Masquerade Deborah Bell, 2014-12-03 In its conventional meaning, masquerade refers to a festive gathering of people wearing masks and elegant costumes. But traditional forms of masquerade have evolved over the past century to include the representation of alternate identities in the media and venues of popular culture, including television, film, the internet, theater, museums, sports arenas, popular magazines and a range of community celebrations, reenactments and conventions. This collection of fresh essays examines the art and function of masquerade from a broad range of perspectives. From African slave masquerade in New World iconography, to the familiar Guy Fawkes masks of the Occupy Wall Street movement, to the branded identities created by celebrities like Madonna, Beyonce and Lady Gaga, the essays show how masquerade permeates modern life.

Pixar with Lacan Lilian Munk Rösing,2015-12-17 The films from Pixar Animation Studios belong to the most popular family films today. From Monsters Inc to Toy Story and Wall-E, the animated characters take on human qualities that demand more than just cultural analysis. What animates the human subject according to Pixar? What are the ideological implications? Pixar with Lacan has the double aim of analyzing the Pixar films and exemplifying important psychoanalytic concepts (the voice, the gaze, partial object, the Other, the object a, the primal father, the name-of-the-father, symbolic castration, the imaginary/ the real/ the symbolic, desire and drive, the four discourses, masculine/feminine), examining the ideological implications of the images of human existence given in the films.
