

Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology

Rik Van Nieuwenhove

Self-Transcendence and Virtue Jennifer A. Frey, Candace Vogler, 2018-11-06 Recent research in the humanities and social sciences suggests that individuals who understand themselves as belonging to something greater than the self—a family, community, or religious or spiritual group—often feel happier, have a deeper sense of purpose or meaning in their lives, and have overall better life outcomes than those who do not. Some positive and personality psychologists have labeled this location of the self within a broader perspective self-transcendence. This book presents and integrates new, interdisciplinary research into virtue, happiness, and the meaning of life by re-orienting these discussions around the concept of self-transcendence. The essays are organized around three broad themes connected to self-transcendence. First, they investigate how self-transcendence helps us to understand aspects of the moral life as it is studied within psychology, including the development of wisdom, the practice of moral praise, and psychological well-being. Second, they explore how self-transcendence is linked to virtue in different religious and spiritual traditions including Judaism, Islam, Christianity, Buddhism, and Confucianism. Finally, they ask how self-transcendence can help us theorize about Aristotelean and Thomist conceptions of virtue, like hope and piety, and how this helps us to re-conceptualize happiness and meaning in life.

The Routledge International Handbook of Multidisciplinary Perspectives on Character Development, Volume II Michael D. Matthews, Richard M. Lerner, 2024-03-29 Drawing from philosophy, religion, biology, behavioral and social sciences, and the arts, The Routledge International Handbooks of Multidisciplinary Perspectives on Character Development, Volumes I and II, present cutting-edge scholarship about the concept of character across the life span, the developmental and contextual bases of character, and the key organizations of societal sectors, within and across nations, that promote character development in individuals, families, and communities. This second volume, Moderators, Threats, and Contexts, focuses on the moderators and covariates of character development with chapters pertaining to cultural- and contextual-based exemplars of character development; grit, achievement, and resilience; hope for the future; and parenting and self-regulation. With contributions from international experts, Volume II goes on to discuss threats to moral, positive, or virtuous character development, as well as the different contexts wherein the character is studied and promoted. Special attention is

paid to the centers of excellence at universities around the world that specialize in character development research and character education. This comprehensive publication is an essential reference for researchers and graduate students in behavioral sciences, biology, philosophy, theology, and economics, as well as practitioners leading or evaluating character education or character development programs around the world. Neglected Virtues Glen Pettigrove,Christine Swanton,2021-12-20 Much of the work that has been done on virtue has been devoted to getting virtue ethics a seat at the theoretical table. It has been concerned with showing that virtue ethics can provide a satisfactory account of right action to rival accounts offered by consequentialism and deontology. This volume of essays explores the nitty-gritty details of particular virtues. It includes original contributions from a number of leading scholars in virtue ethics. Most of the virtues discussed – such as ambition, cheerfulness, creativity, magnificence, pride, wit, and wonder – have been almost wholly neglected by contemporary ethicists. The volume also includes coverage of other virtues that have received a fair amount of attention in recent years, such as charity, hope, justice, practical wisdom, and temperance. Here the essays address largely ignored dimensions of these virtues and show how these discussions can enrich our understanding of neglected virtues. *Neglected Virtues* is a welcome addition to the scholarly literature on virtue ethics. Its focus on individual virtues, while not meant to be exhaustive, will open new avenues for future research in this rapidly growing area of ethics and moral philosophy.

A Theology of Health Tyler J. VanderWeele,2024-09-15 While the health of the body can be defined by its functioning parts and systems, the health of the person is more complex. To flourish, we need to understand health in the context of God’s intent. *A Theology of Health* presents a Christian understanding of the very concept of health, both the health of the body and the health of the person. Preeminent scholar Tyler J. VanderWeele argues that health can be understood as wholeness as intended by God and that sin—whether individual wrongdoing, societal injustice, or the fallenness of creation—causes ill health. VanderWeele explains that restoration and fulfillment of health is salvation, pointed toward in the life of Jesus Christ, to be lived out through the work of the Church, and for which we await final completion. VanderWeele also demonstrates the broader relevance and implications of his insights to all who seek to understand health, well-being, and the ultimate ends of human life. *A Theology of Health* is an essential theological exploration that seeks to promote health, healing, and flourishing of the whole person.

