Change or Die Alan Deutschman,2009-10-13 Change or Die. What if you were given that choice? If you didn't, your time would end soon—a lot sooner than it had to. Could you change when change matters most? This is the question Alan Deutschman poses in Change or Die, which began as a sensational cover story by the same title for Fast Company. Deutschman concludes that although we all have the ability to change our behavior, we rarely ever do. From patients suffering from heart disease to repeat offenders in the criminal justice system to companies trapped in the mold of unsuccessful business practices, many of us could prevent ominous outcomes by simply changing our mindset. A powerful book with universal appeal, Change or Die deconstructs and debunks age-old myths about change and empowers us with three critical keys—relate, repeat, and reframe—to help us make important positive changes in our lives. Explaining breakthrough research and progressive ideas from a wide selection of leaders in medicine, science, and business (including Dr. Dean Ornish, Mimi Silbert of the Delancey Street Foundation, Bill Gates, Daniel Boulud, and many others), Deutschman demonstrates how anyone can achieve lasting, revolutionary changes that are positive, attainable, and absolutely vital.

A nationally renowned investigative reporter with her own TV show and a tough-as-nails reputation, Max tackles cold cases from across the country and every walk of life. But the one unsolved murder that still haunts her is a case from her own past. When Max was a high school senior, one of her best friends was strangled and another, Kevin O'Neal, accused of the crime. To the disgrace of her wealthy family, Max stood by her friend, until she found out he lied about his alibi. Though his guilt was never proven, their relationship crumbled from the strain of too many secrets. Now Max is home for Kevin's funeral—after years of drug abuse, he committed suicide. She's finally prepared to come to terms with the loss of his friendship, but she's not prepared for Kevin's sister to stubbornly insist that he didn't kill himself. Or for an elderly couple to accost her at the airport, begging her to look into another murder at Max's old high school. Max is more interested in the cold case at her alma mater than in digging around Kevin's troubled life, but she agrees to do both. As Max uncovers dark secrets, she finds herself caught in a complicated web of lies that hit far too close to home. And it's becoming increasingly clear that someone will do whatever it takes to make sure the truth stays buried.
