

Fred The Vampire Accountant

Adam Rex

Corpies Drew Hayes,2018-05-10 Titan was one of the nation's most loved and respected Heroes, until an infidelity scandal tore his image and family apart. After decades spent out of the limelight, Owen Daniels has decided to take up the mantle of Titan once again to try and make amends for his years away. Unfortunately, the Titan Scandal is still common knowledge, and no Hero team wants such a polarizing figure. With no other options, Owen is forced to take a job overseeing a group of corpies, corporate-sponsored Supers who do rescue work... as long as there are cameras around. Between a team that doesn't want him, fellow Heroes who don't trust him, and a nation that might not be ready to forgive the sins of the past, the return of Titan could prove even harder than the scandal that drove him away. But Owen will have to push on, because his new city is far from a peaceful one. A mysterious enemy is attacking Heroes and growing steadily stronger. An enemy that only the once-legendary Titan might be able to stop. If he can manage to stick around this time.

Second Hand Curses Drew Hayes,2018-07-17 When your fairy godmother threatens to enslave you with a curse - when a malevolent piper solves your rat problem but steals your children - when you seek revenge on the prince who turned you into a frog - who can you turn to in your hour of need? The band of scoundrels known far and wide as the Bastard Champions - the swashbuckling trio who travel a world of legend, seeking adventure and righting wrongs - as long as there's enough gold to be earned. They are Jack, the seemingly unkillable leader whose ever-present grin belies a dark past; Marie, who fights with fury but battles more fiercely to control the beast within; and Frank, the master of logistics, whose cloak hides horrific scars that are far more than skin-deep. As they slash and scheme through kingdom and village alike, the Bastard Champions uncover tantalizing clues to their ultimate quarry: the powerful Blue Fairy, who has made each of their lives a living hell.Second Hand Curses adds a dash of sly wit and a heaping portion of action to the fairy tales you thought you knew.

Super Powereds Drew Hayes,2018-05-10 Knowledge is power. That would be the motto of Lander University, had it not been snatched up and used to death by others long before the school was founded. For while Lander offers a full range of courses to nearly all students, it also offers a small number of specialty classes to a very select few. Lander is home to the Hero Certification Program, a curriculum designed to develop student with superhuman capabilities, commonly known as Supers, into official Heroes. Five of this year's freshmen are extra special. They have a secret aside from their abilities, one that they must guard from even their classmates. Because for every one person in the world with abilities they can control,

there are three who lack such skill. These lesser super beings, Powered as they are called, have always been treated as burdens and second class citizens. Though there has been ample research in the area, no one has ever succeeded in turning a Powered into a regular human, let alone a Super. That is, until now...

Super Powered Drew Hayes,2018-05-10 Junior year has come for the remaining students of Melbrook Hall, and it promises to be the most difficult one yet. With one of their own gone and another under serious investigation, none of the former Powered knows how many days remain for them in the Hero Certification Program. The time they do have will be filled with more trials and classes, honing their skills as they work toward the increasingly difficult goal of becoming Heroes. Ample new challenges await them, and not all of them can be met on the safety of Lander's campus. Fallout from last year's final exam has stirred the interest of many parties, not all of them friendly. With enemies pressing in from all directions, it's going to take new alliances, dedication, and countless hours of training if they want to last another year.

Yagi the Bookshop Goat Fumi Fumi Furukawa,2022-04-12 In this tranquil world where all animals live in peace, carnivores and herbivores have an agreement to live amicably. Yagi is a goat who loves reading (and eating!) books; his dream is to become a bookstore clerk, but goats who eat paper aren't exactly welcomed at places that sell books! But maybe he can charm Ookami, the scary wolf store manager into giving him a job...

The Case of the Damaged Detective Drew Hayes,2020-02-20 A mystery/road trip/buddy comedy/action adventure from the author of *Second Hand Curses*.A dance club full of bodies. Cause of death - a mystery. The lone survivor - a man, raving like a lunatic, wearing only a deerstalker hat. Now, the man who calls himself Sherman Holmes is being studied like a lab rat by a top-secret government agency. How is it he can be barely clinging to reality one minute - yet be a seeming genius the next? Within his brain might just be the greatest scientific breakthrough of the millennium, if anyone can figure out how to access it. Enter the agent code named Watson. Once a rising star, a deadly betrayal sent him spiraling into uncertainty and paranoia. Now saddled with moving Sherman to a more-secure facility, he must prove he's still up to the task. With enemies on their heels, a whole country to cross, and Sherman ranting in his ear, the job proves to be more of a challenge than Watson ever anticipated. With Watson's experience and the bizarre insights of his own twisted mind, Sherman just might survive. But can Watson survive Sherman?

