

Love On The Brain Quotes

Sally Thorne

Love on the Brain Ali Hazelwood, 2022-08-23 An Instant New York Times Bestseller A #1 LibraryReads and Indie Next Pick! From the New York Times bestselling author of *The Love Hypothesis* comes a new STEM-inist rom-com in which a scientist is forced to work on a project with her nemesis—with explosive results. Like an avenging, purple-haired Jedi bringing balance to the mansplained universe, Bee Königswasser lives by a simple code: What would Marie Curie do? If NASA offered her the lead on a neuroengineering project—a literal dream come true after years scraping by on the crumbs of academia—Marie would accept without hesitation. Duh. But the mother of modern physics never had to co-lead with Levi Ward. Sure, Levi is attractive in a tall, dark, and piercing-eyes kind of way. And sure, he caught her in his powerfully corded arms like a romance novel hero when she accidentally damseled in distress on her first day in the lab. But Levi made his feelings toward Bee very clear in grad school—archenemies work best employed in their own galaxies far, far away. Now, her equipment is missing, the staff is ignoring her, and Bee finds her floundering career in somewhat of a pickle. Perhaps it's her occipital cortex playing tricks on her, but Bee could swear she can see Levi softening into an ally, backing her plays, seconding her ideas...devouring her with those eyes. And the possibilities have all her neurons firing. But when it comes time to actually make a move and put her heart on the line, there's only one question that matters: What will Bee Königswasser do?

Under One Roof Ali Hazelwood, 2022-05-03 From the New York Times and Sunday Times bestselling author of *The Love Hypothesis* comes a new steamy, STEM-inist novella... A scientist should never cohabitate with her annoyingly hot nemesis - it leads to combustion. Mara, Sadie, and Hannah are friends first, scientists always. Though their fields of study might take them to different corners of the world, they can all agree on this universal truth: when it comes to love and science, opposites attract and rivals make you burn... As an environmental engineer, Mara knows all about the delicate nature of ecosystems. They require balance. And leaving the thermostat alone. And not stealing someone else's food. And other rules Liam, her detestable big-oil lawyer of a roommate, knows nothing about. Okay, sure, technically she's the interloper. Liam was already entrenched in his aunt's house like some glowering grumpy giant when Mara moved in, with his big muscles and kissable mouth just sitting there on the couch tempting respectable scientists to the dark side...but Helena was her mentor and Mara's not about to move out and give up her inheritance without a fight. The problem is, living with someone means getting

to know them. And the more Mara finds out about Liam, the harder it is to loathe him...and the easier it is to love him. To read Sadie and Hannah's stories look for the novellas *Stuck with You* and *Below Zero*. Ali Hazelwood's latest novel, *Love on the Brain* is out now.

Love on the Brain Dr. Victoria Westbrook, 2025-02-25 Transform Your Relationship with the Power of Science Are you ready to revolutionize your love life? Dive into a compelling journey that combines cutting-edge science with practical advice to enhance and heal your relationships. *Love on the Brain: How Science Can Fix Your Relationships* offers a refreshing perspective that blends the fields of neuroscience, psychology, and human connection. Discover the Chemistry: Uncover the hidden forces behind attraction and the intricate dance of hormones that binds us together. Navigate the pathways of emotional connection and learn how your brain builds and maintains these essential bonds. Communicate with Impact: Master effective communication and the art of active listening to bridge gaps and foster understanding. By harnessing the power of empathy and vulnerability, you'll forge trust and deepen intimacy, even in the age of digital interaction. Resolve and Rebuild: Delve into proven strategies to navigate conflict and strengthen your relationship through shared goals and mutual respect. With insights on managing stress and leveraging personality differences, you can transform challenges into opportunities for growth. Cultivate Lasting Love: As you explore the influence of family and environment, sexuality and desire, and the impact of external networks, you'll learn to sustain passion and appreciation through life's transitions. Develop a growth mindset and co-create a culture of respect, where rituals and shared traditions thrive. Illuminate the path to a fulfilling and enduring partnership with science-based techniques. Whether rekindling the spark or building new foundations, this book is your essential guide to love that stands the test of time. Make your relationship flourish like never before.

