Intentional Living John C. Maxwell, 2015-10-06 John C. Maxwell, #1 New York Times bestselling author, helps readers take the first steps to living a life that matters in *Intentional Living*. We all have a longing to be significant. We want to make a contribution, to be a part of something noble and purposeful. But many people wrongly believe significance is unattainable. They worry that it's too big for them to achieve. That they have to have an amazing idea, be a certain age, have a lot of money, or be powerful or famous to make a real difference. The good news is that none of those things is necessary for you to achieve significance and create a lasting legacy. The only thing you need to achieve significance is to be intentional. And to do that, all you need to do is start. You can't make an impact sitting still and doing nothing. Every major accomplishment that's ever been achieved started with a first step. Sometimes it's hard; other times it's easy, but no matter what, you have to do it if you want to get anywhere in life. In *Intentional Living*, John Maxwell will help you take that first step, and the ones that follow, on your personal path through a life that matters.

**No Limits** John C. Maxwell, 2017-03-07 #1 New York Times bestselling author John C. Maxwell's latest book will enhance the lives of leaders, professionals, and anyone who wants to achieve success and personal growth. We often treat the word capacity as if it were a natural law of limitation. Unfortunately, most of us are much more comfortable defining what we perceive as off limits rather than what's really possible. Could it be that many of us have failed to expand our potential because we have allowed what we perceive as capacity to define us? What if our limits are not really our limits? In his newest book, John Maxwell identifies 17 core capacities. Some of these are abilities we all already possess, such as energy, creativity and leadership. Others are aspects of our lives controlled by our choices, like our attitudes, character, and intentionality. Maxwell examines each of these capacities, and provides clear and actionable advice on how you can increase your potential in each. He will guide you on how to identify, grow, and apply your critical capacities. Once you've blown the cap off your capacities, you'll find yourself more successful -- and fulfilled -- in your daily life.

**Summary: Everyone Communicates, Few Connect** Businessnews Publishing,2016-09-16

*Bubblegum* Adam Levin,2020-04-14 Adam Levin is one of our wildest writers and our funniest, and *Bubblegum* is a dazzling accomplishment of wit and inventiveness. —George Saunders Levin's brains may have earned him a cult...but here he swells to a democratic reach. Give him a try sometime. His gate's wide open." —Garth Risk Hallberg, *The New York Times* Book Review The astonishing new novel by the NYPL Young Lions Fiction Award-winning author of *The Instructions*. *Bubblegum* is set in an alternate present-day world in which the Internet does not exist, and has never existed. Rather, a wholly different species of interactive technology--a flesh-and-bone robot called the Curio--has dominated both the market and the cultural imagination since the late 1980s. Belt Magnet, who as a boy in greater Chicago became one of the lucky first adopters of a Curio, is now writing his memoir, and through it we follow a singular man out of sync with the harsh realities of

a world he feels alien to, but must find a way to live in. At age thirty-eight, still living at home with his widowed father, Belt insulates himself from the awful and terrifying world outside by spending most of his time with books, his beloved Curio, and the voices in his head, which he isn't entirely sure are in his head. After Belt's father goes on a fishing excursion, a simple trip to the bank escalates into an epic saga that eventually forces Belt to confront the world he fears, as well as his estranged childhood friend Jonboat, the celebrity astronaut and billionaire. In Bubblegum, Adam Levin has crafted a profoundly hilarious, resonant, and monumental narrative about heartbreak, longing, art, and the search for belonging in an incompatible world. Bubblegum is a rare masterwork of provocative social (and self-) awareness and intimate emotional power.
