

Philosophy Law Joel Feinberg

Joel Feinberg

Philosophy of Law Joel Feinberg, Hyman Gross, 1986

Offense to Others Joel Feinberg, 1988-01-07 The second volume in Joel Feinberg's series *The Moral Limits of the Criminal Law*, *Offense to Others* focuses on the offense principle, which maintains that preventing shock, disgust, or revulsion is always a morally relevant reason for legal prohibitions. Feinberg clarifies the concept of an offended mental state and further contrasts the concept of offense with harm. He also considers the law of nuisance as a model for statutes creating moral offenses, showing its inadequacy as a model for understanding profound offenses, and discusses such issues as obscene words and social policy, pornography and the Constitution, and the differences between minor and profound offenses.

The Moral Limits of the Criminal Law: Harm to self Joel Feinberg, 1986 In this volume, Feinberg focuses on the meanings of interest, the relationship between interests and wants, and the distinction between want-regarding and ideal-regarding analyses on interest and hard cases for the applications of the concept of harm. Examples of the hard cases are harm to character, vicarious harm, and prenatal and posthumous harm. Feinberg also discusses the relationship between harm and rights, the concept of a victim, and the distinctions of various quantitative dimensions of harm, consent, and offense, including the magnitude, probability, risk, and importance of harm.

Harmless Wrongdoing Joel Feinberg, 1984 The 4th and final volume in the series defines the philosophical basis for criminalizing so-called 'victimless crimes', such as pornography and consensual sexual activity.

Freedom and Fulfillment Joel Feinberg, 2020-09-01 Dealing with a diverse set of problems in practical and theoretical ethics, these fourteen essays, three of them previously unpublished, reconfirm Joel Feinberg's leading position in the field of legal philosophy. With a clarity and humor that will be familiar to readers of his other works, Feinberg writes on topics including wrongful life suits in the law of torts, or whether there is any sense in the remark that a person is so badly off that he would be better off not existing at all; the morality of abortion; educational options; free expression; civil disobedience; and the duty of easy rescue in criminal law. He continues with a three-part defense of moral rights in the abstract, a discussion of voluntary euthanasia, and an inquiry into arguments of various kinds for not granting legal rights in enforcement of a person's acknowledged moral rights. This collection concludes with two essays dealing with concepts used

in appraising the whole of a person's life: absurdity and self-fulfillment, and their interplay.

Rights, Justice, and the Bounds of Liberty Joel Feinberg, 2014-07-14 This volume of essays by one of America's preeminent philosophers in the area of jurisprudence and moral philosophy gathers together fourteen papers that had been published in widely scattered and not readily accessible sources. All of the essays deal with the political ideals of liberty and justice or with hard cases for the application of the concept of a right. Originally published in 1980. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Reason and Responsibility Joel Feinberg, Russ Shafer-Landau, 2005 The Twelfth Edition of this best-selling, topically organized anthology provides a superb balance of historical selections and recent material. This new edition features more readings than ever before--79 total--all, where necessary, in the finest translations available. The readings complement each other and naturally build on the topic being covered. Clear, concise introductions to each Part provide just enough guidance to let students learn from experiencing the readings themselves. The text's long-heralded selection of readings covers topics such as reason and religious belief, human knowledge, mind and its place in nature, determinism, free will and responsibility, and morality and its critics in five parts with careful attention to opposing points of view.

Offense to Others Joel Feinberg, 1984 The second volume in the series *The Moral Limits of the Criminal Law*, this book explicates the offense principle, clarifies the concept of the offended mental state, examines pornography and the Constitution, obscenity, and obscene words and social policy.

Doing Philosophy Joel Feinberg, Russ Shafer-Landau, 2007-03-06 Clear and concise, this brief text is designed to assist introductory philosophy students who have no prior experience in writing philosophy papers. Contents include topic selection, outlines, drafts, proper and improper quotation, argument development and evaluation, principles of good writing, style, criteria for grading student papers, and a review of common grammatical and dictional errors. In addition, the book devotes several chapters to basic concepts in logic, which have proven invaluable for philosophy students in the course of critically considering and writing about the ideas and arguments they encounter. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

In Harm's Way Joel Feinberg, Jules L. Coleman, Allen Buchanan, 1994-06-24 This 1994 volume contains fifteen essays by leading philosophers exploring themes developed in the work of Joel Feinberg.

