

Las Crónicas De Girku

Roy Wilkinson

LA ÚLTIMA COSECHA Lucien Mars, ¿Y si tus creencias sobre la realidad fueran incorrectas? La Historia Secreta de los Ángeles, Demonios, Extraterrestres y la Cultura Militarizada del Miedo en estos días finales. Lucien Mars revela la historia secreta de la humanidad contenida en una antigua piedra ME, o cristal de computadora, conocido como una piedra en llamas o crónica GirKu. Incluidas están las guerras galácticas que llevaron a la Caída descrita en la Biblia y por qué culturas alienígenas como los Anunnaki y otros quieren esclavizar la Tierra. Por primera vez se revela la historia completa de Lucifer y la Caída, con una conclusión sorprendente que afecta a todos, ya que el destino de la humanidad pende en el balance final. Descubre el misterio de la Diosa Oscura, Lucifera, madre del re creador genético conocido como Lucifer, que juega un papel principal en este drama cósmico. El libro proporciona una exposición demoledora que explica cómo los Illuminati estaban genéticamente relacionados con Lucifer y engendraron el Nuevo Orden Mundial socio-fascista. El contenido puede impactar tus concepciones de la realidad, ya que las últimas piezas del rompecabezas cósmico se están instituyendo para despoblar el planeta y recolonizarlo con una raza híbrida de super humanoides, diseñados para servir y adorar al Nuevo Orden Mundial. ¿Cómo responderás al Aviso de Desalojo de la Humanidad grabado en las Piedras Guía de Georgia anónimas? El Plan Illuminati que han preparado para ti se resume en las monolíticas Piedras Guía de Georgia erigidas en el condado de Elbert de manera anónima en 1979 al estilo de un falso Stonehenge. Grabadas en las piedras hay diez mandamientos neo-fascistas, políticamente convertidos en instrucciones orwellianas. Más importante aún, revelan un plan fascista para la exterminación eugénica y el genocidio global. El primer mandamiento revela todos los demás: Mantén a la humanidad bajo 500,000,000 en equilibrio perpetuo con la naturaleza. Dado que la población mundial ahora se sitúa en 7.8 mil millones, ¿qué se hará con los 7.3 mil millones prescindibles? La respuesta alienígena parece la más obvia: Primero instituir la integración de especies, seguido de la asimilación militarizada y la hibridación final de 500,000,000 de extraterrestres a lo largo del tiempo y exterminar sistemáticamente al resto. Ese es el Plan, tallado en piedra para que todos lo vean. Entonces, la pregunta sigue siendo: ¿Son las piedras guía de la humanidad, o las lápidas? Descúbrelo adentro...

El discernimiento de los espíritus Thibault Luycx,2024-06-19T00:00:00Z Desde la noche de los tiempos, todas las culturas y religiones de los confines de la tierra han descrito un universo invisible poblado por espíritus buenos y malos, le guste o no al materialismo moderno. Lejos de quedarse atrás, la tradición cristiana es al contrario muy rica en admirables enseñanzas al respecto, en particular sobre la ardua cuestión del discernimiento de los espíritus, que está indisolublemente unida a ella. De San Pablo a los Padres del Desierto, pasando por los más grandes teólogos y místicos como Santo Tomás y San Juan de la Cruz, este libro recorre y condensa veinte siglos de reflexión teológica sobre el conocimiento de los ángeles buenos y malos, y de cuyas inspiraciones son emisarios en el corazón de la naturaleza humana. Esta investigación se basa ante todo en una perspectiva antropológica, a partir de la experiencia clínica del autor en la Amazonia, para demostrar que estas cuestiones no son en absoluto irrelevantes, y que de hecho tienen una importancia crucial, en particular en muchos enfoques terapéuticos. Con todo el rigor histórico y escritural necesario, este libro pretende ser ante todo pragmático, y propone criterios concretos de discernimiento, desde una perspectiva heredada de los expertos en la materia, forjada por la rudeza del combate espiritual en el que estaban inmersos.

