*A Long Way from Home* Tom Brokaw, 2002-11-05 Reflections on America and the American experience as he has lived and observed it by the bestselling author of *The Greatest Generation*, whose iconic career in journalism has spanned more than fifty years From his parents' life in the Thirties, on to his boyhood along the Missouri River and on the prairies of South Dakota in the Forties, into his early journalism career in the Fifties and the tumultuous Sixties, up to the present, this personal story is a reflection on America in our time. Tom Brokaw writes about growing up and coming of age in the heartland, and of the family, the people, the culture and the values that shaped him then and still do today. His father, Red Brokaw, a genius with machines, followed the instincts of Tom's mother Jean, and took the risk of moving his small family from an Army base to Pickstown, South Dakota, where Red got a job as a heavy equipment operator in the Army Corps of Engineers' project building the Ft. Randall dam along the Missouri River. Tom Brokaw describes how this move became the pivotal decision in their lives, as the Brokaw family, along with others after World War II, began to live out the American Dream: community, relative prosperity, middle class pleasures and good educations for their children. "Along the river and in the surrounding hills, I had a Tom Sawyer boyhood," Brokaw writes; and as he describes his own pilgrimage as it unfolded—from childhood to love, marriage, the early days in broadcast journalism, and beyond—he also reflects on what brought him and so many Americans of his generation to lead lives a long way from home, yet forever affected by it. Praise for *A Long Way from Home* "[A] love letter to the . . . people and places that enriched a 'Tom Sawyer boyhood.' Brokaw . . . has a knack for delivering quirky observations on small-town life. . . . Bottom line: Tom's terrific."—People "Breezy and straightforward . . . much like the assertive TV newsmen himself."—Los Angeles Times "Brokaw writes with disarming honesty."—The Atlanta Journal-Constitution "Brokaw evokes a sense of community, a pride of citizenship, and a confidence in American ideals that will impress his readers."—Richmond Times-Dispatch

**Still Life With Crows** Douglas Preston, Lincoln Child, 2014-12-18 Medicine Creek, Kansas, has been slowly dying for the last century. A small, quiet place, the primary occupation is still farming, Main Street is a stretch of old and dusty businesses, and the nearest mall is 200 miles away. In a town where nothing changes, the community is terrified after a series of grisly murders takes place. Even more alarming, the bodies are displayed in bizarre tableaux. With the entire town in shock, FBI Agent Pendergast arrives from New Orleans to investigate. From the fields to the local caves, Pendergast discovers the

remnants of a Prohibition-era moonshine operation and the truth behind one of the town's greatest mysteries: who was behind the Medicine Creek Massacre of 1865. Now, Pendergast must discover the twisted secret hiding within a four-generation Kansas family - before someone else is murdered.

*Heartland* Sarah Smarsh, 2018-10-15 ONE OF BARACK OBAMA'S BOOKS OF THE YEAR AND A FINALIST FOR THE NATIONAL BOOK AWARD FOR NONFICTION. An eye-opening, topical, and moving memoir of one woman's experience of working-class poverty in America. Born a fifth-generation Kansas wheat farmer on her paternal side and the product of generations of teenage mothers on her maternal side, Smarsh grew up in a family of labourers trapped in a cycle of poverty. She learned about hard work, and also absorbed painful lessons about economic inequality, eventually coming to understand the powerful forces that have blighted the lives of poor and working-class Americans living in the heartland. By sharing the story of her life and the lives of the people she loves, Smarsh challenges us to consider modern-day America from a different perspective. Combining memoir with powerful analysis and cultural commentary, *Heartland* is a searing, uncompromising look at class, identity, and the perils of having less in a country known for its excess.