Super Powered Drew Hayes,2018-02-20 The final year at Lander has finally arrived for the Melbrook students and their peers, and with it comes a whole new set of challenges. Still reeling from the events of their junior year, the remaining students will have to push past their pain - and so much more - if they hope to be one of the ten to claim the title of Hero upon graduation. Constant tests and trials await the senior students. Beyond simulated missions and classes, they'll also have to buckle down to learn about agents, prospective teams, internships, and other seemingly endless elements of being a Hero. For some, however, the classroom is only one aspect of the trouble that lies ahead. Long-buried secrets have been unearthed;

old mysteries are finally unraveling; and what lies at the center of it all has the potential to rock the realm of Heroes to its very foundation.

Fat Vampire Adam Rex,2010 After being bitten by a vampire, not only is fifteen-year-old Doug doomed eternally to be fat, but now he must also save himself from the desperate host of a public-access-cable vampire-hunting television show that is on the verge of cancellation.

A Spell to Unbind Victoria Laurie,2021 As a professional thief, Esmé Bellerose's daylong job interview was going well: She'd come through most of it with only a black eye, bloody lip, broken wrist, a few cracked ribs, and talon marks from a ruby-throated dragon—but at least she wasn't missing any pieces. And if she could only survive until the five o'clock hour, she'd land the job that was every mystic thief's dream: employment at SPL Inc. But the head of SPL, Elric Ostergaard, has other plans, and he's put one additional task on Esmé's job application, which must be completed before he'll hire her. Namely, Elric wants the famed Fabergé egg, created for the last tsarina but stolen away by Russian mystic Grigori Rasputin. The magically infused egg has lifesaving properties, and it's worth a king's ransom. -- Back cover.

Forty Times a Killer! William W. Johnstone,J.A. Johnstone,2024-12-24 BASED ON THE REAL LIFE OF AN ICON OF AMERICAN FOLKLORE. William Johnstone and J.A. Johnstone are the acclaimed masters of the American frontier and national bestsellers. Now, they take on the deadliest and most feared outlaw to ever walk the Old West—John Wesley Hardin. First he became a killer. Then he became a legend. He was 15 when he killed his first man. Before his murderous ways ended, Hardin killed 42 men in cold blood—one, the legend goes, because he snored too loudly. From then on John Wesley Hardin stayed true to his calling, slaughtering man after man after man, spending most of his life being pursued by both local lawmen and federal troops. Hardin lived a fever dream of lightning fast draws and flying lead. By the age of seventeen, Hardin earned a deadly reputation for cold-blooded killing that drew backstabbers and gunslingers--all for a chance to gun down the man who had turned killing into an all-American legend . . .

Siege Tactics Drew Hayes,2018-12-14 Putting the Grand Quest behind them, the party rides onward in search of answers. Between one member's unexpected new condition and the mysteries of the Bridge, their only hope appears to be gaining entrance to Lumal, said to hold the greatest collection of knowledge in all the kingdoms. But when a curious path appears in a seemingly uninhabited forest, the party finds themselves in a place set apart from the kingdoms, and the world at large: a hidden hamlet, filled by unusual people, all of whom have long histories of their own. Soon sealed inside the town by unseen forces, the former NPCs will have to uncover what brought them there --and who is keeping them trapped-- while there's still time to fight back. Because something more is brewing, something involving the very gods themselves. With unknown enemies to the front and supposed allies at their rear, the party will need more than their usual tricks if they hope to see the outside world once more.

Tempting Danger Eileen Wilks,2004-10-05 The USA Today bestselling author tempts success in this stunning debut novel. National bestselling author Eileen Wilks draws readers into a bold new world where the magical and mundane co-exist in an uneasy alliance--and a cop balanced on her own knife-edged struggle is their only hope against a cold-blooded killer.

The Utterly Uninteresting and Unadventurous Tales of Fred, the Vampire Accountant Drew Hayes,2014-08-12 Some people are born boring. Some live boring. Some even die boring. Fred managed to do all three, and when he woke up as a vampire, he did so as a boring one. Timid, socially awkward, and plagued by self-esteem issues, Fred has never been the adventurous sort. One fateful night - different from the night he died, which was more inconvenient than fateful - Fred reconnects with an old friend at his high school reunion. This rekindled relationship sets off a chain of events thrusting him right into the chaos that is the parahuman world, a world with chipper zombies, truck driver wereponies, maniacal necromancers, ancient dragons, and now one undead accountant trying his best to survive. Because even after it's over, life can still be a downright bloody mess.

Undeath & Taxes Drew Hayes,2015-08-11 The sequel to the Amazon bestseller THE UTTERLY UNINTERESTING AND UNADVENTUROUS TALES OF FRED, THE VAMPIRE ACCOUNTANT. After discovering just how filled with magic, intrigue, and adventure the parahuman world of being an Undead American can be, Fredrick Frankford Fletcher did exactly what was expected--he became a certified parahuman accountant. Myths and legends, as it turns out, are not so great at taking appropriate deductions and keeping their receipts, and Fred is more than happy to return to a life others view as woefully dull, expanding his accounting business to cater to various monsters and their respective financial needs. Said monsters are, unfortunately, still spectacular at pulling Fred into trouble, though. And despite merely wanting to stick with simple paperwork, Fred once again finds he is going to have to deal with enchanted weaponry, government agents, possessed houses, and one enigmatic dragon's interest. In the parahuman world, any business can turn deadly, even one as mundane as accounting.

