Ultimate Truth - Made Simple Nilesh Shah,2023-07-01 IT'S THE ONLY WAY TO PREVENT WW3 Just like the sun illuminates the skies and the world, the truth illuminates our soul and our life and brings peace and prosperity. Mahatma Gandhi used it for his struggles and conquered. This is my little attempts to empower souls with the truth and compassion so that the humanity can rise above the ignorance which leads to greed and mistrust which in turn results in many issues and conflicts. The truth needs to be discovered and nobody can make this journey for you. We are products of our own thoughts as mentioned by Lord Buddha, So how do we purify and conquer our own thoughts? Obviously, those who think great do great things and those with low level egoistic thinking cause wars, deaths, and destruction as well as pain and suffering. Above all else we are all human beings and Humanity needs to rise to pure and Devine thinking. The most powerful tool we can use is the Truth, The Ultimate truth. Hope this book will help you to rise to higher spiritual dimension and true divine super intelligence. Free version is available on www.neallesh.com/book

Shreemad Bhagavad Gita Paramahansa Sri Swami Vishwananda, 2017-01-12 The Shreemad Bhagavad Gita is one of the most ancient scriptures in the world. Of all the scriptures, it is said that Gita provides the deepest and most practical knowledge about faith, devotion, surrender, detachment, and a release of expectations and ownership over one's own actions. But like any teaching, time and unqualified minds can distort scriptures like this and misrepresent what is contained within. It is for that purpose that the Lord continuously takes birth on earth in the form of the Guru to revive the true essence of the Gita and to demonstrate the simplicity and power of the divine message of the Lord. One such Master is Paramahansa Sri Swami Vishwananda, and this book is his personal commentary on this timeless knowledge. Included here are over 900 pages of verses, translations, drawings for every chapter, and Paramahansa Vishwananda's extensive commentary. Perfect for the beginner as well as those who have read other commentaries, this is more than just a book. It is a guiding light that can be applied to every day, to every thought, and to every moment.

Spiritual Power Gian Kumar, 2018-10-30 'What we achieve inwardly will change outer reality.'— Plutarch In this compact volume, Gian Kumar, a thinker by nature, has delved into the essence of spirituality, and its relationship with every aspect of

human existence. When we cease to blame destiny for every mishap occurring in our lives and instead seek answers from within, we will be on the path to illumination and awareness. Gian Kumar has put this wisdom to the test innumerable times in his life. His own struggles strengthened his resolve to fight life's battles from his inner resources rather than look outward. He shares his insights with us, offering some new revelations each time. He reiterates that spiritualism is purely based on the theory that 'all that exists is one and not two.' We are here to experience this oneness, with the realization that we are all interconnected and interrelated and simply cannot exist on our own. This volume should be used as an advanced guide to help us discover the inner path of spirituality, and how to live complete, fulfilling lives.

I believe that the last incarnation of the Lord has been in the form of Bhagawan Sri Sathya Sai Baba and I am still learning more about Him each day of my life. As I am still a seeker, I am growing and enjoying every part of my spiritual journey until to this very moment.

Vedas A Way Of Life Ramanuj Prasad,2004-01-01 The Veda (Sruti) is the most comprehensive doctrine on religion ever revealed to mankind that answers all man's queries on the here and now and the hereafter. Human objectives can be broadly grouped under four categories: desire (kama), material gain (artha), religious merits (dharma) and liberation (moksha). The Veda holds the key to fulfil all these aspirations. But the Veda simply reveals the Truth, never pressurising anyone to follow a particular path to self-discovery. Each person is free to choose his own path to discovery of the Self or God. The Vedas act as the means to the ultimate knowledge that is possible through direct perception. The book seeks to increase awareness amongst readers about this wonderful treasury of ancient wisdom. Study of this enlightening text will enhance the values of brotherhood, love and compassion, which are the need of the hour in our troubled times.

The Conqueress Dr. Marcy Buehler,2021-05-04 "Dr. Marcy Buehler prefaces her insightful self-help book *The Conqueress* by admitting something that will ring true for many: she took the world by storm in her youth even if it meant learning the hard way, but secretly, she felt deeply insecure. Her life steamrolled along with bravado in spite of this inconvenient fact until she experienced "The Fall," losing what seemed to be everything of value — her husband, her financial success, and her prized possessions. Suddenly left face to face with her inner self, the blithe lack of self-awareness she clung to when things were easy turns to inescapable anguish. With a daughter to support, Dr. Marcy B determines to do the hard work of enduring, and eventually thriving, with a little help from an intrinsic spark of life she calls "The Conqueress." To better herself, and inspire her daughter, she embarks on a transformative journey towards "allowing the intuitive voice of the Conqueress to guide the course of my life." Dr. Marcy B proclaims that she's done sacrificing her integrity and wants to "let

