## Sir John Wyndham Pope-Hennessy

**A Childhood Memory by Piero della Francesca** Hubert Damisch, 2007 Piero della Francesca's Madonna del Parto, a celebrated fifteenth-century Tuscan fresco in which the Virgin gestures to her partially open dress and her pregnant womb, is highly unusual in its iconography. Hubert Damisch undertakes an anthropological and historical analysis of an artwork he constructs as a childhood dream of one of humanity's oldest preoccupations, the mysteries of our origins, of our conception and birth. At once parodying and paying homage to Freud's seminal essay on Leonardo da Vinci, Damisch uses Piero's enigmatic painting to narrate our archaic memories. He shows that we must return to Freud because work in psychoanalysis and art has not solved the problem of what is being analyzed: in the triangle of author, work, and audience, where is the psychoanalytic component located?

**The Piero Della Francesca Trail** Sir John Wyndham Pope-Hennessy, 2002 Thousands of travelers visit Tuscany and Umbria each year to follow the Piero della Francesca Trail. John Pope-Hennessy examines each work of Piero della Francesca. Included is Aldous Huxley's essay The Best Picture, which inspired Pope-Hennessy to seek out these paintings and frescoes. 56 photos.

**Piero della Francesca and the Invention of the Artist** Machtelt Brüggén Israëls, 2020-07-15 As one of the most innovative and enlightened painters of the early Italian Renaissance, Piero della Francesca brought space, luminosity, and unparalleled subtlety to painting. In addition, Piero invented the role of the modern artist by becoming a traveler, a courtier, a geometrician, a patron, and much else besides. In this nuanced account of this great painter's life and art, Machtelt Brüggén Israëls reconstructs how Piero came of age. Successfully demystifying the persistent notion of Piero's art as enigmatic, she reveals the simple and stunning intentions behind his work.

Eye Against Eye Forrest Gander, 2005 Among the most gifted and accomplished poets of his generation (Mark Rudman). The three long poems in Eye Against Eye convey the wrought particulars of intimate human relations, perceptions of the landscape, and the historical moment, tense with political exigencies. Mayan ruins invoke the collapsing Twin Towers, love between parents and child blister with tension, and a bicycle thief shatters the narcotic illusion of a private accord. Also

contained is *Late Summer Entry*, a series of poetic commentaries on Sally Mann's landscape photographs. *Eye Against Eye*, Forrest Gander's third book with *New Directions*, cries out an ethical concern for the ways we see each other and the world, the potential to share a vision that acknowledges our commonality. As always with Gander's poetry, suspensions and repetitions drive toward a complex emotional experience, evoking the multifaceted, multi-vocal surge of our present.

**The Films of Andrei Tarkovsky** Vida T. Johnson, Graham Petrie, 1994-12-22 Johnson and Petrie have produced an admirable book. Anyone who wants to make sense of Tarkovsky's films—a very difficult task in any case—must read it. —*The Russian Review* This book is a model of contextual and textual analysis. . . . the Tarkovsky myth is stripped of many of its shibboleths and the thematic structure and coherence of his work is revealed in a fresh and stimulating manner. —*Europe-Asia Studies* [This book,] with its wealth of new research and critical insight, has set the standard and should certainly inspire other writers to keep on trying to collectively explore the possible meanings of Tarkovsky's film world. —*Canadian Journal of Film Studies* For Tarkovsky lovers as well as haters, this is an essential book. It might make even the haters reconsider. —*Cineaste* This definitive study, set in the context of Russian cultural history, throws new light on one of the greatest—and most misunderstood—filmmakers of the past three decades. The text is enhanced by more than 60 frame enlargements from the films.

**Piero Della Francesca** James R. Banker, 2014-02 Piecing together the story of Piero's artistic and mathematical achievements with the story of his life for the first time, a book that at last brings this fascinating Renaissance enigma to life.

