- After the storm it's time for a fresh start . . . First, the clouds... Tara Hunter is a therapist on a mission to restore Longhampton's community spirit after catastrophic flooding. But with her boyfriend AWOL, her family fragmented, and only a cat for company, Tara's own life is crumbling. Then the storm... On top of everything, Tara's father - last seen as he walked out on her when she was ten years old - is suddenly back, with a surprising offer that could change everything. And after the rain... Dr David Dalloway is Longhampton Wellness Centre's new star counsellor. He's charming, caring and has a knack for reading people's minds - which is the last thing Tara needs right now. Will having David and her dad around make for a bigger storm on the horizon? Or is this Tara's chance for a fresh start? 'Beautifully written with humour and insight' Katie Fforde 'Brimming with all the ingredients for the best of novels: love, community spirit, family, friendship and four-legged friends.' Milly Johnson 'Heartwarming and full of hope. Lucy Dillon brings warmth to every page' Sarah Morgan

The Negro Motorist Green Book Victor H. Green, The Negro Motorist Green Book was a groundbreaking guide that provided African American travelers with crucial information on safe places to stay, eat, and visit during the era of segregation in the United States. This essential resource, originally published from 1936 to 1966, offered a lifeline to black motorists navigating a deeply divided nation, helping them avoid the dangers and indignities of racism on the road. More than just a travel guide, The Negro Motorist Green Book stands as a powerful symbol of resilience and resistance in the face of oppression, offering a poignant glimpse into the challenges and triumphs of the African American experience in the 20th century.

Off the Map Peter Roop,Connie Roop,2015-05-05 A Notable Social Studies Trade Book for Young People: The tale of the famous expedition of Lewis and Clark, condensed from their own eight-volume journals for young historians Lewis and Clark's famous 1804 expedition was told with great detail by the explorers themselves in an eight-volume account. Now young historians have the opportunity to learn the thrills, challenges, and adventures in a version accessible for them. Two years' worth of entries are condensed into a flowing account that maintains the historical essence of the original. With a fact-filled prologue and epilogue, young readers can relive the adventurous eight-thousand-mile journey across uncharted wilderness.

The Negro W. E. B. Du Bois,2007-10-01 This is the classic history of the African peoples in Africa and the New World, a repudiation of the absurd belief, widely held in the post-Civil War period, that Africans had no civilization but the one foisted upon them by their slavetrading captors. Writing for a popular audience in 1915, DuBois, one of America's greatest writers, lays out in easy-to-read, nonacademic prose the striking and illustrious story of the complex history and varied cultures of Africa, from the art and industry of the peoples of the continent to the dramatic impact the slave trade had both in Africa and on her descendents in the Western Hemisphere. Boldly proud and beautifully written, this essential work will delight readers of American and African history as well as students of great American literature. American writer, civil rights activist, and scholar WILLIAM EEDWARD BURGHARDT DUBOIS (1868-1963) was the first black man to receive a PhD from Harvard University. A cofounder of the NAACP, he wrote a number of important books, including *The Philadelphia Negro* (1899) and *Black Folk, Then and Now* (1899).

De León, a Tejano Family History Ana Carolina Castillo Crimm,2010-01-01 Winner, Presidio La Bahia Award, 2004 San Antonio Conservation Society Citation, 2005 La familia de León was one of the foundation stones on which Texas was built. Martín de León and his wife Patricia de la Garza left a comfortable life in Mexico for the hardships and uncertainties of the Texas frontier in 1801. Together, they established family ranches in South Texas and, in 1824, the town of Victoria and the de León colony on the Guadalupe River (along with Stephen F. Austin's colony, the only completely successful colonization effort in Texas). They and their descendents survived and prospered under four governments, as the society in which they lived

evolved from autocratic to republican and the economy from which they drew their livelihood changed from one of mercantile control to one characterized by capitalistic investments. Combining the storytelling flair of a novelist with a scholar's concern for the facts, Ana Carolina Castillo Crimm here recounts the history of three generations of the de León family. She follows Martín and Patricia from their beginnings in Mexico through the establishment of the family ranches in Texas and the founding of the de León colony and the town of Victoria. Then she details how, after Martín's death in 1834, Patricia and her children endured the Texas Revolution, exile in New Orleans and Mexico, expropriation of their lands, and, after returning to Texas, years of legal battles to regain their property. Representative of the experiences of many Tejanos whose stories have yet to be written, the history of the de León family is the story of the Tejano settlers of Texas.

