

Les Mères Toxiques Terri Apter

Jayne Ann Krentz

Les mères toxiques Terri Apter, 2013 Bonne ou mauvaise, tout au long de votre vie, la relation que vous entretenez avec votre mère aura une grande influence sur votre personnalité et vos comportements. 5 grands profils de mères toxiques sont analysés: mère violente, mère toute-puissante, mère narcissique, mère envieuse ou mère absente. La réédition d'un grand classique de la psychologie.

Mean Mothers Peg Streep, 2009-10-13 Drawn from research and the real-life experiences of adult daughters, *Mean Mothers* illuminates one of the last cultural taboos: what happens when a woman does not or cannot love her own daughter. Peg Streep, co-author of the highly acclaimed *Girl in the Mirror*, has subtitled this important, eye-opening exploration of the darker side of maternal behavior, "Overcoming the Legacy of Hurt." There are no psychopathic child abusers in *Mean Mothers*. Instead, this essential volume focuses on the more subtle forms of psychological damage inflicted by mothers on their unappreciated daughters—and offers help and support to those women who were forced to suffer a parent's cruelty and neglect.

Les mères toxiques Terri Apter, 2016-06-15 Mère violente, mère toute-puissante, mère narcissique, mère envieuse ou mère absente... Si aucune mère n'est parfaite, le tout est d'être une suffisamment bonne mère pour son enfant. Or 20 % de la population adulte a grandi auprès d'une mère toxique ! Psychologue, spécialiste des relations familiales, Terri Apter nous aide à : - comprendre quels sont les ressorts psychologiques d'une mauvaise relation maternelle ; - se libérer de cette relation de souffrance, sans haine et sans culpabilité ; - éviter de reproduire ce schéma avec ses propres enfants. Un livre essentiel pour savoir si une mère est réellement toxique et apprendre à surpasser les éventuelles séquelles.

Mères toxiques Terri Apter, 2013-02-13 Entre fusion et confusion, entre haine et passion, entre amour et rejet, la relation mère-enfant est un profond dilemme. Un dilemme entre l'attachement nécessaire pour combler nos besoins affectifs (je veux que tu m'aimes) et le détachement nécessaire pour exister par et pour soi-même (je veux être moi). Bonne ou mauvaise, tout au long de votre vie, la relation que vous entretenez avec votre mère aura une grande influence sur votre personnalité et vos comportements. Terri Apter présente dans ce livre les différents types de mauvaises mères et explique comment s'affranchir d'une relation douloureuse. Mère violente, mère toute-puissante, mère narcissique, mère envieuse ou mère absente Psychologue, spécialiste des relations familiales, l'auteur explique les ravages que peut engendrer une relation

affective traumatisante vécue dans l'enfance. Elle décrit les 5 grands profils de mère toxique afin que chacun puisse : • comprendre quels sont les ressorts psychologiques d'une mauvaise relation maternelle, • s'extirper de cette relation de souffrance, sans haine et sans culpabilité, • éviter de reproduire avec ses propres enfants, ce qu'il ou elle a vécu ou vit encore avec sa propre mère. L'auteur propose différents questionnements et des stratégies (prise de distance, différenciation, résilience, etc.) pour élucider les comportements excessifs de ces mères qui, pour chaque enfant devenu adulte, a été le tout premier objet d'amour et d'attachement. Comprendre sa relation avec sa mère est nécessaire pour vivre sereinement ! Terri Apter explique que la majeure partie des enfants vivent auprès d'une « suffisamment bonne mère » (la enough good mother décrite par Winicott) et s'épanouissent bon an, mal an, à ses côtés. Mais des études scientifiques montrent aussi qu'une proportion constante de 20% de la population adulte, soit 1 personne sur 5, grandit auprès d'une mère toxique ! Il ne s'agit pas de porter de jugement sur ces mères et de les condamner, mais de mettre en lumière la manipulation dont elles sont capables et le chantage qu'elles s'exercent sur leurs enfants. En refermant ce livre, chaque lecteur doit pouvoir dire à sa mère - au moins virtuellement - « j'ai compris qui tu étais, je vois clair dans tes manœuvres, mais j'ai décidé de maintenir la relation avec toi et de ne plus en souffrir ». A propos de l'auteur Terry Apter est psychologue clinicienne, et professeur au Newnham College (Université de Cambridge). Spécialisée dans les relations familiales, elle a été remarquée pour ses précédents livres sur les relations entre sœurs, avec les belles-mères, etc. Elle intervient comme chroniqueuse dans Psychology Today. Difficult Mothers: Understanding and Overcoming Their Power Terri Apter, 2012-05-07 An essential work for readers seeking compassionate, wise guidance about the powerful relationship between mothers and their sons and daughters. Mother love is often seen as sacred, but for many children the relationship is a painful struggle. Using the newest research on human attachment and brain development, Terri Apter, an internationally acclaimed psychologist and writer, unlocks the mysteries of this complicated bond. She showcases the five different types of difficult mother—the angry mother, the controlling mother, the narcissistic mother, the envious mother, and the emotionally neglectful mother—and explains the patterns of behavior seen in each type. Apter also explores the dilemma at the heart of a difficult relationship: why a mother has such a powerful impact on us and why we continue to care about her responses long after we have outgrown our dependence. She then shows how we can conduct an “emotional audit” on ourselves to overcome the power of the complex feelings a difficult mother inflicts. In the end this book celebrates the great resilience of sons and daughters of difficult mothers as well as acknowledging their special challenges.

