**HOW TO LEARN SPANISH IN 30 DAYS** Giovanni Sordelli,2021-10-19 This book will allow you to learn Spanish in only 30 days, starting from scratch. And this is more than a simple promise. Let me explain... The method is very simple: this book is divided in 30 chapters, one for each day, to let you learn the basics of this language in just one month. To make the most of this course, you just need to follow one rule: reading one chapter every day, no more, no less. If you follow this rule and the guidelines included in this book, the result is guaranteed. Forget about the usual boring grammar courses, with their impersonal style. "How to learn Spanish in 30 days" has been created with all the trappings of self-help, as a practical

manual, with a personal, fun and motivational touch. It is full of many curious anecdotes and useful pieces of advice not only to speak in Spanish, but also to help you while travelling. If you are still not convinced, keep reading... FROM THE PREFACE... (...) You are going to tell me: "so, in 30 days I will be able to learn an entire language?!". The answer is YES! First of all, as any valuable product, it has brilliantly passed the quality check: friends and relatives have tested this manual and the following month they did pretty well with grammar and vocabulary, trust me. Of course, in 30 days no one becomes a native speaker: but you can build a strong foundation on which to build a beautiful house. Do you get what I mean? Studying a little bit every day is a secret as simple as it is effective to make the learning easier and quicker. I will give you the opportunity to analyse in depth every little secret about grammar and vocabulary, and you must really promise me that you will do everything you can to complete this rich training: consult online newspapers, watch films or TV series with subtitles, read a good book with a dictionary next to you, in short take every little opportunity to be in contact with Spanish as much as possible. Then there will be space for real dialogues in Spanish, the testing ground for your theoretical skills. When you go on holiday to a Spanish-speaking country or you will have to use Spanish in any other situation, you will just want to do your best. Think about this: one month. 30 days of studying will help you learning a new language, improving your curriculum, immersing yourself in a new and different world. It will be a special month, and you will be satisfied.

**Water-Blue Eyes** Domingo Villar, Martin Schifino, 2013-07-01 Amid the aroma of the sea and the Galician pines, a young saxophonist is found dead in his swanky flat overlooking the beach. The murder seems to have taken place after a sexual encounter with a lover: there are two glasses filled with gin in the living room, and the dead man, Luis Reigosa, is tied by the wrists to the headboard of the bed. But the way he was killed makes it impossible to obtain any more clues about his activities that night: his stomach, groin and thighs are horribly burned, and his genitals look hideously like a toasted cashew. The unusually cold-blooded and cruel murder is assigned to Leo Caldas, a disheartened police inspector still searching for his place in the world. The case unfolds between inviting nights at the jazz clubs and the tense, affected atmosphere of affluent Vigo.