Spanish Cinema in the Global Context Samuel Amago,2013-09-11 Across a broad spectrum of media, markets, and national contexts, self-reflexivity continues to be a favored narrative mode with wide ranging functions. In this book Amago argues that, in addition to making visible industry and production concerns within the film text, reflexive aesthetics have a cartographic function that serves to map the place of a film (geographic and cultural) within the global cinemascapes, and thus to bring into sharper relief images of the national. Focusing on films in the contemporary Spanish context that in some way reflect back on themselves and the processes of their own production, that purposefully blur the distinction between reality and fiction, or that draw attention to the various modes of cinematic exhibition and reception, Amago proposes ways in which these movies can be employed to understand Spanish national cinemas today as imbedded within a dynamic global system.

900 Miles on the Butterfield Trail A. C. Greene,2006 Remember, boys, nothing on God's earth must stop the United States mail! said John Butterfield to his drivers. Short as the life of the Southern Overland Mail turned out to be (1858 to 1861), the saga of the Butterfield Trail remains a high point in the westward movement. A.C. Greene offers a history and guide to retrace that historic and romantic Trail, which stretches 2800 miles from the Mississippi River to the Pacific coast.

Fbi Killer Escapes Tommy Tiernan,2013-03-28 This is a fun but deadly story, about East Coast Irish Twins, who worked for J..Edgar Hoover. The protagonist, JAMES BLACKIE BUTLER, is from Boston and did his undergraduate work robbing banks, with a degree for ten years, three of which were served on the ROCK! Then back home, took over the Winter Hill Gang. An old buddy from school, who became an FBI Agent, told him the FBI was hiring TEIs. So they cut a deal that turned devastating for both! For starters, they needed his help to break the North Boston LCN Italian Mob. Before the Appalachian Meet, the Bureau said - No National Crime Syndicate, next day - JEH started the Top Hoodlum Program in all FBI Offices in USA. They had to take care not to knock off a Race Track, when the boss was in attendance, dont embarrass the Bureau. While they did not have a parade for BLACKIE, all soon learned he was back in town ! He worked overtime to become multi-millionaire Boston Drug Kingpin, whacking those who dared to get in his way. If you want whack job details, check out the

press accounts under homicide. CAUTION - he is alleged to have whacked 19 PLUS - two were females he strangled to death! Not the guy you want your daughter to date. Some of the kills were aided by the law closing their eyes. A major casualty was the Boston Southie kids and young adults. They ODD, became vegetables, committed suicide, due to the quantities ingested of Meth, Coke, etc., as the dealers said - it was their choice! Unfortunately this scenario goes hand and hand with hard - tough law enforcement, and some agency in-fighting, in the race to scrape up the scum from the Southie streets, and its companion - corruption! Meanwhile, the press was on it regarding the homicides, real bodies and real coroner reports. BUT, no specific in depth reporting on the drug scourge. Without it, we focus on homicides, easier to cover with those grotesque images as they are ripped from the earth that they hugged for years. Then the mob burial detail told the cops where they were as a trade for immunity! Not to say that some in-depth work on the drug scourge is easy, BUT the more we do not dig into it, the more we guarantee it will continue! Yes, it is the USA drug appetite that fuels the Mexican production and distribution. Mexico has had thousands of street executions in last 15 years; all USA families have, or know those who have young loved ones, who got hooked and we attended their funerals! The Congress and the Administration needs to get off their collective asses and address the problem. The drug war losses cap the numbers we lost since the BIG WAR plus! For the DC crowd, they would rather focus on cocktail parties funded by the numerous lobbyists that choke the traffic on K St, NW, employ aides that write 1,000 page bills that no one reads before voting, none of them took the time from there career to serve the country in the military (just like their elected pols they work for), as they beef up the resume so we soon see them on the Sunday Morning Talkies. WHAT THE HELL IS GOING ON? MARK - THERE ,I SAID IT! The nemesis, is TOMMY TIERNAN, from Newark, NJ, from a blue collar upbringing, other side of the tracks, first of five siblings, first of parents, siblings and relatives to do college, no green stamps, just guts and determination!. As oldest of five boys, thanks to the Pope, started with fish on Fridays, as got older substituted it with Pizza. Dad an Irish Fire Captain, Mom a German grade school teacher and nurse. Grandfather an immigrant from Germany, a stone carver who did the Lions on the N.Y. Public Library. The five brothers lived in the Ironbound Section of down neck Newark, N.J. After the BIG WAR, they were joined by Moms brother who lived through the Pacific War, finishing up with the invasion of Okinawa, where he survived constant Jap kamikaze attacks. All shared the same sleeping bedroom and pretty mu
