

La Quinta Columna Guerra Civil

Clifford Lane

La Quinta Columna Alberto Laguna Reyes, Antonio Vargas Márquez, 2019-04-24 Ochenta años después del final de la Guerra Civil española, la actuación de la Quinta Columna franquista tras las líneas republicanas sigue siendo todavía una de los aspectos más desconocidos de la contienda. A través de diferentes organizaciones clandestinas, cientos de hombres y mujeres llevaron una doble vida para infiltrarse, obtener información del enemigo y preparar evasiones hacia la zona franquista. Eran, en su mayoría, personas anónimas cuyas acciones nunca fueron dadas a conocer por las autoridades, pero que lograron cambiar una parte de la Historia de esta guerra. Por primera vez, todas estas extraordinarias historias de «emboscados» en territorio republicano llegan a los lectores en un relato riguroso y vibrante que reconstruye la otra guerra que se libró en España entre 1936 y 1939; la guerra secreta en territorio enemigo.

Falangist and National Catholic Women in the Spanish Civil War (1936-1939) Angela Flynn, 2020-03-11 Although there is an established historiography on women's roles during the Spanish Civil War (1936-9), little has been written on Nationalist women in the Republican-held zones. Women were the anti-Republican resisters of the first hour in the capital but they have been largely overlooked in the historical record. During the bitter civil conflict a sector of dissident women helped to create a subversive and clandestine national Catholic space in the heart of Republican Madrid. By examining the vital and invisible role played by women within Madrid's 'fifth column' this monograph offers a new contribution to the gender historiography of the Spanish Civil War and re-evaluates the significance of women in the Nationalist war effort. It explores how and why a sector of Falangist and Catholic women decided to mobilise against the legally constituted Popular Front government in support of an undemocratic military coup. While women's subversive activities often involved the transgression of traditional gender norms, their social and political agency arose within the conditions and precepts of Catholicism and was conceptualised and imagined within new national-Catholic discourses of 'holy Crusade.'

Interacting Francoism José M. Faraldo, Gutmaro Gómez Bravo, 2023-06-23 The book presents various investigation into 20th-century European dictatorships, with its focus on Franco's dictatorship and the Spanish Civil War. Francisco Franco's dictatorship in Spain (1936/1939-1975/1978) was a modern form of authoritarianism, with a strong totalitarian period, like many other dictatorships of the time. Francoism occupies a place in history alongside other different dictatorships of its age, and a comparative analysis might prove to be a powerful tool in order to understand how, in the middle of the 20th century, such a repressive and authoritarian form of political control emerged. One of the most forgotten fascisms, which at the same time was influenced by and influenced other dictatorships, there are many aspects of the transnational connections of Francoism that remain under-researched. Following this methodology, thus, an attempt is made to situate Francoism in the context of the other dictatorships of the time, in an attempt to transcend explanations centered on the nation. The chapters cover groundbreaking topics such as the Spanish Civil War as one of the first total wars or Spanish fascism in context as one of the main European totalitarianisms. The chapters always have more than one dimension: they speak of interrelation, entanglement, collaboration and diffusion, and, in general, put the different dictatorships (essentially: Francoism, diverse Fascisms and Communism) in context and comparison.

The Republican Army in the Spanish Civil War, 1936-1939 Michael Alpert, 2013-02-28 This is a long-awaited translation of a definitive account of the Republican Army in the Spanish Civil War. Michael Alpert examines the origins, formation and performance of the Republican Army and sets the Spanish Civil War in its broader military context. He explores the conflicts between communists and Spanish anarchists about how the war should be fought, as well as the experience of individual conscripts, problems of food, clothing and arms, and the role of women in the new army. The book contains extensive discussion of international aspects, particularly the role of the International Brigades and of the Soviet Russian advisers. Finally, it discusses the final uprising of professional Republican officers against the Government and the almost unconditional surrender to Franco. Professor Alpert also provides detailed statistics for the military forces available to Franco and to the Republic, and biographies of the key figures on both sides.

