Utopia Thomas More,2019-04-08 Utopia is a work of fiction and socio-political satire by Thomas More published in 1516 in Latin. The book is a frame narrative primarily depicting a fictional island society and its religious, social and political customs. Many aspects of More's description of Utopia are reminiscent of life in monasteries.

The Rape of Lucrece William Shakespeare,2024-03-28 The Rape of Lucrece by William Shakespeare is a narrative poem that retells the tragic tale of Lucretia, a virtuous Roman noblewoman whose rape by Sextus Tarquinius, a prince, leads to her ultimate demise and serves as a catalyst for the overthrow of the Roman monarchy. In this poem, Shakespeare delves into themes of honor, virtue, and the consequences of unchecked power. Through vivid imagery and powerful language, he portrays the psychological and emotional turmoil experienced by Lucretia in the aftermath of her assault, as well as the profound impact it has on her and those around her. The Rape of Lucrece is not only a compelling work of literature but also a profound exploration of the human condition. It forces readers to confront uncomfortable truths about the nature of violence, consent, and the abuse of power, while also offering insights into the resilience and strength of the human spirit in the face of adversity. With its timeless themes and poetic beauty, The Rape of Lucrece remains a poignant and thought-provoking masterpiece that continues to resonate with audiences today.

Women Writers and Old Age in Great Britain, 1750-1850 Devoney Looser,2008-08-01 This groundbreaking study explores the later lives and late-life writings of more than two dozen British women authors active during the long eighteenth century. Drawing on biographical materials, literary texts, and reception histories, Devoney Looser finds that far from fading into moribund old age, female literary greats such as Anna Letitia Barbauld, Frances Burney, Maria Edgeworth, Catharine Macaulay, Hester Lynch Piozzi, and Jane Porter toiled for decades after they achieved acclaim -- despite seemingly concerted attempts by literary gatekeepers to marginalize their later contributions. Though these remarkable women wrote and

published well into old age, Looser sees in their late careers the necessity of choosing among several different paths. These included receding into the background as authors of classics, adapting to grandmotherly standards of behavior, attempting to reshape masculinized conceptions of aged wisdom, or trying to create entirely new categories for older women writers. In assessing how these writers affected and were affected by the culture in which they lived, and in examining their varied reactions to the prospect of aging, Looser constructs careful portraits of each of her Subjects and explains why many turned toward retrospection in their later works. In illuminating the powerful and often poorly recognized legacy of the British women writers who spurred a marketplace revolution in their earlier years only to find unanticipated barriers to acceptance in later life, Looser opens up new scholarly territory in the burgeoning field of feminist age studies.

The Book of Evidence John Banville, 2012-03-07 John Banville's stunning powers of mimicry are brilliantly on display in this engrossing novel, the darkly compelling confession of an improbable murderer. Freddie Montgomery is a highly cultured man, a husband and father living the life of a dissolute exile on a Mediterranean island. When a debt comes due and his wife and child are held as collateral, he returns to Ireland to secure funds. That pursuit leads to murder. And here is his attempt to present evidence, not of his innocence, but of his life, of the events that lead to the murder he committed because he could. Like a hero out of Nabokov or Camus, Montgomery is a chillingly articulate, self-aware, and amoral being, whose humanity is painfully on display.

Thoughts and Sentiments on the Evil of Slavery Quobna Ottobah Cugoano, 1999-02-01 A freed slave's daring assertion of the evils of slavery Born in present-day Ghana, Quobna Ottobah Cugoano was kidnapped at the age of thirteen and sold into slavery by his fellow Africans in 1770; he worked in the brutal plantation chain gangs of the West Indies before being freed in England. His *Thoughts and Sentiments on the Evil of Slavery* is the most direct criticism of slavery by a writer of African descent. Cugoano refutes pro-slavery arguments of the day, including slavery's supposed divine sanction; the belief that Africans gladly sold their own families into slavery; that Africans were especially suited to its rigors; and that West Indian slaves led better lives than European serfs. Exploiting his dual identity as both an African and a British citizen, Cugoano daringly asserted that all those under slavery's yoke had a moral obligation to rebel, while at the same time he appealed to white England's better self. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. Expositions of the Psalms 1-32 (Vol. 1) Saint Augustine (of Hippo),1990 As the psalms are a microcosm of the Old Testament, so the Expositions of the Psalms can be seen as a microcosm of Augustinian thought. In the Book of Psalms are to be found the history of the people of Israel, the theology and spirituality of the Old Covenant, and a treasury of human experience expressed in prayer and poetry. So too does the work of expounding the psalms recapitulate and focus the experiences of Augustine's personal life, his theological reflections and his pastoral concerns as Bishop of Hippo.--Publisher's website.

Stop, Thief! Peter Linebaugh,2014-03-01 In this majestic tour de force, celebrated historian Peter Linebaugh takes aim at the thieves of land, the polluters of the seas, the ravagers of the forests, the despoilers of rivers, and the removers of mountaintops. Scarcely a society has existed on the face of the earth that has not had commoning at its heart. “Neither the state nor the market,” say the planetary commoners. These essays kindle the embers of memory to ignite our future commons. From Thomas Paine to the Luddites, from Karl Marx—who concluded his great study of capitalism with the enclosure of commons—to the practical dreamer William Morris—who made communism into a verb and advocated communizing industry and agriculture—to the 20th-century communist historian E.P. Thompson, Linebaugh brings to life the vital commonist tradition. He traces the red thread from the great revolt of commoners in 1381 to the enclosures of Ireland, and the American commons, where European immigrants who had been expelled from their commons met the immense commons of the native peoples and the underground African-American urban commons. Illuminating these struggles in this indispensable collection, Linebaugh reignites the ancient cry, “STOP, THIEF!”

Jew's Beech Annette von Droste-Hulshoff,2018-01-01 Based on a true story, this haunting tale centers on two brutal murders--the first of a local forester and the second of a Jewish moneylender near a beech tree--and the impact these events have on the life of Friedrich Mergel, a herdsman with a turbulent family history. A prototype of the murder mystery and a thoughtful examination of village society, this intriguing novella contains hints of the Gothic and the uncanny, including

ominous thunderstorms, mysterious disappearances, eerie doppelgangers and grizzly discoveries, as well as a famously ambiguous climax.

Collected Works of James Wilson James Wilson, 2007 This two-volume set brings together a collection of writings and speeches by James Wilson, one of only six signers of both the Declaration of Independence and the United States Constitution. His works had a significant impact on the deliberations that produced the cornerstone documents of American democracy.
