**Tim Bergfelder**

**Winnetou II** Karl May, 2008-03-01 Now revenge drives me away from you, Winnetou had said, but affection will bring us together again. But would it? Would Winnetou succeed in finding Santer and avenging the murders of his father Intshuŭtshuna and his beautiful sister Nshoŭtshi? Would the two blood brothers ever meet again in that vast, raw land? It seemed an outside chance at best and now Old Shatterhand, on his way to his homeland to visit his parents was shipwrecked in a violent hurricane on the jagged rocks just off Fort Jefferson leaving him with nothing but his life. This now was all but impossible. Not wanting to be a burden to his friends back in St. Louis, Old Shatterhand opted to make his own fresh start, to get back on his feet. Where better than in New York, to where the people of Fort Jefferson had arranged free passage for him? The book bristles with action and hair-raising adventure from a death-defying rescue through the flames of an oil fire in the New Venango oil fields to the Comanche slaughter at the hands of the Apache under the mighty Winnetou, finally standing shoulder to shoulder with the giant, Old Firehand against the white chief Parranoh and his Ponca tribe. The tables are turned on Old Shatterhand and Winnetou when the trader to whom they are seeking to sell Old Firehand's furs, turns out to be none other than the evil and elusive Santer. Karl May has once again produced a blockbuster of an adventure tale to inspire people both young and old in a manner only a master storyteller can.

**From a High Tower** Mercedes Lackey, 2015-06-02 The tenth novel in Mercedes Lackey's magical Elemental Masters series reimagines the fairy tale Rapunzel in a richly-detailed alternate Victorian world Giselle had lived fourteen years of her life in an abandoned tower. Her mother kept Giselle, a young Air Master still growing into her abilities, isolated for the sake of herself and others. This life left her unprepared when a handsome young man appeared at the base of her tower. But when the young stranger entered her window, he tried to force himself on her. She was saved by Mother, an Earth Master, who hurled the man out the window he had climbed in. The Foresters of the Black Forest were Earth Masters whose job it was to cleanse the ancient forest of evil elementals, and over the next four years, they shared their fighting expertise to teach Giselle self-defense. By the age of twenty, Giselle was an expert markswoman, and it was this skill that she used to survive when Mother died. Cutting her long hair, she masqueraded as a boy to enter shooting competitions, and used the prize money to support herself. But she could not forget the first man who assaulted her, for when that stranger had fallen from her tower long ago, his body had never been found. In Giselle's heart, she was certain his magic had helped him to survive

the fall. Surely, it was only a matter of time before he found her and sought revenge. Was she prepared to stand against him?

Spaghetti Westerns--the Good, the Bad and the Violent Thomas Weisser,2014-03-11 Spaghetti Westerns--mostly produced in Italy or by Italians but made throughout Europe--were bleaker, rougher, grittier imitations of Hollywood Westerns, focusing on heroes only slightly less evil than the villains. After a main filmography covering 558 Spaghetti Westerns, another section provides filmographies of personnel--actors and actresses, directors, musical composers, scriptwriters, cinematographers. Appendices provide lists of the popular Django films and the Sartana films, a listing of U.S.-made Spaghetti Western lookalikes, top ten and twenty lists and a list of the genre's worst.

*Liebe, Leid und Grössenwahn* Hans Hintz,2007

Winnetou, the Apache Knight Karl May,2006 When he had heard all there was to learn of me he bowed his head, saying: You are at the beginning of the conflict which I am ending, but you need not fear. You have the good God with you who will never forsake you. It was otherwise with me. I had lost my God when I left home, or rather was driven from it, and instead of the staff of strong faith I took with me the worst companion a man can have--a bad conscience.

**The Treasure of Silver Lake** Karl May,2014-11-03 The Treasure of Silver Lake is one of Karl May's most popular books. The bandits are preparing for a major heist. First they want to steal the wages of the lumberjacks at the Black Bear Creek. Then they want to raid a rich farm in Kansas on their way to robbing a railway station that has money for the construction of the Union Railways. Their final target is the Silver Lake that hides an immense treasure. Old Firehand, who is also heading to the Silver Lake to open a mine there, is determined to foil the bandits' plans. He recruits many famous Westerners for his quest. By the time the group arrives to the edge of Kansas, Winnetou, the chief of the Apache, joins them, and fights alongside Old Firehand. To reach the Silver Lake they have to go to Colorado where the Ute tribes are on the warpath. This is when Old Shatterhand and his friends appear, and after four duels for life or death, they unite with Old Firehand's group. They all go to the Silver Lake together. This unabridged English translation retains the exciting adventures, and the strong moral conviction of May's original book, while modernising the style, and editing parts that were erroneous or may evoke bad associations. With this editing the core of May's world, the action, the dreaming of heroic deeds, and the struggle for a kind of justice have become more emphasised, and more accessible to the modern reader.