Censura y recepción de Hemingway en España Douglas Edward Laprade, 2005 Aquest llibre és un estudi de la censura i recepció que les obres d'Ernest Hemingway van tenir a Espanya. En el primer capítol es demostra que quan el nord-americà va escriure «Per a qui toquen les campanes» defensava la política cultural de l'Aliança d'Intel·lectuals Antifeixistes per a la Defensa de la Cultura. A més, s'hi ofereix una anàlisi al·legòrica de la novel·la amb l'objectiu de demostrar com el text s'assembla a les al·legories d'Alberti. El segon capítol resumeix la crítica espanyola sobre les obres de

Hemingway. Es fa atenció especial a les ressenyes anticipades que es publicaren a Espanya abans que els seus llibres apareguessen en el país. Cinc dels set capítols d'aquest llibre són resultat de la recerca que s'ha dut a terme en l'Arxiu General de l'Administració d'Alcalá de Henares. El tercer capítol és un resum dels expedients compilats pels censors espanyols sobre les obres de l'escriptor publicades a Espanya durant el règim de Franco. El quart comenta l'expedient que els censors franquistes van reunir sobre el llibre «Hemingway, entre la vida y la muerte», de l'autor espanyol José Luis Castillo-Puche. Aquest capítol demostra com els censors controlaren la crítica sobre Hemingway, a més de censurar els llibres de l'escriptor. El cinquè capítol reproduïx i comenta la correspondència sobre el film «Per a qui toquen les campanes» enviada entre l'ambaixador d'Espanya a Washington i els còsols espanyols als Estats Units. El sisè capítol publica i comenta la correspondència sobre el film «Les neus del Kilimanjaro» enviada entre els diplomàtics espanyols destinats als Estats Units. El setè estudia l'expedient compilat sobre Gustavo Durán, amic de Hemingway durant la Guerra Civil i personatge de la novel·la «Per a qui toquen les campanes». Aquest expedient aporta una nova interpretació de les al·lusions al poble d'Usera en la novel·la de Hemingway.

International Communism and the Spanish Civil War Lisa A. Kirschenbaum,2015-07-28 This book provides an intimate picture of international communism in the Stalin era. Focusing on Americans and Spaniards who worked or studied in Moscow and later participated in the Spanish civil war, it uncovers the personal and political ties that linked communists to one another and the Soviet Union.

The Spanish Civil War at Sea Michael Alpert,2021-09-15 The Spanish Civil War of 1936-1939 underlined the importance of the sea as the supply route to both General Franco's insurgents and the Spanish Republic. There were attempted blockades by Franco as well as attacks by his Italian and German allies against legitimate neutral, largely British, merchant shipping bound for Spanish Republican ports and challenges to the Royal Navy, which was obliged to maintain a heavy presence in the area. The conflict provoked splits in British public opinion. Events at sea both created and reflected the international tensions of the latter 1930s, when the policy of appeasement of Germany and Italy dissuaded Britain from taking action against those countries' activities in Spain, except to participate in a largely ineffective naval patrol to try to prevent the supply of war material to both sides. The book is based on original documentary sources in both Britain and Spain and is intended for the general reader as well as students and academics interested in the history of the 1930s, in naval matters and in the Spanish Civil War.

Hemingway & Franco Douglas Edward Laprade,2011-11-28 Este volumen es un análisis fundamental para entender los lazos del escritor norteamericano con la España republicana y su posterior acogida, durante los años de postguerra, por parte del gobierno del general Franco. Los primeros tres capítulos examinan las alusiones literarias e históricas de algunas de sus obras en referencia a España, su relación política y literaria con Rafael Alberti y la recepción del escritor a la luz de su

ideología. Los últimos cinco capítulos ofrecen y explican los documentos españoles, depositados en el Archivo General de la Administración en Alcalá de Henares, que testimonian cómo el gobierno franquista siempre consideró a Hemingway un escritor comunista y, por tanto, peligroso y objeto de censura.