*The New Sultan* Soner Cagaptay, 2017-04-30 In a world of rising tensions between Russia and the United States, the Middle East and Europe, Sunnis and Shiites, Islamism and liberalism, Turkey is at the epicentre. And at the heart of Turkey is its right-wing populist president, Recep Tayyip Erdoğan. Since 2002, Erdoğan has consolidated his hold on domestic politics while using military and diplomatic means to solidify Turkey as a regional power. His crackdown has been brutal and consistent - scores of journalists arrested, academics officially banned from leaving the country, university deans fired and many of the highest-ranking military officers arrested. In some senses, the nefarious and failed 2016 coup has given Erdoğan the licence to make good on his repeated promise to bring order and stability under a 'strongman'. Here, leading Turkish expert Soner Cagaptay will look at Erdoğan's roots in Turkish history, what he believes in and how he has cemented his rule, as well as what this means for the world. The book will also unpick the 'threats' Erdogan has worked to combat - from the liberal Turks to the Gulen movement, from coup plotters to Kurdish nationalists - all of which have culminated in the crisis of modern Turkey.

**PostSecret**, 2006 'You are invited to anonymously contribute a secret to a group art project. Your secret can be a regret, fear, betrayal, desire, confession, or childhood humiliation. Reveal anything - as long as it is true and you have never shared it with anyone before. Be brief. Be legible. Be creative.' So began Frank Warren's PostSecret project when he handed out postcards to strangers, and asked for them to mail it back. In under a year, more than 10,000 did so, and their secrets were sometimes moving or funny or just plain weird: 'I stole valium from my epileptic dog', 'I waste office supplies because I hate my boss', and 'I've always wanted to rob a bank'. All of these thought-provoking confessions are superbly illustrated throughout, and reveal much about the modern state of life. This book is a great conversation piece, fascinating to flick

through, and almost unputdownable once you have.

**Under the Banner of Heaven** Jon Krakauer, 2003 Traces the 1984 murder of a woman and her child by fundamentalist Mormons, exploring the belief systems and traditions that mark the faith's most extreme factions and what their practices reflect about the nature of religion in America.

**Flying Blind** Peter Robison, 2021-11-30 NEW YORK TIMES BESTSELLER • A suspenseful behind-the-scenes look at the dysfunction that contributed to one of the worst tragedies in modern aviation: the 2018 and 2019 crashes of the Boeing 737 MAX. An authoritative, gripping and finely detailed narrative that charts the decline of one of the great American companies (New York Times Book Review), from the award-winning reporter for Bloomberg. Boeing is a century-old titan of industry. It played a major role in the early days of commercial flight, World War II bombing missions, and moon landings. The planemaker remains a cornerstone of the U.S. economy, as well as a linchpin in the awesome routine of modern air travel. But in 2018 and 2019, two crashes of the Boeing 737 MAX 8 killed 346 people. The crashes exposed a shocking pattern of malfeasance, leading to the biggest crisis in the company's history—and one of the costliest corporate scandals ever. How did things go so horribly wrong at Boeing? *Flying Blind* is the definitive exposé of the disasters that transfixed the world. Drawing from exclusive interviews with current and former employees of Boeing and the FAA; industry executives and analysts; and family members of the victims, it reveals how a broken corporate culture paved the way for catastrophe. It shows how in the race to beat the competition and reward top executives, Boeing skimmed on testing, pressured employees to meet unrealistic deadlines, and convinced regulators to put planes into service without properly equipping them or their pilots for flight. It examines how the company, once a treasured American innovator, became obsessed with the bottom line, putting shareholders over customers, employees, and communities. By Bloomberg investigative journalist Peter Robison, who covered Boeing as a beat reporter during the company's fateful merger with McDonnell Douglas in the late '90s, this is the story of a business gone wildly off course. At once riveting and disturbing, it shows how an iconic company fell prey to a win-at-all-costs mentality, threatening an industry and endangering countless lives.