*Winnetou* Karl May,2006-05-12 Tells the story of a young Apache chief told by his white friend and blood-brother Old Shatterhand. The action takes place in the US Southwest, in the latter half of the 1800s, where the Indian way of life is threatened by the first transcontinental railroad. His tragic death foreshadows the death of his people.

*The American Western A Complete Film Guide* Terry Rowan,2012-11-18 A comprehensive film guide featuring films and television shows of the great American western. The stories of the men and women who tamed the old West. Also featuring actors and directors who made these films possible.

International Adventures Tim Bergfelder, 2005 A comprehensive account of the popular German film industry of the 1960s, its main protagonists, and its production strategies. The book challenges traditional assumptions about this mode of film-making.

The German Bestseller in the Late Nineteenth Century Charlotte Woodford, Benedict Schofield, 2012 A much-needed look at the fiction that was actually read by masses of Germans in the late nineteenth century, and the conditions of its publication and reception. The late nineteenth century was a crucial period for the development of German fiction. Political unification and industrialization were accompanied by the rise of a mass market for German literature, and with it the beginnings of the German bestseller. Offering escape, romance, or adventure, as well as insights into the modern world, nineteenth-century bestsellers often captured the imagination of readers well into the twentieth century and beyond. However, many have been neglected by scholars. This volume offers new readings of literary realism by focusing not on the accepted intellectual canon but on commercially successful fiction in its material and social contexts. It investigates bestsellers from writers such as Freytag, Dahn, Jensen, Raabe, Viebig, Stifter, Auerbach, Storm, Möllhausen, Marlitt, Suttner, and Thomas Mann. The contributions examine the aesthetic strategies that made the works such a success, and writers' attempts to appeal simultaneously on different levels to different readers. Bestselling writers often sought to accommodate the expectations of publishers and the marketplace, while preserving some sense of artistic integrity. This volume sheds light on the important effect of the mass market on the writing not just of popular works, but of German prose fiction on all levels. Contributors: Christiane Arndt, Caroline Bland, Elizabeth Boa, Anita Bunyan, Katrin Kohl, Todd Kontje, Peter C. Pfeiffer, Nicholas Saul, Benedict Schofield, Ernest Schonfield, Martin Swales, Charlotte Woodford. Charlotte Woodford is Lecturer in German and Director of Studies in Modern Languages at Selwyn College, University of Cambridge. Benedict Schofield is Senior Lecturer in German and Head of the Department of German at King's College London.

*Love in Western Film and Television* S. Matheson, 2012-12-28 This collection of ground-breaking articles examines problems romance presents in the American Western. Looking at a range of films, this book offers readers important and challenging insights into the complicated nature of love and the versatile frontier narrative that address key social, political, and ethical components of the Western genre.

*Old Surehand 1* Karl May, Marlies Bugmann, 2007-05 A note from his blood brother Winnetou calls Old Shatterhand to the desolate Llano Estacado. The Comanche are on the warpath and with hundreds of warriors plan to attack Bloody Fox' secret oasis hideaway in the desert. During his ride Old Shatterhand crosses paths with Old Wabble, the legendary 'king of the cowboys' and together they rescue Old Surehand from the clutches of the enemy Indians. Old Shatterhand realises that Old Surehand is at the centre of a desperate secret when he has an eerie encounter with an insane squaw in Kaam-Kulano. The adventure turns complicated when a detachment of mounted white soldiers becomes involved, but together Winnetou, Old

Shatterhand, Old Surehand, and Bloody Fox repel the Comanche attack by cunning and subterfuge. When the cactus trap falls shut behind the enemy Indians, a new friend joins them-Apanatshka, a mysterious Comanche chief; but the other companion, Old Wabble, turns from friend to foe when a scoundrel known as the 'general' appears in the oasis.

