My Big Heart-Shaped Fail Cindy Callaghan, 2022-09-13 Award-winning middle-grade novel from the author of *Just Add Magic* and *Saltwater Secrets* In this hourly time-stamped, action-packed tween comedy of errors, Abby Gray, feeling weighed down by her secrets and lies, lets five balloons float into the sky with her deepest secrets attached to them in a desperate attempt to clear her conscience. Her relief is short-lived, though: the next day, those balloons start dropping one by one at her school, revealing Abby's innermost thoughts to both friends and frenemies and creating hilarious misinterpretations of crushes amongst her peers. This is the worst day of her life . . . or is it? Before the last bell rings, Abby manages to integrate the oddball who is blackmailing her into her friend group and to fix the mix-ups the notes have caused—not only getting couples back together but also making a few new love matches—and finally comes clean as the author of the notes that have created such chaos.

Big Mind, Big Heart Dennis Genpo Merzel, 2007 This book presents a highly original and accessible pathway to self-discovery and personal liberation. Since 1999 the Big Mind process has been experienced by many thousands of people in seminars across America. Big Mind employs a Jungian voice dialogue technique that enables people to step out of limited self-concepts into awareness of their many different sub-selves (emotions/mental states). In addition to exploration of the more familiar sub-voices like anger and fear, author Zen Master Dennis Genpo Merzel uses this technique to help people access the ever-present Big Mind/Big Heart awareness - the clear, just being awareness and the unconditional compassion that we all can experience. The Big Mind process is now available in book form to bring readers of all backgrounds many benefits including: access to our innate wisdom, compassion and equanimity; openness of mind and ability to shift perspectives; greater presence and empowerment; and appreciation for the wisdom within all of our many sub-selves even ones we tend to dislike or disown, like fear and anger.

Conflict without Casualties Nate Regier, 2017-04-24 When leaders learn how to manage the emotions and drama in their organizations, conflict can be made healthier. Nate Regier uses the Drama Triangle Model and the Compassion Cycle to show leaders how to exercise compassion, not passion, and turn the negative energy of conflict into a positive energy for increased productivity and growth. Conflict without Casualties fills a gap by showing leaders at any level how to leverage positive conflict. Practical, insightful, challenging, relevant. -Dan Pink, New York Times bestselling author Most organizations are terrified of conflict in the workplace, seeing it as a sign of trouble. But Nate Regier says conflict is really just a kind of energy and can be used in positive or negative ways. Handled incorrectly, conflict becomes drama, which is costly to companies, teams, and relationships at all levels. Avoiding, managing, or reducing conflict is a limited alternative. Instead, Regier explores the interpersonal dynamics that perpetuate drama in organizations through a concept called the Drama Triangle and offers an alternative: the Compassion Cycle. The Compassion Cycle allows leaders to balance compassion and accountability, transforming conflict into a growth experience that enables organizations to achieve significant gains in energy, productivity, engagement, and satisfaction in relationships. Provocative and illuminating, the concepts Regier shares will turn conflict from an experience to be avoided into a partner for positive change.

The Creation Project Sunshine Rodgers,2025-01-22 Like a therapist, I invite God to sit on the couch in front of me. I flip open my notepad, pen in hand. Now tell me, in your own words, what happened that night. It was a friendship, wasn't it? I hate to open old wounds, but invite me in to all those years ago, before the world was created and all you had were angels who lived in Heaven, and one angel who captured your heart. Describe that moment when everything changed. When was it when Lucifer turned into Satan? And why? Wasn't Heaven good enough? And what did you do when Heaven faced its biggest challenge? Did you trust the wrong source? Were you merely too vulnerable? Maybe if you could turn back time, you wouldn't have given your angels a choice to rebel. Of course, true love has its risks, one that broke your heart for the very first time.

Sterling Place Ray Garcia,2010-02-04 On the morning of December 16, 1960, a TWA Lockheed Constellation plane and a United Airlines, a DC-8, collided in a blinding snowstorm over New York. At the time of the accident it was considered the worst aviation disaster in the history of commercial flying. When it was over, one hundred and twenty eight people from both planes, plus six on the ground had lost their lives. After the collision the Connie broke into three parts, hurling forty-four people to their death. The plane or what was left of it, crashed in the fields of the Miller Army Base, in Staten Island, New York. The other plane, United Flight 826, with eighty-four people crashed eight miles from impact coming down on an intersection called Seventh Avenue, and Sterling Place, a quiet community in the Park Slope Section of Brooklyn. On May 9th 1962, the Civil Aeronautic Board determined that the probable cause of this accident was that United Flight 826 proceeded beyond its clearance limit and the confines of the airspace to the flight given by Air Traffic Control, passing its holding pattern and therefore, ramming into TWA Flight 266. I wasn't totally convinced. In 1998, I decided to investigate, the probable cause of the collision, and why it happened, but most important, if it could have been prevented. My investigation

revealed that while Captain Robert H. Sawyer went beyond his allocated airspace, he did not stand alone in the blame. The results were very disturbing, the collision could have been prevented. The book reveals who was at fault, why there was a cover-up, and by whom.
