

Prime Minister Of United States

Steve Richards

Lord North Peter Whiteley, 1996-01-01 Lord North was in many ways a most successful politician. Prime Minister for an unbroken twelve years, his management of both parliament and of the business of government was adept. He enjoyed the confidence of King George III, not always an easy political ally, avoided factional strife (having no political following of his own), was notably uncorrupt and made virtually no enemies. In many ways he epitomised the political outlook and aristocratic assumptions of the eighteenth century. He is, however, principally remembered for presiding over Britain's loss of her American colonies. *Lord North: The Prime Minister Who Lost America* is a scholarly but highly readable account of his life. It includes a full study of the American War of Independence, examining it from the perspective of the British government as well as from the colonial standpoint. No senior politician had visited America and few had a proper knowledge or understanding of Americans. Too often the colonists were regarded as unruly and ungrateful children, with whom compromise was either a sign of weakness or the betrayal of the principle of parliamentary sovereignty. Highmindedness contributed to the final humiliation, as did ignorant overconfidence. Military defeat, to a country that had become preeminent in Europe by the end of the Seven Years War, was not entertained as a possibility.

Lee Kuan Yew Graham Allison, Robert D. Blackwill, Ali Wyne, 2020-09-22 CNN “Book of the Week” Featuring a foreword by Henry Kissinger The grand strategist and founder of modern Singapore offers key insights and opinions on globalization, geopolitics, economic growth, and democracy in a series of interviews with the author of *Destined for War*, and others “If you are interested in the future of Asia, which means the future of the world, you’ve got to read this book.” —Fareed Zakaria, CNN When Lee Kuan Yew speaks, presidents, prime ministers, diplomats, and CEOs listen. Lee, the founding father of modern Singapore and its prime minister from 1959 to 1990, has honed his wisdom during more than fifty years on the world stage. Almost single-handedly responsible for transforming Singapore into a Western-style economic success, he offers a unique perspective on the geopolitics of East and West. American presidents from Richard Nixon to Barack Obama have welcomed him to the White House; British prime ministers from Margaret Thatcher to Tony Blair have recognized his wisdom; and business leaders from Rupert Murdoch to Rex Tillerson, CEO of Exxon Mobil, have praised his

accomplishments. This book gathers key insights from interviews, speeches, and Lee's voluminous published writings and presents them in an engaging question and answer format. Lee offers his assessment of China's future, asserting, among other things, that "China will want to share this century as co-equals with the U.S." He affirms the United States' position as the world's sole superpower but expresses dismay at the vagaries of its political system. He offers strategic advice for dealing with China and goes on to discuss India's future, Islamic terrorism, economic growth, geopolitics and globalization, and democracy. Lee does not pull his punches, offering his unvarnished opinions on multiculturalism, the welfare state, education, and the free market. This little book belongs on the reading list of every world leader.

Fighting With Allies Robin Renwick, 2016-10-06 It was Winston Churchill who, in his speech at Fulton, Missouri, advocated a 'special relationship between the British Commonwealth ... and the United States ... the continuance of intimate relationships between our military advisers, leading to the common study of potential dangers'. Through the eyes of Churchill, Roosevelt and their successors, Robin Renwick traces the development of the Anglo-American relationship since the desperate summer of 1940, and the part it played in shaping the post-war world. Detecting once again a whiff of the 1930s in the air, he concludes that, as one of the ties that binds Europe and North America, the relationship remains an important one, and not only to Britain and the United States. There are many on both sides of the Atlantic who will think that the world would have been poorer without it. Its future will depend on learning the lessons of military overstretch in Iraq and Afghanistan and resolving the mismatch between Britain's desire to play a role in world affairs and the resources allocated to doing so.

Conversations with Power Brian Michael Till, 2011-05-10 Fresh out of college, and frustrated with own generation's political apathy, Brian Till set out to interview the former world leaders he most admired. To his surprise, they were eager to talk, and he soon found himself discussing everything from energy to terrorism to nuclear disarmament with the greatest leaders of the last twenty-five years. Here, he distills what they learned in office, their predictions for the future, and their advice for the leaders of tomorrow. Including interviews with: *Bill Clinton *Gro Bruntland *Jimmy Carter *Fernando Henrique Cardoso *Ehud Barak *Vaclav Havel *Mikhail Gorbachev *Pervez Musharraf *F.W. de Klerk *Ricardo Lagos *Helmut Schmidt *Goh Chok Tong *Paul Keating

A 'Special Relationship'? Jonathan Colman,2004 This is the first full-length study of the fraught and controversial personal relationship between Prime Minister Harold Wilson and President Lyndon B Johnson, placed in the context of such issues as the Vietnam War, British economic weakness and the UK.

