**Summer at Mustang Ridge** Jesse Hayworth, Jessica Andersen, 2013-06-04 A single visit to Mustang Ridge can change a person's life in the most unexpected ways.... Recovering from a difficult divorce and having problems with her daughter, Shelby accepts a summer job cooking at a family-run dude ranch. She hopes the animals will be just what her daughter, Lizzie, needs. Little does she know that ranch life will work some healing magic on her too. When Shelby meets the head wrangler, Foster, she is put off by his brusque nature, but Lizzie takes an instant liking to the cowboy and his horses. While both Foster and Shelby have been scarred by love, it's not long before Shelby is drawn to the rugged cowboy and his thoughtful ways. But with summer nights in short supply and Foster wary of falling for a city girl, a simple summer romance soon grows complicated. As the days dwindle, Shelby will have to decide not only what is best for her daughter, but also where her future—and her happiness—will be found.

*Winter at Mustang Ridge* Jesse Hayworth, 2014-02-04 Warm up with this heartfelt romance in the Mustang Ridge series... Grateful to her twin for keeping Mustang Ridge in the family, Jenny Skye agrees to return home for a month so her sister can get away. It's the middle of winter, and only a few year-round staffers, her family, and the animals will be there. But the globe-trotting videographer is soon in way over her head at the dude ranch dealing with reservations, her redecorating-obsessed mother, and the town's hunky new veterinarian. Despite his adventurous past, Nick Masterson is putting down roots in Mustang Ridge. When a stray dog, a missing family member, and a snowstorm conspire to throw him and Jenny together, there's no denying the blaze of attraction. But can a relationship that began in the heat of the moment turn into something more for a woman who's always been eager to put her hometown behind her?

*Brothel* Alexa Albert, 2011-11-09 What began as a public-health project by a Harvard medical student evolved into an intimate, ambitious, six-year study of the brothel ecosystem and a book that puts an unforgettable face on America's maligned and caricatured subculture. "A fascinating glimpse into a hidden lifestyle.... It's an instantly gratifying page-turner.... It emerges as a personality-filled memoir about an unforgettable group of women. —Seattle Weekly Not a single legal prostitute in Nevada had contracted HIV since testing began in 1986. Why? Harvard medical student Alexa Albert traveled to Nevada in search of answers. Gaining unprecedented access to the infamous and notoriously secretive Mustang Ranch, Albert reveals a fascinatingly insular world where the women share their experiences with unexpected candor.

There's Dinah, Mustang's oldest prostitute, who turned her first trick years ago at age fifty-one. And Savannah, a woman who views her work as a "healing" social service for needy men. Nevada's legal brothels are an incredibly rich environment for examining some of this nation's thorniest social issues. From problems of class and race to the meaning of family, honor, and justice—all are found within this complex and singular microcosm. And in a country where prejudice is a dirty word—but not as dirty as hooker—these social issues are compounded and deepened by the stifling stigma that has always plagued the profession. But in the end, all of Mustang's working girls are just women trying to earn their way to happiness. Brothel is a landmark work that probes beyond the veil of desire and fantasy in which the sex trade shrouds itself—and uncovers the naked humanity at its core.

**Squandering Aimlessly** David Brancaccio,2000-02-16 Poor, misguided fellow. David Brancaccio, host of public radio's

rambunctious and eclectic business program Marketplace, used to think the big problem with money was getting some. Didn't he understand that during a time of bounty the big problem is knowing what to do with money once you have it? It took a conversation with one of the richest guys in America to set him straight. I think Warren Buffett's got the problem and Gates has the problem and Bloomberg's got the problem, the billionaire said. And the problem doesn't just have to be at our level. It can be with people who have just a couple of million bucks. It was the second just in that sentence that made tears well up in Brancaccio's eyes. Most of us once thought the problem was getting some money. Now what? Squander: to spend or use something precious in a wasteful way. Squandering ranks even below leaving it in a passbook savings account on the list of the greatest personal finance sins of our age, according to Brancaccio, who hit the road to determine the right answer to the question of what to do with money. Brancaccio gets this question from Marketplace listeners all the time: What does one do with a lump sum, perhaps the proceeds from some stock options, the profit on the sale of a house, an inheritance, a bonus, a settlement, or even a modest accumulation in a savings account? A natural storyteller, Brancaccio has a clear, intelligent, and delightfully offbeat way of explaining to his listeners the complexities of business, investing, and the economy. He has access to rivers of market information that should help answer this question of what to do with money. But data do not necessarily equal wisdom, so Brancaccio hit upon the idea of venturing out on a random walk to acquire some street smarts. Imagining a windfall of his own and haunted by his own checkered history with money, Brancaccio embarked on a funny and irreverent personal finance pilgrimage. His travels took him from Minnesota's Mall of America to New York City's Wall Street to one of the poorest towns in the West. He encountered entrepreneurs in California, homeowners in New York, retirees in Arizona, and some folks following their lifelong dreams in Texas. A drifter in a desert offered advice. So did a U.S. secretary of the treasury. Along the way, Brancaccio was challenged by a cascade of practical and philosophical issues: If consumption drives the economy, is there something wrong with saving? Is there such a thing as a socially responsible investment? Is charity an investment? If you can't beat a Las Vegas casino, can you beat the stock market? While Brancaccio's journey was a personal one, his eye-opening adventures reveal a great deal about attitudes toward money in America at the dawn of the new century -- and they provide entertaining lessons about how best to spend, invest, and save.

