The Rider on the White Horse Theodor Storm,2012-11-01 The Rider of the White Horse is a classic German novella, in which the individual wrestles with the mass, the man with the most elementary forces of nature. The scene of the novella is characterized with vividness in its setting of marsh and sea, it glorifies love, and at the same time it touches themes which deeply occupied Storm, such as the problem of heredity or the relation between father and son. Happiness is won, but it ends in tragedy. It is a man of sober intellect who tells the whole story - and yet, like human life itself, it stands out against a mystic background. Remembrance of long ago has clarified everything. It is Storm's last complete work.