The Olive Harvest Carol Drinkwater, 2022-10-11 The story of life on a French olive farm continues with this moving memoir of hard work, hard luck, and waiting for the return of happiness. Carol Drinkwater and her husband, Michel, arrive at their villa in Provence in anticipation of another glorious summer. Unfortunately, they find the farm unkempt and suffering from lack of rainfall. When their gardener, Monsieur Quashia, finally shows up, he cheerfully explains the shed-building project he's working on as a surprise for them—a surprise that will send their expenses skyrocketing. But there are bigger problems to come than wild boars tearing through fences and other everyday challenges of farming. After a terrifying accident in Monte Carlo and a hospital stay, Michel is barely functional, and Carol soon realizes she must fend for herself. Burdened with problems from a financial reversal to the threat of nearby wildfires, she will experience firsthand the

uncertainties that have plagued farmers since the dawn of agriculture—and hold on to hope that in the end, nature will provide. “A storyteller of great economy and deftness.” —The Telegraph

*Be With* Forrest Gander, 2018-08-28 WINNER OF THE 2019 PULITZER PRIZE IN POETRY LONGLISTED FOR THE 2018 NATIONAL BOOK AWARD Publishers Weekly Best Poetry Book of 2018 Forrest Gander’s first book of poems since his Pulitzer finalist *Core Samples from the World*: a startling look through loss, grief, and regret into the exquisite nature of intimacy Drawing from his experience as a translator, Forrest Gander includes in the first, powerfully elegiac section a version of a poem by the Spanish mystical poet St. John of the Cross. He continues with a long multilingual poem examining the syncretic geological and cultural history of the U.S. border with Mexico. The poems of the third section—a moving transcription of Gander’s efforts to address his mother dying of Alzheimer’s—rise from the page like hymns, transforming slowly from reverence to revelation. Gander has been called one of our most formally restless poets, and these new poems express a characteristically tensile energy and, as one critic noted, “the most eclectic diction since Hart Crane.”

*Hot, Cold, Heavy, Light, 100 Art Writings 1988-2018* Peter Schjeldahl, 2019-06-04 *Hot Cold Heavy Light* collects 100 writings—some long, some short—that taken together forma group portrait of many of the world’s most significant and interesting artists. From Pablo Picasso to Cindy Sherman, Old Masters to contemporary masters, paintings to comix, and saints to charlatans, Schjeldahl ranges widely through the diverse and confusing art world, an expert guide to a dazzling scene. No other writer enhances the reader’s experience of art in precise, jargon-free prose as Schjeldahl does. His reviews are more essay than criticism, and he offers engaging and informative accounts of artists and their work. For more than three decades, he has written about art with Emersonian openness and clarity. A fresh perspective, an unexpected connection, a lucid gloss on a big idea awaits the reader on every page of this big, absorbing, buzzing book.

*Arlington Park* Rachel Cusk, 2010-12-09 *Arlington Park*, a modern-day English suburb, is a place devoted to the profitable ordinariness of life. Amidst its leafy avenues and comfortable houses, its residents live out the dubious accomplishments of civilisation: material prosperity, personal freedom, and moral indifference. For all that, *Arlington Park* is strikingly conventional. Men work, women look after children, and people generally do what's expected of them. Theirs is a world awash with contentment but empty of belief, and riven with strange anxieties. Set over the course of a single rainy day, the novel moves from one household to another, and through the passing hours conducts a deep examination of its characters' lives: of Juliet, enraged at the victory of men over women in family life; of Amanda, warding off thoughts of death with obsessive housework; of Solly, who confronts her own buried femininity in the person of her Italian lodger; of Maisie, despairing at the inevitability with which beauty is destroyed; and of Christine, whose troubled, hilarious spirit presides over *Arlington Park* and the way of life it represents. Rachel Cusk's sixth novel is her best yet. Full of compassion and wit, each page laden with truth, she writes about her characters' domestic lives, their private thoughts and fears with an intelligence

and insight that will leave readers reeling.

*The Realism of Piero della Francesca* Joost Keizer, 2017-09-11 The fifteenth-century Italian artist Piero della Francesca painted a familiar world. Roads wind through hilly landscapes, run past farms, sheds, barns, and villages. This is the world in which Piero lived. At the same time, Piero's paintings depict a world that is distant. The subjects of his pictures are often Christian and that means that their setting is the Holy Land, a place Piero had never visited. *The Realism of Piero della Francesca* studies this paradoxical aspect of Piero's art. It tells the story of an artist who could think of the local churches, palaces, and landscapes in and around his hometown of Sansepolcro as miraculously built replicas of the monuments of Jerusalem. Piero's application of perspective, to which he devoted a long treatise, was meant to convince his contemporaries that his paintings report on things that Piero actually observed. Piero's methodical way of painting seems to have offered no room for his own fantasy. His art looks deliberately styleless. This book uncovers a world in which painting needed to validate itself by cultivating the illusion that it reported on things observed instead of things imagined by the artist. Piero's painting claimed truth in a world of increasing uncertainties.