A General Theory of Love Thomas Lewis, Fari Amini, Richard Lannon, 2007-12-18 This original and lucid account of the complexities of love and its essential role in human well-being draws on the latest scientific research. Three eminent psychiatrists tackle the difficult task of reconciling what artists and thinkers have known for thousands of years about the human heart with what has only recently been learned about the primitive functions of the human brain. *A General Theory of Love* demonstrates that our nervous systems are not self-contained: from earliest childhood, our brains actually link with those of the people close to us, in a silent rhythm that alters the very structure of our brains, establishes life-long emotional patterns, and makes us, in large part, who we are. Explaining how relationships function, how parents shape their child's developing self, how psychotherapy really works, and how our society dangerously flouts essential emotional laws, this is a work of rare passion and eloquence that will forever change the way you think about human intimacy.

The Hating Game Sally Thorne, 2016-08-09 Now a movie starring Lucy Hale and Austin Stowell, USA Today bestselling author Sally Thorne's hilarious and sexy workplace comedy all about that thin, fine line between hate and love. *Nemesis* (n.)

1) An opponent or rival whom a person cannot best or overcome. 2) A person's undoing 3) Joshua Templeman Lucy Hutton and Joshua Templeman hate each other. Not dislike. Not begrudgingly tolerate. Hate. And they have no problem displaying their feelings through a series of ritualistic passive aggressive maneuvers as they sit across from each other, executive assistants to co-CEOs of a publishing company. Lucy can't understand Joshua's joyless, uptight, meticulous approach to his job. Joshua is clearly baffled by Lucy's overly bright clothes, quirkiness, and Pollyanna attitude. Now up for the same promotion, their battle of wills has come to a head and Lucy refuses to back down when their latest game could cost her her dream job...But the tension between Lucy and Joshua has also reached its boiling point, and Lucy is discovering that maybe she doesn't hate Joshua. And maybe, he doesn't hate her either. Or maybe this is just another game.

The Love Hypothesis Ali Hazelwood, 2021-09-14 The Instant New York Times Bestseller and TikTok Sensation! As seen on THE VIEW! A BuzzFeed Best Summer Read of 2021 When a fake relationship between scientists meets the irresistible force of attraction, it throws one woman's carefully calculated theories on love into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting romantic relationships—but her best friend does, and that's what got her into this situation. Convincing Anh that Olive is dating and well on her way to a happily ever after was always going to take more than hand-wavy Jedi mind tricks: Scientists require proof. So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor—and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.

Buddha's Brain Rick Hanson, 2025-03-01 Change your brain, change your life with this essential classic from New York Times bestselling author, Rick Hanson—now celebrating 15 years in print with more than 500,000 copies sold! Great teachers like the Buddha, Jesus, Moses, Mohammed, and Gandhi were all born with brains built essentially like anyone else's—and then they changed their brains in ways that changed the world. Neuroscience now reveals how the flow of thoughts actually sculpt the brain, and more and more, we are learning that it's possible to strengthen positive brain states. By combining breakthroughs in science with insights from thousands of years of mindfulness practice, you too can shape your own "Buddha's Brain" for greater happiness, love, and wisdom. Buddha's Brain draws on evidence-based neuroscience to show you how to stimulate your brain for more fulfilling relationships, a deeper spiritual life, and a greater sense of inner confidence and self-worth. Using guided meditations and mindfulness exercises, you'll learn how to activate the brain states of calm, joy, and compassion instead of worry, sorrow, and anger. Most importantly, you will foster positive psychological

growth that will literally change the way you live in your day-to-day life. This book provides an essential intersection of psychology, neurology, and contemplative practice, and is filled with practical tools and skills that you can use every day to tap into the unused potential of your brain and rewire it over time for greater well-being.

