Bill McKibben

Got Your Attention? Sam Horn, 2015-04-06 A communication strategist shares her eight-stage process for connecting with any number of people with two-way interactions. Did you know: • Goldfish, yes, goldfish, have longer attention spans than we humans do? • One in four people abandons a website if it takes longer than four seconds to load? Imagine if there were ways, in a world of impatience and INFObesity, to quickly intrigue busy, distracted people and earn their interest, trust and buy-in. Imagine if there was a process for pleasantly surprising decision-makers and convincing them you're the right person for the job, position, project or contract. You don't have to imagine it, Sam Horn has created it. Sam's innovative techniques have helped her clients close deals and raise millions of dollars, and will be your "secret sauce" to getting funded, hired, elected, promoted or referred. "These accessible techniques transcend generations and read like a modern-day version of How to Win Friends and Influence People." —Miki Agrawal, one of Forbes's "Top 20 Millennials on a Mission" and founder of THINX "Sam Horn's smart and snappy book will teach you how to get people's attention—and keep it." —Daniel H. Pink, #1 New York Times–bestselling author of To Sell Is Human "If you can't get people's attention, you'll never get their business. Sam Horn's new book shows how to quickly earn respect so people are motivated to listen." —Terry Jones, founder of Travelocity and WayBlazer and chair of Kayak "A must-read for those in the workplace who want to contribute at their highest level and create more strategic networks." —Betsy Myers, former executive director, Center for Public Leadership, Harvard Kennedy School "Horn offers innovative ways to initiate genuine conversations and meaningful connections that turn strangers into friends." —Keith Ferrazzi, author of the #1 bestseller Never Eat Alone

Now We Have Your Attention Jack Shenker, 2020-10-27 'One of the most important and compelling books I've ever read...If you want to understand why we are in this crisis, listen to the voices all too often airbrushed from the political conversation' Owen Jones Now We Have Your Attention makes sense of what is happening in British politics by taking a radically different perspective: the people's. From a warehouse in Manchester to a pub in Essex, from the outskirts of Glasgow to a racecourse in Durham, Jack Shenker uncovers the root causes of our current crisis and the future direction of British politics through the lives of ordinary individuals. Taking us deep into communities hollowed out by austerity and decades of economic disadvantage, among a generation crippled by precarious work and unaffordable housing, he shows where the chaos at Westminster ultimately springs from - and how disillusionment with it is fuelling a passionate engagement

with politics of a completely different kind: local, personal, effective and utterly fearless. Joining a 'McStrike' protest on a roundabout in Cambridge and a gathering of the London Renters' Union in the aftermath of Grenfell, meeting hard-right bloggers in Newcastle and climate change protesters in Brighton, Shenker draws on exceptional access to campaign groups, activist movements and grassroots gatherings throughout the country - including unique access to Momentum, who have re-radicalised the Labour party from the outside in - to introduce us to the citizens and leaders of tomorrow: people who are changing things for themselves. Inspiring and terrifying in equal measure, *Now We Have Your Attention* uncovers a revolutionary transformation in attitudes and behaviour, and a future that will shape us all.

May I Have Your Attention Please? James Corden, 2011-09-29 THE SUNDAY TIMES BESTSELLING AUTOBIOGRAPHY So... the story of my life. I've often thought about this moment, about what it would be like to write my memoirs. I always thought it would make me feel important. It doesn't. If anything it makes me feel a little strange. The truth is, I should never have been this famous guy. I wasn't the cool, clever, good-looking boy at school. But I always dreamt of it, hoped for it, longed for it: throughout school when I was disruptive, in my teens when I tried to form my own boy band and through hundreds of auditions for parts which were met with constant rejection. Until finally I co-wrote Gavin and Stacey. And my whole life changed... This is that story. The story of how I found myself here, talking to you.