The Bloomsbury Handbook of the Spanish Civil War Antonio Cazorla-Sanchez, Alison Ribeiro de Menezes, Adrian Shubert, 2023-11-30 In 25 innovative thematic essays, The Bloomsbury Handbook of the Spanish Civil War sees an interdisciplinary team of scholars examine a conflict that, more than 80 years after its conclusion, continues to generate both scholarly and public controversy. Split into four main sections covering Military and Diplomatic Issues, Society and Culture, Politics, and Debates, the volume offers a number of unique features. It is unprecedented in its comprehensiveness and includes chapters on topics that are rarely, if ever, explored in the literature of the field: humanitarianism, children and families, material conditions, the decimation of elites, archives and sources, archaeological approaches, digital approaches, public history, and cultural studies approaches. Instead of discussing each of the two warring sides, Republicans and Francoists, separately, as is so often the case, the book's thematic structure means that these opposing forces are examined together, facilitating comparison and fresh understanding in numerous areas of study. Contributors from the UK, the USA, Canada, Spain and Denmark also analyse the major controversies and disputes surrounding each topic as part of a detailed exploration of one of the seminal events of the 20th century.

Handbook on Cuban History, Literature, and the Arts Mauricio A. Font, Araceli Tinajero, 2016-03-02 First Published in 2016. If scholarship on Cuban studies after the 1959 revolution focused on the historical and cultural aspects of the construction of a socialist order, the post-1989 crisis of socialism in Central and Eastern Europe raised questions about the island's state as a socialist model. The scholarly gaze gradually began to focus on possibilities for alternative transformations at various levels of social life rather than on the deepening of traditional twentieth-century state socialism. This volume explores the newly emergent themes and debates about Cuban society and history.

República, Guerra Civil y represión en Abla (Almería), 1931-1945 Francisco Manuel López López, 2016-06-14 El objetivo principal de esta tesis es el análisis de la represión franquista en Abla partiendo del marco histórico que la originó, incluyendo los aspectos sociales y económicos que son, en gran parte, responsables de los posicionamientos políticos de la población. Para ello se trata de establecer el marco socioeconómico de partida analizando la población de Abla durante el

periodo estudiado, comprobando su evolución y características comparándola con la de España y provincia de Almería, así como con la de los pueblos de la actual mancomunidad de municipios Río Nacimiento. Igualmente, vemos cuál era la situación económica en este pueblo, cómo estaba distribuida la riqueza rústica y urbana, cuáles eran las principales actividades económicas y algunas de sus problemáticas, atendiendo a la situación de los obreros en cuanto a salarios, precios de los artículos de primera necesidad y condiciones de trabajo. Realiza un recorrido por los servicios públicos con que se contaba en la época para darnos una idea de cómo vivían los abulenses durante estos años, comprobando las distancias y las diferencias entre las condiciones de vida actuales y las de nuestros padres y abuelos. Así mismo, se contempla el panorama político de Abla durante la década de los treinta del pasado siglo XX para ver cómo se reflejaba en este pueblo la situación política del país, tratando aspectos como los partidos y asociaciones con implantación en el pueblo, el desarrollo de los procesos electorales y la dinámica municipal. Se aprecia la incidencia que tuvo la Guerra Civil en Abla, atendiendo a sus antecedentes, la actuación de los poderes locales y las consecuencias de la represión en la retaguardia republicana. Analiza la estructura de la justicia militar que procesó a los abulenses represaliados, viendo las características de los “delitos” de los que fueron acusados, de las denuncias, de los denunciados y testigos, de las penas y su cumplimiento, así como las de los propios procesados. Se alude, aunque con menos profundidad, a la represión económica ejercida a través de los tribunales de Responsabilidades Políticas. Por otra parte, se comprueba, en el ámbito de Abla, que una de las consecuencias del triunfo del Frente Popular en febrero de 1936, fue el acceso por primera vez al poder local, como en otros municipios y en el resto del Estado, de una clase social que jamás lo había ejercido: la clase obrera. Fue dicha clase la que mantuvo este poder tanto en la primavera de 1936 como durante la Guerra Civil, bien por medio de los ayuntamientos hasta el comienzo de la guerra, por medio de los comités revolucionarios durante los primeros meses del conflicto, o bien a través de los consejos municipales a partir de enero-febrero de 1937. Se trata de demostrar que la lucha de clases que supuso la Guerra Civil también quedó reflejada en la represión militar ejercida en la comarca a través de los procedimientos sumarios de urgencia, donde fue la clase obrera la que tuvo el “honor” de coparlos. Intenta establecer que, dado que el Alto Nacimiento era de economía esencialmente agrícola, fueron los jornaleros, trabajadores del campo y labradores que cultivaban las tierras por el sistema de aparcería, los que engrosaron mayoritariamente las filas de los que fueron sometidos a la “justicia” militar tras la guerra. Trata de demostrar, igualmente, cómo el carácter ideológico del conflicto civil y de la represión subsiguiente quedó reflejado con claridad en la filiación política de los represaliados y cómo los del Alto Nacimiento no fueron una excepción, siendo, en su práctica totalidad, militantes de partidos de la izquierda obrerista y/o de sociedades obreras afines, fundamentalmente PSOE y UGT y, en menor medida, aunque también en número significativo, PCE y CNT, partidos y organizaciones que formaban parte o apoyaban al Frente Popular, encontrándonos también algunos militantes de Izquierda Republicana. Se comprueba la carga ideológica del lenguaje utilizado en los informes, denuncias, sentencias... con la que se trataba de incidir