The Brain David Eagleman, 2015-11-05 'This is the story of how your life shapes your brain, and how your brain shapes your life.' Locked in the silence and darkness of your skull, the brain fashions the rich narratives of your reality and your identity. Join renowned neuroscientist David Eagleman for a journey into the questions at the heart of our existence. What is reality? Who are 'you'? How do you make decisions? Why does your brain need other people? How is technology poised to change what it means to be human? In the course of his investigations, Eagleman guides us through the world of extreme sports, criminal justice, facial expressions, genocide, brain surgery, gut feelings, robotics, and the search for immortality. Strap in for a whistle-stop tour into the inner cosmos. In the infinitely dense tangle of billions of brain cells and their trillions of connections, something emerges that you might not have expected to see in there: you.

Sex on the Brain Daniel G. Amen, M.D., 2007-01-16 "The vast majority of love and sex occurs in the brain. Your brain decides who is attractive to you, how to get a date, how well you do on the date, what to do with the feelings that develop, how long those feelings last, when to commit, and how well you do as a partner and a parent. Your brain helps you be enthusiastic in the bedroom or drains you of desire and passion. Your brain helps you process and learn from a breakup or makes you vulnerable to depression or obsession." While plastic surgeons, diet gurus, and the pharmaceutical industry may have convinced you that they hold the secret to a fulfilling sex life, the truth is that you already have the only thing you really need: a brain. As the largest and most sensitive sexual organ in the body, a healthy human brain enhances your sex life and heightens sensation. A troubled brain, however, makes emotional and physical connection with others difficult. So forget the implants, the fad diets, and the pills. Learning about this intriguing and sexy organ is the key to your sexual satisfaction. Based on Dr. Daniel Amen's latest research in practical neuroscience, *Sex on the Brain* shares 12 lessons that help you enhance your love and sex lives through understanding and improving brain function. Filled with practical suggestions and information on how sex can save your life, *Sex on the Brain* reveals:

- How sex helps prevent heart disease, improve memory, stave off cancer, and boost your immune system
- How the differences between men's and women's brains affect our perceptions and interest in sex—and how you can understand these differences to make the most of the opportunities with your partner
- Why breakups hurt so much, and what you can do to ease the pain
- Surefire techniques to fix common problems—depression, PMS, ADD—that get in the way of good sex
- How to make yourself unforgettable to your partner

Everyone wants to know how to improve his or her love life, but so few of us understand the integral role that the brain plays in getting us in the mood, keeping us excited about our partner, and helping us achieve greater satisfaction. *Sex on the Brain* explains everything, showing you how use your brain to create a healthy, happy, and hot sex life.

I Felt a Funeral, In My Brain Will Walton,2018-05-29 From the author of the poignant and provocative debut *Anything Could Happen* comes an astonishing novel in verse about love, death, and the poetry we find when we most need it. How do you deal with a hole in your life? Do you turn to poets and pop songs? Do you dream? Do you try on love just to see how it fits? Do you grieve? If you're Avery, you do all of these things. And you write it all down in an attempt to understand what's happened--and is happening--to you. *I Felt a Funeral, In My Brain* is an astonishing novel about navigating death and navigating life, at a time when the only map you have is the one you can draw for yourself.

Other Voices, Other Rooms Truman Capote,2007-12-18 Truman Capote's first novel is a story of almost supernatural intensity and inventiveness, an audacious foray into the mind of a sensitive boy as he seeks out the grown-up enigmas of love and death in the ghostly landscape of the deep South. "Intense, brilliant . . . Capote has an astonishing command . . . a magic all his own." —*The Atlantic* At the age of twelve, Joel Knox is summoned to meet the father who abandoned him at birth. But when Joel arrives at the decaying mansion in Skully's Landing, his father is nowhere in sight. What he finds instead is a sullen stepmother who delights in killing birds; an uncle with the face—and heart—of a debauched child; and a fearsome little girl named Idabel who may offer him the closest thing he has ever known to love.

