Jack Canfield, Janet Switzer

E-Squared Pam Grout, 2023-08-01 For the 10th anniversary of the #1 New York Times bestseller, a new release complete with a brand-new Manifesting Scavenger Hunt. E-Squared could best be described as a lab manual with simple experiments to prove once and for all that reality is malleable, that consciousness trumps matter, and that you shape your life with your mind. Rather than take it on faith, you are invited to conduct nine 48-hour experiments to prove there really is a positive, loving, totally hip force in the universe. Yes, you read that right. It says prove. The experiments, each of which can be conducted with absolutely no money and very little time expenditure, demonstrate that spiritual principles are as dependable as gravity, as consistent as Newton's laws of motion. For years, you've been hoping and praying that spiritual principles are true. E-Squared lets you know it for sure. NEW in this edition: A note from Pam Grout on the 10th anniversary of E-Squared, plus a brand-new Manifesting Scavenger Hunt with even more opportunities to prove your manifesting mojo. I absolutely love this book. Pam has combined a writing style as funny as Ellen DeGeneres with a wisdom as deep and profound as Deepak Chopra's to deliver a powerful message and a set of experiments that will prove to you beyond a doubt that our thoughts really do create our reality. — Jack Canfield, co-creator of the New York Times best-selling Chicken Soup for the Soul® series

Secrets of the Lost Mode of Prayer Gregg Braden, 2016-07-26 Could our deepest hurts reveal the key to a powerful form of prayer that was lost 17 centuries ago? What can we learn today from the great secret of our most cherished traditions? There are beautiful and wild forces within us. With these words, the mystic St. Francis described what ancient traditions believed was the most powerful force in the universe—the power of prayer. For more than 20 years, Gregg Braden

has searched for evidence of a forgotten form of prayer that was lost to the West following the biblical edits of the early Christian Church. In the 1990s, he found and documented this form of prayer still being used in the remote monasteries of central Tibet. He also found it practiced in sacred rites throughout the high deserts of the American Southwest. In this book, Braden describes this ancient form of prayer that has no words or outward expressions. Then, for the first time in print, he leads us on a journey exploring what our most intimate experiences tell us about our deepest beliefs. Through case histories and personal accounts, Braden explores the wisdom of these timeless secrets, and the power that awaits each of us . . . just beyond our deepest hurt!

E-Cubed Pam Grout, 2014-09-16 *E-Squared*, the international hit sensation described by one reader as *The Secret on crack*, provided the training wheels, the baby steps, to really getting it that thoughts create reality. In *E-Cubed* (don't worry—there will never be E to the 10th Power), Pam Grout takes you higher and deeper into the quantum field, where you'll prove that blessings and miracles are natural and that joy is only a thought away. With nine new experiments and more tips on how to keep the gates of the world's largesse and abundance wide open, this book is chock-full of incontrovertible evidence that the universe is just waiting for us to catch up, just waiting for us to begin using the energy that has always been available for our enjoyment and well-being.

Toll, dass es mich gibt! Frau Schüler, 2022-02-24 Frau Schüler ist Mitte vierzig und sarkastisch. Auf einem geschenkten Seminar mit dem Titel MENTALES KRAFTTRAINING findet sie sich zu ihrem Entsetzen in einem Haufen "esoterischer Spinner" wieder. Sie lässt keine Gelegenheit aus, sich auf ihre bissige Art über Inhalt und Mitstreiter lustig zu machen. Doch ausgerechnet ihr widerfährt dann ein Erlebnis der besonderen Art, das ganz langsam ihre harte Schale ins Bröckeln bringt. Voll positiver Energie und guter Vorsätze fährt sie später in ihr Leben als alleinerziehende Zwillingsmutter zurück, fest entschlossen, nun alles besser zu machen. Dort angekommen, tappt sie herrlich authentisch und mit herzhaftem Humor in die klassischen Alltagsfallen. Mithilfe des - in ihren Augen ganz und gar untypisch - spirituellen Herrn Konrad, der auch noch der Sportlehrer ihrer Söhne ist, versucht sie, ein glücklicherer Mensch zu werden. Es entwickelt sich eine lehrreiche und außergewöhnliche Verbindung zwischen ihr und diesem geheimnis- und wundervollen Mann.

The DNA Field and the Law of Resonance Pierre Franckh, 2014-10-09 A practical guide to unlocking the powers of our DNA to manifest health, wealth, and happiness • Shows how our DNA communicates with those around us and attracts resonant energy--whether positive or negative--to us • Reveals groundbreaking scientific research on the influence of DNA on photons as well as the interactions between DNA and emotions • Provides practical exercises to remove negative influences, build positive visualizations of your desires, and accelerate the manifestation of your wishes Taking the law of attraction to an entirely new level, Pierre Franckh reveals how human DNA has a direct effect on the physical world around us--an effect we can consciously focus to manifest our desires. Sharing groundbreaking experiments on the influence of DNA on photons and on the interactions between emotions and DNA, Franckh explains how our thoughts, emotions, and beliefs, whether positive or negative, build a field of resonance around us. Through this quantum field our DNA is continuously communicating our unique vibration to those around us and receiving their unique oscillations in return. By focusing our intentions and removing negativity from our beliefs about ourselves, our past, and our future, we can use our DNA to communicate our thoughts and desires to the universe. Through focused thoughts and intentions we draw the same resonant energy to us, thus bringing our intentions and desires into manifestation. The author shares success stories from the thousands who have taken his seminars and were then able to attract a soul mate, heal themselves or loved ones, or build wealth, sometimes remarkably quickly. He also describes how he discovered the law of resonance through his own self-healing from a degenerative spinal condition. Franckh provides practical exercises to remove inner and outer negative influences that could be blocking your desires, build a positive visualization of your goals, and increase the power of your field of resonance for quicker manifestation. In this inspiring guide to the law of resonance, the author shows how the power to manifest health, wealth, and happiness is within each of us, waiting to be unlocked within our DNA.

