Chef Yasmina and the Potato Panic Wauter Mannaert, 2021-02-09 An American Library Association 2021 Best Graphic Novel for Children In this silly, action-packed graphic novel, a young chef must protect her town from an onslaught of scientifically enhanced, highly addictive potatoes! Yasmina isn't like the other kids in her city. Maybe it's the big chef hat she wears. Or the fact that she stuffs her dad's lunchbox full of spring rolls instead of peanut butter and jelly. She might be an oddball, but no one can deny that Yasmina has a flair for food. All she needs to whip up a gourmet meal is a recipe from her cookbook and fresh vegetable from the community garden. But everything changes when the garden is bulldozed and replaced with a strange new crop of potatoes. Her neighbors can't get enough of these spuds! And after just one bite their behavior changes—they slobber, chase cats, and howl at the moon. What's the secret ingredient in these potatoes that has everyone acting like a bunch of crazed canines? Yasmina needs to find a cure, and fast!

The Potato Man Megan McDonald, 1994-09-01 Grandpa tells stories of the fruit and vegetable huckster in his childhood neighborhood, a man he learns to appreciate after a rocky start.

Mr. Crum's Potato Predicament Anne Renaud, 2017-09-05 A mouthwatering tale of invention. When a persnickety customer named Filbert P. Horsefeathers complains that George Crum's fried potatoes are too thick, George makes them thinner. When Filbert insists they are still too thick, George makes them even thinner. But when the plate is sent back a third time, George mischievously decides to use his sharpest knife to cut paper-thin potato slices, which he fries until they are crackling and douses liberally with salt. At last, Filbert is satisfied, proclaiming, "Perfection!" Which they are. Because, quite by accident, George has invented potato chips! Based on true events, this delicious tale will have kids clamoring for more, more, more!

The Guernsey Literary and Potato Peel Pie Society Mary Ann Shaffer, Annie Barrows, 2009-06-01 A celebration of

literature, love, and the power of the human spirit, this warm, funny, tender, and thoroughly entertaining novel is the story of an English author living in the shadow of World War II and the writing project that will dramatically change her life.--Public metadata view, summary.

Potato John Reader, 2011 Photojournalist Reader (Africa: A Biography of the Continent) traces the humble potato from its roots in the Peruvian Andes to J.R. Simplot's multibillion-dollar-a-year French fry business. Despite its predilection to disease, the potato is a highly adaptable, high-yield, and nutrient-packed foodstuff. While this title focuses primarily on the potato's presence in South America and Europe, it also touches on Papua New Guinea, New Zealand, and China—currently the world's largest producer and consumer of potatoes. Verdict: Curiously little attention is paid to the tuber's contributions to the culinary and beverage landscape; the UK subtitle of this work, *The Potato in World History*, provides a more accurate description of the focus of the text.

Potato Factory Bryce Courtenay, 2006-06-05 Ikey Solomon's favourite saying is also his way of doing business. And in the business of thieving, he's very successful indeed. Ikey's partner in crime is his mistress, the forthright Mary Abacus, until misfortune befalls them. They are parted and each must make the harsh journey from thriving nineteenth-century London to the convict settlement of Van Diemen's Land. In the backstreets and dives of Hobart Town, Mary learns the art of brewing and builds the Potato Factory, where she plans a new future. But her ambitions are threatened by Ikey's wife, Hannah, her old enemy. The two women raise their separate families, one legitimate and the other bastard. As each woman sets out to destroy the other, the families are brought to the edge of disaster. 'Courtenay offers an ersatz Dickens novel, a sort of Australian *Oliver!* but without the music.' Sunday Age 'The tale is vivid and instructive ... The Potato Factory is pure yarn-spinning, rattling along at heart-thumping pace. Barely a page goes by without incident. And for those who like their plots dense and melodramatic, Courtenay's in a class of his own.' Time

Potato A Tale From The Great Depression Kate Lied, 2002-10-01 When Dorothy's father loses his job and cannot find another, the family borrows a car and sets off for Idaho where jobs digging potatoes can be found. The author was eight years old when she wrote this family story told to her by her aunt. Illustrate

