Judy & I: My Life with Judy Garland Sid Luft, 2018-04-19 Sid 'One-Punch' Luft, amateur-boxer, producer and Judy Garland's third husband was the one man in her life who stuck around, helping her achieve a meteoric comeback in the 1960s. It was Luft who reversed the fortunes of an apparently faded career, seeing her triumph at Carnegie Hall, in 'A Star Is Born' and 'The Judy Garland Show'. Previously unpublished, Sid Luft's intimate autobiography tells their story in hard-boiled yet elegant prose. It begins on a fateful night in New York City when the not-quite-divorced Judy and the not-quite-divorced Sid meet at Billy Reed's Little Club. A straight-talking sharp shooter, Sid fell for Judy hard and fast and the romance persisted through separations, reconciliations, and later divorce. However, her drug dependencies and suicidal tendencies put a tremendous strain on the relationship. Sid did not complete his memoir; it ended in 1960 after Judy hired David Begelman and Freddie Fields to manage her career. But Randy L. Schmidt, acclaimed editor of Judy Garland on Judy Garland, seamlessly pieced together the final section of the book from extensive interviews with Sid, most previously unpublished. Despite everything, Sid never stopped loving Judy and never forgave himself for not being able to save her from the demons that ultimately drove her to an early death at age forty-seven in 1969. Sid served as chief conservator of the Garland legacy until his death at the age of eighty-nine in 2005. This is his testament to the love of his life. 'In prose so brassy that it bruises the sensibilities, Luft... illuminates the dark side of life in the spotlight and dispels any sentimental illusions about the glories of show business in Hollywood's classic age.' - The New Yorker

Pioneers of "B" Television Richard Irvin,2022-11-02 As television grew more enticing for both viewers and filmmakers in the 1950s, several independent film producers with knowledge of making low-cost films and radio shows transferred their skills to producing shows for the small screen. Rather than funding live programs that were popular at the time, these producers saw the value in pre-taped shows, which created large financial returns through episode reruns. This low-cost, high-yield production model resulted in what are known and beloved as B television shows. Part historical account and part filmography, this book documents the careers of over a dozen B television producers. It chronicles the rise of situation comedies and crime dramas and explores the minds behind popular shows like My Little Margie, The Lone Ranger, Lassie, Highway Patrol and Sea Hunt. Divided into 14 chapters of producer profiles, this work is rich in both trivia and critical assessments of the first years of television. A chapter detailing the work of early female television producers rounds out the