Der Mentalkörper: Die Gedanken und ihre Auswirkungen Arthur E. Powell, 2021-04-15 Es ist allgemein bekannt, dass der Mensch nicht nur aus seinem physischen Körper besteht, sondern darüber hinaus noch höhere Aspekte oder Wesensglieder besitzt. Die esoterische Literatur nennt neben der leiblichen Hülle den Ätherkörper, den Astralkörper, den Mentalkörper und den Kausalkörper, die sich mit der eigentlichen Seele und dem Geist zur Siebenheit ergänzen. Die verschiedenen esoterischen Fachbereiche haben in den letzten Jahrzehnten einiges an Literatur hervorgebracht, die über das Wirken der einzelnen Wesensglieder berichtete. So etwa über die Bedeutung des Ätherkörpers für die Gesundheit, über die Aussendung des Astralkörpers bei so genannten Astralreisen oder auch bei Nah-Tod-Erfahrungen oder über die Bedeutung von positivem Denken auf den Mentalkörper.

Changing My Mind Zadie Smith, 2009-11-12 [These essays] reflect a lively, unselfconscious, rigorous, erudite, and earnestly open mind that's busy refining its view of life, literature, and a great deal in between. —Los Angeles Times Split into five sections--Reading, Being, Seeing, Feeling, and Remembering--Changing My Mind finds Zadie Smith casting an acute eye over material both personal and cultural. This engaging collection of essays, some published here for the first time, reveals Smith as a passionate and precise essayist, equally at home in the world of great books and bad movies, family and philosophy, British comedians and Italian divas. Whether writing on Katherine Hepburn, Kafka, Anna Magnani, or Zora Neale

Hurston, she brings deft care to the art of criticism with a style both sympathetic and insightful. *Changing My Mind* is journalism at its most expansive, intelligent, and funny--a gift to readers and writers both.

Feel Free Zadie Smith, 2018-02-06 Winner of the 2018 National Book Critics Circle Award for Criticism A New York Times Notable Book From Zadie Smith, one of the most beloved authors of her generation, a new collection of essays Since she burst spectacularly into view with her debut novel almost two decades ago, Zadie Smith has established herself not just as one of the world's preeminent fiction writers, but also a brilliant and singular essayist. She contributes regularly to *The New Yorker* and the *New York Review of Books* on a range of subjects, and each piece of hers is a literary event in its own right. Arranged into five sections--In the World, In the Audience, In the Gallery, On the Bookshelf, and *Feel Free*--this new collection poses questions we immediately recognize. What is *The Social Network*--and Facebook itself--really about? It's a cruel portrait of us: 500 million sentient people entrapped in the recent careless thoughts of a Harvard sophomore. Why do we love libraries? Well-run libraries are filled with people because what a good library offers cannot be easily found elsewhere: an indoor public space in which you do not have to buy anything in order to stay. What will we tell our granddaughters about our collective failure to address global warming? So I might say to her, look: the thing you have to appreciate is that we'd just been through a century of relativism and deconstruction, in which we were informed that most of our fondest-held principles were either uncertain or simple wishful thinking, and in many areas of our lives we had already been asked to accept that nothing is essential and everything changes--and this had taken the fight out of us somewhat. Gathering in one place for the first time previously unpublished work, as well as already classic essays, such as *Joy*, and *Find Your Beach*, *Feel Free* offers a survey of important recent events in culture and politics, as well as Smith's own life. Equally at home in the world of good books and bad politics, Brooklyn-born rappers and the work of Swiss novelists, she is by turns wry, heartfelt, indignant, and incisive--and never any less than perfect company. This is literary journalism at its zenith. Zadie Smith's new book, *Grand Union*, is on sale 10/8/2019.

Echo Mountain Lauren Wolk, 2020-05-07 SHORTLISTED FOR THE CILIP CARNEGIE MEDAL 2021 'Harper Lee has a worthy successor. Wolk is a big new talent' *The Times* 'Lyrical, timeless . . . A luscious, shivery delight' Kirkus starred review 1933. When Ellie and her family lose everything, they flee to *Echo Mountain*. Ellie runs wild, exploring the mountain's mysteries. But the one she can't solve is who's leaving the gifts for her: tiny wooden carvings of animals and flowers, dotted around the mountain for her to find. Then Ellie's father has a terrible accident. When she sets out to find a cure for him, she discovers Cate, the outcast witch, and Larkin, a wild mountain boy. From them she learns about being a healer, being brave - and how there can be more to a person than first meets the eye. An unforgettable novel from the award-winning author of *Wolf Hollow* and *Beyond the Bright Sea*. 'It is a magical thing to step into a world created by Wolk . . . Captivating' Booklist starred review 'Historical fiction at its finest' *The Horn Book* starred review
