For Art's Sake Tiqui Atencio Demirdjian, 2020-10-06 A unique look inside a world of design sophistication, this volume showcases the interiors of the world's most prestigious art dealers. From New York to London, Paris to Monaco, the private residences of the greatest and most illustrious names in the art world boast some of the world's most outstanding collections. Antique masterpieces, modern chefs d'oeuvre, and contemporary creations are set against exquisite--and at times audacious--interiors exuding bold, unique style. A first of its kind, this elegant volume grants readers exclusive access to these houses and gives life to enthralling contrasts, echoes, and unexpected dialogues by juxtaposing unparalleled art collections with interiors designed by the most renowned names, such as Peter Marino, François Marcq, Jacques Grange, and Toshiko Mori. The result is a gallery of striking beauty, most of which is revealed to the public eye for the very first time and captured by photographer Jean-François Jaussaud. Demirdjian's texts guide the reader through these private spaces, while excerpts from exclusive interviews with some of the spaces' owners, such as Dominique Lévy, Brett Gorvy, Almine Rech, Barbara Gladstone, Kamel Mennour, and Axel and May Vervoordt, enrich this volume.

Art for Art's Sake & Literary Life Gene H. Bell-Villada, 1998-01-01 Art for Art's Sake and Literary Life is a dynamic history of literary aestheticism from the eighteenth century to academic deconstruction in our own time. Gene H. Bell-Villada examines an enormous range of writings by critics, philosophers, and writers from Europe, Latin America, and the United States. Uniting all is his conviction that there are concrete social, economic, political, and cultural reasons for the emergence, growth, diffusion, and triumph of l'art pour l'art over the past two centuries. Bell-Villada begins by considering how such thinkers as Shaftesbury, Kant, and Schiller described beauty as a phenomenon to be weighed not in isolation from other aspects of our existence but as part of our general development as human beings. He recounts how the original vision of Kant and Schiller was simplified and debased within new cultural, political, and economic contexts, leading to the aesthetic separatism promoted by lyric poets in France. Bell-Villada then examines how the ideology of Art for Art's Sake took on new forms in Europe and the Americas, culminating in present-day versions associated with the academicization (and ever greater marginalization) of literature. Artfully combining an exceptional amount of learning with a sharp polemical focus, Art for Art's Sake and Literary Life will appeal to a wide range of scholars and general readers for whom literature, aesthetics, and the relations of culture and society are vitally important matters.

Light for Art's Sake Christopher Cuttle,2007 Current museum lighting practice is governed by conservation concerns, the aim being to minimize light exposure of exhibits to protect them from degradation. [It] explores different approaches to museum lighting; examines visual responses to light and the damage caused by light exposure; reviews daylighting and electric lighting installations and how they are controlled; leads to practical procedures for designing, installing and maintaining effective museum lighting; [and] is illustrated with copious examples of daylighting and electric lighting installations from museums around the world--Page 4 of cover.

Art for God's Sake Philip Graham Ryken, 2006 What does God say about the arts? Can you be a Christian and an artist? How do the arts impact your church? The creation sings to us with the visual beauty of God's handiwork. But what of man-made art? Much of it is devoid of sacred beauty and is often rejected by Christians. Christian artists struggle to find acceptance within the church. If all of life is to be viewed as under the lordship of Christ, can we rediscover what God's plan is for the arts? Philip Graham Ryken brings into sharp focus a biblical view of the arts and the artists who make art for God's sake. This is a concise yet comprehensive treatment of the major issue of the arts for all who seek answers.

For Art's Sake Steve Rydzewski, 2013-05 The first serious study of one of America's earliest motion picture comedians, later one of the most popular actors of the silent screen, and the world's greatest cock-eyed mirthmaker, Ben Turpin. This book is the result of over forty years of researching and collecting anything and everything on this legendary - though sadly forgotten - comic. Never has such a wealth of information been assembled on one of the most respected comedians of his day, and this book, many are sure to agree, is too long overdue. Leaving no stone unturned - from old magazines and newspapers, to genealogy records, to business associates and family descendants - the author makes this the most complete reference book on the life, career and the films of Ben Turpin, and the most complete appreciation ever. Illustrated with hundreds of rare photos, many never-before-seen, most from the author's long-time personal collection, this book will prove indispensable to anyone and everyone interested in movie comedy and film history.