The Pool Was Empty Gilles Abier, 2010-02-01 In THE POOL WAS EMPTY, 16-year-old Celia's boyfriend, Alex, is dead

after falling into an empty swimming pool—and his mother has accused Celia of his murder. As Celia tries to clear her name and move on from her devastating loss, she reveals that the shocking events of that fateful day may not be what they seem.

Smoke in Mirrors Jayne Ann Krentz, 2002-10-29 A con artist and seductress, Meredith Spooner lived fast—and died young. But her final scam—embezzling more than a million dollars from a college endowment fund—is coming back to haunt Leonora Hutton. The tainted money is stashed away in an offshore account for Leonora. And while she wants nothing to do with the cash, she discovers two other items in the safe-deposit box: a book about Mirror House—the place where Meredith engineered her final deception and a set of newspaper stories about an unsolved murder that occurred there thirty years ago. Now Leonora has an offer for Thomas Walker, another victim of Meredith’s scams and seductions. She’ll hand over the money—if he helps her figure out what’s going on. Meredith had described Thomas as “a man you can trust.” But in a funhouse-mirror world of illusion and distortion, Leonora may be out of her league...

You Don't Really Know Me: Why Mothers and Daughters Fight and How Both Can Win Terri Apter, 2005-08-17 Understand what your teenage daughter really means—and learn to use your arguments to strengthen your bond with her. Mothers and teenage daughters argue more than any other child-parent pair—on average every two-and-a-half days. These quarrels, Terri Apter shows, are attempts to negotiate changes in a relationship that is valued by both mothers and daughters. A daughter often feels her mother doesn't know or understand her, and by fighting hopes to force her mother into a new awareness of who she really is, how she has changed, and what she is now capable of doing and understanding. But mothers often misinterpret their daughter's outbursts as signs of rejection, and they may pull back feeling hurt and confused. Through case studies and conversations between mothers and daughters, Apter shows mothers how to interpret the meanings behind a daughter's angry words and how to emerge from arguments with a new closeness.

The Teen Interpreter: A Guide to the Challenges and Joys of Raising Adolescents Terri Apter, 2022-03-29 The Teen Interpreter is a generous roadmap for enjoying the most challenging, and rewarding, parenting years. Once children hit adolescence, it seems as if overnight “I love you” becomes “leave me alone,” and any question from a parent can be dismissed with one word: “fine.” But while they may not show it, teenagers rely on their parents’ curiosity, delight, and connection to guide them through this period of exuberant growth as they navigate complex changes to their bodies, their thought processes, their social world, and their self-image. In The Teen Interpreter, psychologist Terri Apter looks into teens’ minds—minds that are experiencing powerful new emotions and awareness of the world around them—to show how parents can revitalize their relationship with their children. She illuminates the rapid neurological developments of a teen’s brain, along with their new, complex emotions, and offers strategies for disciplining unsafe actions constructively and empathetically. Apter includes up-to-the moment case studies that shed light on the anxieties and vulnerabilities that today’s teens face, and she thoughtfully explores the positives and pitfalls of social media. With perceptive conversation exercises

that synthesize research from more than thirty years in the field, Apter illustrates how teens signal their changing needs and identities—and how parents can interpret these signals and see the world through their teens’ eyes. The Teen Interpreter is a generous roadmap for enjoying the most challenging, and rewarding, parenting years.