go of the messages, standards, and opinions of others. There is no other choice.” Her shift is miraculous, having successfully recovered from the gamut: divorce, codependency, addiction, low self-worth, and eating disorders. So listen up because she’s prepared to teach us her ways. A transformational yoga experience led her to India and played a significant role in her spiritual awakening. Meanwhile, she’s equally comfortable dissecting neuroplasticity or “the ability of the physical brain to actually rewire itself and build new neural pathways.” This balance between the abstract and the practical makes for an enjoyable yet functional read, one that serves as both an inspirational text and a workbook. The doctor is in to disprove “the notion that one cannot be both scientific and spiritual,” and it’s a hopeful concept. They unite mightily to create a game plan for renewal that she calls the FEATs approach: Feel, Explore, Acceptance, Transform. Dr. Marcy B is a pro at outlines, so her book is structured handily. She identifies four necessary shifts for transformation to take hold: Physical, Psychological, Social, and Spiritual and integrates the use of light, sound, vibration, movement, and imagery throughout the book. These latter components help restore homeostasis, aka the stability and balance of your body’s systems. Note the plentiful scientific terms and evidence peppered throughout. While Dr. Marcy B says that “my most profound experiences of spiritual knowledge served as a reminder to trust myself - to always trust myself,” her engagement with a solid factual foundation allows us to trust her too. Additionally, she writes in an extremely accessible style, presenting lessons that are easily understood but speak volumes. Like a gentle therapist, (therapy is something she sincerely encourages by the way) she offers kind, empathetic advice backed by years of study. I’m sure you’ve heard that people are onions. Dr. Marcy B takes that metaphor and runs with it, describing our journey as peeling back four layers through the application of FEATs. The first layer contains tools of mindfulness, breath and meditation, and a breakdown of each. She even provides a soothing meditation script. In layer two, when we explore, we start getting to the sources of “fear-based messages and false and limiting beliefs.” She again introduces tools, one being journaling. To those of you who sit and exasperatedly stare at a blank notebook page, never fear; our author gives directions to optimize the experience and make the most of this potentially powerful tool. Layer three, Acceptance, is a tricky one. After all, the author herself had a plan for her perfect life that she had to relinquish. Naturally, a little perspective shift and some incorporation of gratitude didn’t hurt, but she has still more tips and tricks up her sleeve. The final layer, Transform, utilizes imagery and visualizations to narrow in on that inner Conqueress. Dr. Marcy B details her own “unfolding,” and assures us that we too “now have the Tools to transform your life. The outcome will exceed your wildest dreams. Trust the Conqueress to know how to achieve them.” Closing *The Conqueress*, the reader indeed has plenty to work with and work towards; the journey is led by a sincerely gifted guide in Dr. Marcy Buehler. ” BookTrib, 2021

The Kalki Avatar Spiritual,2022-10-12 Kalki Avatar is a journey into psycho-spirituality which is very apt for the present

generation. Just like how most of life and materialistic processes are subjected to evolution, so is spirituality as well. The writer has seen multiple dimensions of life and the book is an output of her experience with psychosis, psychedelics and spiritual ecstasy. The book presents to you a good understanding of the body, the difference between various states of the mind and perception of the nature of the soul. While most of them are restive and seek an answer, Kalki Avatar exposes the simplest yet the most powerful strategies to fulfill the quest for well-defined values. You are sure to have a stirring experience reading the book.

Hindu Dharma-A Teaching Guide Kamlesh Kapur, 2013-08 This book builds an overarching view of the essential elements, themes, and teachings of the world's oldest surviving faith tradition Hinduism. Each theme is divided in easy to follow lessons. Highly philosophic content of Vedic chants is made simple enough for students as young as 5. For in-depth study, several appendices guide students into scholarly understanding of complex philosophic ideas such as the nature of reality, the nature of the mind, and the cosmic laws enshrined in the Vedic and post-Vedic texts. As a teacher with 20+ years of experience, the author presents ancient wisdom in simple language. Many books have been written about Hinduism, many of them incomplete and confusing. This book will appeal to those seeking an easy to read, logical approach to both understanding and teaching Hinduism. The book will be useful to parents, grandparents, teachers and students alike.

THE ART OF MAN MAKING PART I Swami Chinmayananda, 2015-02-27 Pujya Gurudev Swami Chinmayananda made it a priority to revive the young generation of Indians, who were drifting through life without any clear goals, vision or direction. He believed that growth of the newly independent India could only be achieved by a motivated and clear-headed generation of youngsters. In order to inspire the youngsters of India and show them the possibilities of a nobler life, Gurudev delivered a series of fiery 10-minute talks on All India Radio, based on the Bhagavad-gita. He gave this ancient wisdom a contemporary

context and presented in a form that was palatable and practical to the modern youngsters. Although delivered in the 1960s, these teachings are as relevant, fresh and inspiring today as they were 40 years ago. 114 SHORT TALKS ON THE BHAGAVAD-GITA
