New Skills for New Entrepreneurs Mira Alexander, Christian Wildt, Jürgen Hogeforster, Max Hogeforster, 2020 In the years 2015 and 2016 more than 2.5 million refugees came to the European Union to seek asylum. Many of these refugees acquired professional qualifications in their home countries, but despite these qualifications they often struggle integrating into the labour market. The complex recognition process for their qualifications is one of the main reasons. At the same time the European Union is facing an alarming gap of SME successors and entrepreneurs. More entrepreneurs are needed and refugees need an easier way to become integrated into the labour market in their host country. These two principals were combined in the NEW ENTREPRENEURS project. A procedure for the identification of entrepreneurial potential builds the foundation. This is accompanied with a language training and a motivation and creativity training. To promote entrepreneurship a special training was developed, tested, evaluated and implemented, accompanied with a business start-up and takeover training. A comprehensive coaching process accompanies the whole process. The developed procedures and trainings were successfully applied also to natives in Hungary, meaning that the range of the potential beneficiaries is even larger than expected. This publication contains the relevant curricula, application notes and experiences as a result of the project NEW ENTREPRENEURS with the following partners: Hanse-Parlament (DE), Berufsakademie Hamburg (DE), Institut für angewandte Gewerbeforschung (AT), Ipartestületek Országos Szövetsége (HU), T2I Trasferimento Tecnologico e innovazione scarl (IT)

50 Ways to Draw Your Beautiful, Ordinary Life Irene Smit,Astrid van der Hulst,2018-04-17 Draw the Flow Way
"Create whatever causes a revolution in your heart." -Elizabeth Gilbert "I cannot rest, I must draw, however poor the result, and when I have a bad time come over me it is a stronger desire than ever." -Beatrix Potter "Drawing, painting, creating...it's like a muscle. You have to work on it every day." -Sarah Walsh "Draw the art you want to see, start the business you want to run, play the music you want to hear, write the books you want to read, build the products you want to use—do the work you want to see done." -Austin Kleon "Drawing is the discipline by which I constantly rediscover the world. I have learned that what I have not drawn, I have never really seen, and that when I start drawing an ordinary thing, I realize how extraordinary it is, sheer miracle." -Frederick Frank "Have no fear of perfection, you'll never reach it." -Salvador Dalí "Creativity is a way of living life, no matter what our vocation or how we earn our living." -Madeline L'Engle "I believe the most important single thing, beyond discipline and creativity, in any artistic work, is daring to dare." -Maya Angelou "I sometimes think that there is nothing so delightful as drawing." -Vincent van Gogh In this innovative approach to drawing instruction, the illustrators from Flow magazine open up their tool kits, sharing secrets and techniques to teach the creatively curious how to draw. The lessons, 50 in all, curated from the best of Flow's two special drawing issues, show how to render the kinds of things we see every day: a bouquet of flowers, a beloved teacup, colorful mittens, the kitchen table, a bike, jam jars, a cat, an apple tree. Along the way we learn about color, materials, perspective, tools, and negative space. With its bound-in paper goodies, this book is also a canvas for artistic exploration—reminding us of the mindful pleasure of doing creative work. Deutsch Ohne Mühe Heute Hilde Schneider,1987 This book aims to take users from scratch to having a solid base in German within six months, and to feel comfortable with the language in as little as three months. In only half an hour a day users will move ahead naturally until they are at ease with all the basic structures needed for communication and become familiar with the basic words and grammar of German. The method comprises two phases: the passive phase, in which users simply repeat what they hear and read, and the active phase, in which users begin to create sentences and imagine themselves in a variety of everyday situations.

Recent Perspectives on Task-Based Language Learning and Teaching Mohammad Ahmadian,María del Pilar García Mayo,2017-12-04 The last three decades have witnessed a growth of interest in research on tasks from various perspectives and numerous books and collections of articles have been published focusing on the notion of task and its utility in different contexts. Nevertheless, what is lacking is a multi-faceted examination of tasks from different important perspectives. This edited volume, with four sections of three chapters each, views tasks and Task-based Language Teaching (TBLT) from four distinct (but complementary) vantage points. In the first section, all chapters view tasks from a cognitive-interactionist angle with each addressing one key facet of either cognition or interaction (or both) in different contexts (CALL and EFL/ESL). Section two hinges on the idea that language teaching and learning is perhaps best conceptualized, understood, and investigated within a complexity theory framework which accounts for the dynamicity and interrelatedness of the variables involved. Viewing TBLT from a sociocultural lens is what connects the chapters included in the third section. Finally, the fourth section views TBLT from pedagogical and curricular vantage points.