The Will to Lead Anders Fogh Rasmussen,2016-09-27 From the former prime minister of Denmark comes an impassioned plea to persuade Americans to elect a president who will restore America to its proper role of global leader, instead of leading from behind. Anders Fogh Rasmussen is unabashedly pro-American, a fierce defender of freedom, and a public figure unafraid to speak his mind. The Will to Lead is his defense of American leadership in the global struggle for freedom and democracy. A critic of President Barack Obama's policy of leading from behind in foreign affairs, Rasmussen argues that this strategy has emboldened Russia and China—and made the world more dangerous and unstable in the past eight years. Rasmussen reviews current geopolitical events—the Arab Spring, the Iranian nuclear deal, the Russian annexation of Crimea and invasion of Ukraine—and critically analyzes the strategy and decision-making of Obama and his secretaries of state John Kerry and Hillary Clinton. Contrasting them with previous American leaders, Rasmussen argues that, like it or not, America is the world's indispensable world leader—and must act as the world's policeman. Rasmussen looks to past presidents Truman, Kennedy, and Reagan to identify the indispensable components of presidential leadership on the global stage, and shares his personal assessments of leaders he has come to know personally, including George W. Bush, Vladimir Putin, Angela Merkel, Tony Blair, Barack Obama, and Hillary Clinton. Most important, he offers a bold plan for a strengthened American and European alliance, joined by like-minded liberal democracies such as Japan and Australia, to create a military, political, and economic bulwark against the forces of tyranny. Hard-hitting yet fair, drawn from history and his own experience, The Will to Lead is a thoughtful contribution to American politics, full of wisdom, for politically involved Americans on either side of the aisle.

The Accidental Prime Minister Sanjaya Baru,2015-07-05 When The Accidental Prime Minister was published in 2014, it created a storm and became the publishing sensation of the year. The Prime Minister's Office called the book a work of 'fiction', the press hailed it as a revelatory account of Prime Minister Manmohan Singh's first term in UPA. Written by Singh's media adviser and trusted aide, the book describes Singh's often troubled relations with his ministers, his cautious equation with Sonia Gandhi and how he handled the big crises from managing the Left to pushing through the nuclear deal.

Insightful, acute and packed with political anecdotes, *The Accidental Prime Minister* is one of the great insider accounts of Indian political life.

The Prime Ministers Steve Richards, 2019-09-05 'Fascinating, revealing and entertaining.' John Humphrys 'A pure pleasure to read.' Polly Toynbee 'Extraordinary.' Kirsty Wark A landmark history of the men and women who have defined the UK's role in the modern world - and what makes them special - by a seasoned political journalist. At a time of unprecedented political upheaval, this magisterial history explains who leads us and why. From Harold Wilson to Theresa May, it brilliantly brings to life all nine inhabitants of 10 Downing Street over the past fifty years, vividly outlining their successes and failures - and what made each of them special. Based on unprecedented access and in-depth interviews, and inspired by the author's BBC Radio 4 and television series, Steve Richards expertly examines the men and women who have defined the UK's role in the modern world and sheds new light on the demands of the highest public office in the land.

The Prime Minister's Ironing Board and Other State Secrets Adam Macqueen, 2013-10-03 Stored in Whitehall's archives are everything from blood-chilling warnings of imminent nuclear attack to comical details of daily life in the corridors of power. Concerned notes from ministers on the subject of the Heir to the Throne's potential brainwashing by Welsh terrorists are shelved alongside worries about housemaids 'on the wobble' at Chequers. Detailed and surprising plans for royal funerals sit beside reports on suspected spies in the showbiz world and bawdy poetry about the monkeys on the Rock of Gibraltar. And Mary Whitehouse's complaints about the sex education syllabus nestle next to thank-you notes from prisoner 13260/62, also known as Nelson Mandela. Adam Macqueen, author of the highly acclaimed bestseller *Private Eye: The First 50 Years*, has searched high and low to present us with some of the most unlikely revelations since the Official secrets act was inaugurated one hundred years ago. Not only about Mrs Thatcher's ironing board, but Ted Heath's car, Harold Macmillan's bedroom carpet, Imelda Marcos and her son Bong Bong's trip to Buckingham Palace and President Eisenhower's particular problem with Winston Churchill's trousers.

Unholy Fury James Curran, 2015-05-01 In the early 1970s, two titans of Australian and American politics, Prime Minister Gough Whitlam and President Richard Nixon, clashed over the end of the Vietnam war and the shape of a new Asia. A relationship that had endured the heights of the Cold War veered dangerously off course and seemed headed for destruction. Never before—or since—has the alliance sunk to such depths. Drawing on sensational new evidence from once top-secret American and Australian records, this book portrays the bitter clash between these two leaders and their competing visions of the world. As the Nixon White House went increasingly on the defensive in early 1973, reeling from the lethal drip of the Watergate revelations, the first Labor prime minister in twenty-three years looked to redefine ANZUS and Australia's global stance. It was a heady brew, and not one the Americans were used to. The result was a fractured alliance, and an American

president enraged, seemingly hell bent on tearing apart the fabric of a treaty that had become the first principle of Australian foreign policy.