**She Come By It Natural** Sarah Smarsh, 2021-01-19 An inspiring, passionate exploration of the life and work of Dolly Parton, and her deep significance for generations of working-class women Smarsh and Parton are the perfect pairing  
REFINERY 29 The world can't seem to get enough of Dolly Parton. Her image is blazoned across T-shirts, she burns on desks as novelty devotional candles, and well into her seventies she continues to grace awards stages, arenas and talk shows where women of a certain age are rarely seen. Yet not so long ago, Dolly was best known by many people as the punch line of a boob joke. So, what happened? In this affectionate, sharply insightful book, Sarah Smarsh charts Dolly's meteoric rise against the backdrop of her own working-class roots. Drawing on her own experience growing up in rural Kansas, Smarsh crafts a resonant portrait of Parton's cultural importance, above all for the women who populate her songs: struggling mothers,

pregnant teenagers, diner waitresses with deadbeat boyfriends. Candid, intimate and searching, *She Come By It Natural* captures the enduring appeal of this singular star.

Bettyville George Hodgman, 2016-07-14 'OUR FAVOURITE READS OF 2016' THE TIMES | A NEW YORK TIMES BESTSELLER 'A BOOK THAT HAS YOU EMAILING FRIENDS YOU HAVE TO READ THIS' The Sunday Times - 'A WARM AND POIGNANT MEMOIR' Daily Express - 'WITHOUT A DOUBT MY FAVOURITE BOOK OF THE YEAR' Nathan Lane, Wall Street Journal Signed by Paramount for TV starring Oscar-winner Shirley MacLaine & Tony-winner Matthew Broderick A witty, tender memoir of a son's journey home to care for his irascible mother with dementia - a tale of secrets, silences, and enduring love. When George Hodgman leaves Manhattan for his hometown of Paris, Missouri, he finds himself an unlikely caretaker and near-lethal cook-in a head-on collision with his ageing mother, Betty, a woman of wit and will. Will George lure her into assisted living? When hell freezes over. He can't bring himself to force her from the home both treasure-the place where his father's voice lingers, the scene of shared jokes, skirmishes, and, behind the dusty antiques, a rarely acknowledged conflict: Betty, who speaks her mind but cannot quite reveal her heart, has never really accepted the fact that her son is gay. As these two unforgettable characters try to bring their different worlds together, Hodgman reveals the challenges of Betty's life and his own struggle for self-respect, moving readers from their small town-crumbling but still colourful-to the star-studded corridors of Vanity Fair. Evocative of *The End of Your Life Book Club* and *The Tender Bar*, Hodgman's New York Times bestselling debut is both an indelible portrait of a family and an exquisitely told tale of a prodigal son's return.

Janesville Amy Goldstein, 2017-04-18 \* Financial Times and McKinsey Business Book of the Year \* Winner of the J. Anthony Lukas Book Prize \* 800-CEO-READ Business Book of the Year \* A New York Times Notable Book \* A Washington Post Notable Book \* An NPR Best Book of 2017 \* A Wall Street Journal Best Book of 2017 \* An Economist Best Book of 2017 \* A Business Insider Best Book of 2017 \* "A gripping story of psychological defeat and resilience" (Bob Woodward, *The Washington Post*)—an intimate account of the fallout from the closing of a General Motors assembly plant in Janesville, Wisconsin, and a larger story of the hollowing of the American middle class. This is the story of what happens to an industrial town in the American heartland when its main factory shuts down—but it's not the familiar tale. Most observers record the immediate shock of vanished jobs, but few stay around long enough to notice what happens next when a community with a can-do spirit tries to pick itself up. Pulitzer Prize-winning reporter Amy Goldstein spent years immersed in Janesville, Wisconsin, where the nation's oldest operating General Motors assembly plant shut down in the midst of the Great Recession. Now, with intelligence, sympathy, and insight into what connects and divides people in an era of economic upheaval, Goldstein shows the consequences of one of America's biggest political issues. Her reporting takes the reader deep into the lives of autoworkers, educators, bankers, politicians, and job re-trainers to show why it's so hard in the twenty-first century to recreate a healthy, prosperous working class. "Moving and magnificently well-researched...Janesville joins a

growing family of books about the evisceration of the working class in the United States. What sets it apart is the sophistication of its storytelling and analysis” (Jennifer Senior, *The New York Times*). “Anyone tempted to generalize about the American working class ought to meet the people in Janesville. The reporting behind this book is extraordinary and the story—a stark, heartbreaking reminder that political ideologies have real consequences—is told with rare sympathy and insight” (Tracy Kidder, Pulitzer Prize-winning author of *The Soul of a New Machine*).

