Everest—perfect for fans of Cindy Pon and Alison Goodman. She knows she could be the best in the world, if only someone would give her a chance. But everything changes when the mysterious and eccentric River Shara, the greatest explorer ever known, arrives in her village and demands to hire Kamzin—not her older sister Lusha, as everyone had expected—for his next expedition. Then Lusha sets off on her own mission to Raksha with a rival explorer who is determined to best River, and Kamzin must decide what's most important to her: protecting her sister from the countless perils of the climb or beating her to the summit. The challenges of climbing Raksha are unlike anything Kamzin expected—or prepared for—with avalanches, ice chasms, ghosts, and even worse at every turn. And as dark secrets are revealed, Kamzin must unravel the truth of their mission and of her companions—while surviving the deadliest climb she has ever faced.

Half a Soul Olivia Atwater, 2022-04-05 “Whimsical, witty, and brimming over with charm” (India Holton), Olivia Atwater’s delightful debut will transport you to a magical version of Regency England, where the only thing more meddlesome than a fairy is a marriage-minded mother! It’s difficult to find a husband in Regency England when you’re a young lady with only half a soul. Ever since she was cursed by a faerie, Theodora Ettings has had no sense of fear or embarrassment—an unfortunate condition that leaves her prone to accidental scandal. Dora hopes to be a quiet, sensible wallflower during the London Season—but when Elias Wilder, the strange, handsome, and utterly ill-mannered Lord Sorcier, discovers her condition, she is instead drawn into peculiar and dangerous faerie affairs. If her reputation can survive both her curse and her sudden connection with the least-liked man in all high society, then she and her family may yet reclaim their normal place in the world. But the longer Dora spends with Elias, the more she begins to suspect that one may indeed fall in love even with only half a soul. After the terrifying events on Mount Raksha, the witches have returned, and River has betrayed Kamzin to regain his dark powers. The witches’ next step: march on the Three Cities and take over the Empire—led by River’s brother, Esha. If Kamzin is to save Azmiri and prevent the destruction of the Empire, she must find a star that fell in the Ash Mountains to the north. Fallen stars have immense power, and if Kamzin and Lusha can find the star, they can use its magic to protect their homeland. To get there, Kamzin has allied with Azar-at, the dangerous and deceptive fire demon, who can grant her great power—in exchange for pieces of her soul. But River wants the star too, and as their paths collide in dangerous and unexpected ways, Kamzin must wrestle with both her guilt and her conflicted feelings for the person who betrayed her. Facing dark magic, a perilous journey, and a standoff against the witches, can Kamzin, Lusha, and Tem find the star and save their Empire?

Dolphin Mysteries Kathleen M. Dudzinski, Toni Frohoff, 2008-10-14 Dolphins have fascinated humans for millennia, giving rise to an abundance of stories and myths about them, yet the actual details of their lives in the sea have remained elusive. In this enthralling book, Kathleen M. Dudzinski and Toni Frohoff take us into the dolphins' aquatic world to witness firsthand how they live their lives, communicate, and interact with one another and with other species, including people. Kathleen M. Dudzinski and Toni Frohoff are scientists who have collectively dedicated more than 40 years to studying dolphins beneath the ocean's surface, frequently through a close-up underwater lens. Drawing on their own experiences and on up-to-the-minute research, the authors show that dolphins are decidedly not just members of a group but distinct individuals, able to communicate with one another and with humans. Dudzinski and Frohoff introduce a new way of looking at, and listening to, the vocabulary of dolphins in the sea, and they even provide an introductory dolphin dictionary, listing complex social signals that dolphins use to share information among themselves and with people. Unveiling an intimate and scientifically accurate portrait of dolphins, this book will appeal to everyone who has wanted a closer glimpse into the hearts and minds of these amazing creatures.
