**Current Debates in Social Sciences 2021** Abidin Çevik,2021-09-20 The book, entitled “Current Debates in Social Sciences 2021”, aims to make contributions both to academic world, namely to the literature of economics, philosophy, linguistics and history and to real world through the formation of national economic policies in various aspects. The book is designed to examine economics, philosophy, linguistics and history from different perspectives. For this aim, 29 scholars, 3 editors and the precious employees of IJOPEC Publications came together and published this book. In all chapters, current issues are tried to be examined through stateof- the-art econometric approaches, economic theory and rigorous analysis. Like any other books, the process was toilsome and demanding but the aim is divine: to contribute to the literature. Consequently, any academician, or practitioner who is interested in economics, philisophy, linguistics and history would benefit from the book.

*Public Istanbul* Frank Eckardt,2008 Istanbul is one of the largest and most dynamic metropolises on the European continent. In the context of processes of globalization and local urban planning projects urban space is continously contested. In this anthology forms, meanings and images of these urban spaces are discussed by architects, historians, and social scientists. Through interdisciplinary approaches of theory and case studies the book delivers a deep insight into the construction and constitution of public spaces and spheres in contemporary Istanbul.

Aviation Law: Cases, Laws and Related Sources Paul B. Larsen,John Gillick,Joseph Sweeney,2012-06-07 Written in the context of the post-9/11 legal climate, this text introduces all the major areas of aviation, covering such topics as the international air law regime, crimes involving aircraft, international air carriage, litigation management, and governmental immunity from liability.

Urban Geography Michael Pacione,2001 This text is an introduction to the study of towns and cities. The book synthesizes a wealth of material to provide a comprehensive introduction for students of urban geography, drawing on a rich blend of theoretical and empirical information, to advance their knowledge of the city. For the first time in the history of humankind, urban dwellers outnumber rural residents and this trend is destined to continue. Urban places, towns and cities are of fundamental importance: for the distribution of population within countries; in the organization of economic production, distribution and exchange; in the structuring of social reproduction and cultural life; and in the allocation and

exercise of power. Even those living beyond the administrative or functional boundaries of a town or city, will have their lifestyle influenced to some degree by a nearby or distant city.

*May It Fill Your Soul* Timothy Rice, 1994-07-13 In this vivid musical ethnography, Timothy Rice documents and interprets the history of folk music, song, and dance in Bulgaria over a seventy-year period of dramatic change. From 1920 to 1989, Bulgaria changed from a nearly medieval village society to a Stalinist planned industrial economy to a chaotic mix of capitalist and socialist markets and cultures. In the context of this history, Rice brings Bulgarian folk music to life by focusing on the biography of the Varimezov family, including the musician Kostadin and his wife Todora, a singer. Combining interviews with his own experiences of learning how to play, sing and dance Bulgarian folk music, Rice presents one of the most detailed accounts of traditional, aural learning processes in the ethnomusicological literature. Using a combination of traditionally dichotomous musicological and ethnographic approaches, Rice tells the story of how individual musicians learned their tradition, how they lived it during the pre-Communist era of family farming, how the tradition changed with industrialization brought under Communism, and finally, how it flourished and evolved in the recent, unstable political climate. This work—complete with a compact disc and numerous illustrations and musical examples—contributes not only to ethnomusicological theory and method, but also to our understanding of Slavic folklore, Eastern European anthropology, and cultural processes in Socialist states.

*Dīwān of Sultan Mehmed II with commentary* Mehmed II (sultan ottoman), ۱۵۱۱, Millet Genel Kütüphanesi, 2014

*How to Read an Oral Poem* John Miles Foley, 2002 Drawing on many examples including an American slam poet, a Tibetan paper-singer, a South African praise-poet, and an ancient Greek bard (Homer) the author shows that although oral poetry predates writing it continues to be a vital culture-making and communications tool. Based on research on epics, folktales, lyrics, laments, charms, etc.--Back cover.