**Bad Axe County** John Galligan, 2020-07-07 Dennis Lehane meets Megan Miranda in this “dark beauty of a novel” (William Kent Krueger, *New York Times* bestselling author) about the first female sheriff in rural Bad Axe County, Wisconsin, as she searches for a missing girl, battles local drug dealers, and seeks the truth about the death of her parents twenty years ago—all as a winter storm rages in her embattled community. Fifteen years ago, Heidi White’s parents were shot to death on their Bad Axe County farm. The police declared it a murder-suicide and closed the case. But that night, Heidi found the one clue she knew could lead to the truth—if only the investigators would listen. Now Heidi White is Heidi Kick, wife of local baseball legend Harley Kick and mother of three small children. She’s also the interim sheriff in Bad Axe. Half the county wants Heidi elected but the other half will do anything to keep her out of law enforcement. And as a deadly ice storm makes it way to Bad Axe, tensions rise and long-buried secrets climb to the surface. As freezing rain washes out roads and rivers flood their banks, Heidi finds herself on the trail of a missing teenaged girl. Clues lead her down twisted paths to backwoods stag parties, derelict dairy farms, and the local salvage yard—where the body of a different teenage girl has been carefully hidden for a decade. As the storm rages on, Heidi realizes that someone is planting clues for her to find, leading her to some unpleasant truths that point to the local baseball team and a legendary game her husband pitched years ago. With a murder to solve, a missing girl to save, and a monster to bring to justice, Heidi is on the cusp of shaking her community to its core—and finding out what really happened the night her parents died. With “striking prose, engaging characters, and a searing story of crimes rooted in the heartland,” *Bad Axe County* is a “darkly irresistible thriller” (Kirkus Reviews, starred review) that you won’t be able to put down.

*The Shipping News* Annie Proulx, 2008-01-01 Winner of the Pulitzer Prize, Annie Proulx’s *The Shipping News* is a vigorous, darkly comic, and at times magical portrait of the contemporary North American family. Quoyale, a third-rate newspaper hack, with a “head shaped like a crenshaw, no neck, reddish hair...features as bunched as kissed fingertips,” is wrenched violently out of his workaday life when his two-timing wife meets her just desserts. An aunt convinces Quoyale and his two emotionally disturbed daughters to return with her to the starkly beautiful coastal landscape of their ancestral home in Newfoundland. Here, on desolate Quoyale’s Point, in a house empty except for a few mementos of the family’s unsavory past, the battered members of three generations try to cobble up new lives. Newfoundland is a country of coast and cove where the mercury rarely rises above seventy degrees, the local culinary delicacy is cod cheeks, and it’s easier to travel by

boat and snowmobile than on anything with wheels. In this harsh place of cruel storms, a collapsing fishery, and chronic unemployment, the aunt sets up as a yacht upholsterer in nearby Killick-Claw, and Quoyle finds a job reporting the shipping news for the local weekly, the Gammy Bird (a paper that specializes in sexual-abuse stories and grisly photos of car accidents). As the long winter closes its jaws of ice, each of the Quoyles confronts private demons, reels from catastrophe to minor triumph—in the company of the obsequious Mavis Bangs; Diddy Shovel the strongman; drowned Herald Prowse; cane-twirling Beety; Nutbeem, who steals foreign news from the radio; a demented cousin the aunt refuses to recognize; the much-zippered Alvin Yark; silent Wavey; and old Billy Pretty, with his bag of secrets. By the time of the spring storms Quoyle has learned how to gut cod, to escape from a pickle jar, and to tie a true lover's knot.

