The Moment of Lift Melinda French Gates, 2019-04-25 'We need this message more than ever' - Malala Yousafzai Hard-hitting and uplifting true stories of the women around the world facing extreme gender inequality who, when the wider community supports them to challenge the status quo, improve life for the whole of society. A Sunday Times bestselling debut from Melinda Gates, *The Moment of Lift* is a timely and necessary call to action for women's empowerment. The right to: Spend your own money. Go to school. Earn an income. Access contraceptives. Work outside the home. Walk outside the home. Choose whom to marry. Get a loan. Start a business. Own property. Divorce a husband. See a doctor. Drive a car. All of these rights are denied to women in some parts of the world. 'How can we summon a moment of lift for human beings - and especially for women? Because when you lift up women, you lift up humanity.' In this moving and compelling book, Melinda shares the stories of the inspiring people she's met during her work and travels around the world and the lessons she's learned from them. As she writes in the introduction, "That is why I had to write this book - to share the stories of people who have given focus and urgency to my life. I want all of us to see ways we can lift women up where we live." Melinda's unforgettable narrative is backed by startling data as she presents the issues that most need our attention - from child marriage to lack of access to contraceptives to gender inequity in the workplace. And, for the first time, she writes about her personal life and the road to equality in her own marriage. Throughout, she shows how there has never been more opportunity to change the world - and ourselves. When we lift others up, they lift us up, too.

Bad Feminist Roxane Gay,2014-08-21 'Pink is my favourite colour. I used to say my favourite colour was black to be cool, but it is pink - all shades of pink. If I have an accessory, it is probably pink. I read Vogue, and I'm not doing it ironically, though it might seem that way. I once live-tweeted the September issue.' In these funny and insightful essays, Roxane Gay takes us through the journey of her evolution as a woman (Sweet Valley High) of colour (The Help) while also taking readers on a ride through culture of the last few years (Girls, Django in Chains) and commenting on the state of feminism today (abortion, Chris Brown). The portrait that emerges is not only one of an incredibly insightful woman continually growing to understand herself and our society, but also one of our culture. Bad Feminist is a sharp, funny and sincere look at the ways in which the culture we consume becomes who we are, and an inspiring call-to-arms of all the ways we still need to do better.

Women Kind Kirstin Ferguson, Catherine Fox, 2018-09-12 Women Kind is a reminder that brilliant things happen when smart women get fed up. 'Women Kind is an impeccably researched love letter to those who hold up half the sky.' Jamila Rizvi 'Just like #CelebratingWomen, this book is an essential and timely reminder of the collective power of women.' Kate Jenkins, Australian Sex Discrimination Commissioner Women are rallying together in a massive and unstoppable force to make their voices heard around the world in ways we have never seen before. When Dr Kirstin Ferguson, an Australian company director, decided she was fed up with the vicious online abuse of women, she turned the tables and used social media to create the #CelebratingWomen campaign, profiling two women from anywhere in the world and every walk of life, every day for a year. The response was overwhelming. In Women Kind, Ferguson joins Walkley award-winning journalist and leading commentator on women in the workplace Catherine Fox to examine how women's shared clout is transforming communities, workplaces and leadership; show that every woman is a role model; and challenge the idea that women regularly turn on each other for scarce seats at the top table. Ferguson and Fox urge us to get on board and forget the old saying that when a woman climbs the corporate ladder, she needs to send it back down to help one other woman. What's needed is a fishing net to bring up many women together, all supporting each other. There has never been a better moment to join our voices, share experiences and celebrate the power of women supporting women.

Supporting Women's Career Advancement, 2006 An e-book that addresses some of the issues still facing women in the development and advancement of their managerial careers. In spite of women's parity in higher education and initial success in achieving work experiences they still fall behind in numbers when it comes to senior executive jobs. Three of the papers explore the barriers that still exist and another two look at how women do succeed in advancement. The last paper looks at

how women use role models. Together these papers provide a balanced picture of the barriers still facing women managers and the enablers which are helping women.

Supporting Women for Labour and Birth Nicky Leap, Billie Hunter, 2022-01-12 This new edition provides an up-to-date and thoughtful guide to supporting women in labour, looking at a range of techniques and approaches that promote a safe and positive experience of birth for women and their families. Across the world, support in labour has been shown to reduce obstetric interventions and improve outcomes for women and babies. Written by two highly experienced midwifery authors, this text draws on a wide range of cutting-edge research on this topic, identifying how the evidence can be applied to everyday practice. Narratives from women and practitioners, including midwives, doulas, childbirth educators and students, are used to illustrate a range of situations where the quality of support is central to the quality of the experience and outcome. Supporting Women for Labour and Birth encourages readers to reflect on their experiences and examine the evidence provided by both research and experiences of women and practitioners in order to explore how this could be incorporated into their practice. The only book to deal directly with the practical and emotional issues associated with labour support, this is an ideal text for student midwives and an important reference for practising midwives, doulas and other childbirth practitioners.

Women in Transition Suzanne LaFont, 1998-07-10 Women in Transition addresses the historical, social, economic and political dynamics affecting the lives of women during Lithuania's transition from communism to democracy. This book demonstrates that democracy has not diminished gender discrimination. In fact, the recent political and economic changes threaten to widen the gender gap through a decline in political representation, an increase in women's unemployment and underemployment, and the threat of restrictive reproductive policies. Furthermore, low birth rates coupled with a sharp rise in nationalism has led to propaganda encouraging women to return to home and family. Women in Transition details how women are responding to these changes. The first and only book published about Lithuanian women by Lithuanian women, this unique volume fills a gap in knowledge of the country's society and the role of its women. An important contribution to the growing body of literature on post-communism, the book is written by many of the leading women scholars in Lithuania including the head of the Women's Studies program and the Chair of the Sociology Department at Vilnius University; the Counsellor to the Parliament on Women's Issues; the Dean of Kaunas University; and the Chairperson of the Women's Party of Lithuania. Suzanne LaFont, former Visiting Professor at Kaunas University, has edited the book and provided an introduction.