What Do You Want from Me?: Learning to Get Along with In-Laws Terri Apter, 2010-08-30 Breaking new ground in family psychology, an exploration of the intricacy, friction, and love in the bonds between in-laws. When we marry, we believe the bond is between only two individuals. Few of us realize the power that inlaws will exert over our lives. But the in-laws we acquire when we marry affect our quality of life—our marriage, family, personal comfort, and long-term well-being—for better or worse. *What Do You Want From Me?* takes a fresh look at the age-old problem of managing conflict with in-laws, offering practical help for dealing with problems that are both immediate (“How do I deal with my in-laws now?”) and strategic (“How can I change the nature of my in-laws’ demands?”). Terri Apter, a psychologist whose books on family dynamics have received international acclaim, draws on nearly two decades of psychological research to pinpoint the sources of tension between in-laws and explore the ways in which we can build healthy relationships with the in-laws in our lives.

Passing Judgment: Praise and Blame in Everyday Life Terri Apter, 2018-01-09 Terri Apter reveals how everyday judgments impact our relationships and how praise, blame, and shame shape our sense of self. Do you know that praise is essential to the growth of a healthy brain? That experiences of praise and blame affect how long we live? That the conscious and unconscious judgments we engage in every day began as a crucial survival technique? Do you think people shouldn’t be judgmental? But, how judgmental are you, and how does this impact your relationships? “Keenly perceptive” (The Atlantic) psychologist and writer Terri Apter reveals how everyday judgments impact our relationships, and how praise, blame, and shame shape our sense of self. Our obsession with praise and blame begins soon after birth. Totally dependent on others, rapidly we learn to value praise, and to fear the consequences of blame. Despite outgrowing an infant’s dependence, we continue to monitor others’ judgments of us, and we ourselves develop what relational psychologist Terri Apter calls a “judgment meter,” which constantly scans people and our interactions with them, and registers a positive or negative opinion. In *Passing Judgment*, Apter reveals how interactions between parents and children, within couples, and among friends and colleagues are permeated with praise and blame that range far beyond specific compliments and accusations. Drawing on three decades of research, Apter gives us the tools to learn about our personal needs, goals and values, to manage our biases, to tolerate others’ views, and to make sense of our most powerful, and often confusing, responses to ourselves and to others.

Manifeste du Muséum, 2021 L'assassinat de Samuel Paty, les attentats du Bataclan et du journal Charlie Hebdo, jusqu'aux violences conjugales par lesquelles plus de cent femmes meurent en France chaque année sous les coups de leur compagnon, la violence s'expose à nous presque quotidiennement. Paradoxalement, malgré un ressenti généralisé de vivre

dans un monde violent, le niveau de violence civile en Europe de l'Ouest n'a jamais été aussi bas depuis les origines de notre pays. Toutes les violences sont-elles comparables ? Qu'est-ce que la violence ? Quelles sont ses origines naturelles ? Signé par un collectif d'auteurs, ce manifeste convoque différentes disciplines scientifiques afin de disposer d'une grille d'analyse scientifique fondée et interroge l'essence même de la violence.

Secret Paths: Women in the New Midlife Terri Apter,1997-01-17 The author of *Altered Loves* . . . now turns her analytical eye toward middle-aged women. The result is both lively and revealing. --New York Times Book Review In this groundbreaking and insightful study Terri Apter traces women's midlife course, drawing on detailed interviews with women in their forties and fifties. Apter finds that women experience a renewed sense of themselves and see the second half of life as an opportunity for psychological growth and fulfillment instead of a time of despair over lost youth and beauty. She divides midlife women into four categories--traditional, innovative, expansive, protesting--and shows the cause for the midlife crisis and the path toward resolution for each type.

Mommy, Pick Me Up Soledad Bravi,2016-04-05 *Mommy, Pick Me Up* is about a little boy who calls for help from his

Swords of Eveningstar Ed Greenwood, 2011-11-22 The first in a series about the youthful adventures Florin, Islif, and Jhessail—the much-loved Knights of Myth Drannor—as they battle to win and defend their honor. Florin Falconhand has always yearned for adventure, so when he saves the life of a Cormyrean king, it is a dream come true. But with adventure comes great danger, and unfortunately for Florin, his heroics earn him the enmity of some of Cormyr’s most dangerous denizens. If he and his friends are to survive the adventures that await them, they must learn what it means to be true to themselves, to each other, and to the Crown. In Florin's picturesque village of Eveningstar, nestled at the foot of the Stonelands, the Knights of Myth Drannor rise up. Now, for the first time, here is their story: the battles and adventures, the love and death, that brought together the band of the greatest adventurers the realms have ever seen. Their tales are among the grandest in all of Faerûn: how a diverse, rowdy group of men and women were forged into an arm of steel that smote monsters and stood guard while others slept.
