Rediscovering Rhetoric Justin T. Gleeson,Ruth C. A. Higgins,2008 Rhetoric is ubiquitous in modern discourse: from arguments delivered in the High Court, to advertisements disseminated in the high street. For the legal and political advocate, persuasion is also a professional technique that must be perfected properly to practise each art. In contrast with the classical era and the middle ages, in which grammar, rhetoric and dialectic were basic features of all education, modern curricula almost entirely neglect any theoretical study of the methods of rhetoric. Rediscovering Rhetoric re-introduces to modern practitioners and students a grasp of the speeches, writings and methodologies of the great classical scholars of rhetoric. Part 1 - Law and Language in the Greco-Roman Tradition provides a contextualised introduction to significant theorists of rhetoric in the classical period, and consists of four chapters written by practising barristers and a current Justice of the Federal Court of Australia. Part 2 - The Practice of Persuasion comprises essays by practitioners distinguished in their pursuit of legal persuasion - one former and two current Justices of the High Court of Australia - illuminating their experiences of argument from the perspective of both bench and bar. Part 3 - The Politics of Persuasion performs a similar function to Part 2, in the related domain of politics. It includes a chapter by Graham Freudenberg, former speechwriter for Gough Whitlam and others. Together the three parts provide a unique inter-disciplinary perspective on the theory and practice of legal and political persuasion. Published in association with the NSW Bar Association.

*Gram Parsons* Jason Walker,2012 Gram Parsons was a contradiction in some respects. Most country stars are born into poverty, but Parsons was born to a wealthy family. He briefly studied Theology at Harvard, but embarked on a life of drink and drugs that was to destroy him. Although he died in 1973 aged only 26 his influence has been enormous, with U2, Elvis Costello, Tom Petty and the Rolling Stones amongst his biggest fans. *Gram Parsons: God's Own Singer* looks at the man and his music, including his relationship with Emmylou Harris and the bizarre events surrounding his death.

Myths and Milestones in the History of Sport S. Wagg,2011-11-29 The conventional history of sport, as conveyed by television and the sports press, has thrown up a great many apparent turning points, but knowledge of these apparently

defining moments is often slight. This book offers readable, in-depth studies of a series of these watersheds in sport history and of the circumstances in which they came about.
