

The Story Of Us Taylor Swift Lyrics

Liv Spencer

The Literary Taylor Swift Betsy Winakur Tontiplaphol, Anastasia Klimchynskaya, 2024-10-17 Taylor Swift, arguably the most prolific and acclaimed singer-songwriter of the 21st century, has shaped her listeners' collective consciousness and challenged her industry's often limiting attitudes toward genre, revision, and collaboration. Although Swift is a perennial subject in the media, cast in both a positive and a negative light, few professional scholars have considered her ever-growing body of work. The Literary Taylor Swift examines Swift's significance and timeliness through literary analysis and theory. Taylor Swift has been celebrated for her ability to craft immersive narratives and to articulate, with lyrical acuity, a broad range of emotional experiences, and her lyrics underscore her profound relationship with text. The Literary Taylor Swift explores Swift's engagements, intertextual and otherwise, with literature and treats her songs as literature-as, that is, stories, poems, and other textual forms to which literary-critical theories and methodologies can and should be productively applied. This collection offers carefully curated arguments constellated around four key relationships: Swift and the literary-historical canon; Swift and the language of gender and sexuality; Swift and the relationship between writing and memory; and Swift and the nature of literary craft.

Taylor Swift for Adults Kev Nickells, 2024-07-30 Taylor Swift for Adults is a tantalizing opening salvo in Swiftology - the study of the work of Taylor Swift. While Swift's private life has been covered to death, her talent as a lyricist has rarely been analyzed. Until now. Swifties are well aware that she's a lyricist par excellence but this book makes that case to the unbelievers. Swift's gift as a songwriter is not merely sentimentality and circumstance - and this book takes a deep look at her 10 albums to isolate what makes her a beloved lyricist for millions. Any serious study of a lyricist or poet needs to establish what are the tropes, the patterns, and the style of that artist, and this book does precisely that. With careful attention to poetic detail, the scansion, flow, and form of her writing, this brings out those details that pass by in a flash on the radio, bringing them fully into focus. Many have made the argument that Swift is a gifted lyricist - in online forums and YouTube comments - but this is the first time in writing those arguments have been given shape and serious attention. It's a book aimed at adults but not po-faced bores - taking a subject seriously can also mean laughing at swearwords and sex metaphors. Rather than po-faced and straitened, this is a lightly witty book expressing, at its core, a deep affection for this generation's favorite songwriter.

Taylor Swift and Philosophy Catherine M. Robb, Georgie Mills, 2024-08-28 Is Taylor Swift a philosopher? What can her songs tell us about ethics and society? What is the nature of friendship? Should you forgive someone for breaking your heart? Taylor Swift is a “Mastermind” when it comes to relationships, songwriting, and performing sold-out stadium tours. But did you know that Taylor is also a philosophical mastermind? *Taylor Swift and Philosophy* is the first book to explore the philosophical topics that arise from Taylor Swift’s life and music. Edited and authored by Swifties who also happen to be philosophers and scholars, this fun and engaging book is written with general readers in mind—you don’t have to be a devoted fan or a specialist in philosophy to explore the themes, concepts, and questions expressed in Taylor’s songs. Presenting top-tier research and new perspectives on important contemporary issues, twenty-seven chapters discuss the philosophical contexts of Taylor’s work, such as the ethics of reputational damage, the impacts of first impressions, the moral obligation to speak out against injustice, and much more. *Taylor Swift and Philosophy* is a must-read for Swifties who want to deepen their appreciation and understanding of Taylor’s work, as well as for philosophy students and scholars with an interest in popular culture and media studies.
