

Thetis By Carol Ann Duffy

Kay Ryan

The World's Wife Carol Ann Duffy, 2001-04-09 Mrs Midas, Queen Kong, Mrs Lazarus, the Kray sisters, and a huge cast of others startle with their wit, imagination, lyrical intuition and incisiveness.

'Choosing Tough Words' Angelica Michelis, Antony Rowland, 2003 If the post of Poet Laureate was allocated on the basis of popularity, Carol Ann Duffy would have been the first woman to hold this prestigious post. Like Philip Larkin in his day, Duffy is both a poet respected by many academics and teachers, and widely read and enjoyed by children and adult readers of poetry. This is the first full-length collection of essays on the poetry of Carol Ann Duffy, approaching and exploring her work from a variety of literary theoretical perspectives, including feminism, masculinity, national identity, and post-structuralism. This lively anthology situates Duffy's poems in relation to current debates about the state, value and social relevance of contemporary British poetry.

Sincerity Carol Ann Duffy, 2018-11-01 Her final collection as Poet Laureate, a frank, disarming and deeply moving exploration of loss and remembrance in their many forms. Presented in a beautiful, foiled package, this will be the poetry book of the year.

Carol Ann Duffy Jane Dowson, 2016-05-17 This is the only monograph to consider the entire thirty-year career, publications, and influence of Britain's first female poet laureate. It outlines her impact on trends in contemporary poetry and establishes what we mean by 'Duffy-esque' concerns and techniques. Discussions of her writing and activities prove how she has championed the relevance of poetry to all areas of contemporary culture and to the life of every human being. Individual chapters discuss the lyrics of 'love, loss, and longing'; the socially motivated poems about the 1980s; the female-centred volumes and poems; the relationship between poetry and public life; and poetry and childhood and written for children. The book should whet the appetite of readers who know little of Duffy's work to find out more, while providing students and scholars with an in-depth analysis of the poems in their contexts. It draws on a wide range of critical works and includes an extensive list of further reading.

Selling Manhattan Carol Ann Duffy, 2016-10-20 One of those rare books that is immediately enjoyable yet will repay many re-readings' Poetry Review Carol Ann Duffy's highly praised second collection, for which she was given the Somerset Maughan Award, showcases the Poet Laureate's skill even at the very start of her career. Within are poems that reveal the

full range of her interests: from the dramatic monologues, to meditations on death and art, to poems of protest and poems of love. Throughout it all, though, is a resounding determination to give voices to those who are usually voiceless, and always apparent is her inimitable wit, wisdom and imagination. At once tender and sharp, moving and humourous, *Selling Manhattan* has dazzled both readers and critics ever since it was first published in 1987.

The Other Country Carol Ann Duffy, 2012-09-19 *The Other Country* was Carol Ann Duffy's third collection, and as with her later books, takes its readers on journeys that seem initially similar – but soon prove anything but. This book leads our imagination to places our minds could not have suspected were there, or would not have dared to go alone. Some of its voices are disarmingly direct, while others blur the lines between fantasy and reality, confession and self-delusion, forcing us to re-examine everything we thought we knew about some of our most basic human drives and emotions. Deeply intelligent, unflinchingly honest, with a deftness of touch and tone, and openness all the more moving for its lack of sentimentality, *The Other Country* is as remarkable a collection today as it was on its first publication.

The World's Wife Carol Ann Duffy, 2014-12-15 This unique collection of poems from the Poet Laureate, filled with her characteristic wit, is a feminist classic and a modern take on age-old mythology. Who? Him. The Husband. Hero. Hunk. The Boy Next Door. The Paramour. The Je t'adore. Behind every famous man is a great woman – and from the quick-tongued Mrs Darwin to the lascivious Frau Freud, from the adoring Queen Kong to the long-suffering wife of the Devil himself, each one steps from her counterpart's shadow to tell her side of the story in this irresistible collection. Original, subversive, full of imagination and quicksilver wit, *The World's Wife* is Poet Laureate Carol Ann Duffy at her beguiling best.

Mean Time Carol Ann Duffy, 2013-05-23 In her prize-winning fourth collection, *Mean Time*, Poet Laureate Carol Ann Duffy dramatizes scenes from childhood, adolescence and adulthood, finding moments of grace or consolation in memory, love and language amid the complexities of life. These are powerful poems of loss, betrayal and desire.

