Brian Broom

Exposing the Spiritual Roots of Disease Henry W. Wright, 2019-10-15 In *Exposing the Spiritual Roots of Disease*, Dr. Henry Wright presents a thoroughly biblical and compelling case for healing. If you think you've read all you need to know about healing, it's time to take another look. In this updated edition with expanded material, Dr. Wright clearly shows that disease is not a random occurrence and that science and medicine have their place in dealing with illness but can only offer disease management. What if the answers to true healing and freedom have been in the Bible all along? Dr. Wright spent decades learning the spiritual roots of disease and blocks to healing. In his journey, he discovered that there is a spiritual root issue in about 80 percent of all diseases, which is a direct result of a breakdown in our relationship with God, ourselves, or others. Through his groundbreaking teachings, he helped hundreds of thousands to experience wholeness in their lives. If you have recently received a diagnosis or have been struggling with your health for years, there is hope and healing ahead. "Dr. Henry Wright destroys the lie that we are helpless victims of diseases.... This book is long overdue and is essential reading for any Christian struggling with sickness and for those who seek to minister to them." —Dr. Rebecca Williams, MA, MB ChB, DRCOG, DCH, DTM&H "Dr. Wright uses a solid scriptural base to reveal the roots of disease and give clear guidance on how we can be free in spirit, soul, and body!" —Sheila Pitcock, LVN

Understanding Diseases of the Human Body and Spirit Dr. Hak Fai Chiu, 2015-07-30 *Understanding Diseases of the Human Body and Spirit* explores the congruence between the physical and spiritual dimensions of diseases. Illnesses are caused by genetic aberrations, environmental agents, pathogenic microbes, circulatory disturbances, unregulated tumor growths or abnormal immune reactions. The author, an experienced pathologist and life-long student of the Bible, explains how correlating factors are operative in producing humankind's spiritual infirmities. Narratives of pathological events in the body aptly illustrate and enhance understanding of scriptural teachings regarding the broken relationship of sinful humanity with God, the restoration of this relationship through salvation in Jesus Christ, the believers' continual growth in spiritual health through the indwelling Holy Spirit, and the real hope of glorious transformation of their bodies in the hereafter. Dr. Chiu also contributes unique insights into subject matters which have engaged and troubled the minds of the sick, their loved ones, as well as theologians, pastors, bioethicists, lay-Christian workers and healthcare providers. These include the relationship between sin and disease, the perception of injustice when disease strikes (why me?), the significance of a

persons life-history and value-systems to the experience of disease, the meaning of the biblical promise of healing, as well as homosexuality and the Bible, and the place of miracle cures. Take better care of your health by understanding the nature of diseases. Be inspired to pursue spiritual health in Christ which transcends illnesses and death.

Gods and Diseases David Tacey, 2013-09-13 Today's society faces many problems that cannot be solved by the application of reason, logic or medicine. Some of these include alcoholism, suicide, drug addiction and child abuse to name but a few. Many mental health problems are on the increase such as depression, phobias and anxiety with no obvious solution in sight. In *Gods and Diseases*, David Tacey argues that the answers lie in leaving behind the confines of conventional medicine. Instead we should turn towards spirituality and to what he calls 'meaning-making', to make sense of our physical and mental wellbeing and explore how the numinous may help us to heal.

Meaning-Full Disease Brian Broom, 2018-03-28 The book is grounded upon the author's extensive professional involvement with physical diseases that are a powerful expression of the patients' emotional themes and life-stories. They are meaning-full diseases. They occur commonly, and are the most compelling argument for an urgent acknowledgment of the role of meanings in the healing process. Following the pattern of his first book, *Somatic Illness and the Patient's Other Story*, the author shows in case after case that listening and responding to the story of patients suffering from persistent physical diseases frequently leads to major reversal of the disease processes. This present book takes a crucial second step. There must be an understandable basis for meaning-full diseases. Resistance to them relates in part to the inability of current Western scientific and biomedical theories to explain them. The author sets out to construct conceptual frameworks, within which clinicians and patients can see that a close relationship between life experience and the appearance of physical disease really does make sense.

Spiritual Roots of Disease Jessica Jones, 2013-09-23 Yahovah's will for His children is for them to live in good health and prosperity. In Deuteronomy 28 we are told that if we obey His commands, we will be blessed with health, long life and financial security. It also tells us that if we do not obey His commands, we will be cursed as a result of disobedience. Simply put, disobedience causes us to miss the mark by sinning. This brings the curse upon ourselves. Through repentance, deliverance and finally obedience, we can remove the curse from our lives and claim health. Yahshua came to show us the way through teaching (learning Torah and His commands), deliverance and healing. John 10:10 - The thief comes only in order to steal and kill and destroy. I came that they may have and enjoy life, and have it in abundance. Millions of people are dying every day from diseases. These people could return to health with the knowledge to discover the real roots that cause their problem and disease. Other problems common to mankind such as miscarriages, infertility, etcetera are caused by not only genetically inherited spirits but also could be caused from ancestral curses. The World Health Organization defines health as A state of complete physical, mental and social well-being, and does not consist only of the absence of disease or

infirmity. This tells us that a disease is any abnormal condition of the body or mind that causes discomfort, dysfunction or distress to the person affected. Not all disease is caused by spirits or curses. They can also be caused by injury or sin. This book will attempt to expose the more obvious spiritual roots of disease and also includes prayers of deliverance. Remember, we have the authority over every fallen angel or spirit by the blood and sacrifice of our Messiah, Yahshua and the authority of His Father, Yahovah, our Creator. Health and freedom can finally be yours.

