, sociology and philosophy are featured. Under examination are a wide range of narratives and media forms that represent, reimagine and create the Kraken, mermaids, giant sharks, sea draugrs and even the weird creatures of H.P. Lovecraft. *Beasts of the Deep* offers an expansive study of our sea-born fears and anxieties, that are crystallised in a variety of monstrous forms. Repeatedly the chapters in the collection encounter the contemporary relevance of our fears of the sea and its inhabitants – through the dehumanising media depictions of refugees in the Mediterranean to the encroaching ecological disasters of global warming, pollution and the threat of mass marine extinction.