Feminine Gospels Carol Ann Duffy, 2012-12-13 In *Feminine Gospels*, Carol Ann Duffy draws on the historical, the archetypal, the biblical and the fantastical to create various visions – and revisions – of female identity. Simultaneously stripping women bare and revealing them in all their guises and disguises, these poems tell tall stories as though they were true confessions, and spin modern myths from real women seen in every aspect – as bodies and corpses, writers and workers, shoppers and slimmers, fairytale royals or girls-next-door. 'Part of Duffy's talent – besides her ear for ordinary eloquence, her gorgeous, powerful, throwaway lines, her subtlety – is her ventriloquism . . . From verbal nuances to mind-expanding imaginative leaps, her words seem freshly plucked from the minds of non-poets – that is, she makes it look easy' Charlotte Mendelson, *Observer*

Standing Female Nude Carol Ann Duffy, 2016-10-20 Carol Ann Duffy's outstanding first collection, *Standing Female Nude*, introduced readers to all they would come to love about her poetry. From lovers to wives to war photographers, the

poems it contains range from the delicately poignant to the fiercely political, exploring memory, gender, childhood and place. Within it are also some of her best-known poems, including 'Education for Leisure', as well as, of course, the poem from which the collection takes its title. First published in 1985 to widespread critical acclaim, *Standing Female Nude* is a work of startling originality and the starting point of the Poet Laureate's dazzling poetic career.

Her Book Jo Shapcott, 2010-12-09 *Poems 1988-1998* is a compendium from Jo Shapcott's award-winning books *Electroplating the Baby*, *Phrase Book* and *My Life Asleep*. It reveals her to be a writer of ingenious, politically acute and provocative imagination and justifies her reputation as one of the most original and daring voices of her generation.

The Niagara River Kay Ryan, 2007-12-01 A mesmerizing collection from the US Poet Laureate whose work is "as intense and elliptical as [Emily] Dickinson, as buoyant and rueful as [Robert] Frost" (J. D. McClatchy, *American Poet*). In granting the prestigious Ruth Lilly Prize to Kay Ryan, Poetry magazine editor Christian Wiman wrote that "[she] can take any subject and make it her own. Her poems—which combine extreme concision and formal expertise with broad subjects and deep feeling—could never be mistaken for anyone else's. Her work has the kind of singularity and sustained integrity that are very, very rare." Winner of the Pulitzer Prize, Kay Ryan's poems are "Fabergé eggs, tiny, ingenious devices that inevitably conceal some hidden wonder." *The Niagara River* is full of such hidden gems. Bafflingly effective, the poems in this collection seem too brief and blithe to pack so much wallop. Their singular music makes it clear why her poetry has been featured everywhere from the Sunday funnies to New York subways to plaques at the zoo to the pages of *The New Yorker* and *The Paris Review* (Salon). "Empathic and wryly unforgiving of the human condition, the poems [in *The Niagara River*] are equal parts pith and punch. The effect is bracing." —Publishers Weekly

After Ovid James Lasdun, Michael Hofmann, 1996-04-30 *Ovid's Metamorphoses* is one of the great works in classical literature, and a primary source for our knowledge of much of classic mythology, in which the relentless theme of transformation stands as a primary metaphor for the often cataclysmic dynamics of life itself. For this book, British poets Michael Hofmann and James Lasdun have invited more than forty leading English-language poets to create their own idiomatic contemporary versions of some of the most famous and notorious myths from the *Metamorphoses*. Apollo and Daphne, Pyramus and Thisbe, Proserpina, Marsyas, Medea, Baucis and Philemon, Orpheus and Eurydice--these and many other immortal tales are given fresh and startling life in exciting new versions. The contributors--among them Fleur Adcock, Amy Clampitt, Jorie Graham, Thom Gunn, Seamus Heaney, Ted Hughes, Lawrence Joseph, Kenneth Koch, Michael Longley, Paul Muldoon, Les Murray, Robert Pinsky, Frederick Seidel, Charles Simic, and C. K. Williams--constitute an impressive roster of today's major poets. *After Ovid* is a powerful re-envisioning of a fundamental work of literature as well as a remarkable affirmation of the current state of poetry in English.