**The Ethics of Killing** Jeff McMahan, 2002-01-03 This magisterial work is the first comprehensive study of the ethics of killing, where the moral status of the individual killed is uncertain. Drawing on philosophical notions of personal identity and the immorality of killing, McMahan looks carefully at a host of practical issues, including abortion, infanticide, the killing of animals, assisted suicide, and euthanasia.

**The Insurgent Archipelago** John Mackinlay, 2012 As a young British officer in the Gurkha regiment, John Mackinlay served in the rainforests of North Borneo and experienced firsthand the Maoist-style insurgencies of the 1960s. Years later, as a United Nations researcher, he witnessed the chaotic deployment of international forces to Africa, the Balkans, and South Asia, and the transformation of territorial, labor-intensive uprisings into the international insurgent networks we know today. After 9/11, Mackinlay turned his eye toward the Muslim communities of Europe and institutional efforts to prevent terrorism. In particular, he investigates military expeditions to Iraq and Afghanistan and their effect on the social cohesion of European populations that include Muslims from these regions. In a world divided between rich and poor, the surest way for the bottom billion to gain recognition, express outrage, or improve their circumstances is through insurgency. In this book, Mackinlay explains why leaders from the wealthiest and most powerful nations have failed to understand this phenomenon. Our current bin Laden era, Mckinlay argues, must be viewed as one stage in a series of developments swept up in the momentum of a global insurgency. The campaigns of the 1960s are directly linked to the global movements of tomorrow, yet in the past two decades, insurgent activity has given rise to a new practice that incorporates and exploits the propaganda of the deed. This shift challenges our vertically-structured response to terror and places a greater emphasis on mastering the virtual, cyber-based dimensions of these campaigns. Mckinlay revisits the roots of global insurgencies, describes their nature and character, reveals the power of mass communications and grievance, and recommends how individual nations can counter these threats by focusing on domestic terrorism.

*International Law and the Cold War* Matthew Craven, Sundhya Pahuja, Gerry Simpson, Anna Saunders, 2020 This is the first book to examine in detail the relationship between the Cold War and International Law.

**Communication Skills for Effective Management** Owen Hargie, David Dickson, Dennis Tourish, 2017-03-14 It is now widely recognized that communication is at the very heart of effective management. Communication Skills for Effective Management meets this demand. It demonstrates how, for managers to be successful, they need to employ a range of key communication skills, styles and strategies. From their academic and real-world involvement they have identified the core skills of effective management, presented in an academically rigorous yet student-friendly way, the reader is encouraged to interact with the material covered. Each chapter contains a series of boxed text, diagrams, tables and illustrations which summarise core points. Exercises are also provided to enable managers to put the material reviewed into practice. All of this is underpinned and supported by a firm foundation of research findings. This will be an excellent text for undergraduate business and management students studying business communication and MBA students. Practising managers will also find this book to be an invaluable resource.