Love in the Big City Sang Young Park,2022-11-15 A funny, transporting, surprising, and poignant novel that was one of the highest-selling debuts of recent years in Korea, *Love in the Big City* tells the story of a young gay man searching for happiness in the lonely city of Seoul *Love in the Big City* is the English-language debut of Sang Young Park, one of Korea's most exciting young writers. A runaway bestseller, the novel hit the top five lists of all the major bookstores, went into twenty-six printings, and was praised for its unique literary voice and perspective. It is now poised to capture a worldwide readership. Young is a cynical yet fun-loving Korean student who pinballs from home to class to the beds of recent Tinder matches. He and Jaehee, his female best friend and roommate, frequent nearby bars where they push away their anxieties about their love lives, families, and money with rounds of soju and ice-cold Marlboro Reds that they keep in their freezer. Yet over time, even Jaehee leaves Young to settle down, leaving him alone to care for his ailing mother and to find companionship in his relationships with a series of men, including one whose handsomeness is matched by his coldness, and another who might end up being the great love of his life. A brilliantly written novel that takes us into the glittering nighttime of Seoul and the bleary-eyed morning after with both humor and emotion, *Love in the Big City* is a wry portrait of millennial loneliness as well as the abundant joys of queer life.

The Falsification of History John Hamer,2013-05-14 This book relates the current, insidious plight facing the human race as a direct result of a grand deception that has been imposed upon it for tens of thousands of years if not longer. This has been perpetrated by the systematic, ongoing falsification of history in much the same way as perpetrated by the powers that be in the suspiciously prophetic novel '1984', by George Orwell. We have all been deceived on a monumental scale by a tiny clique of people who by their own birthright and bloodlines absolutely believe that they have the divine right to rule over us by whatever method best suits their purposes. In order to achieve this they have lied, deceived, murdered and even committed genocide down the millennia in an attempt to bring their ultimate goal to fruition. Find out about the use of drugs, vaccinations, micro-chipping, mind control, trans-humanism and 24/7 distractions such as non-stop sports, entertainments and the invasive 'celebrity culture' that attempts to pervade our whole lives.

Sumerian Lexicon John Alan Halloran,2006 With 6,400 entries, this is the most complete available lexicon of ancient Sumerian vocabulary. It replaces version 3 of the author's Sumerian Lexicon, which has served an audience of over 380,000 visitors at the web site www.sumerian.org since 1999. This published version adds over 2,600 new entries, and corrects or expands many of the previous entries. Also, following the express wish of a majority of online lexicon users, it has merged together and sorted the logogram words and the compound words into purely alphabetical order. This book will be an indispensable reference for anyone trying to translate Sumerian texts. Also, due to the historical position of ancient Sumer as the world's first urban civilisation, cultural and linguistic archaeologists will discover a wealth of information for research.

We Will Never Let You Down Elena Danaan ,2022-01-12 “Elena Danaan’s new book, *We Will Never Let You Down*, casts much needed light on the diplomatic negotiations between President Dwight Eisenhower and Valiant Thor—an ambassador of the Galactic Federation of Worlds—from 1958 to 1961. Now we finally have a fresh new perspective, directly from Valiant Thor himself, of the unsuccessful negotiations that were conducted. We learn about his warnings about negotiating with an alliance of alien predator races; Eisenhower’s betrayal by MJ-12 in signing secret agreements with this exploitative alliance; and how the Galactic Federation has ever since been mitigating the effects of these nefarious agreements through numerous covert actions to raise human consciousness and spark a planetary awakening. A must read for all wanting to prepare for the momentous global changes that lie ahead! “ Michael Salla, Ph.D. Rescued as a child by Extraterrestrials, Elena Danaan kept contact with them all her life and wrote her story in the bestseller: “*A Gift From The Stars*”. “*We Will Never Let You Down*” follows up by depicting contacts the author had with Commander Val “Valiant” Thor and her journeys in this solar system. Written at the brink of a new era, this book is a testimony of the presence and dedication of benevolent extraterrestrials protecting Earth. This book includes also precious messages from Commander Thor Han Eredyon from the Galactic Federation of Worlds, revelations about Val Thor’s sojourn in the Pentagon, his relation with Dwight Eisenhower, his stay in Russia, the political background involving secret treaties with the Grey Alliance and the complex underlying Alien-Human

