**CatWise** Pam Johnson-Bennett, 2016-10-18 Top feline behavior expert (and author of Penguin's bestselling *Think Like a Cat* and *Cat vs. Cat*) answers the 150 questions most often asked by puzzled cat owners. Even those of us who have lived with and loved our cats for decades are constantly stymied by their seemingly inexplicable acts, or have questions about why they do what they do and where they do it, and how we can get them to not do it. Here, in one complete authoritative guide, those elusive mysteries are solved. Why does my cat lick my hair? Why does the cat only want attention when I'm on the phone? How can I introduce my cat to my new dog? How can I get my cat to like my new husband?? No one knows cats like Pam Johnson Bennett, whose pioneering thirty-year career as a cat behavior consultant has changed the way cat owners and experts alike view cats. Her books are bibles, but her fans and owners still flood her website and social media platforms with questions on topics that perplex them. *Catwise* combines the questions that come up most often with answers to help you solve your cat's behavior problems (or head them off before they start), or simply improve the relationship you have with your cat.

The Statue of Liberty Barry Moreno, 2017-02-27 The world's most famous sculpture, the Statue of Liberty, Liberty Enlightening the World, rises to a height of 305 feet from the base of her pedestal to the top of the golden flame of her torch. Conceived, designed, and originally built in France, she was unveiled on her new island home in 1886. The postcard trade, still in its infancy, embraced the icon, and Miss Liberty's commanding figure soon appeared on millions of postcards. In this book, one will see the statue from many angles--profiles, long shots, close-ups, aerials, torch views, and more.