The Brain That Changes Itself Norman Doidge, M.D.,2007-03-15 "Fascinating. Doidge's book is a remarkable and hopeful portrait of the endless adaptability of the human brain."—Oliver Sacks, MD, author of *The Man Who Mistook His Wife for a Hat* What is neuroplasticity? Is it possible to change your brain? Norman Doidge's inspiring guide to the new brain science explains all of this and more An astonishing new science called neuroplasticity is overthrowing the centuries-old notion that the human brain is immutable, and proving that it is, in fact, possible to change your brain. Psychoanalyst, Norman Doidge, M.D., traveled the country to meet both the brilliant scientists championing neuroplasticity, its healing powers, and the people whose lives they've transformed—people whose mental limitations, brain damage or brain trauma were seen as unalterable. We see a woman born with half a brain that rewired itself to work as a whole, blind people who learn to see, learning disorders cured, IQs raised, aging brains rejuvenated, stroke patients learning to speak, children with cerebral palsy learning to move with more grace, depression and anxiety disorders successfully treated, and lifelong character traits changed. Using these marvelous stories to probe mysteries of the body, emotion, love, sex, culture, and education, Dr. Doidge has written an immensely moving, inspiring book that will permanently alter the way we look at our brains, human nature, and human potential.

Our Chemical Hearts Krystal Sutherland,2016-10-04 John Green meets Rainbow Rowell in this irresistible story of first love, broken hearts, and the golden seams that put them back together again. Henry Page has never been in love. He fancies himself a hopeless romantic, but the slo-mo, heart palpitating, can't-eat-can't-sleep kind of love that he's been hoping for just hasn't been in the cards for him—at least not yet. Instead, he's been happy to focus on his grades, on getting into a semi-

decent college and finally becoming editor of his school newspaper. Then Grace Town walks into his first period class on the third Tuesday of senior year and he knows everything's about to change. Grace isn't who Henry pictured as his dream girl—she walks with a cane, wears oversized boys' clothes, and rarely seems to shower. But when Grace and Henry are both chosen to edit the school paper, he quickly finds himself falling for her. It's obvious there's something broken about Grace, but it seems to make her even more beautiful to Henry, and he wants nothing more than to help her put the pieces back together again. And yet, this isn't your average story of boy meets girl. Krystal Sutherland's brilliant debut is equal parts wit and heartbreak, a potent reminder of the bittersweet bliss that is first love.

Let's Talk About Love Claire Kann, 2018-01-23 Striking a perfect balance between heartfelt emotions and spot-on humor, this debut features a pop-culture enthusiast protagonist with an unforgettable voice sure to resonate with readers. Alice had her whole summer planned. Nonstop all-you-can-eat buffets while marathoning her favorite TV shows (best friends totally included) with the smallest dash of adulting—working at the library to pay her share of the rent. The only thing missing from her perfect plan? Her girlfriend (who ended things when Alice confessed she's asexual). Alice is done with dating—no thank you, do not pass go, stick a fork in her, done. But then Alice meets Takumi and she can't stop thinking about him or the rom com-grade romance feels she did not ask for (uncertainty, butterflies, and swoons, oh my!). When her blissful summer takes an unexpected turn and Takumi becomes her knight with a shiny library-employee badge (close enough), Alice has to decide if she's willing to risk their friendship for a love that might not be reciprocated—or understood. Claire Kann's debut novel *Let's Talk About Love*, chosen by readers like you for Macmillan's young adult imprint Swoon Reads, gracefully explores the struggle with emerging adulthood and the complicated line between friendship and what it might mean to be something more. Praise for *Let's Talk About Love* from the Swoon Reads community: “A sweet and beautiful journey about self-discovery and identity!” —Macy Filia, reader on SwoonReads.com “There aren't many novels that have asexual characters and it's something people need more of.” —Alice, reader on SwoonReads.com “I want this on my shelf where I can admire it every day.” —Kiara, reader on SwoonReads.com