**German and United States Colonialism in a Connected World** Janne Lahti,2021-01-28 This book contributes to global history by examining the connected histories of German and United States colonial empires from the early nineteenth century to the Nazi era. It looks at multiple and multidirectional flows, transfers, and circulations of ideas, people, and practices as Germany and the US were embedded in, and created by, an interconnected world of empires. This relationship was not exceptional, but emblematic of the diverse entanglements that created colonial globality. Colonial entanglements between Germany and the United States took on many forms, but these shared and intersecting histories have been underanalyzed. Traditionally, Germany and the United States have been understood to have taken, respectively, an authoritarian and liberal path into modernity. But there is no neat dichotomy, as the contributors to this book illustrate. There are many more similarities than have previously been appreciated – and they are the result of multilayered entanglements made visible via conquest, settler societies, racialization, and rule of difference. Building on present historiographies of empires, colonialism, and globalization, this book introduces new analytical possibilities for examining these two relatively understudied empires alongside each other, as well as at their intersections. *Cold War Rivalry and the Perception of the American West* P. Goral,2014-03-07 This book demonstrates how the two adversaries of the Cold War, West Germany and East Germany, endeavored to create two distinct and unique German identities. In their endeavor to claim legitimacy, the German cinematic representation of the American West became an important cultural weapon of mass dissemination during the Cold War.

**Blood Brothers and Peace Pipes** A. Dana Weber,2019-10-29 Nineteenth-century writer Karl May wrote novels about a fictionalized American Wild West that count among the most popular books of German literature to this day. His stories left an imprint on German culture, resulting in a variety of Wild West festivals featuring Native Americans and frontier settlers. These Karl May festivals are hosted widely throughout German-speaking countries today. This book, based on years of fieldwork observing and studying the festivals, plays, events, and groups that comprise this subculture, addresses a larger, timely issue: cultural transfer and appropriations. Are Germans dressing up in American Indian costumes paying tribute or offending the cultures they are representing? Avoiding simplistic answers, A. Dana Weber considers the complexity of cultural enactments as they relate both to the distinctly German phenomenon as well as to larger questions of cultural

representations in American and European live performance traditions.

**Europe's Indians, Indians in Europe** Dagmar Wernitznig, 2007 Europe's Indians, Indians in Europe is an accessible and multidisciplinary synopsis of European iconographies and cultural narratives related to Native Americans. In this pioneering work, European fascination with and phantasmagorias of 'Indianness' are comprehensively discussed, involving perspectives of history, literature, and cultural criticism. Topics range from so-called Pocahontas, paraded as an exotic souvenir princess in front of seventeenth-century Londoners, to Native Americans touring Europe as show token Indians with Buffalo Bill's Wild West show in the late nineteenth-century. European strategies of playing Indian include German dime novel artisan Karl May (1842-1912) and his literary fabrications of the 'vanishing race,' which were utilized by National Socialist propaganda, as well as the Englishman Archibald Stansfeld Belaney (1888-1938) reinventing himself as Grey Owl, or contemporary Europeans, 'cloning' surrogate Indian identities and 'patenting' synthetic tribes. Covering a vast transatlantic spectrum of aspects and anecdotes, Europe's Indians, Indians in Europe is a seminal study for anyone interested in learning more about European motives, mythopoetics, and microcosms of 'dressing in feathers.'

**A Literary History of the American West** Western Literature Association (U.S.), 1987 Literary histories, of course, do not have a reason for being unless there exists the literature itself. This volume, perhaps more than others of its kind, is an expression of appreciation for the talented and dedicated literary artists who ignored the odds, avoided temptations to write for popularity or prestige, and chose to write honestly about the American West, believing that experiences long known to be of historical importance are also experiences that need and deserve a literature of importance.

**The Euro-Western** Lee Broughton, 2016-06-22 The Western has always been inextricably linked to the USA, and studies have continually sought to connect its historical development to changes in American society and Hollywood innovations. Focusing new critical attention on films produced in Germany, Italy and Britain, this timely book offers a radical rereading of the evolutionary history of the Western and brings a vital international dimension to its study. Lee Broughton argues not only that European films possess a special significance in terms of the genre's global development, but also that many offered groundbreaking and progressive representations of traditional Wild West 'Others': Native Americans, African Americans and so-called 'strong women'. European Westerns investigate how the histories of Germany, Italy and Britain - and the idiosyncrasies of their respective national film industries - influenced representations of the self and 'Other', shedding light on the broader cultural, historical and political contexts that shaped European engagement with the genre.