You Say Potato David Crystal, Ben Crystal, 2014-10-01 Some people say scohn, while others say schown. He says bath, while she says bahth. You say potayto. I say potahto. And - wait a second, no one says potahto. No one's ever said potahto. Have they? From reconstructing Shakespeare's accent to the rise and fall of Received Pronunciation, actor Ben Crystal and his linguist father David travel the world in search of the stories of spoken English. Everyone has an accent, though many of us think we don't. We all have our likes and dislikes about the way other people speak, and everyone has something to say about 'correct' pronunciation. But how did all these accents come about, and why do people feel so strongly about them? Are regional accents dying out as English becomes a global language? And most importantly of all: what went wrong in

Birmingham? Witty, authoritative and jam-packed full of fascinating facts, *You Say Potato* is a celebration of the myriad ways in which the English language is spoken - and how our accents, in so many ways, speak louder than words.

A Potato on a Bike Read-Along Elise Gravel, 2019-11-26 Get ready for the giggles! This delightful board book will make the little ones in your life laugh at the absurdity of a fly on the phone and a carrot in the tub. The text's repeated asking Have you ever seen...? preceding the refrain No way! will have toddlers yelling No way! themselves as you read through these silly situations. Celebrated artist Elise Gravel brings the silly to a new level in *A Potato on a Bike*, because really, has anyone ever seen a broccoli counting to ten or a sausage reading a book? But wait, how about a...baby being tickled?! Uh-oh, I think the answer for that is—yes way!

Mr McGee Pamela Allen, 1989 I wonder if you want to fly, to float about up in the sky? There's magic here for everyone - a picture book that's just for fun.

The Couch Potato Jory John, 2022 The Couch Potato has everything he needs within reach of his sunken couch cushion. But when the electricity goes out, Couch Potato is forced to peel himself away from the comforts of his living room and venture outside. And when he does, he realizes fresh air and sunshine could be just the things he needs ...--

Potato John Reader, 2009-01-01 The potato--humble, lumpy, bland, familiar--is a decidedly unglamorous staple of the dinner table. Or is it? John Reader's narrative on the role of the potato in world history suggests we may be underestimating this remarkable tuber. From domestication in Peru 8,000 years ago to its status today as the world's fourth largest food crop, the potato has played a starring--or at least supporting--role in many chapters of human history. In this witty and engaging book, Reader opens our eyes to the power of the potato. Whether embraced as the solution to hunger or wielded as a weapon of exploitation, blamed for famine and death or recognized for spurring progress, the potato has often changed the course of human events. Reader focuses on sixteenth-century South America, where the indigenous potato enabled Spanish conquerors

to feed thousands of conscripted native people; eighteenth-century Europe, where the nutrition-packed potato brought about a population explosion; and today's global world, where the potato is an essential food source but also the world's most chemically-dependent crop. Where potatoes have been adopted as a staple food, social change has always followed. It may be just a humble vegetable, John Reader shows, yet the history of the potato has been anything but dull.

One Potato Diana Pomeroy, 2000 A counting book which uses images of fruits and vegetables to illustrate numbers from one to one hundred and which also includes an explanation of how to do potato printing.

Black Potatoes Susan Campbell Bartoletti, 2014-07-29 Sibert Award Winner: This true story of five years of starvation in Ireland is “a fascinating account of a terrible time” (Kirkus Reviews). In 1845, a disaster struck Ireland. Overnight, a mysterious blight attacked the potato crops, turning the potatoes black and destroying the only real food of nearly six million people. Over the next five years, the blight attacked again and again. These years are known today as the Great Irish Famine, a time when one million people died from starvation and disease and two million more fled their homeland. *Black Potatoes* is the compelling story of men, women, and children who defied landlords and searched empty fields for scraps of harvested vegetables and edible weeds to eat, who walked several miles each day to hard-labor jobs for meager wages and to reach soup kitchens, and who committed crimes just to be sent to jail, where they were assured of a meal. It’s the story of children and adults who suffered from starvation, disease, and the loss of family and friends, as well as those who died. Illustrated with black and white engravings, it’s also the story of the heroes among the Irish people and how they held on to hope. “Bartoletti humanizes the big events by bringing the reader up close to the lives of ordinary people.”—Booklist (starred review)