The Black Swan Anne Batterson, 2001-10-05 Set against a spontaneous cross-country road trip following the migrating birds, this passionate, lyrical memoir is one woman's reflections on midlife, her important personal relationships, her kaleidoscopic past, and her uncertain future. To fifty-six-year-old Anne Batterson, a woman whose life has been filled with adventure -- as a commercial pilot, an international skydiving champion, a trekking guide in Nepal -- her husband's decision to retire felt like a death sentence. Yearning for some way to reconcile herself to the future that was rapidly unfolding before her, she packed up her VW camper and hit the road with maps, bird guides, and little else except the desire to follow the fall migration and the bone-deep hunch that birds had something important to teach her. In this beautifully written narrative of

that extraordinary trip, Batterson writes movingly not only about her experiences with the birds but also about the people she loves, has lost, and connects with along the way. Events from the present trigger vivid stories from the past. In the chapter *The Journey Within the Journey*, a long, lonely night in a deserted campground in Virginia conjures up the ghosts of a desperate solo road trip she made when she was twenty-one. A towering cumulus cloud in Illinois brings back a breathtaking free fall into a similar cloud in *My Time as a Bird*. An encounter with a great blue heron summons a compelling account of her mother's last afternoon in the world. *Bears in the Woods* describes a run-in with two Deliverance-type men in West Virginia, which brings back the murder of a dear friend in the woods of Connecticut. By the end of the journey, the ghosts of the past, like the author herself, have become part of a more fluid, more spiritual reality -- wild and spare and elegant and timeless -- one that is always out there, quickening on the far side of reality. A unique mix of memoir and nature writing, *The Black Swan* is a charming story of a woman's odyssey.

**Time Flies** Claire Cook, 2013-06-11 From the bestselling author of the beloved book *Must Love Dogs*, later made into a film starring John Cusack and Diane Lane, comes a new novel about what happens when we think everything is falling apart, and discover that we can pick up the pieces after all. She's carved out a life as a successful metal sculptor, but when Kurt leaves her for another woman, having the tools to cut up their marriage bed is small consolation. She's old enough to know that high school reunions are often a big disappointment, but when her best friend makes her buy a ticket and an old flame gets in touch to see if she'll be going, she fantasizes that returning to her past might help her find her future...until her highway driving phobia resurfaces and threatens to hold her back from the adventure of a lifetime. *Time Flies* is an epic trip filled with fun, heartbreak, and friendship that explores what it takes to conquer your worst fears...so you can start living your future.

Ridgeline Michael Punke, 2021-06-01 The thrilling, long-awaited return of the #1 New York Times bestselling author of *The Revenant* Winner of the 2022 Spur Award for Best Western Historical Novel Winner of the 2021 David J. Langum, Sr. Prize in American Historical Fiction 2021 Montana Book Award Honoree In 1866, with the country barely recovered from the Civil War, new war breaks out on the western frontier—a clash of cultures between the Native tribes who have lived on the land for centuries and a young, ambitious nation. Colonel Henry Carrington arrives in Wyoming's Powder River Valley to lead the US Army in defending the opening of a new road for gold miners and settlers. Carrington intends to build a fort in the middle of critical hunting grounds, the home of the Lakota. Red Cloud, one of the Lakota's most respected chiefs, and Crazy Horse, a young but visionary warrior, understand full well the implications of this invasion. For the Lakota, the stakes are their home, their culture, their lives. As fall bleeds into winter, Crazy Horse leads a small war party that confronts Colonel Carrington's soldiers with near constant attacks. Red Cloud, meanwhile, wants to build the tribal alliances that he knows will be necessary to defeat the soldiers. Colonel Carrington seeks to hold together a US Army beset with internal discord. Carrington's officers are skeptical of their commander's strategy, none more so than Lieutenant George Washington Grummond, who longs to fight a foe he dismisses as inferior in all ways. The rank-and-file soldiers, meanwhile, are still divided by the residue of civil war, and tempted to desertion by the nearby goldfields. Throughout this taut saga—based on real people and events—Michael Punke brings the same immersive, vivid storytelling and historical insight that made his breakthrough debut so memorable. As *Ridgeline* builds to its epic conclusion, it grapples with essential questions of conquest and justice that still echo today.