The Good Fight Scott Bachmann, Frank Byrns, Marion G. Harmon, Warren Hatley, Drew Hayes, Hydrargentium, Michael Ivan Lowell, T. Mike McCurley, Landon Porter, R. J. Collected within this volume are stories by Scott Bachmann, Frank Byrns, Marion Harmon, Warren Hatley, Drew Hayes, Ian Thomas Healy, Hydrargentium, Michael Ivan Lowell, T. Mike McCurley, Landon Porter, R. J. Ross, Cheyanne Young, and Jim Zoetewey. After enjoying the stories in *The Good Fight*, please be sure to check out the works of the individual authors, because they're just super!

The Fangs of Freelance Drew Hayes,2017-08 When Fred formed his own parahuman clan out of necessity, he understood that it was going to come with new responsibilities. Much as he hoped those tasks would center around extra paperwork and

perhaps the occasional mandatory class, enough time around the supernatural has taught him to be ready for anything. Or so he thought. As a freelance accountant for the Agency, Fred soon finds himself being tossed into new, unexpected, and perilous situations. From inventorying ghostly castles, to exploring unsettling amusement parks, to negotiating with dangerous mages, it seems there is no end to the uses for an accountant of Fred's specialty. But dangerous as the new jobs are, the greatest threat may come from the past. An old enemy is making waves once more, an enemy who would go to great lengths to destroy Fred and everyone he loves. And this time, they've brought backup. The fourth book in the hilarious series following Fred, the vampire accountant, and the misadventures he finds himself in.

Bloody Acquisitions Drew Hayes,2016-07-26 The third book in Drew's outrageously adventurous and satirical series, including THE UTTERLY UNINTERESTING AND UNADVENTUROUS TALES OF FRED, THE VAMPIRE ACCOUNTANT (Book 1) and UNDEATH & TAXES (Book 2). With a thriving parahuman accounting practice, a steady relationship, and a circle of trusted friends, Fred's undead life has become more enjoyable than his normal one ever was. Unfortunately, it also seems that he's no longer the only vampire to appreciate the up-and-coming city of Winslow, Colorado. A new clan of vampires is moving in, and they aren't well known for tolerating outsiders in their territory. Now, Fred must cope with the growing presence-and threat-of other vampires even as he struggles to keep up with his business's demands and make time for his friends. Between hidden parahuman towns, crazed vampire hunters, quarreling mages, and the world's least subtle spy, it will take all of Fred's wiles just to keep his head above water. And as the new clan sinks their fangs deeper and deeper into his city, the undead accountant is faced with a choice between two equally unappealing options: flee his home, or stand against an entire clan of fellow vampires.

Out of House and Home Drew Hayes,2021-06-15 With his wedding behind him, Fred is looking forward to nightly life finally settling down. Unfortunately, someone from his past has other, far less peaceful, plans in mind. Finding his clan under attack, Fred must scramble to discover who is working against him and how to fight back. Between securing shelter, trading favors, and keeping up with his accounting business, it won't be easy to stay out of trouble; let alone uncover the identity of his adversary. Faced with an enemy who has no interest in diplomacy, Fred and his friends will have to make hard choices if they want to survive. Choices that could forever change The House of Fred.

Undeading Bells Drew Hayes,2019-12-17 After surviving countless perils and dangers, including an examination by the Blood Council, Fred is preparing to take on his most important adventure to date: marrying Krystal. That is, if he can get everything handled in time. Visiting Boarback, hiring new staff, clearing out his schedule for a honeymoon; there's no shortage of tasks to check off before the big day arrives. But not everyone views the occasion in such a happy light. With new dangers looming, old debts raised, and grudges rekindled, it'll take everything Fred has to finally make it down the aisle.

Slayers and Vampires Edward Gross,Mark A. Altman,2017-10-05 In 1997 the first episode of a new show called Buffy

the Vampire Slayer aired. It's fair to say that following the critically panned and commercially unsuccessful film of the same name five years previously, expectations were not high. However over the course of 144 episodes and the successful spin-off show, Angel, it produced some of the best and best-loved television of all time. And its creator Joss Whedon's subversive take on supernatural stories has shaped everything from Marvel to Star Wars. Before Buffy, if a girl and a monster went into an alleyway and there was no boy to save her, only the monster came back out. Buffy changed all that. Twenty years on, the story of the girl who saved the universe . . . a lot and the world's most emotionally complicated vampire is told in Slayers and Vampires by the people who were there. TV experts Edward Gross and Mark Altman talked to almost 100 writers, producers, directors, filmmakers, sociologists and stars from Buffy The Vampire Slayer and Angel in new and vintage interviews from their personal archives, among them: Joss Whedon Guillermo del Toro Felicia Day Anthony Stewart Head Charisma Carpenter James Marsters David Boreanaz Amy Acker J. August Richards Eliza Dushku Christian Kane Julie Benz And More!