The Wisdom of W.E.B. Du Bois Aberjhani, 2018-07-31 The men and women who shaped our world—in their own words. The Wisdom Library invites you on a journey through the lives and works of the world's greatest thinkers and leaders. Compiled by scholars, this series presents excerpts from the most important and revealing writings of the most remarkable minds of all time. THE WISDOM OF W.E.B. DU BOIS "Throughout history, the powers of single blacks flash here and there like falling stars, and die sometimes before the world has rightly gauged their brightness." Dr. Martin Luther King, Jr., wrote of W.E.B. Du Bois, "History cannot ignore [him] because history has to reflect truth, and Dr. Du Bois was a tireless explorer and a gifted discoverer of social truths. His singular greatness lay in his quest for truth about his own people." Du Bois was the first African-American to receive a Ph.D. from Harvard (1896). A brilliant writer and speaker, he was the outstanding

African-American intellectual of his time. His lifelong active struggle for racial equality and civil rights resulted in the founding of both the Niagara Movement and the National Association for the Advancement of Colored People (NAACP). As editor of the NAACP's magazine, *The Crisis*, Du Bois presented the literary genius of many of the Harlem Renaissance's most compelling voices; and his own works—the sociological study *The Philadelphia Negro* and his famous 1903 treatise, *The Souls of Black Folk*—eloquently delineated the African-American struggle for identity in America. During his lifetime, Du Bois was a powerful force in academia, literature, civil rights, and the peace movement. Using excerpts from his many books as well as from articles, essays, poems, letters, and speeches, *The Wisdom of W.E.B. Du Bois* provides a telling portrait of the man and his groundbreaking ideas. It is a tribute to a voice that would not be silenced and to a pioneer who, in his passion for justice movingly declared, “the cost of liberty is less than the price of repression.”

The Sisterhood: Inside the Lives of Mormon Women Dorothy Allred Solomon, 2007-10-02 Many hold a deep fascination with Mormonism but erroneously think of it as a secret religion that celebrates polygamy and confinement. Most outsiders regard Latter-day Saint women as submissive and pitiable. In *The Sisterhood*, award-winning author Dorothy Allred Solomon takes us inside the lives of women of the faith. She focuses on the roles of Mormon women in the nineteenth, twentieth, and twenty-first centuries, including fascinating personal stories about family, children, and husbands. She takes us into the lives of the High Priestesses of the Church, draws on histories sustained by the most thorough genealogical records in the world, and addresses the wives of polygamists. *The Sisterhood* sheds light on an expanding and complex religion and offers a long overdue portrait of Mormonism and women.

Handbook of Gender, Work and Organization Emma Jeanes, David Knights, Patricia Yancey Martin, 2012-04-16 This work of reference represents a remarkably complete, detailed and extensive review of the field of gender, work and

organization in the second decade of the 21st century. Its authors represent eight countries and many disciplines including management, sociology, political science, and gender studies. The chapters, by top scholars in their areas of expertise, offer both reviews and empirical findings, and insights and challenges for further work. The chapters are organized in five sections: Histories and Philosophies; Organizing Work and the Gendered Organization; Embodiment; Globalization; and Diversity. Theoretical and conceptual developments at the cutting edge of the field are explicated and illustrated by the handbook's authors. Methods for conducting research into gender, work and organization are reviewed and assessed as well as illustrated in the work of several chapters. Efforts to produce greater gender equality in the workplace are covered in nearly every chapter, in terms of past successes and failures. Military organizations are presented as one of the difficult to change in regards to gender (with the result that women are marginalized in practice even when official policies and goals require their full inclusion). The role of the body/embodiment is emphasized in several chapters, with attention both to how organizations discipline bodies and how organizational members use their bodies to gain advantage. Particular attention is paid to sexuality in/and organizations, including sexual harassment, policies to alleviate bias, and the likelihood that future work will pay more attention to the body's presence and role in work and organizations. Many chapters also address "change efforts" that have been employed by individuals, groups, and organizations, including transnational ones such as the European Union, the United Nations, and so on. In addition to its value for teachers and students within this field, it also offers insights that would be of value to policymakers and practitioners who need to reflect on the latest thinking relating to gender at work and in organizations.

Minority Women in K-12 Education Leadership: Challenges, Resilience, and Support Walters, Annette G., 2024-03-25 In K-12 education, minority women leaders must navigate a complex maze of challenges that deeply impact their personal and professional lives. The journey of these leaders is marked by a series of starts and stops, demanding an extraordinary degree of resilience, mentorship, and leadership coaching. Despite the theoretical backing and organizational intent, the stark reality is that educational leadership roles for minority women often lack the necessary preparation and concerted efforts essential to supporting their unique needs. The resulting shortfall hampers their ability to sustain success over time. Minority Women in K-12 Education Leadership sheds light on the intersection of gender and ethnicity within educational leadership and addresses the various aspects of minority women's experiences. The objective of Minority Women in K-12 Education Leadership is clear—to provide readers, educational allies, educators, administrators, and stakeholders with a profound understanding of the intersections of gender, leadership, and ethnicity/color in educational leadership. This book goes beyond identifying challenges; it celebrates the resilience of minority women leaders, explores the support systems they rely on, and offers practical strategies for success. The content delves into the physical, mental, emotional, and social dimensions

of their experiences, aiming to bridge theoretical and practical concepts and provide valuable insights for practitioners, scholars, and stakeholders.