Sculpting the Self Muhammad Umar Faruque,2021-08-17 *Sculpting the Self* addresses what it means to be human in a secular, post-Enlightenment world by exploring notions of self and subjectivity in Islamic and non-Islamic philosophical and mystical thought. Weaving together insights from several disciplines such as religious studies, philosophy, anthropology, critical theory, and neuroscience, and arguing against views that narrowly restrict the self to a set of cognitive functions and

abilities, this study proposes a multidimensional account of the self that offers new options for addressing central issues in the contemporary world, including spirituality, human flourishing, and meaning to life. --

Positive Psychology Across the Lifespan Piers Worth, 2022-02-22 Positive Psychology Across the Life Span provides an insight into how we are affected by the different stages of adult development and gives us the opportunity to change through choice rather than leaving change to chance. The science of positive psychology offers a wealth of research and evidence-based interventions and shares insights into which habits and behaviours contribute to how to live a flourishing life. This book aims to extend that knowledge by introducing and incorporating key aspects of existential and humanistic psychology and explores positive psychology with a lifespan perspective. It goes beyond theory to look at practical application, with insightful reflective questions. Whilst acknowledging the differences and disagreements between some of the key figures in the subject areas of the book, it seeks to highlight the areas where there is agreement and congruence which have been previously overlooked or ignored. The book will be essential reading for students and practitioners of positive psychology as well as other mental health professionals.

Moral and Intellectual Virtues in Practices Timothy Reilly, Darcia Narvaez, Mark Graves, Keke Kaikhosrovili, Stefanie Israel de Souza, 2022-11-09 This book provides an integrative interdisciplinary view of how intellectual and moral virtues are understood in two separate practices, science and music. The authors engage with philosophical and psychological accounts of virtue to understand scientists' and musicians' understandings of intellectual and moral virtues. They present empirical evidence substantiating the MacIntyrean claim that traditions and practices are central to understanding the virtues.

The Virtues in Psychiatric Practice John R. Peteet, 2022 The Virtues in Psychiatric Practice explores the role of the virtues, a tenet of positive psychology, in promoting human flourishing within the context of psychiatric practice. Using case examples to consider the incentives of fostering particular virtues, the place of this approach amongst existing approaches, and the relationship between the therapist's and the patient's values, this book develops a clearer understanding of clinical indications for focusing on virtues and enhanced practical ways of promoting human growth.

Thomas Aquinas and Contemplation Rik Van Nieuwenhove, 2021 Contemplation, according to Thomas Aquinas, is the central goal of our life. This study considers the epistemological and metaphysical foundations of the contemplative act; the nature of the active and contemplative lives in light of Aquinas's Dominican calling; the role of faith, charity, and the gifts of the Holy Spirit in contemplation; and contemplation and the beatific vision. Rik Van Nieuwenhove argues that Aquinas espouses a profoundly intellectual notion of contemplation in the strictly speculative sense, which culminates in a non-discursive moment of insight (*intuitus simplex*). In marked contrast to his contemporaries Aquinas therefore rejects a sapiential or affective brand of theology. He also employs a broader notion of contemplation, which can be enjoyed by all

Christians, in which the gifts of the Holy Spirit are of central importance. Thomas Aquinas and Contemplation will appeal to readers interested in this key aspect of Aquinas's thought. Van Nieuwenhove provides a lucid account of central aspects of Aquinas's metaphysics, epistemology, theology, and spirituality. He also offers new insights into the nature of the theological discipline as Aquinas sees it, and how theology relates to philosophy.

Virtue and Meaning David McPherson, 2020-01-30 Argues that any adequate neo-Aristotelian virtue ethic must account for our distinctive nature as the meaning-seeking animal.

