**Fiber Menace: The Truth About the Leading Role of Fiber in Diet Failure, Constipation, Hemorrhoids, Irritable Bowel Syndrome, Ulcerative Colitis, Crohn's Disease, and Colon Cancer** Konstantin Monastyrsky,2005

**Sitting Pretty** Rebekah Taussig,2020-08-25 A memoir-in-essays from disability advocate and creator of the Instagram account @sitting\_pretty Rebekah Taussig, processing a lifetime of memories to paint a beautiful, nuanced portrait of a body that looks and moves differently than most. Growing up as a paralyzed girl during the 90s and early 2000s, Rebekah Taussig only saw disability depicted as something monstrous (The Hunchback of Notre Dame), inspirational (Helen Keller), or angelic (Forrest Gump). None of this felt right; and as she got older, she longed for more stories that allowed disability to be complex and ordinary, uncomfortable and fine, painful and fulfilling. Writing about the rhythms and textures of what it means to live in a body that doesn't fit, Rebekah reflects on everything from the complications of kindness and charity, living both independently and dependently, experiencing intimacy, and how the pervasiveness of ableism in our everyday media directly translates to everyday life. Disability affects all of us, directly or indirectly, at one point or another. By exploring this truth in poignant and lyrical essays, Taussig illustrates the need for more stories and more voices to understand the diversity of humanity. *Sitting Pretty* challenges us as a society to be patient and vigilant, practical and imaginative, kind and relentless, as we set to work to write an entirely different story.

**The Other End of the Leash** Patricia McConnell, Ph.D.,2009-02-19 Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years' experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man's best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply,

humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover:

- How you can get your dog to come when called by acting less like a primate and more like a dog
- Why the advice to “get dominance” over your dog can cause problems
- Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief
- How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!”

Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

*The Miombo in Transition* Bruce Morgan Campbell,1996-01-01 Miombo woodlands and their use: overview and key issues. The ecology of miombo woodlands. Population biology of miombo tree. Miombo woodlands in the wider context: macro-economic and inter-sectoral influences. Rural households and miombo woodlands: use, value and management. Trade in woodland products from the miombo region. Managing miombo woodland. Institutional arrangements governing the use and the management of miombo woodlands. Miombo woodlands and rural livelihoods: options and opportunities.

Diary of a Player Brad Paisley,David Wild,2012-06-05 The country music superstar shares what the guitar has meant to him as a means of finding his own voice, who inspired his love of music, and memorable stories about the great guitar players he has encountered over the years.

Results Gary L. Neilson,2005 For anyone who's ever said, Wow, that's a great idea, but it'll never happen here or Whew, we pulled it off again, but I'm tired of all this sprinting, Results provides robust, practical ideas for becoming and remaining a resilient business.--BOOK JACKET.

**Textbook of Pediatric Gastroenterology, Hepatology and Nutrition** Stefano Guandalini,Anil Dhawan,David Branski,2015-09-30 This textbook provides a comprehensive and state-of-the-art overview of the major issues specific to the field of pediatric gastroenterology, hepatology, and nutrition. The first part of the book, Gastroenterology and Nutrition, presents in a systematic way the overall scope of issues encountered by children (newborn to teenagers) suffering from disorders of the gastrointestinal tract, pancreas and/or presenting nutritional issues. These chapters are structured in logical sections to facilitate consultation and include major topics ranging from congenital disorders to gastrointestinal problems of the newborn, infectious diseases of the gastrointestinal tract, and approach to nutritional problems in the various pediatric ages. The second part of the book, Hepatology, is articulated in a series of chapters which present a comprehensive review of congenital and acquired disorders of the biliary tract and liver. This section also includes a critical analysis of available diagnostic and therapeutic procedures and future perspectives. Written by experts in the field, Textbook of Pediatric

Gastroenterology, Hepatology and Nutrition: A Comprehensive Guide to Practice constitutes a much needed, innovative resource combining updated, reliable and comprehensive information with agile consultation for a streamlined approach to the care of children with such disorders.