**UMAR IBN AL-KHATTAB** MOIN QAZI, 2025-01-26 This is a biography of one of the greatest Caliphs of the Islamic epoch. The well known author Moin Qazi describes the vast range of his noble qualities. In the seventh century, the envoy of the Roman Emperor set out for Medinah, accompanied by a large entourage, flaunting the pageantry of adornments for which the Roman Empire was famous. On arrival in the metropolis of Islam, he enquired from a passer-by: "Tell me please, where is the palace of the Caliph?" The Arab looked around and was confused by the absence of any sign of royalty. He was amazed and prompted by a curious emotional thought. He hinted to the Arab commoner, "What do you mean by a palace?" retorted the Arab. "I mean the palace of Umar, the Caliph of Islam," added the envoy. "Oh! You want to see Umar. He took him inside the palace. To his amazement, the Caliph was lying on the floor shorn of any trappings of royalty, which the envoy felt embarrassed at the humble sight. His report of the observation impressed the Roman Emperor. Converting to Islam in the 6th year after Prophet Muhammad's first revelation, Umar spent 18 years in the companionship of the Prophet. He succeeded Caliph Abu Bakr on 23 August 634 and played a significant role in Islam. His reign saw the transformation of the Islamic state from an Arabian principality to a world power, controlling the whole territory of the former Sassanid Persian Empire and more than two-thirds of the Eastern Roman Empire. His legislative abilities, his firm political and administrative control over a rapidly expanding empire and his brilliantly coordinated attacks against the Sassanid Persian Empire that resulted in the conquest of the Persian Empire in less than two years marked his reputation as an astute political and military strategist. Throughout this remarkable expansion, a strong ruler, stern toward offenders, and ascetic to the point of harshness, he enjoyed enormous respect for his commitment to justice and authority.

**The Spanish Lake** Oskar Hermann Christian Spate, 2004-11-01 This work is a history of the Pacific, the ocean that

became a theatre of power and conflict shaped by the politics of Europe and the economic background of Spanish America. There could only be a concept of the Pacific once the limits and lineaments of the ocean were set and this was undeniably the work of Europeans. Fifty years after the Conquista, Nueva España and Peru were the bases from which the ocean was turned into virtually a Spanish lake.

Powwowing Among the Pennsylvania Dutch David W. Kriebel, 2007 Known in Pennsylvania Dutch as *brauche* or *braucherei*, the folk-healing practice of powwowing was thought to draw upon the power of God to heal all manner of physical and spiritual ills. Yet some people believed, and still believe today, that this power to heal came not from God, but from the devil. Controversy over powwowing came to a climax in 1929 with the York Hex Murder Trial, in which one powwower from York County, Pennsylvania, killed another powwower (who, he believed, had placed a hex on him). In *Powwowing Among the Pennsylvania Dutch*, David Kriebel examines the practice of powwowing in a scholarly light and shows that, contrary to popular belief, the practice of powwowing is still active today. Because powwowing lacks extensive scholarly documentation, David Kriebel's research is both a groundbreaking inquiry and a necessity for the scholar of Pennsylvania German history and culture. The fact that powwowing is still practiced may come as a surprise to some readers, but included in this book are the interviews Kriebel had with living powwowers during his seven years of fieldwork in southeastern and central Pennsylvania. Along with these interviews, Kriebel includes biographical sketches of seven living powwowers; descriptions of powwowing as it was practiced in years past, compared with the practice today; a discussion of the belief of powwowing as healing; and a discussion of the future, if any, of powwowing, and what it will take for powwowing to continue to survive.

**Mapping Society** Laura Vaughan, 2018-09-24 From a rare map of yellow fever in eighteenth-century New York, to Charles Booth's famous maps of poverty in nineteenth-century London, an Italian racial zoning map of early twentieth-century Asmara, to a map of wealth disparities in the banlieues of twenty-first-century Paris, Mapping Society traces the evolution of social cartography over the past two centuries. In this richly illustrated book, Laura Vaughan examines maps of ethnic or religious difference, poverty, and health inequalities, demonstrating how they not only serve as historical records of social enquiry, but also constitute inscriptions of social patterns that have been etched deeply on the surface of cities. The book covers themes such as the use of visual rhetoric to change public opinion, the evolution of sociology as an academic practice, changing attitudes to physical disorder, and the complexity of segregation as an urban phenomenon. While the focus is on historical maps, the narrative carries the discussion of the spatial dimensions of social cartography forward to the present day, showing how disciplines such as public health, crime science, and urban planning, chart spatial data in their current practice. Containing examples of space syntax analysis alongside full colour maps and photographs, this volume will appeal to all those interested in the long-term forces that shape how people live in cities.