**Police, Provocation, Politics** Deniz Yonucu, 2022-03-15 In *Police, Provocation, Politics*, Deniz Yonucu presents a counterintuitive analysis of contemporary policing practices, focusing particular attention on the incitement of counterviolence, perpetual conflict, and ethnosectarian discord by the state security apparatus. Situating Turkish policing within a global context and combining archival work and oral history narratives with ethnographic research, Yonucu demonstrates how counterinsurgency strategies from the Cold War and decolonial eras continue to inform contemporary urban policing in Istanbul. Shedding light on counterinsurgency's affect-and-emotion-generating divisive techniques and urban dimensions, Yonucu shows how counterinsurgent policing strategies work to intervene in the organization of political dissent in a way that both counters existing alignments among dissident populations and prevents emergent ones. Yonucu suggests that in the places where racialized and dissident populations live, provocations of counterviolence and conflict by state security agents as well as their containment of both cannot be considered disruptions of social order. Instead, they can

only be conceptualized as forms of governance and policing designed to manage actual or potential rebellious populations.

Democracy and New Media Henry Jenkins, David Thorburn, Brad Seawell, 2004 Essays on the promise and dangers of the Internet for democracy.

*The Alevis in Turkey* David Shankland, 2003-12-08 The example of the Alevis of Turkey is used to contribute to debates over the role of Islam in the modern world. It is argued there is nothing inherently secular-proof within Islam, but belief depends on the wider social and religious context.

**The Mahdi Wears Armani** Anne Ross Solberg, 2013-05-15

**Immanent Art** John Miles Foley, 1991

**The Bektashi Order of Dervishes** John K. Birge, 1994

*Writing Religion* Markus Dressler, 2015 Markus Dressler tells the story of how a number of marginalized socioreligious communities, traditionally and derogatorily referred to as Kizilbas ("Redhead"), captured the attention of the late Ottoman and early Republican Turkish nationalists and were gradually integrated into the newly formulated identity of secular Turkish nationalists.

*Alevism-Bektashism* Ali Yaman, Aykan Erdemir, 2006

New New Media Paul Levinson, 2013 From the publisher. For more than 60 years, instructors and their students have looked to Penguin trade paperbacks for state-of-the-art scholarship, accessibility, and fair prices. Allyn & Bacon, Penguin's sister company, aims to meet those same expectations with textbooks in our series, Penguin Academics. We've created the Penguin Academics series with ease of use in mind—the books are conveniently portable and highly readable, with engaging typefaces and interior designs. Concise yet thorough in their coverage of the basics, Penguin Academics titles are ideal for use either by themselves or in combination with other books.

*MY MOTHER'S TALES* Aziza Jafarzade, 2015-05-12 The tales in this book were told to the renowned author and academic Aziza Jafarzade by her mother Grandmother Boyukhanim when she was a child in Azerbaijan in the first half of the last century. In later life she faithfully wrote them down and preserved them for posterity in the collection *My Mother's Tales* published in Baku in 1982. They are a joy to read. Influenced by fairy tales and folklore they are rich in mysticism, metaphor, allegory and magic. With dragons and serpents, speaking animals, flying horses and other strange creatures, every story has a strong moral element to it. Good usually triumphs over evil, but not always, for - like all good fairy tales - there is a dark side to them. All aspects of human life are addressed with consummate skill and these stories will appeal to both children and adults alike. This universal appeal and timelessness is best summed up by Professor Maharramova: She used the language of the marvellous to mirror the hopes and fears of our own world.

**Alevi Identity** Tord Olsson, Elisabeth Ozdalga, Catharina Raudvere, 2005-09-30 In the rising momentum for new and

reformulated cultural identities, the Turkish Alevi have also emerged on the scene, demanding due recognition. In this process a number of dramatic events have served as important milestones: the clashes between Sunni and Alevi in Kahramanmaraş in 1979 and Çorum in 1980, the incendiarism in Sivas in 1992, and the riots in Istanbul (Gaziosmanpaşa) in 1995. Less evocative, but in the long run more significant, has been the rising interest in Alevi folklore and religious practices. Questions have also arisen as to what this branch of Islamic heterodoxy represents in terms of old and new identities. In this book, these questions are addressed by some of the most prominent scholars in the field.

**Lyric, Meaning, and Audience in the Oral Tradition of Northern Europe** Thomas Andrew DuBois, 2006 DuBois draws on sets of lyric songs from England, Wales, Scotland, Ireland, Norway, Sweden, and Finland to explore the question of meaning in folklore, especially the role of traditional audiences in appraising and understanding nonnarrative songs.

Hermeneutics and the Human Sciences Paul Ricoeur, Paul Ricœur, 2016-08-26 John B. Thompson's collection of translated essays forms an illuminating introduction to Paul Ricoeur's prolific contributions to sociological theory.