Spirituality and Meaning Making in Chronic Illness Kelly Arora, 2020-02-21 Many spiritual caregivers, including chaplains, spiritual directors and clergy, are unaware of how they can support people with chronic health conditions. This book combines insights on chronic illness with spiritual care skills and suggestions to enhance well-being for people living with long-term illness. Using a narrative approach, the author reflects on the stories of two women - Dorothy from The Wizard of Oz, who travels from Kansas (a state of health) to Oz (an illness experience), alongside the author's personal experiences of managing an incurable autoimmune disease. Chapters will include guidelines and exercises that help equip caregivers to facilitate healing with people who live with long-term health conditions.

Chronic Illness, Spirituality, and Healing M. Stoltzfus, R. Green, D. Schumm, 2013-09-04 Fusing the disciplines of health care, spiritual care, and social services, this book examines the relationship between chronic illness and spirituality. Contributors include professionals working in traditional, holistic and integrative clinical settings, as well as religious studies scholars and spiritual practitioners.

Exposing the Spiritual Roots of Autoimmune Diseases Henry W. Wright, 2021-12-07 Identify the Cause to Find the Cure Have you been diagnosed with an autoimmune disease—lupus, multiple sclerosis, Crohn's disease, Grave's disease, Parkinson's disease, or one of so many others? Did you know that the root cause of nearly 100 autoimmune diseases is listed as unknown in medical journals? Thankfully, we can look to another source—the Bible—to understand one of the major causes of these diseases. In a clear and straightforward manner, *Exposing the Spiritual Roots of Autoimmune Diseases* reveals how to identify the root cause and start on the journey toward healing. This is a journey from the inside out. Dr. Henry Wright's teachings, based on medical findings and powerful biblical truths, affirm that it is God's will for you to be healthy and whole—in your spirit, soul, and body. If you think you've read all you need to know about healing and prevention, it's time to take another look!

Broken Body, Healing Spirit Mary C. Earle, 2003-07-01 In the summer of 1995, Mary Earle returned from a vacation feeling refreshed and restored from her time away. A few days later, all that changed, when she was rushed to the emergency room with a case of acute and life-threatening pancreatitis. Being ill, she discovered, forces you to learn to live in whole new ways, ones often marked by limitation and fragility. As a priest and spiritual director, Earle began to explore ways in which her own prayer life might help her build a different relationship with her illness. Using the Benedictine practice of

lectio divina, or sacred reading, she began to read her own illness, and discovered a way of befriending and helping to heal--if not cure--her body and her life. In *Broken Body, Healing Spirit*, Earle introduces this strategy to others who are hungry to find ways of living more fully despite chronic or serious illness or pain. Her practical, step-by-step approach to reading the text of our illnesses, and learning to listen to what our bodies are trying to tell us will be of help to those who are currently suffering with disease or limitations, as well as to those who are caregivers and counselors.

A New Translation of Some Part of Swedenborg's Theological Works. [By George Harrison.] Emanuel Swedenborg, 1859

Family Stress Pauline Boss, Carol Mulligan, 2003 Why do some families rebound from stress with seeming ease while others seem to struggle? This anthology, comprised of 23 major articles from the family stress literature, addresses questions such as the increasingly diverse and complex family situations of stress and crisis. This volume provides the family stress community with an accessible, coherent compilation of writings by past, present and emerging family stress scholars. The reader includes classic and current writings from multi-disciplinary streams of work in family social science, social work, nursing, family sociology, family therapy, and family psychology. Key Features: Culture and Context. With an eye toward more culturally inclusive theories, the selected readings address how culture and context both aid and impede family resilience. Clarity. An overall introduction and section introductions by Pauline Boss provide context for each individual reading and coherence for the book as a whole Critical Thought. A critical thinking focus, outlined in chapter introductions, encourages students, researchers, and practitioners to expand their own thinking about the concepts and models of family stress and coping to guide the development of future work in this field Crossover Coverage. Designed to parallel coverage in Pauline Boss's best-selling text, Family Stress Management, Second Edition, this collection of readings should nonetheless serve as a valuable resource on its own and in tandem with other texts in this area. Recommended for upper-division undergraduate and master's students in departments of or courses related to Sociology, Marriage & Family Therapy, and Family Studies. Also suggested for professionals and practitioners working with families in social work, nursing, family

therapy and family psychology settings.

The Law of Moses as a Rule of National and Individual Life and the Enigmatical Enunciation of Divine Principles and Purposes Robert Roberts, 1899