Ovid Carole E. Newlands, 2015-09-02 Virgil, Horace and Ovid are often cited as the three great canonical poets of classical Roman literature. And of the three, arguably it is Ovid (43 BCE-CE 17/18) who has the most enduring legacy. Carole Newlands introduces her subject as an ancient author with a vital place in the modern cultural canon: and also as the inspiration behind figures as diverse as Chaucer, Titian, Dryden and Ted Hughes. She views Ovid as a Latin writer who is uniquely suitable for times of change: he appeals to postmodern sensibilities because of his interest in psychology, his fascination with cultural hybridity and his challenge to the conventional divide between animal and human. This book explores the connection between the historical poet and the works he produced: love elegies, the *Metamorphoses* and the *Fasti*. It shows that unlike Virgil - who wrote early in Augustus' reign, anticipating a golden age of peace and prosperity - Ovid was a product of the late Augustan age: one of hardening autocracy and the greater influence of Tiberius behind the scenes. His elegies and erotic myths must therefore be understood as the result of complex, shifting political circumstances.

Where Is Here Joyce Carol Oates, 1993-09-21 In dramatic, tightly focused narratives charged with tension, menace, and the shock of the unexpected, *Where Is Here?* examines a world in which ordinary life is electrified by the potential for sudden change. Domestic violence, fear and abandonment and betrayal, and the obsession with loss shadow the characters that inhabit these startling, intriguing stories. With the precision and intensity that are the hallmarks of her remarkable talent, Joyce Carol Oates explores the unexpected turns of events that leave people vulnerable and struggling to puzzle out the consequences of their abrupt reversals of fortune. As in the title story, in which a married couple find their controlled life irrevocably altered by a stranger's visit, the fiction in this new collection is punctuated again and again by mysterious, perhaps unanswerable, questions: Out of what does our life arise? Out of what does our consciousness arise? Why are we here? Where is here? Like the questions they pose, these tales -- at once elusive and direct -- unfold with the enigmatic twists of riddles and, often, the blunt shock of tragedy. *Where is Here?* is the work of a master practitioner of the short story.

"What's a Man Without a Woman ...?" - Gender Constructions in Carol Ann Duffy's "The World's Wife" Antje Peukert, 2010 Seminar paper from the year 2003 in the subject English Language and Literature Studies - Literature, grade: 1,0, University of Potsdam, course: Genre and Gender, language: English, abstract: History has always been a space of male deeds, male achievements, male gain or loss. Or so one is made to believe in retrospect. Of course women were not absent from history but they certainly are to a great extent from historical representations. Patriarchy dominated Western culture for more than two thousand years and supplied the framework for what is to be known and how, i.e. in which contexts, it is to be known. Historical material has always been scarce but in regard to women it is almost non-existent. So women rightfully started to ask where their part in history was or why they have been consequently written out of history instead of being

included. A necessity arose to deconstruct certain historical truths and to make women visible in and show their relevance to our past to build up strength and to obtain a voice or rather voices in order to question the present and the past systems. In this paper I examine Carol Ann Duffy's *The World's Wife*, whose poetry runs very much in above line. I will concentrate on the gender constructions established within *The World's Wife*. Even though Duffy questions traditional conceptions of men and women and their relationships with each other, she maintains a binary gender structure. The first chapter therefore deals with a general overview of gender conceptions constructed in and through the poems. The second and third chapter will take a closer look at certain poems. I think the poems weave their own web of femininity. In a circular movement they refer to past and future thus describing a female/feminist tradition. Accordingly the first and the last poem, *Little Red Cap* and *Demeter*, form the outline of the circle, not only in regard to their position but also by implicitly referring to each other. My third chapter will extend the

Beatrice and Benedick Marina Fiorato, 2014-05-08 Hidden in the language of Shakespeare's best-loved comedy *Much Ado About Nothing*, are several clues to an intriguing tale. It seems that the witty lovers Beatrice and Benedick had a previous youthful love affair which ended bitterly. But how did they meet, why did they part, and what brought them together again? Messina, Sicily, 1588. Beatrice of Mantua comes to the court of her uncle Leonato, to be companion to his daughter, Hero. That fateful summer, Spanish lordling Don Pedro visits for a month-long sojourn on the island with his regiment. In his company is the young soldier Benedick of Padua. Benedick and Beatrice begin to wage their merry war of wit, which masks the reality that they dance a more serious measure, and the two are soon deeply in love. But the pair are cruelly parted by natural disaster and man-made misunderstanding. Oceans apart, divided by war and slander, Beatrice and Benedick begin their ten-year odyssey back to Messina and each other. In a journey that takes us from sunlit Sicily to the crippled Armada fleet and from ancient superstition to the glorious Renaissance cities of the north, Marina Fiorato tells a story of intrigue, treachery and betrayal that will shed a new light on Shakespeare's most appealing lovers.
