Summer Moonlight Concert Han Han,2021-11-01T00:00:00-04:00 Xiaomi will never forget the magical sounds she heard one hot summer evening when the power went out in her family's apartment building. It happened at day's end while her parents were preparing dinner. Her father lit candles while suggesting they take out their musical instruments and descend to the yard to perform for their neighbors. He played the erhu and her mother the accordion while she danced. The songs made their way into each home, and soon, everyone joined the concert, laughing and singing under the moonlight: a joyful, music celebration that brought them together.

The Lore of the Chinese Lute Robert H. Van Gulik,2010-11 The lute, ch'in or guqin is one of China's oldest and most revered musical instruments. Records indicate that it has been a favourite of the literary classes for more than 2,500 years; Confucius himself was a great lover of the instrument. Over the centuries, it became representative of the life, taste and pastimes of the Chinese literati. In addition to its contributions to solo and orchestral musical arrangements, a wealth of symbolic meaning accrued to the lute over time. Not only was knowledge of the instrument reserved for the literati; its study was believed to be conducive to meditation and to facilitate intellectual enlightenment. While a significant body of literature has been written on the lute in Chinese, the present monograph is the first to assemble a broad picture of the instrument and its cultural significance in English. The author, a renowned Sinologue and linguist, studied the playing of the instrument under one of the most famous lute masters of his age.

Gazing Eastwards Romila Thapar,2021-06-24 In 1957, renowned Indian historian Romila Thapar visited China, where, together with Sri Lankan art historian Anil de Silva, she worked at two cave sites that were the locations of Buddhist monasteries and shrines from the first millennium CE. The first site was the then lesser known Majjishan in north China, and the second was the famous site of Dunhuang on the edge of the Gobi desert in Northwest China. Now, decades later, she is supplementing the academic work that emerged from that trip with a captivating travelogue: *Gazing Eastward* takes readers back to midcentury China, through the observations that Thapar made in her diary during her time at the two archaeological sites and her trips there and to other sites. Traveling by train or truck, Thapar met people from throughout the country and all stations in society, from peasants on a cooperative farm to Chairman Mao himself. An enchanting document of a long-lost era, *Gazing Eastward* is a marvel, a richly observed work of travel writing that brings a time and a place fully to life.

Finding Spiritual Whitespace Bonnie Gray,2014-06-03 Move beyond Coping and Surviving to a Rejuvenating Place of Soul Rest How many of us find ourselves exhausted, running on empty with no time for rest, no time for ourselves, no time for God? Bonnie Gray knows exactly what that's like. On the brink of fulfilling a lifelong dream, Bonnie's plans suddenly went off script. Her life shattered into a debilitating journey through anxiety, panic attacks, and insomnia. But as she struggled to make sense of it all, she made an important discovery: we all need spiritual whitespace. Spiritual whitespace makes room--room in one's heart for a deep relationship with God, room in one's life for rest, room in one's soul for rejuvenation. With soul-stirring vulnerability and heartbreaking honesty, Bonnie takes readers on a personal journey to feed their souls and uncover the deeper story of rest. Lyrical writing draws readers into Gray's intimate journey through overwhelming stress to find God in a broken story and celebrate the beauty of faith. Guided by biblical encouragement and thought-provoking prompts, Gray shows readers how to create space in the everyday for God, refreshment, and faith. She also offers practical steps and insights for making spiritual whitespace a reality, right in the midst of the stress-frayed stories in every season of life. We live in a culture that brags and boasts about being busy. Into that reality steps Bonnie with a new idea. Whitespace is an important concept and Bonnie has captured it perfectly. If you're exhausted with being exhausted, read this book. If you feel too busy to read this book, then that's probably the best sign of all that you need it.--from the foreword by Jon Acuff, New York Times bestselling author of *Stuff Christians Like*

It looks in detail at the most commonly played styles among today's fiddlers. From America, there's old time, bluegrass, Cajun, Western swing, country, blues, rock, klezmer, and jazz, while from the British Isles there's Irish, Scottish, and English. There is also a quick romp through Eastern Europe and beyond, from the spike fiddles of Africa and Asia to the Chinese Erhu, the fabulous Indian Sarangi, and the mysterious Norwegian Hardingfele. A wealth of musical examples - ornaments, bowing patterns, scales, modes, exercises and complete tunes - are faithfully reproduced in the audio tracks to give you a taste of each style.