sobre la “perversidad intrínseca” del Frente Popular y la de todos aquellos que lo habían apoyado y, por extensión, la de la República, como forma de deslegitimar a ésta y legitimar la sublevación militar, la Guerra Civil subsiguiente y el Régimen salido de ella. Se incluye en el trabajo, así mismo, un anexo imprescindible con las biografías de los abulenses represaliados tras la Guerra Civil.

Tesoro artístico y guerra civil Víctor de la Vega Almagro, 2007 El Cronista de Cuenca Juan Giménez de Aguilar y Cano murió en Alcalá de Henares en el año 1947, desterrado y proscrito por los ganadores de la guerra civil española. La leyenda negra creada en torno a él por los franquistas, aún perdura. Este trabajo espera contribuir a desmontarla y restablecer la verdad sobre su actuación al frente de la Junta del Tesoro Artístico de Cuenca durante la guerra civil española. La recuperación de la memoria y la verdad es necesaria para una comprensión equilibrada de aquel período en uno de sus aspectos más importantes: la destrucción de iglesias y ornamentos. Este libro ofrece una perspectiva del problema de la propiedad de los bienes artísticos y de cómo éstos fueron objeto de venta y especulación, así como también víctimas de la ola revolucionaria. Sin embargo, muchos republicanos se jugaron la vida para salvarlos en aquellos trágicos mil días. Esa es la verdad, y ha sido ocultada hasta ahora.

Studies in Etymology and Etiology David L. Gold, 2009 Dictionaries usually give only brief treatment to etymologies and even etymological dictionaries often do not lavish on them the attention which many deserve. To help fill the gap, the author deals in depth with several etymologically problematic words in various Germanic, Jewish, Romance, and Slavic languages, all of which have hitherto either been misetymologized or not etymologized at all. Sometimes, he succeeds in cracking the nut. Sometimes, he is able only to clear away misunderstanding and set the stage for further treatment. Usually, he marshals not only linguistic but also historical and cultural information. Since this book also discusses methodology, it has the makings of an introduction to the science, art, and craft of etymology. David L. Gold is the founder of the Jewish Name and Family Name File, the Jewish English Archives, and the Association for the Study of Jewish Languages, as well as the editor of *Jewish Language Review* and *Jewish Linguistic Studies*.

Milicianas Lisa Margaret Lines, 2012 Women played an integral role in the Spanish Civil War. In fact, women's participation in the anti-fascist resistance constituted one of the greatest mass political mobilizations of women in Spain's history. *Milicianas* provides a comprehensive picture of what life was like for the women who fought alongside their male comrades during the first year of the Spanish Civil War, focusing on how the women themselves viewed this experience. It examines the political and social forces that led to the acceptance of women into the ranks of armed combatants, and those that led to their eventual removal from the front--Page 4 of cover.