**The Un-Americans** Joseph Litvak,2009-11-25 In a bold rethinking of the Hollywood blacklist and McCarthyite America, Joseph Litvak reveals a political regime that did not end with the 1950s or even with the Cold War: a regime of compulsory sycophancy, in which the good citizen is an informer, ready to denounce anyone who will not play the part of the earnest, patriotic American. While many scholars have noted the anti-Semitism underlying the House Un-American Activities Committee's (HUAC's) anti-Communism, Litvak draws on the work of Theodor W. Adorno, Hannah Arendt, Alain Badiou, and Max Horkheimer to show how the committee conflated Jewishness with what he calls "comic cosmopolitanism," an intolerably seductive happiness, centered in Hollywood and New York, in show business and intellectual circles. He maintains that HUAC took the comic irreverence of the "uncooperative" witnesses as a crime against an American identity based on self-repudiation and the willingness to "name names." Litvak proposes that sycophancy was (and continues to be) the price exacted for assimilation into mainstream American culture, not just for Jews, but also for homosexuals, immigrants, and other groups deemed threatening to American rectitude. Litvak traces the outlines of comic cosmopolitanism in a series of performances in film and theater and before HUAC, performances by Jewish artists and intellectuals such as Zero Mostel, Judy Holliday, and Abraham Polonsky. At the same time, through an uncompromising analysis of work by informers including Jerome Robbins, Elia Kazan, and Budd Schulberg, he explains the triumph of a stoolpigeon culture that still thrives in the America of the early twenty-first century.

**Assessment of Long-Term Health Effects of Antimalarial Drugs When Used for Prophylaxis** National Academies of Sciences, Engineering, and Medicine,Health and Medicine Division,Board on Population Health and Public Health Practice,2020-04-24 Among the many who serve in the United States Armed Forces and who are deployed to distant locations around the world, myriad health threats are encountered. In addition to those associated with the disruption of their home life and potential for combat, they may face distinctive disease threats that are specific to the locations to which they are deployed. U.S. forces have been deployed many times over the years to areas in which malaria is endemic, including in parts of Afghanistan and Iraq. Department of Defense (DoD) policy requires that antimalarial drugs be issued and regimens adhered to for deployments to malaria-endemic areas. Policies directing which should be used as first and as second-line agents have evolved over time based on new data regarding adverse events or precautions for specific underlying health conditions, areas of deployment, and other operational factors At the request of the Veterans Administration, Assessment of Long-Term Health Effects of Antimalarial Drugs When Used for Prophylaxis assesses the scientific evidence regarding the potential for long-term health effects resulting from the use of antimalarial drugs that were approved by FDA or used by U.S.

service members for malaria prophylaxis, with a focus on mefloquine, tafenoquine, and other antimalarial drugs that have been used by DoD in the past 25 years. This report offers conclusions based on available evidence regarding associations of persistent or latent adverse events.

**Canadian Family Medicine Clinical Cards** David Keegan MD,2014-07-21 These are peer-reviewed handy point-of-care tools to support clinical learning in Family Medicine. The content is aligned with SHARC-FM - the Shared Canadian Curriculum in Family Medicine. Objectives and more information is available at [sharcfm.com](http://sharcfm.com).

Gems for the Fireside Otis Henry Tiffany,1883

**Rural New Yorker** ,1897

**Don't Wake the Dragon** Bianca Schulze,Clever Publishing,2020-05-19 Don't Wake the Dragon is a fantastic and interactive bedtime story featuring a sound-asleep dragon who under no circumstances is to be woken up! Children are tasked with checking in on the sleeping dragon as the castle cook drops his pots and pans and when the knights throw a loud birthday party. It isn't until the whole kingdom settles down that the dragon wakes up. What is the kingdom to do? Designed to be read aloud and interacted with, parents will take pleasure in the playful text as much as children will enjoy gently rocking the book from side to side as they sing the dragon a lullaby. When the story finally comes to an end, and the gentle lullaby is repeated, the dragon (and the child!) is encouraged to drift off to sleep. The whimsical and colorful illustrations enable the dragon to jump off the page and will delight the reader with its humor and personality on every page. Creates a wonderful bedtime ritual with children that they will look forward to every night.

