L. Ramey

A History of African American Poetry Lauri Ramey,2019-03-21 Offers a critical history of African American poetry from the transatlantic slave trade to present day hip-hop.

The Vintage Book of African American Poetry Michael S. Harper,Anthony Walton,2012-02-01 In *The Vintage Book of African American Poetry*, editors Michael S. Harper and Anthony Walton present the definitive collection of black verse in the United States--200 years of vision, struggle, power, beauty, and triumph from 52 outstanding poets. From the neoclassical stylings of slave-born Phillis Wheatley to the wistful lyricism of Paul Lawrence Dunbar . . . the rigorous wisdom of Gwendolyn Brooks...the chiseled modernism of Robert Hayden...the extraordinary prosody of Sterling A. Brown...the breathtaking, expansive narratives of Rita Dove...the plaintive rhapsodies of an imprisoned Elderidge Knight . . . The postmodern artistry of Yusef Komunyakha. Here, too, is a landmark exploration of lesser-known artists whose efforts birthed the Harlem Renaissance and the Black Arts movements--and changed forever our national literature and the course of America itself. Meticulously researched, thoughtfully structured, *The Vintage Book of African-American Poetry* is a collection of inestimable value to students, educators, and all those interested in the ever-evolving tradition that is American poetry.

The Cambridge History of African American Literature Maryemma Graham,Jerry Washington Ward,2011-02-03 A major new history of the literary traditions, oral and print, of African-descended peoples in the United States.

Slave Songs and the Birth of African American Poetry L. Ramey,2008-02-04 In this insightful and provocative volume, Rameyreveals spirituals and slave songs to be a crucial element in American literature. Black Nature Camille T. Dungy,2009 *Black Nature* is the first anthology to focus on nature writing by African American poets, a genre that until now has not commonly been counted as one in which African American poets have participated. Black poets have a long tradition of incorporating treatments of the natural world into their work, but it is often read as political, historical, or protest poetry--anything but nature poetry. This is particularly true when the definition of what constitutes nature writing is limited to work about the pastoral or the wild. Camille T. Dungy has selected 180 poems from 93 poets that provide unique perspectives on American social and literary history to broaden our concept of nature poetry and

African American poetics. This collection features major writers such as Phillis Wheatley, Rita Dove, Yusef Komunyakaa, Gwendolyn Brooks, Sterling Brown, Robert Hayden, Wanda Coleman, Natasha Trethewey, and Melvin B. Tolson as well as newer talents such as Douglas Kearney, Major Jackson, and Janice Harrington. Included are poets writing out of slavery, Reconstruction, the Harlem Renaissance, the Black Arts Movement, and late twentieth- and early twenty-first-century African American poetic movements. *Black Nature* brings to the fore a neglected and vital means of considering poetry by African Americans and nature-related poetry as a whole. A Friends Fund Publication.

Bars Fight Lucy Terry Prince, 2020-10-01 *Bars Fight*, a ballad telling the tale of an ambush by Native Americans on two families in 1746 in a Massachusetts meadow, is the oldest known work by an African-American author. Passed on orally until it was recorded in Josiah Gilbert Holland's *History of Western Massachusetts* in 1855, the ballad is a landmark in the history of literature that should be on every book lover's shelves.

The Black Arts Enterprise and the Production of African American Poetry Howard Rambsy, 2013-08-29 Devoted chiefly to the period from 1965-1976.

Beyond the Frontier E. Ethelbert Miller, 2002 This anthology begins with the memory of landscapes and landmarks, presenting poems in the For My People tradition of Margaret Walker. It includes a section titled *Blood and Disappointment in the Land*, which documents ongoing social struggles. Other poems focus on the love that is essential for survival, rebirth, and dreams. More than 100 prominent African American poets contribute, including the distinguished and award-winning poets Toi Derricotte, Sam Cornish, Jabari Asim, and Pinkie Gordon Lane.

I, Too, Sing America Catherine Clinton, 1998 A collection of poems by African-American writers, including Lucy Terry, Gwendolyn Bennett, and Alice Walker.

A History of African American Autobiography Joycelyn Moody, 2021-07-22 This History explores innovations in African American autobiography since its inception, examining the literary and cultural history of Black self-representation amid life writing studies. By analyzing the different forms of autobiography, including pictorial and personal essays, editorials, oral histories, testimonials, diaries, personal and open letters, and even poetry performance media of autobiographies, this book extends the definition of African American autobiography, revealing how people of African descent have created and defined the Black self in diverse print cultures and literary genres since their arrival in the Americas. It illustrates ways African Americans use life writing and autobiography to address personal and collective Black experiences of identity, family, memory, fulfillment, racism and white supremacy. Individual chapters examine scrapbooks as a source of self-documentation, African American autobiography for children, readings of African American persona poems, mixed-race life writing after the Civil Rights Movement, and autobiographies by African American LGBTQ writers.

