**Puff, the Magic Dragon** Peter Yarrow,Lenny Lipton,2024-03-19 The timeless children's song . . . in a beautiful, bestselling picture book filled with enchantment. Puff, the Magic Dragon is simply one of the most beloved songs of all time-- a classic that's become as much a part of the childhood experience as Mother Goose and fairy tales. Yet singer/songwriter Peter Yarrow and co-composer Lenny Lipton have never allowed a picture book adaptation of this magical tale...until now.

With Yarrow's and Lipton's blessing, Puff, Jackie Paper, and the land of Honalee finally live on the page. In richly-hued paintings of the deepest sea blues and greens, Puff and his friend Jackie Paper frolic in the land of Honalee--traveling in a fantastic boat with billowed sails, climbing red castle stairs onto a balcony to meet with noble kings and princes, and watching pirate ships lower their flags for the roaring dragon. Artist Eric Puybaret has brought an entire magical world into being with enthralling landscapes, color, and characters. And everyone will love the way the art cleverly turns the song's end, which at first seemed so sad, into a surprising and joyful moment.

**Luxury Arts of the Renaissance** Marina Belozerskaya,2005 Luxury Arts of the Renaissance sumptuously illustrates the stunningly beautiful objects that were the most prized artworks of their time, restoring to the mainstream materials and items long dismissed as extravagant trinkets. By re-examining the objects themselves and their uses in their day, Belozerskaya demonstrates how these glittering creations constructed both the world and the taste of the Renaissance elites.

**The Cambridge Companion to Music and Romanticism** Benedict Taylor,2021-08-26 This Companion presents a new understanding of the relationship between music and culture in and around the nineteenth century, and encourages readers to explore what Romanticism in music might mean today. Challenging the view that musical 'romanticism' is confined to a particular style or period, it reveals instead the multiple intersections between the phenomenon of Romanticism and music. Drawing on a variety of disciplinary approaches, and reflecting current scholarly debates across the humanities, it places music at the heart of a nexus of Romantic themes and concerns. Written by a dynamic team of leading younger scholars and established authorities, it gives a state-of-the-art yet accessible overview of current thinking on this popular topic.
