With an introduction by novelist David Vann. In April 1992, Chris McCandless set off alone into the Alaskan wild. He had given his savings to charity, abandoned his car and his possessions, and burnt the money in his wallet, determined to live a life of independence. Just four months later, Chris was found dead. An SOS note was taped to his makeshift home, an abandoned bus. In piecing together the final travels of this extraordinary young man's life, Jon Krakauer writes about the heart of the wilderness, its terrible beauty and its relentless harshness. *Into the Wild* is a modern classic of travel writing, and a riveting exploration of what drives some of us to risk more than we can afford to lose. Call of the Wild Kimberly Ann Johnson, 2021-04-13 From trauma educator and somatic guide Kimberly Ann Johnson comes a cutting-edge guide for tapping into the wisdom and resilience of the body to rewire the nervous system, heal from trauma, and live fully. In an increasingly polarized world where trauma is often publicly renegotiated, our nervous systems are on high alert. From skyrocketing rates of depression and anxiety to physical illnesses such as autoimmune diseases and digestive disorders, many women today find themselves living out of alignment with their bodies. Kimberly Johnson is a somatic practitioner, birth doula, and postpartum educator who specializes in helping women recover from all forms of trauma. In her work, she's seen the same themes play out time and again. In a culture that prioritizes executive function and "mind over matter," many women are suffering from deeply unresolved pain that causes mental and physical stagnation and illness. In *Call of the Wild*, Johnson offers an eye-opening look at this epidemic as well as an informative view of the human nervous system and how it responds to difficult events. From the "small t" traumas of getting ghosted, experiencing a fall-out with a close friend, or swerving to avoid a car accident to the "capital T" traumas of sexual assault, an impending natural disaster, or a life-threatening illness—Johnson explains how the nervous system both protects us from immediate harm and creates reverberations that ripple through a lifetime. In this practical, empowering guide, Johnson shows readers how to metabolize these nervous system responses, allowing everyone to come home to their deepest, most intuitive and whole

selves. Following her supportive advice, readers will learn how to move from wholeness, tapping into the innate wisdom of their senses, soothing frayed nerves and reconnecting with their “animal selves.” While we cannot cure the painful cultural rifts inflicting our society, there is a path forward—through our bodies.

Charlotte's Web E. B. White, 1952 Sixty years ago, on October 15, 1952, E.B. White's *Charlotte's Web* was published. It's gone on to become one of the most beloved children's books of all time. To celebrate this milestone, the renowned Newbery Medalist Kate DiCamillo has written a heartfelt and poignant tribute to the book that is itself a beautiful translation of White's own view of the world—of the joy he took in the change of seasons, in farm life, in the miracles of life and death, and, in short, the glory of everything. We are proud to include Kate DiCamillo's foreword in the 60th anniversary editions of this cherished classic. *Charlotte's Web* is the story of a little girl named Fern who loved a little pig named Wilbur—and of Wilbur's dear friend Charlotte A. Cavatica, a beautiful large grey spider who lived with Wilbur in the barn. With the help of Templeton, the rat who never did anything for anybody unless there was something in it for him, and by a wonderfully clever

plan of her own, Charlotte saved the life of Wilbur, who by this time had grown up to quite a pig. How all this comes about is Mr. White's story. It is a story of the magic of childhood on the farm. The thousands of children who loved Stuart Little, the heroic little city mouse, will be entranced with Charlotte the spider, Wilbur the pig, and Fern, the little girl who understood their language. The forty-seven black-and-white drawings by Garth Williams have all the wonderful detail and warmhearted appeal that children love in his work. Incomparably matched to E.B. White's marvelous story, they speak to each new generation, softly and irresistibly.