Finding Meaning Steven DeLay, 2023-10-13 The word nihilism today is everywhere. A staple of common speech ever since its coinage by Friedrich Heinrich Jacobi in the eighteenth century, is there any other term of philosophical provenance more descriptive of our times? *Finding Meaning: Essays on Philosophy, Nihilism, and the Death of God* deepens the longstanding and ongoing debate about the problem of nihilism. Drawing upon a wide range of philosophical and theological schools, traditions, and figures, the eleven specially commissioned essays by international scholars enrich the discussion of how to meet the challenge of nihilism. Fundamental problems and topics include the existence of God, the origins and status of morality, the nature and meaning of history, the relation between reason and faith, the status and role of philosophical knowledge, the place of art and religion in society, the future of modernity, the nature of postmodernity, the perils of technology, the specter of transhumanism, and the history of philosophy from Augustine to Kant and Hegel, Nietzsche to Kierkegaard and Dostoevsky, and Heidegger to Sartre and Camus. Based on a popular series of online essays published at London artist and philosopher Richard Marshall's 3:16 AM, *Finding Meaning* is essential reading for students and scholars of philosophy and theology, and for anyone with a genuine interest in making sense of what it means to be human in an age of nihilism.

Journal of Moral Theology, Volume 12, Issue 2 Caesar Montevicchio, Maria Power, 2023-08-04 ORIGINAL ARTICLES The Boundaries and Authority of Catholic Social Teaching: A Reply to John Finnis Bernard G. Assuming Responsibility Jennifer A. Herdt, 2022 This book explores the debates surrounding eudaimonism, virtue, and happiness. It argues that we should embrace 'ecstatic' or 'goodness-prior' eudaimonism whilst rejecting 'welfare-prior' forms of eudaimonism.

Issues in Science and Theology: Nature – and Beyond Michael Fuller, Dirk Evers, Anne Runehov, Knut-Willy Sæther, Bernard Michollet, 2020-02-25 This book addresses a variety of important questions on nature, science, and spirituality: Is the natural world all that there is? Or is it possible to move 'beyond nature'? What might it mean to transcend nature? What reflections of anything 'beyond nature' might be found in nature itself? Gathering papers originally delivered at the 2018 annual conference of the European Society for the Study of Science and Theology (ESSSAT), the book includes contributions of an international group of scientists, philosophers, theologians and historians, all discussing nature and what may lie beyond it. More than 20 chapters explore questions of science, nature, spirituality and more, including Nature – and Beyond? Immanence and Transcendence in Science and Religion Awe and wonder in scientific practice: Implications for the relationship between science and religion The Cosmos Considered as a Moral Institution The transcendent within: how our own biology leads to spirituality Preserving the heavens and the earth: Planetary sustainability from a Biblical and educational perspective Issues in Science and Theology: Nature – and Beyond will benefit a broad audience of students, scholars and faculty in such disciplines as philosophy, history of science, theology, and ethics.

Moral Conversion in Scripture, Self, and Society Krijn Pansters, Anton ten Klooster, 2024-06-04 Moral Conversion in Scripture, Self, and Society offers a broad – historical, theological, and philosophical – reflection on the phenomenon of moral conversion. Examining life-changing transformations within trajectories of spiritual and moral growth, the contributors to this volume show how individuals move, or should move, in one way or another, away from the pursuit of solipsistic satisfactions, through the practice of self-awareness and the performance of social attentiveness, toward the prioritization of shared values. Together, they address the difficulty of realizing in selves and societies some sort of definitive moral conversion – of final turn toward the truly good. Contributors are: David Couturier, Matthew Dugandzic, Erik Eynikel, Aaron Gies, Patrick Jones, Angela Knobel, Daniel Lightsey, Peter Lovas, Giulia Lovison, Krijn Pansters, Hanna Roose, Anton ten Klooster, Willem Marie Speelman, Mark Therrien, Luke Togni, Brian Treanor, Louke van Wensveen, Archibald van

Wieringen, and Jamie Washam.

