## Lee Kuan Yew

**From Third World to First: The Singapore Story, 1965-2000** Lee Kuan Yew, 2012-09-15 Few gave tiny Singapore much chance of survival when independence was thrust upon it in 1965. Today the former British trading post is a thriving Asian metropolis with one of the world's highest per capita income. The story of that transformation is told here by Singapore's charismatic, controversial founding father Lee Kuan Yew. From Third World To First continues where the best-selling first volume, The Singapore Story, left off, and brings up to date the story of Singapore's dramatic rise. It was first published in 2000. Delving deep into his own meticulous notes and previously unpublished papers and cabinet records, Lee details the extraordinary efforts it took for an island city-state in Southeast Asia to survive, with just "a razor's edge" to manoeuvre in, as Albert Winsemius, Singapore's economic advisor in the 1960s, put it. We read how a young man of 42 and his cabinet colleagues finished off the communist threat to the fledgling state's security, and began the long, hard work of building a nation: creating an army from scratch, stamping out corruption, providing mass public housing, and masterminding a national airline and airport. Lee writes frankly about his trenchant approach to political opponents and his often unorthodox views on human rights, democracy and inherited intelligence, aiming always "to be correct, not politically correct". Nothing about Singapore escaped his watchful eye: whether choosing shrubs for roadsides, restoring the romance of historic Raffles Hotel or persuading young men to marry women as well-educated as themselves. Today's safe, tidy Singapore certainly bears his stamp, but as he writes, "If this is a nanny state, I am proud to have fostered one."

**The Singapore Story: Memoirs of Lee Kuan Yew** Lee Kuan Yew, 2012-09-15 The Singapore Story is the first volume of the memoirs of Lee Kuan Yew, the man who planted the island state of Singapore firmly on the map of the world. It was first published in 1999. In intimate detail, Lee recounts the battles against colonialists, communists and communalists that led to Singapore's independence. With consummate political skill, he countered adversaries, sometimes enlisting their help, at others opposing them, in the single-minded pursuit of Singapore's interests. We read how he led striking unionists against the colonial government, how over tea and golf he fostered ties with key players in Britain and Malaya, of secret midnight meetings in badly lit rooms, drinking warm Anchor beer with a communist underground leader, of his purposeful forging of an alliance with communists to gain the support of the Chinese-educated masses. Readers will find inspiration in his tenacity as he fought for the people's hearts and minds against first the communists and later the communalists - in parliament, on

the streets and through the media. Drawing on unpublished Cabinet papers, archives in Singapore, Britain, Australia, New Zealand and the United States, as well as personal correspondence, he gives us a vivid picture of how others viewed him: determined (“Lee will bluff, bully and blackmail up to the eleventh hour”), motivated (“Choo knew I sweated blood to master Hokkien”), ambitious (“He would think himself as legitimate as I was to be the leader of Malaya”), dangerous (“Crush Lee! Put him inside”). It is a sometimes controversial yet strangely consistent portrait of this Asian statesman. These experiences and his dealings with the political leaders were to shape his views and policies, which have had a major impact on Singapore and the region.

**Lee Kuan Yew** Graham Allison, Robert D. Blackwill, Ali Wyne, 2020-09-22 CNN “Book of the Week” Featuring a foreword by Henry Kissinger The grand strategist and founder of modern Singapore offers key insights and opinions on globalization, geopolitics, economic growth, and democracy in a series of interviews with the author of *Destined for War*, and others “If you are interested in the future of Asia, which means the future of the world, you’ve got to read this book.” —Fareed Zakaria, CNN When Lee Kuan Yew speaks, presidents, prime ministers, diplomats, and CEOs listen. Lee, the founding father of modern Singapore and its prime minister from 1959 to 1990, has honed his wisdom during more than fifty years on the world stage. Almost single-handedly responsible for transforming Singapore into a Western-style economic success, he offers a unique perspective on the geopolitics of East and West. American presidents from Richard Nixon to Barack Obama have welcomed him to the White House; British prime ministers from Margaret Thatcher to Tony Blair have recognized his wisdom; and business leaders from Rupert Murdoch to Rex Tillerson, CEO of Exxon Mobil, have praised his accomplishments. This book gathers key insights from interviews, speeches, and Lee’s voluminous published writings and presents them in an engaging question and answer format. Lee offers his assessment of China’s future, asserting, among other things, that “China will want to share this century as co-equals with the U.S.” He affirms the United States’ position as the world’s sole superpower but expresses dismay at the vagaries of its political system. He offers strategic advice for dealing with China and goes on to discuss India’s future, Islamic terrorism, economic growth, geopolitics and globalization, and democracy. Lee does not pull his punches, offering his unvarnished opinions on multiculturalism, the welfare state, education, and the free market. This little book belongs on the reading list of every world leader.

**Lee Kuan Yew** Fook Kwang Han, Warren Fernandez, Sumiko Tan, 2015 Lee Kuan Yew passed away on 23 March 2015 at the age of 92. This book, which was first published in 1998, tells the story of his life from when the Japanese occupied Singapore in 1941 until 1998 when he was Senior Minister. Based on 13 exclusive interviews held over 30 hours, this book chronicles the events, people and political fortunes that were to shape Lee's view of the world, as well as the path he set for the transformation of Singapore. It delves into the choices he made, the political turnings he took, the insights gained and lessons learnt, some of which were expounded to the authors for the first time, with wit, wisdom, candor and vivid

recollection. Written by three leading journalists from The Straits Times.

