No Lost Causes Alvaro Uribe Velez,2012-10-02 One of the most inspiring and successful global leaders of the early 21st century explains how bold, imaginative leadership can solve even the most intractable problems—and why there is no such thing as a lost cause. It's one of the great, unexpected turnaround stories in modern history: Just a decade ago, Colombia was regarded as a "failed state," besieged by megalomaniacal drug kingpins, ruthless terrorist groups, and abominable poverty. But since 2002, it has been dramatically transformed into a far more peaceful, stable modern democracy with a promising future. Now, the man who led the transformation, former Colombian president Alvaro Uribe Velez, offers the untold story of how, at enormous personal risk, he refused to accept Colombia's perilous status quo. Extremely captivating, No Lost Causes reveals how President Uribe severely weakened the neo-terrorist group, the FARC, which held Colombia captive and caused the brutal murder of his father. It relates the gripping account of how President Uribe staged the daring (and bloodless) jungle rescue of Ingrid Betancourt in 2008, and eventually restored the rule of law across the country. It also explores practical lessons of hands-on management—relevant to both political and business leaders—and provides a thrilling behind-the-scenes look at news-making US foreign affairs and never before discussed details and dealings with various world

leaders. Unlike any other presidential memoir, *No Lost Causes* is not only a compelling story of leadership, but an epic, heart-racing account of how bravery and hope gave a failing nation a brighter future.

Healing Francis MacNutt, 1997 The million-copy bestselling introduction to the healing ministry, re-issued with a beautiful new cover. Does healing happen today? Why is there prejudice against the healing ministry? Why are some people not healed? These topical and vital questions are just some of the issues addressed by Francis MacNutt in *Healing*. A wideranging and broad-based overview, it is essential reading for all involved in the healing ministry. 'Prayer for healing is so central to the gospel,' writes MacNutt, 'that it should be an integral part of the life of every community of believers. My heart cries out to see it restored to the place it had in the early Christian church.'

Oblivion Héctor Abad, 2013-05-14 Now the basis for the acclaimed film *Memories of My Father*, directed by Fernando Trueba. An irreplaceable testimony of the struggle for democracy and tolerance in Latin America. —El País Héctor Abad's *Oblivion* is a heartbreaking, exquisitely written memorial to the author's father, Héctor Abad Gómez, whose criticism of the Colombian regime led to his murder by paramilitaries in 1987. Twenty years in the writing, it paints an unforgettable picture of a man who followed his conscience and paid for it with his life during one of the darkest periods in Latin America's recent history.

Secret Judgments of God Noble David Cook, William George Lovell, 2001 In the wake of European expansion, disease outbreaks in the New World caused the greatest loss of life known to history. Post-contact Native American inhabitants succumbed in staggering numbers to maladies such as smallpox, measles, influenza, and typhus, against which they had no immunity. A collection of case studies by historians, geographers, and anthropologists, *Secret Judgments of God* discusses how diseases with Old World origins devastated vulnerable native populations throughout Spanish America. In their preface to the paperback edition, the editors discuss the ongoing, often heated debate about contact population history.

The Silence of Mary Ignacio Larrañaga, 1991 A profound yet very readable portrayal of Mary.

Civil Resistance and Violent Conflict in Latin America Cécile Mouly, Esperanza Hernández Delgado, 2019-01-21 This book explores distinct forms of civil resistance in situations of violent conflict in cases across Latin America, drawing important lessons learned for nonviolent struggles in the region and beyond. The authors analyse campaigns against armed actors in situations of internal armed conflict, against private sector companies that seek to exploit natural resources, and against the state in defence of housing rights, to cite only some scenarios of violent conflict in which people in Latin America have organized to resist imposition by powerful actors and/or confront violence and oppression. Each of the nine cases studied looks at the violent context in which civil resistance took place, its modality, its results and the factors that influenced these, as well as the challenges faced, offering useful insights for scholars and practitioners alike.