Love Anthony Lisa Genova, 2012-09-27 'Remember how you couldn't put down *Still Alice*? Well, clear your schedule—because you're going to feel the same way!' Jodi Picoult From the bestselling author of *Still Alice* and *Every Note Played* comes a heartfelt novel about friendship and a mother coping with the loss of her autistic son. Olivia Donatelli's dream of a 'normal' life was shattered when her son, Anthony, was diagnosed with autism at age three. He didn't speak. He hated to be touched. He almost never made eye contact. And just as Olivia was starting to realize that happiness and autism could coexist, Anthony died. Now she's alone in a cottage on Nantucket, separated from her husband, desperate to understand the meaning of her son's short life, when a chance encounter with another woman facing her own loss brings Anthony alive again for Olivia in a most unexpected way. In a piercing story about motherhood, love and female friendship, Lisa Genova offers us

two unforgettable women on the verge of change who discover the small but exuberant voice that helps them both find the answers they need. Fans of *The Reason I Jump* and *The Curious Incident of the Dog in the Night-time* will love Lisa Genova's story: always authentic and utterly moving.

The Love Mindset Vironika Tugaleva, 2013 For anyone who's tired of feeling angry, depressed, or hurt, this book is a beacon of hope! *The Love Mindset* is a guide to healing yourself, no matter how hopeless and complicated things seem to be. –Christina Rasmussen, bestselling author of *Second Firsts* As Vironika shared her own story, I saw pieces of myself and pieces of the people I care about. Many times the book brought me to tears and I had to put it down. It was like looking in the mirror and there was a part of me that was used to not looking. –Elephant Journal If I had two words to describe *The Love Mindset*, they would be: fresh and powerful. This is because when I read it, something grabbed hold of me like it was the first time I'd seen a book in 5 years! –Reuben Lowe, *Mindful Creation* Vironika Tugaleva's *The Love Mindset* is an authentic, brave and beautiful guide to a more loving self and a more loving world. A great gift of words for anyone searching for the sacred place of self-acceptance, self-understanding and self-love. –Howard Falco, spiritual teacher and author of *I AM: The Power of Discovering Who You Really Are* In the midst of turmoil, this book comes as a breath of fresh air. –Readers' Favorite After a decade-long struggle with mental distress, addiction, eating disorders, and profound self-hatred, Vironika Tugaleva faced a choice: change or die. Reluctantly, she chose to change. Nothing could have prepared her for what came next. Vironika's life as a suffering cynic ended when she found herself having a spiritual awakening. Drawing from first-hand experience, what Vironika says in this important and timely book isn't fanciful fluff or indoctrinating dogma. Her approach to healing, love, and spirituality is unconventional, deep, and refreshingly real. Winner of the Readers' Favorite silver medal for best self-help book of 2013, *The Love Mindset* offers a surprisingly simple look at how we can heal our relationships with ourselves and with each other. If you feel like you're too broken to fix, hold out your last shred of hope and give Vironika a try. She won't disappoint you. She will teach you about the power of love, the purpose of life, and the potential of people united. She will show you to yourself.

The Neuroscience of Human Relationships 2e Louis J. Cozolino, 2014-03-24 An exploration of human relationships as understood through basic concepts of interpersonal neurobiology, this revised edition reflects the wealth of social neuroscience research just out, including how mirror neurons, the polyvagal theory, and epigenetics affect the architecture and development of brain systems and, in turn, how we interact with others.