diplomacy. Astonishing details, unknown until now, are revealed in this book. Born in France, Elena Danaan is a Fine Arts graduate, Archaeologist, Druidess, Shaman, Energy & Sound practitioner. She worked as a field Archaeologist for 20 years, mainly in Egypt. Balancing both scientific education and cognitive abilities, Elena narrates with honesty, pragmatism and simplicity, the incredible adventures she was privileged to live and share.

A Kabbalah for the Modern World Migene González-Wippler,1987 Learning the Kabbalah. Have you put it off? Have you heard it's really complex and difficult to understand? Would you like to learn the Kabbalah if it was presented in a way that made it clear and practical? Then you want Migene González-Wippler's A Kabbalah for the Modern World. In the past, many people have called this the best introduction to the Kabbalah. And now that it has been enlarged, it is better than ever. Of course, it has all of the information you would expect. You'll learn about the Tree of Life, creation, the parts of the psyche, correspondences with other systems, Gematria, and much more. Migene González-Wippler has not only expanded this book, but has revised it so that you will be able to understand all of those seemingly complex ideas that were so difficult. You can learn the Kabbalah! If this was all the book covered it would be a great book to have. But there is so much more. You'll also learn how to take all of this information and use it for magick! This includes techniques to create changes in your life. It also features methods of invocation and evocation, and even how to use the Torah of the Jews to achieve spiritual evolution. Other topics include such things as the value of sexuality, correspondences, the body of God, and much more. The book also includes a comparison of the Kabbalah and some of the latest scientific ideas about the nature of the universe. All in all, this is the classic book you must have. This is also an ideal introduction to friends and relatives who want to know what it is that you are doing. Whatever your reason, this is a book you will use.

The Hidden History of the Human Race Michael A. Cremo,Richard L. Thompson,1999 Over the centuries, researchers have found bones and artefacts proving that modern humans have existed for millions of years. Mainstream science, however has suppressed these facts. Prejudices based on current scientific theory act as a 'knowledge filter', giving us a picture of prehistory that is largely inaccurate. This book reveals this hidden history.

The Interpretation of Fairy Tales Roy Wilkinson, 1993 The reality of the fairy stories lies in the fact that their content portrays soul experiences, cosmic truths, the process of the individual's development, the elemental world, folk wisdom, and apocalyptic imaginations. These reports, however, are not couched in conceptual language, but in imaginative pictures. A whole world of spiritual scientific knowledge is contained in them. This book interprets thirty-nine popular fairy tales from an Anthroposophical point of view.

Welcome to the Future Megan Rose, 2021-11 This is the story of Megan Rose who was abducted twice by malevolent extra-terrestrials and rescued by benevolent Nordic aliens. A Fire Upon the Deep Vernor Vinge, 2013-01-24 Thousands of years hence, many races inhabit a universe where a mind's potential is determined by its location in space - from superintelligent entities in the Transcend, to the limited minds of the Unthinking Depths, where only simple creatures and technology can function. Nobody knows what strange force partitioned space into these 'zones of thought', but when the warring Straumli realm use an ancient Transcendent artefact as a weapon, they unwittingly unleash an awesome power that destroys thousands of worlds and enslaves all natural and artificial intelligence. Fleeing the threat, a family of scientists, including two children, are taken captive by the Tines - an alien race with a harsh medieval culture - and used as pawns in a ruthless power struggle. A rescue party, not entirely composed of humans, must free the children - and retrieve a secret that may save the rest of interstellar civilization.