The Development of Generativity across Adulthood Feliciano Villar, Heather L. Lawford, Michael W. Pratt, 2024-07-04 This volume brings together experts in generativity and related fields to provide a compelling overview of contemporary research and theory on this topic. Generativity refers to a concern for - or acting towards - the benefit of future generations as a legacy of the self; it has implications for outcomes at the individual, relational and social, and broader societal levels. Understanding the role and expressions of generativity at various stages of our lives is important to our sense of well-being and purpose, and it impacts our parenting, caregiving, and social relationships, as well as having implications for our activities and experiences in the workforce, and in voluntary activities in our communities and the wider society. The chapters in this volume explore the meaning and impact of generativity across development and across life contexts and roles. They address generativity within a particular area or life domain, or period of the lifespan, and outline key methods and findings, as well as theoretical issues and applied implications. The volume represents the first comprehensive exploration of generativity from early to late adulthood; it offers a broad international perspective and will inform research into generativity across multiple cultures.

Doing Philosophy Comparatively Tim Connolly, 2022-12-29 What standards should we use to evaluate culturally distinct philosophies? What kind of barrier does language or cultural difference pose in our attempts to understand other traditions? How do we avoid our comparisons being biased? *Doing Philosophy Comparatively* answers these questions by providing a thorough overview of the methodology involved in extending philosophy across linguistic and cultural boundaries. Now revised and updated to showcase the most recent developments in the field, this second edition engages with philosophies beyond the Anglo-European tradition and features: · Examples of cross-cultural philosophy from a wider range of non-Western traditions · Methodological innovations from works of comparative philosophy published in the last decade · Focused exercises for each chapter demonstrating how to interact meaningfully with primary texts and engage with recent debates in comparative philosophy · Updated discussion questions and readings Introducing the main problems, methods, and approaches of comparative philosophy, this new edition shows you how to make informed cross-cultural judgments through reflection and practice. It remains an essential toolkit for the practice of doing comparative philosophy.

A History of Existential Psychology Zoltán Kóváry, 2024-12-30 The first in a two-part set, this book takes a deep dive into the history and theory of existential psychology. Beginning with a discussion of the "existentialism and psychology problem," the book presents the philosophical and historical roots of existential psychology. It introduces the most important philosophical schools in the development of existentialism and their creators, such as Kierkegaard, Nietzsche, Heidegger and Sartre, as well as the literary roots of existentialism in the writings of Dostoevsky and Kafka and the important contribution of psychoanalysis and phenomenological psychiatry. The book then goes on to look at the existential psychology schools, including daseinsanalysis, logotherapy and existential analysis, the existential-humanistic school and the existential-phenomenological school. Going beyond the questions of therapy and counseling that typically make up the study of existential psychology, the book offers the ultimate introduction for students and scholars of this fascinating and deeply rooted discipline. It may also interest professionals working in related fields.

The Arts of Leading Edward Brooks, Michael Lamb, 2024-12-02 A deeply insightful approach to cultivating leaders of character centered on the arts and humanities What does it mean to lead? Whom do we consider to be leaders? And how might viewing leadership through the many lenses of the humanities expand our understanding of how it is imagined, represented, and enacted? Drawing on insights from eminent scholars in the classics, philosophy, religion, literature, history, art, music, and the theater, *The Arts of Leading* reveals the power of the arts and humanities to unsettle common assumptions about leadership and offer new contexts. Rather than instrumentalizing the arts and humanities or reducing them to mere management resources, this series of thoughtful and refreshing essays engages a litany of diverse and nuanced perspectives to uncover alternative ways of imagining and embodying leadership across different historical, moral, political, and cultural contexts. By exploring how a wide range of disciplines can illuminate and humanize complex aspects of leadership that are often obscured in a discourse hooked on reductive paradigms and quick fixes, *The Arts of Leading* invites leaders, scholars, and citizens to expand their practice of leadership in our ever-evolving world.

Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology Introduction

Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology Offers a vast collection of books, some of which are available for

free as PDF downloads, particularly older books in the public domain. Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology Offers a diverse range of free eBooks across various genres. Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology Provides a

large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology, especially related to Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology books or magazines might include. Look for these in online stores or libraries. Remember that while Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology, sharing copyrighted material without permission is not legal. Always

ensure you're either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology eBooks, including some popular titles.

FAQs About Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology Books

1. Where can I buy Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book

- collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
 8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
 9. Are there book clubs or reading

communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.

10. Can I read Self Transcendence And Virtue Perspectives From Philosophy Psychology And Theology books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