Trouble the Water Jerry Washington Ward, 1997 The haunting refrain of the anonymous spiritual *Were You Dere?*, the

classic rhymes of Frances Ellen Watkins Harper's *Bury Me in a Free Land*, the jazz beat of Maya Angelou's *Times-Square-Shoeshine-Composition*, and the exquisite balance of Etheridge Knight's haikus-the entire rich and varied tradition of African-American poetry appears in this superb anthology, unified throughout by the authenticity of experiences wrung straight from the soul. *Trouble the Water*, the first collection to cover close to 300 years of poetic achievement in 400 important works by African-American writers, features women as half the contributors and includes nearly 50 poems from the 1980s and 1990s.

The African American Sonnet Timo Müller, 2018-08-02 Some of the best known African American poems are sonnets: Claude McKay's *If We Must Die*, Countee Cullen's *Yet Do I Marvel*, Gwendolyn Brooks's *First Fight*. Then *Fiddle*. Yet few readers realize that these poems are part of a rich tradition that formed after the Civil War and comprises more than a thousand sonnets by African American poets. Paul Laurence Dunbar, Jean Toomer, Langston Hughes, Margaret Walker, and Rita Dove all wrote sonnets. Based on extensive archival research, *The African American Sonnet: A Literary History* traces this forgotten tradition from the nineteenth century to the present. Timo Müller uses sonnets to open up fresh perspectives on African American literary history. He examines the struggle over the legacy of the Civil War, the trajectories of Harlem Renaissance protest, the tensions between folk art and transnational perspectives in the thirties, the vernacular modernism of the postwar period, the cultural nationalism of the Black Arts movement, and disruptive strategies of recent experimental poetry. In this book, Müller examines the inventive strategies African American poets devised to occupy and reshape a form overwhelmingly associated with Europe. In the tightly circumscribed space of sonnets, these poets mounted evocative challenges to the discursive and material boundaries they confronted.

Jazz Griots Jean-Philippe Marcoux, 2012-06-27 This study is about how four representative African American poets in the 1960s, Langston Hughes, Umbra's David Henderson, and the Black Arts Movement's Sonia Sanchez, and Amiri Baraka engage, in the tradition of African griots, in poetic dialogues with aesthetics, music, politics, and Black History, and in so doing narrate, using jazz as meta-language, genealogies, etymologies, cultural legacies, and Black (hi)stories. In intersecting and complementary ways, Hughes, Henderson, Sanchez, and Baraka fashioned their griotism from theorizations of artistry as political engagement, and, in turn, formulated a Black aesthetic based on jazz performativity -a series of jazz-infused iterations that form a complex pattern of literary, musical, historical, and political moments in constant cross-fertilizing dialogues with one another. This form of poetic call-and-response is essential for it allows the possibility of intergenerational dialogues between poets and musicians as well as dialogical potential between song and politics, between Africa and Black America, within the poems. More importantly, these jazz dialogisms underline the construction of the Black Aesthetic as conceptualized respectively by the griotism of Hughes, of Henderson, and of Sanchez and Baraka.

28 Days of Poetry Celebrating Black History Latorial Faison, 2007-02 *28 Days of Poetry: Volume 1* is an eclectic collection of poems celebrating the history and legacy of African-Americans. The book reflects on slavery and the civil rights movement

and paints poetic pictures of the south during a time when America was a divided nation. Young readers will enjoy biographical poems that tell the history of black inventors and other notable leaders in American history. This is the first book of a series written by Faison celebrating Black History.

Words with Wings Belinda Rochelle,2001 Pairs twenty works of art by African-American artists with twenty poems by twenty African-American poets.

Drumvoices Eugene Redmond,1976

Robert Hayden in Verse Derik Smith,2018-08-22 This book sheds new light on the work of Robert Hayden (1913–80) in response to changing literary scholarship. While Hayden’s poetry often reflected aspects of the African American experience, he resisted attempts to categorize his poetry in racial terms. This fresh appreciation of Hayden’s work recontextualizes his achievements against the backdrop of the Black Arts Movement and traces his influence on contemporary African American poets. Placing Hayden at the heart of a history of African American poetry and culture spanning the Harlem Renaissance to the Hip-Hop era, the book explains why Hayden is now a canonical figure in 20th-century American literature. In deep readings that focus on Hayden’s religiousness, class consciousness, and historical vision, author Derik Smith inverts earlier scholarly accounts that figure Hayden as an outsider at odds with the militancy of the Black Arts movement. *Robert Hayden in Verse* offers detailed descriptions of the poet’s vigorous contributions to 1960s discourse about art, modernity, and blackness to show that the poet was, in fact, an earnest participant in Black Arts-era political and aesthetic debates.

The Cambridge Companion to the Harlem Renaissance George Hutchinson,2007-06-14 This 2007 Companion is a comprehensive guide to the key authors and works of the African American literary movement.