*Harrison's Principles of Internal Medicine, 17th Edition* Anthony Fauci,2008-03-06 Introducing the most dramatically revised edition of Harrison's ever! Now with NEW bonus DVD with 37 chapters and more than 500 brand new images and video clips! A Doody's Core Title ESSENTIAL PURCHASE! 5 STAR DOODY'S REVIEW The book is for anyone who has the remotest association with the practice of medicine, be they internists, surgeons, nurses, technical staff, or counselors. This is the authority, and in a time of readily available but not always accurate information, this is the one source that can be relied upon....This is one of the absolute pillars of any medical library. It is the final word in internal medicine and we all owe a debt of gratitude to the editors and contributors who have created this extraordinary authority in medicine.--Doody's Review Service MORE THAN TRUSTED, BEYOND ESSENTIAL . . . The #1 selling medical textbook worldwide, Harrison's has defined internal medicine for millions of clinicians and students. The new 17th Edition retains Harrison's acclaimed balance of pathobiology, cardinal signs and manifestations of disease, and best approaches to patient management, yet has been massively updated to give you an innovative array of bold new features and content. If ever there was one must-have resource for clinicians and students -- this is it! UNMATCHED EXPERTISE AT YOUR FINGERTIPS As an unprecedented amount of medical information bombards you and your patients, where do you go to sort it out and make sense of it all?

When your patients request clarification on something they've "printed off," where do you turn for expert explanations? The same trusted resource physicians and students have turned to for more than fifty years: Harrison's Principles of Internal Medicine. Now more than ever, trust Harrison's to filter and clarify the exploding knowledge base, to highlight the breakthroughs, and to deliver a clear, balanced distillation of the best and most current information on which to base clinical decisions. THE MOST EXCITING AND EXTENSIVELY REVISED EDITION EVER! Here are just a few of the reasons why the new 17th Edition of Harrison's is the best edition yet: Bonus companion DVD featuring: 37 new "e-chapters"; over 500 brand-new radiological, laboratory, and clinical images, including complete atlases; state-of-the-art video clips; an Image Bank of nearly all the illustrations contained in the parent text, and much more Expanded, modernized illustration program with more than 800 brand-new, additional illustrations--a 60% increase over the previous edition Dozens of brand new chapters on vital topics in medical education and clinical practice: Global Issues in Medicine: Patient Safety and Health Quality; Health Disparities: Atlas of EKGs; Clinical Management of Obesity; Atlas of Hematology; Atlases of Chest, Neurological, and Cardiovascular Radiology; and much more! Also included is a complete new section on biological foundations and emerging clinical applications of regenerative medicine! Brand new, reader-friendly text design optimizes the full-color format An expanded, innovative focus on global health NEW Global Advisory Board comprising 11 prominent medical experts from Asia, India, Europe, and South America Revision of the popular On Line Learning Center, which offers more skill-sharpening self-assessment questions and answers, plus additional case studies for helping you apply Harrison's content to the daily care of patients Harrison's related products are available in a full suite of formats to meet all your educational and clinical needs. Harrison's Practice of Medicine is a complete database of more than 700 clinical topics formatted for use at the point of care. The Harrison's Manual of Medicine is one of the most popular and heavily used handbook-sized resources in internal medicine. The Harrison's Self-Assessment and Board Review features more than 1000 board-type cases and questions and highlights the use of Harrison's as a great board prep resource.

DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

*The Witch's Heart* Genevieve Gornichec,2021-05-04 When a banished witch falls in love with the legendary trickster Loki, she risks the wrath of the gods in this fierce, subversive debut novel that reimagines Norse myth. Angrboda's story begins where most witch tales end: with being burnt. A punishment from Odin for sharing her visions of the future with the wrong people, the fire leaves Angrboda injured and powerless, and she flees into the furthest reaches of a remote forest. There she

is found by a man who reveals himself to be the trickster god Loki, and her initial distrust of him—and any of his kind—grows reluctantly into a deep and abiding love. Their union produces the most important things in her long life: a trio of peculiar children, each with a secret destiny, whom she is keen to raise at the edge of the world, safely hidden from Odin's all-seeing eye. But as Angrboda slowly recovers her prophetic powers, she learns that her blissful life—and possibly all of existence—is in danger. Angrboda must choose whether she'll accept the fate that she's foreseen for her beloved family—or rise to remake it.

Clinical Case Studies for the Family Nurse Practitioner Leslie Neal-Boylan, 2011-11-28 Clinical Case Studies for the Family Nurse Practitioner is a key resource for advanced practice nurses and graduate students seeking to test their skills in assessing, diagnosing, and managing cases in family and primary care. Composed of more than 70 cases ranging from common to unique, the book compiles years of experience from experts in the field. It is organized chronologically, presenting cases from neonatal to geriatric care in a standard approach built on the SOAP format. This includes differential diagnosis and a series of critical thinking questions ideal for self-assessment or classroom use.
