Robert (de Boron),Richard O'Gorman

Celtic Magic D. J. Conway,1990 Celtic magic. These words conjure up images of Druids and mystical oak groves, daring Irish warriors, fairies, elves, and ancient deities who took an active part in the lives of the people who worshipped them. Practical and easy to understand, Celtic Magic offers important features that distinguish it from other books written about the Celts: An in-depth discussion of Celtic culture and customs A complete listing of Celtic myths and deities Step-by-step instructions for spellwork, ritual, meditations, and divination to help you gain insight or make changes in your life This friendly Celtic magic book is designed for both beginners and those who possess intermediate-level magical skills--and anyone who simply has a great interest in Celtic history, lore, and magic.

The Seventh Horse, and Other Tales Leonora Carrington,1988

El Cid: Mio Cid Campeador Vicente Huidobro,2019-04-26 In 1928, shortly after his marriage to Ximena Amunátegui, and after meeting Douglas Fairbanks, Huidobro began writing his version of the Cid legend as a novel. The result is a highly readable version of the story, that casts aside the style of romantic 19th-century historical fiction in favour of more modern approaches and cinematic influences.

The Milk of Dreams Leonora Carrington,2017-05-16 In English for the first time, a wild and darkly funny book that combines Surrealist painter Leonora Carrington's fantastical writing and illustrations for children The maverick surrealist Leonora Carrington was an extraordinary painter and storyteller who loved to make up stories and draw pictures for her children. She lived much of her life in Mexico, and her sons remember sitting in a big room whose walls were covered with images of wondrous creatures, towering mountains, and ferocious vegetation while she told fabulous and funny tales. That room was later whitewashed, but some of its wonders were preserved in the little notebook that Carrington called *The Milk of Dreams*. John, who has wings for ears, Humbert the Beautiful, an insufferable kid who befriends a crocodile and grows more insufferable yet, and the awesome Janzajoria are all to be encountered in *The Milk of Dreams*, a book that is as unlikely, outrageous, and dreamy as dreams themselves.

Gesta Regum Britannie Neil Wright,1991

The Magic of the State Michael Taussig,2013-10-18 Set in the enchanted mountain of a spirit-queen presiding over an unnamed, postcolonial country, this ethnographic work of ficto-criticism recreates in written form the shrines by which the dead--notably the fetishized forms of Europe's Others, Indians and Blacks--generate the magical powers of the modern state.

History of Non-dual Meditation Methods Javier Alvarado Planas,2014-08-29 The aim of this book is to study certain meditation methods followed not only by religious traditions or metaphysical movements that are still alive nowadays like Advaita Vedanta, Kabbalah (within the Jewish tradition), Christianity or Islam (particularly Sufism), but also practiced by other currents or schools that, even though already gone, significantly influenced the West. This is the case of Neoplatonism or Stoicism, whose influence was felt by ancient and medieval Christianity, or Greco-Egyptian Hermetism, which played an important role in the European cultural Renaissance from the 15th century on. A special consideration has been given to Christian tradition, introducing some of the most representative authors of recollection and their meditation methods. Este libro tiene por finalidad el estudio de ciertos métodos de meditación seguidos no solo por tradiciones religiosas o movimientos metafísicos que continúan vivos actualmente como el vedanta advaita, la cábala (en la tradición judía), el cristianismo o el islám (particularmente el sufismo), sino practicados también por otras corrientes o escuelas que, aunque ya desaparecidas, influyeron significativamente en Occidente. Es el caso del neoplatonismo o del estoicismo cuya influencia se dejó sentir en el cristianismo antiguo y medieval, o del hermetismo greco-egipcio que tuvo un papel destacado en el Renacimiento cultural europeo a partir del siglo XV. Especial consideración se ha dado a la tradición cristiana mostrando algunos de los autores más representativos del recogimiento y de su método de meditación.

Truth Is Symphonic Hans Urs Von Balthasar,2012-10-29 Von Balthasar shows the tension between the necessary unity in Christianity and the diversity that should and must exist. Today when most people talk about pluralism and really mean dissent and rebellion, von Balthasar shows how genuine variety is both possible and desirable within Catholic unity.

Markets and Civil Society Victor Pérez-Díaz, 2009-07-01 The nature of the currently emerging European society, which includes the economic and social transformation of Eastern and Central European countries, has been hotly debated. At its center is the relationship between markets and civil society within political and social contexts. The contributors to this volume offer perspectives from various disciplines (the social sciences, conceptual history, law, economics) and from several European countries in order to explore the ways in which markets influence various forms of civil society, such as individual freedom, social cohesion, economic effectiveness and democratic governance, and influence the construction of a civil society in a broader sense.