The New Philosophy of Criminal Law Chad Flanders, Zachary Hoskins, 2015-12-16 There is no more vivid example of a

state's power over its citizens than the criminal law. By criminalizing various behaviours, the state sets boundaries on what we can and cannot do. And the criminal law is in many ways unique in the harshness of its sanctions. But traditional criminal law theory has for too long focussed on the questions, "what is a crime?" and "what is the justification of punishment?" The significance of the criminal law extends beyond these questions; indeed, critical philosophical questions underlie all aspects of the criminal justice system. The criminal law engages us not just as offenders or potential offenders, but also as victims, suspects, judges and jurors, prosecutors and defenders—and as citizens. The authors in this volume go beyond traditional questions to challenge our conventional understandings of the criminal law. In doing so, they draw from a number of disciplines including philosophy, history, and social science.

Problems at the Roots of Law Joel Feinberg, 2003 Collects articles, on what the author terms basic questions about the law, particularly in regard to the relationship to morality. This volume reflects the diverse nature of his own interests: scholars in philosophy of law, legal theory, and ethical and moral theory.

The Moral Limits of the Criminal Law: Harm to self Joel Feinberg, 1986 In this volume, Feinberg focuses on the meanings of interest, the relationship between interests and wants, and the distinction between want-regarding and ideal-regarding analyses on interest and hard cases for the applications of the concept of harm. Examples of the hard cases are harm to character, vicarious harm, and prenatal and posthumous harm. Feinberg also discusses the relationship between harm and rights, the concept of a victim, and the distinctions of various quantitative dimensions of harm, consent, and offense, including the magnitude, probability, risk, and importance of harm.

Philosophy of Law Joel Feinberg, Jules L. Coleman, Christopher Kutz, 2014 This leading anthology contains essays and cases written by some of the most influential figures in legal philosophy, representing the major theoretical positions in the field. Its primary focus is to relate traditional themes of legal philosophy to the concerns of modern society in a way that invigorates the former and illuminates the latter. This classic text is distinguished by its clarity and accessibility, balance of topics, balance of positions on controversial questions, topical relevance, imaginative use of cases and stories, and the inclusion of only lightly edited or untouched legal classics. This revision is distinguished by its inclusion of new material on law and economics, international law, distributive justice, religion and freedom of expression, feminist legal theory, and critical race theory, as well as a greater emphasis on concrete legal problems.

Giving Desert Its Due Wojciech Sadurski, 1985 During the last half of the twentieth century, legal philosophy (or legal theory or jurisprudence) has grown significantly. It is no longer the domain of a few isolated scholars in law and philosophy. Hundreds of scholars from diverse fields attend international meetings on the subject. In some universities, large lecture courses of five hundred students or more study it. The primary aim of the Law and Philosophy Library is to present some of the best original work on legal philosophy from both the Anglo-American and European traditions. Not only does it help make

some of the best work available to an international audience, but it also encourages increased awareness of, and interaction between, the two major traditions. The primary focus is on full-length scholarly monographs, although some edited volumes of original papers are also included. The Library editors are assisted by an Editorial Advisory Board of internationally renowned scholars. Legal philosophy should not be considered a narrowly circumscribed field.

Rights and Reason Marilyn Friedman, Larry May, K. Parsons, J. Stiff, 2013-06-29 The papers in this book have been collected in celebration of Carl Wellman, who, after forty-five years, is retiring from teaching. Here I would like to highlight a few of the moments which have shaped Carl as a person and a philosopher. Although his childhood was not unhappy, Carl faced considerable challenges growing up in Manchester, New Hampshire. He never knew his father; he and his mother, Carolyn, had little money; and he fought a long battle with Stevens-Johnson Syndrome, an illness which made him more familiar with hospitals than any young person should be. (His mother once told me that there were times when the doctors put Carl in his own hospital room because, while he was too young to be housed with adult men, they did not want the other children to see him die.) Following a year of physician-prescribed rest after high school, the doctors recommended the University of Arizona in the misguided hope that the desert climate might improve his health. In spite of the doctors' hopes, life in Tucson was not easy. The heat takes its toll on everyone, but the desert was especially oppressive for Carl since his unusually sensitive eyes were no match for the intense sun. Still, Carl enjoyed college.