Second First Impressions Sally Thorne, 2021-04-13 “*Second First Impressions* is the warmest, coziest, sweetest book of the year, an absolutely perfect blend of humor and heart. I want to live inside Sally Thorne’s brain.” —Emily Henry, *New York Times* bestselling author of *Beach Read* From the USA Today bestselling author of *The Hating Game*, soon to be a movie starring Lucy Hale and Austin Stowell, and 99 Percent Mine comes the clever, funny, and unforgettable story of a muscular, tattooed

man hired as an assistant to two old women—under the watchful eye of a beautiful retirement home manager. Dazzle (n): Brightness that blinds someone temporarily. Position Vacant: Two ancient old women residing at Providence Retirement Villa seek male assistant for casual exploitation and good-natured humiliation. Duties include boutique shopping, fast-food fetching, and sincerely rendered flattery. Good looks a bonus—but we aren't picky. An advertisement has been placed (again!) by the wealthy and eccentric Parlioni Sisters. The salary is generous and the employers are 90 years old, so how hard could the job be? Well, none have lasted longer than a week. Most boys leave in tears. Ruthie Midona will work in Providence's front office, and be at the Parlioni's beck and call, forever. That's sort of her life plan. If Ruthie can run the place in her almost-retired bosses' absence, with no hijinks/hiccups, she has a shot at becoming the new manager. She might also be able to defend her safe little world from Prescott Development, the new buyer of the prime site. Maybe after all that, she can find a cute guy to date. All she needs to do is stay serious—and that's what she does best. Until, one day, someone dazzling blows into town. Teddy Prescott devotes his life to sleeping, tattooing, and avoiding seriousness. When Teddy needs a place to crash, he makes a deal with his developer dad. Teddy can stay in one of Providence's on-site maintenance cottages—right next door to an unimpressed Ruthie—but only if he works there and starts to grow up. Ruthie knows how this sweetly selfish rich boy can earn his keep—and be out of her hair in under a week. After all, there is a position vacant...

Adverbs Daniel Handler,2009-10-06 Hello. I am Daniel Handler, the author of this book. Did you know that authors often write the summaries that appear on their book's dust jacket? You might want to think about that the next time you read something like, A dazzling page-turner, this novel shows an internationally acclaimed storyteller at the height of his astonishing powers. Adverbs is a novel about love -- a bunch of different people, in and out of different kinds of love. At the start of the novel, Andrea is in love with David -- or maybe it's Joe -- who instead falls in love with Peter in a taxi. At the end of the novel, it's Joe who's in the taxi, falling in love with Andrea, although it might not be Andrea, or in any case it might not be the same Andrea, as Andrea is a very common name. So is Allison, who is married to Adrian in the middle of the novel, although in the middle of the ocean she considers a fling with Keith and also with Steve, whom she meets in an automobile, unless it's not the same Allison who meets the Snow Queen in a casino, or the same Steve who meets Eddie in the middle of the forest. . . . It might sound confusing, but that's love, and as the author -- me -- says, It is not the nouns. The miracle is the adverbs, the way things are done. This novel is about people trying to find love in the ways it is done before the volcano erupts and the miracle ends. Yes, there's a volcano in the novel. In my opinion a volcano automatically makes a story more interesting.

Limitless Jim Kwik,2020-04-07 Unlock the full potential of your brain, learn faster, and achieve your goals with this instant New York Times and #1 Wall Street Journal bestseller from Jim Kwik, the world's #1 brain coach. This ultimate brain training book is packed with practical techniques to help you level-up your mental performance and transform your life.

“There’s no genius pill, but Jim gives you the process for unlocking your best brain and brightest future. Just like you want a healthy body, you want a flexible, strong, energized, and fit brain. That’s what Jim does for a living—he is the personal trainer for the mind.” — Mark Hyman, M.D., Head of Strategy and Innovation, Cleveland Clinic Center for Functional Medicine, author of 12 New York Times best-selling books For over 25 years, Jim Kwik has worked closely with successful men and women who are at the top in their fields as actors, athletes, CEOs, and business leaders from all walks of life to unlock their true potential.