Whistler Daniel E. Sutherland, 2018 This engaging personal history dispels the popular notion of James McNeill Whistler (1834-1903) as merely a combative, eccentric, and unrelenting publicity seeker. The Whistler revealed in these beautifully illustrated pages is an intense, introspective, and complex man, plagued by self-doubt and haunted by an endless pursuit of

perfection in his painting and drawing.--Back cover

Zero Zone Scott O'Connor,2020-10-06 A literary thriller about an infamous desert art installation, the cult it inspired, and the search for a missing young woman that is “cinematic . . . readers will be compelled to start again at page one to discover how O’Connor pieces together his suspenseful, incredibly well-written narrative” (Library Journal, starred review). Los Angeles, the late 1970s: Jess Shepard is an installation artist who creates environments that focus on light and space, often leading to intense sensory experiences for visitors to her work. A run of critically lauded projects peaks with Zero Zone, an installation at the once upon a time site of nuclear bomb testing in the New Mexico desert. But when a small group of travelers experience what they perceive as a religious awakening inside Zero Zone, they barricade themselves in the installation until authorities are forced to intervene. That violent showdown becomes a media sensation, and its aftermath follows Jess wherever she goes. Devastated by the attack and the distortion of her art, Jess retreats from the world. Unable to work, Jess unravels mentally and emotionally, plagued by a nagging uncertainty as to her culpability for what happened. Three years later, a survivor from Zero Zone comes looking for Jess, who must move past her self imposed isolation to face down her fears and recover her art and possibly her life from a violent cult intent of making it their own.

1000 Years of Joys and Sorrows Ai Weiwei,2021-11-02 The “intimate and expansive” (Time) memoir of “one of the most important artists working in the world today” (Financial Times), telling a remarkable history of China over the last hundred years while also illuminating his artistic process “Poignant . . . An illuminating through-line emerges in the many parallels Ai

traces between his life and his father's."—The New York Times Book Review (Editors' Choice) ONE OF THE BEST BOOKS OF THE YEAR: Time, BookPage, Booklist, Kirkus Reviews Once a close associate of Mao Zedong and the nation's most celebrated poet, Ai Weiwei's father, Ai Qing, was branded a rightist during the Cultural Revolution, and he and his family were banished to a desolate place known as "Little Siberia," where Ai Qing was sentenced to hard labor cleaning public toilets. Ai Weiwei recounts his childhood in exile, and his difficult decision to leave his family to study art in America, where he befriended Allen Ginsberg and was inspired by Andy Warhol and the artworks of Marcel Duchamp. With candor and wit, he details his return to China and his rise from artistic unknown to art world superstar and international human rights activist—and how his work has been shaped by living under a totalitarian regime. Ai Weiwei's sculptures and installations have been viewed by millions around the globe, and his architectural achievements include helping to design the iconic Bird's Nest Olympic Stadium in Beijing. His political activism has long made him a target of the Chinese authorities, which culminated in months of secret detention without charge in 2011. Here, for the first time, Ai Weiwei explores the origins of his exceptional creativity and passionate political beliefs through his life story and that of his father, whose creativity was stifled. At once ambitious and intimate, Ai Weiwei's 1000 Years of Joys and Sorrows offers a deep understanding of the myriad forces that have shaped modern China, and serves as a timely reminder of the urgent need to protect freedom of expression.

Art Appreciation Deborah Gustlin,2017-08-18 Creative Art: Methods and Materials educates readers about a variety of art methods and the ways different civilizations have used them in artistic expression. Each of the fourteen chapters is designed around a specific art method and material, and includes examples of art works and the artists who created them. Students learn about bronze casting, stone carving, clay sculpture, woodcuts and posters, glass work, and installation art. Each method is matched to artists both ancient and modern. Rather than adhering to a standard approach that focuses on white, male, European artists, the book broadens the student's perspective by including often overlooked female artists. Global in approach and comprehensive in coverage of arts forms, representations, and styles throughout history, Creative Art has been developed for sixteen-week courses in art appreciation, or introductory survey courses in art history.

Could Have, Would Have, Should Have Tiqui Atencio,2016 What does it take to be a serious art collector? What drives someone to go after a particular work regardless of the cost? What form of addiction or compulsion causes an individual to devote vast amounts of time, money and emotional energy in pursuit of something that is unobtainable to most of us? Tiqui Atencio has been collecting since she was eighteen years old. Decades later she is one of the most prominent collectors of contemporary art, on the boards of international museums and art-world power lists. For *Could Have, Would Have, Should Have*, she has interviewed more than eighty of the world's most influential collectors - from financiers to artists - and asked them to tell their own story of how they started to collect and what continues to motivate them. In a series of thirty chapters - among them 'Serendipity', 'Obsessions', 'Auction moments', 'What was I thinking?', 'To sell or not sell', 'Being custodians' - they reveal their highs and lows, the successes and regrets, the shared passions and intense rivalries, the works that got away ... and the ones that perhaps should have done. Their anecdotes and recollections reveal the many practical and emotional aspects of collecting art, all the unexpected pleasures and challenges. What emerges is a frank and honest, surprising and eye-opening, and sometimes hilarious account of a lifelong dedication that is described by some as a heroic commitment and by others as a crazy sickness. Cartoons throughout the book by celebrated artist and satirist Pablo Helguera complement the humorous and entertaining tone of the text.