The Age of Missing Information Bill McKibben, 2014-09-03 “Highly personal and original . . . McKibben goes beyond Marshall McLuhan’s theory that the medium is the message.” —The New York Times Imagine watching an entire day’s worth of television on every single channel. Acclaimed environmental writer and culture critic Bill McKibben subjected himself to this sensory overload in an experiment to verify whether we are truly better informed than previous generations. Bombarded with newscasts and fluff pieces, game shows and talk shows, ads and infomercials, televangelist pleas and Brady Bunch episodes, McKibben processed twenty-four hours of programming on all ninety-three Fairfax, Virginia, cable stations. Then, as a counterpoint, he spent a day atop a quiet and remote mountain in the Adirondacks, exploring the unmediated man and making small yet vital discoveries about himself and the world around him. As relevant now as it was when originally written in 1992—and with new material from the author on the impact of the Internet age—this witty and astute book is certain to change the way you look at television and perceive media as a whole. “By turns humorous, wise, and troubling . . . a penetrating critique of technological society.”—Cleveland Plain Dealer “Masterful . . . a unique, bizarre portrait of our life and times.” —Los Angeles Times “Do yourself a favor: Put down the remote and pick up this book.” —Houston Chronicle

The Mars Room Rachel Kushner, 2019-05-07 TIME’S #1 FICTION TITLE OF THE YEAR • NEW YORK TIMES NOTABLE BOOK OF 2018 FINALIST for the MAN BOOKER PRIZE and the NATIONAL BOOK CRITICS CIRCLE AWARD LONGLISTED for the ANDREW CARNEGIE MEDAL An instant New York Times bestseller from two-time National Book Award finalist Rachel Kushner, *The Mars Room* earned tweets from Margaret Atwood—“gritty, empathic, finely rendered, no sugar toppings, and a lot of punches, none of them pulled”—and from Stephen King—“*The Mars Room* is the real deal, jarring,

horrible, compassionate, funny.” It’s 2003 and Romy Hall, named after a German actress, is at the start of two consecutive life sentences at Stanville Women’s Correctional Facility, deep in California’s Central Valley. Outside is the world from which she has been severed: her young son, Jackson, and the San Francisco of her youth. Inside is a new reality: thousands of women hustling for the bare essentials needed to survive; the bluffing and pageantry and casual acts of violence by guards and prisoners alike; and the deadpan absurdities of institutional living, portrayed with great humor and precision. Stunning and unsentimental, *The Mars Room* is “wholly authentic...profound...luminous” (The Wall Street Journal), “one of those books that enrage you even as they break your heart” (The New York Times Book Review, cover review)—a spectacularly compelling, heart-stopping novel about a life gone off the rails in contemporary America. It is audacious and tragic, propulsive and yet beautifully refined and “affirms Rachel Kushner as one of our best novelists” (Entertainment Weekly).

Buzz Katherine Ellison, 2010-10-05 An absorbing, sharply observed memoir. -- Kirkus Reviews A hilarious and heartrending account of one mother's journey to understand and reconnect with her high-spirited preteen son—a true story sure to beguile parents grappling with a child's bewildering behavior. Popular literature is filled with the stories of self-sacrificing mothers bravely tending to their challenging children. Katherine Ellison offers a different kind of tale. Shortly after Ellison, an award-winning investigative reporter, and her twelve-year-old son, Buzz, were both diagnosed with attention deficit/hyperactivity disorder, she found herself making such a hash of parenting that the two of them faced three alternatives: he'd go to boarding school; she'd go AWOL; or they'd make it their full-time job to work out their problems together. They decided to search for a solution while Ellison investigated what genuine relief, if any, might be found in the confusing array of goods sold by the modern mental health industry. The number of diagnoses for childhood attention and behavior issues is exploding, leaving parents and educators on a confusing chase to find the best kind of help for each child. *Buzz*, a page-turner of a memoir, brings much relief. It is immensely engaging, laugh-out-loud funny, and honest-and packed with helpful insights.

Spiritual Realism David A. Gurdjieff Ph. D.,2004-10 You are not happy. You may enjoy periods of relative happiness and you may be happier than other people that you know, but you are not as happy as you'd like to be or as happy as you can be. How do I know? First of all, if you were completely satisfied with your life you wouldn't be holding this book in your hands right now. Second, it is very rare to find people that are in touch with certain realities regarding their existence that lead to lasting happiness. Spiritual Realism works in two ways. First, it will challenge the way you think about yourself and your personal reality construct, or in simpler terms, what you think is real. Your illusions need to be shattered in order to achieve the bliss that you desire, yet has been eluding you for so long. Second, this book will teach you a series of techniques that will make you happier and more content with your life if you practice them sincerely over an extended period of time. Spiritual Realism works. It cannot fail to work. Good luck! IMPORTANT NOTE: If you have strong religious beliefs you will likely find views in this book disturbing.