Why We Took the Car Wolfgang Herrndorf,2014-02-06 Mike doesn't get why people think he's boring. Sure, he doesn't have many friends. (OK, zero friends.) And everyone laughs at him when he reads his essays out loud in class. And he's never invited to parties. But one day Tschick, the odd new boy at school, shows up at Mike's house out of the blue. He dares him to go on a road trip with him. No parents, no map, no destination. Will they get hopelessly lost in the middle of nowhere? Probably. Will they meet crazy people and get into serious trouble? Definitely. But will they ever be called boring again? Not a chance. Hitler's Last Witness Rochus Misch,2014-08-30 This memoir of Hitler's personal bodyguard presents "convincing first-

person testimony of the dictator's final desperate months, days and hours" (Huffington Post). After being seriously wounded in the 1939 Polish campaign, Rochus Misch was invited to join Hitler's SS-bodyguard. There he served until the war's end as Hitler's bodyguard, courier, orderly, and, finally, as Chief of Communications. On the Berghoff terrace, he watched Eva Braun organize parties, observed Heinrich Himmler and Albert Speer, and monitored telephone conversations from Berlin to the East Prussian Headquarters on July 20, 1944—after the attempt on Hitler's life. As the Allied forces closed in, Misch was drawn into the Führerbunker with the last of the faithful. He remained in charge of the bunker switchboard as his duty required, even after Hitler committed suicide. Misch knew Hitler the private man. His memoirs offer an intimate view of life in close attendance to Hitler and of the endless hours deep inside the bunker. They also provide new insights into military events—such as Hitler's initial feeling that the 6th Army should pull out of Stalingrad. Shortly before he died, Misch wrote a new introduction for this English-language edition.

Deutsch, na klar! Robert Di Donato, Monica Clyde, Jacqueline Vansant, 1998-10 This lively, beginning German text is the perfect choice for those who want to move in a more communicative direction without abandoning a focus on grammar. *Deutsch: Na Klar!* uses a solid four-skills approach with a difference: the vocabulary, grammar, and reading sections are integrated with authentic materials, allowing students to learn language and culture simultaneously. German materials (advertisements, menus, newspaper articles, etc.) are used to present new vocabulary, introduce grammar points, and launch communicative activities. A listening-comprehension tape is tied to the text-book to help students improve listening skills.

The Overnight Ramsey Campbell, 2006-04-04 A bookstore can be a wonderful, welcoming place of both commerce and curiosity. That's the goal for Woody, an American recently transferred to England to run a branch of Texts. He wants a clean, orderly store and lots of sales to show his bosses when they arrive from the States for a pre-Christmas inspection. Not easy given the shop's location in a foggy strip mall. And things keep going wrong. No matter how often the shelves are put in order before the doors are locked at night, when the staff returns in the morning, books are lying all over the floor, many

damp and damaged beyond repair. The store's computers keep acting up-errors appear in brochures and ads and orders disappear completely. And even when the machines are turned off, they seem to glow with a spectral gray light. The hit-and-run death of an employee in the store's parking lot marks a turning point. One employee accuses another of making sexual advances and they come to blows. Between one sentence and the next, one loses his ability to read. The security monitors display half-seen things crawling between the stacks that vanish before anyone can find them. Desperate, Woody musters his staff for an overnight inventory. When the last customers reluctantly depart, leaving almost-visible trails of slime shining behind them, the doors are locked, sealing Woody and the others inside for a final orgy of shelving. The damp, grey, silent things that have been lurking in the basement and hiding in the fog may move slowly, but they are inexorable. This bookstore is no haven. It is the doorway to a hell unlike any other. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