*Piero della Francesca: Personal Encounters* Christiansen, Keith, 2014-01-13 Prominent Renaissance scholars reveal new insights into Piero's life and work based on a study of his exquisite small panel paintings.

*Piero Della Francesca* Judith Veronica Field, Piero, 2005-01-01 Studie over de wiskundige kennis van de renaissanceschilder (ca. 1416-1492) en over het belang van de exacte wetenschap in de betreffende kunstperiode.

***Between Jerusalem and Europe***, 2015-06-02 *Between Jerusalem and Europe: Essays in Honour of Bianca Kühnel* analyses how Jerusalem is translated into the visual and material culture of medieval, early modern and contemporary Europe, and in what ways European encounters with the city have shaped its holy sites. The volume also demonstrates methodological shifts in the study of Jerusalem in Western art by mapping the diversity of concepts that underlie imaginations of the city as an earthly presence and a heavenly realization, as a physical and a mental space, and as a unique location which is multiplied and re-imagined in numerous copies elsewhere. Contributors are Lily Arad, Pnina Arad, Barbara Baert, Neta B. Bodner, Iris Gerlitz, Anastasia Keshman Wasserman, Katrin Kogman-Appel, Ora Limor, Galit Noga-Banai, Robert Ousterhout, Yamit Rachman-Schrire, Bruno Reudenbach, Alessandro Scafì, Tsafra Siew, and Victor I. Stoichita.

***Einstein's Quantum Error*** Simon Altmann, 2018-07-27 What is it to be rational? This is the fundamental subject of this book as long as we concern ourselves to thinking about the physical world. It used to be thought by philosophers that rational thinking required the use of principles that are absolutes, that have universal application and require no justification. This book argues that this is not so, that such principles as are used in discussing the physical world must in some way be empirically justified. The principle of causality, for instance, as this book shows, reflects the structure of the brain's neural network - as created by the process of evolution - which is such that repeated inputs reinforce their relation to their effects.

Therefore, it parallels in some way the structure of the physical world, at least insofar as the interactions of the latter with our cognitive system have guided the brain's evolution. This book also discusses the various attacks on science and rationality that emerged during the twentieth century, and discusses very carefully the implications on the philosophy of science of the Theory of Evolution. A very unusual feature of this book is that it contains a number of poems attached at the end of certain chapters. These poems are not the usual "science poems" that are no more than the lyrical thoughts of some poets about science. They are designed to illustrate definite events in the history of science and some of the important philosophical or theological problems associated with them.

*Family Diversity* Olaf Kapella, Christiane Rille-Pfeiffer, Marina Rupp, Norbert F. Schneider, 2010-03-17 Family in all its aspects Familienbande International experts provide an overview of the current state-of-the-art of European family research and outline the multiple formations, structures and configurations of family in Europe. Four aspects are discussed in depth: family images, sex/gender roles, globalisation and family development processes. Influenced by globalisation, European countries experience processes which still have greatly varying consequences. Cultural differences, reflected in a range of family schemes and national family policies, are one reason for the continued existence of differences in the scope and speed of change processes. Quite generally, images and concepts of family have become more heterogeneous and flexible. The flip side of this coin is that family members are increasingly faced with the challenges of achieving a satisfactory work-life balance - a task aggravated by globalisation. We therefore need to ask how family policy can help families enjoy adequate freedom of action and latitude for their decision-making. To summarise: a read well worth the effort for all experts working in family research and family policy.

Shakespeare and the Middle Ages Martha W. Driver, Sid Ray, 2014-01-10 Every generation reinvents Shakespeare for its own needs, imagining through its particular choices and emphases the Shakespeare that it values. The man himself was deeply involved in his own kind of historical reimagining. This collection of essays examines the playwright's medieval sources and inspiration, and how they shaped his works. With a foreword by Michael Almercyda (director of the Hamlet starring Ethan Hawke) and dramaturge Dakin Matthews, these thirteen essays analyze the ways in which our modern understanding of medieval life has been influenced by our appreciation of Shakespeare's plays.