Terrorism J. Angelo Corlett, 2003-10-31 This book is the culmination of over 15 years of research on terrorism, secession, and related concepts such as the obligation to obey the law, pacifism, civil disobedience, non-violent direct action, political violence, revolution, and assassination. It is sincerely hoped that the content of this book is construed as an ethical and philosophical attempt to advance human understanding of some of life's most intractable problems, namely, terrorism and more generally, political violence. This book is proffered as a propaedeutic to further study of these issues and is not to be interpreted as the author's final word on them. For the pursuit of truth and avoidance of error is never wholly complete, but at best a life-long process of continual reflection, analysis and argument. And it will please the author of this book if it brings even a modicum of knowledge to the difficulties it investigates. Some of the chapters of this book have been published or have otherwise experienced the critical assistance of various public academic forums, and I am sincerely grateful to those who have shaped my thinking about terrorism and its related concepts. Among those who have provided critical and helpful insights concerning various sections of the contents of this book are: David Copp, Richard Falk, Joel Feinberg, Richard W. Miller, and Thomas Pogge.

Philosophical Perspectives on Punishment Gertrude Ezorsky, 1972-06-30 Punishment, writes J. E. McTaggart, is pain and to inflict pain on any person obviously [requires] justification. But if the need to justify punishment is obvious, the manner of doing so is not. Philosophers have developed an array of diverse, often conflicting arguments to justify punitive

institutions. Gertrude Ezorsky introduces this source book of significant historical and contemporary philosophical writings on problems of punishment with her own article, *The Ethics of Punishment*. She brings together systematically the important papers and relevant studies from psychology, law, and literature, and organizes them under five subtopics: concepts of punishment, the justification of punishment, strict liability, the death penalty, and alternatives to punishment. Under these general headings forty-two papers are presented to give philosophical perspectives on punishment. Included are many (e.g., John Stuart Mill's defense of capital punishment) not generally available. This book brings together in a single volume the views of such diverse writers as Plato, St. Thomas Aquinas, Samuel Butler, Karl Marx, and Lady Barbara Wooten. Others are J. Andenaes, K. G. Armstrong, John Austin, Kurt Baier, Jeremy Bentham, F. H. Bradley, Richard Brandt, Clarence Darrow, A. C. Ewing, Joel Feinberg, The Hon. Mr. Gilpin, H. L. A. Hart, G. W. F. Hegel, Thomas Hobbs, Immanuel Kant, J. D. Mabbott, H. J. McCloskey, J. E. McTaggart, R. Martinson, G. E. Moore, Herbert Morris, Anthony Quinton, D. Daiches Raphael, H. Rashdall, John Rawls, W. D. Ross, Royal Commission on Capital Punishment Report 1949-53, George Bernard Shaw, T. L. S. Sprigge, and R. Wasserstrom.

Philosophy Law Joel Feinberg Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the ability of words has become more evident than ever. They have the capacity to inspire, provoke, and ignite change. Such is the essence of the book **Philosophy Law Joel Feinberg**, a literary masterpiece that delves deep into the significance of words and their impact on our lives. Compiled by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we will explore the book's key themes, examine its writing style, and analyze its overall impact on readers.

Philosophy Law Joel Feinberg Introduction

In the digital age, access to information has become easier than ever before. The ability to download Philosophy Law Joel Feinberg has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Philosophy Law Joel Feinberg has opened up a world of possibilities. Downloading Philosophy Law Joel Feinberg provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button,

you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Philosophy Law Joel Feinberg has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Philosophy Law Joel Feinberg. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Philosophy Law Joel Feinberg. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Philosophy Law Joel Feinberg, users should also consider the potential security risks associated with online platforms. Malicious

actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Philosophy Law Joel Feinberg has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Philosophy Law Joel Feinberg Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow

you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Philosophy Law Joel Feinberg is one of the best book in our library for free trial. We provide copy of Philosophy Law Joel Feinberg in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Philosophy Law Joel Feinberg. Where to download Philosophy Law Joel Feinberg online for free? Are you looking for Philosophy Law Joel Feinberg PDF? This is definitely going to save you time and cash in something you should think about.