**Singapore** Mark Ravinder Frost, Yu-Mei Balasingamchow, 2013-02-19 Brimming with verve and dramatic incident, *Singapore: A Biography* offers fresh insights into the life story of this island city-state through the personal experiences of the workers, adventurers, rulers and revolutionaries who have shaped its history over the last seven centuries. The authors, drawing on research undertaken in collaboration with the National Museum of Singapore, have woven together ancient chronicles, eyewitness accounts, oral histories and even modern radio and television broadcasts to create a vivid and compelling narrative that brings the past back to life. Grounded in scholarship yet fired by the imagination, this book reveals the Singapore story to have been as rich, diverse and multilayered as the city-state is prosperous, ordered and successful today.

**Reflections** Yang Razali KASSIM, Mushahid ALI, 2015-12-08 *Reflections: The Legacy of Lee Kuan Yew* is a collection of essays reflecting on Singapore's first Prime Minister, Lee Kuan Yew's immense contribution to nation-building and the idea of development. This includes its various models -- from government and statecraft as well as leadership and governance, to economic development and the management of plural societies. The papers are written by a range of authors who had worked closely with, or for, or grew up, under Lee Kuan Yew.

**The Wit & Wisdom of Lee Kuan Yew** Lee Kuan Yew, 2013 Lee Kuan Yew played the pivotal role in Singapore's transition from British Crown Colony to independent developing nation, and on to the economically powerful and diplomatically influential city-state it is today. Throughout this surprising and at times painful journey, he has proved a charismatic and occasionally controversial leader. Lee is a conviction politician whose speeches are unambiguous, characterful and eminently quotable; this collection of almost 600 short quotations provides a compelling summary of his views on a wide range of topics from Singapore's past, present and future. In Lee's own words: I have been accused of many things in my life, but not even my worst enemy has ever accused me of being afraid to speak my mind.

One Man's View of the World Kuan Yew Lee, 2019

From Third World to First Lee Kuan Yew, 2011-02-08 Few gave tiny Singapore much chance of survival when it was granted independence in 1965. How is it, then, that today the former British colonial trading post is a thriving Asian metropolis with not only the world's number one airline, best airport, and busiest port of trade, but also the world's fourth-highest per capita real income? The story of that transformation is told here by Singapore's charismatic, controversial founding father, Lee Kuan Yew. Rising from a legacy of divisive colonialism, the devastation of the Second World War, and general poverty and disorder following the withdrawal of foreign forces, Singapore now is hailed as a city of the future. This miraculous history is dramatically recounted by the man who not only lived through it all but who fearlessly forged ahead and

brought about most of these changes. Delving deep into his own meticulous notes, as well as previously unpublished government papers and official records, Lee details the extraordinary efforts it took for an island city-state in Southeast Asia to survive at that time. Lee explains how he and his cabinet colleagues finished off the communist threat to the fledgling state's security and began the arduous process of nation building: forging basic infrastructural roads through a land that still consisted primarily of swamps, creating an army from a hitherto racially and ideologically divided population, stamping out the last vestiges of colonial-era corruption, providing mass public housing, and establishing a national airline and airport. In this illuminating account, Lee writes frankly about his trenchant approach to political opponents and his often unorthodox views on human rights, democracy, and inherited intelligence, aiming always to be correct, not politically correct. Nothing in Singapore escaped his watchful eye: whether choosing shrubs for the greening of the country, restoring the romance of the historic Raffles Hotel, or openly, unabashedly persuading young men to marry women as well educated as themselves. Today's safe, tidy Singapore bears Lee's unmistakable stamp, for which he is unapologetic: If this is a nanny state, I am proud to have fostered one. Though Lee's domestic canvas in Singapore was small, his vigor and talent assured him a larger place in world affairs. With inimitable style, he brings history to life with cogent analyses of some of the greatest strategic issues of recent times and reveals how, over the years, he navigated the shifting tides of relations among America, China, and Taiwan, acting as confidant, sounding board, and messenger for them. He also includes candid, sometimes acerbic pen portraits of his political peers, including the indomitable Margaret Thatcher and Ronald Reagan, the poetry-spouting Jiang Zemin, and ideologues George Bush and Deng Xiaoping. Lee also lifts the veil on his family life and writes tenderly of his wife and stalwart partner, Kwa Geok Choo, and of their pride in their three children -- particularly the eldest son, Hsien Loong, who is now Singapore's deputy prime minister. For more than three decades, Lee Kuan Yew has been praised and vilified in equal measure, and he has established himself as a force impossible to ignore in Asian and international politics. From Third World to First offers readers a compelling glimpse into this visionary's heart, soul, and mind.

**Lee Kuan Yew School of Public Policy** Kishore Mahbubani, 2013 In an industry of higher education that measures the longevity of its leading institutions in decades and centuries, the establishment and rapid growth of the eight-year-old Lee Kuan Yew School of Public Policy (LKY School), National University of Singapore, is a remarkable story that deserves to be told. The five co-authors, all of whom were involved in guiding the School during its formative years, provide unique perspectives of key events and the thinking behind major decisions that helped place the School on its current trajectory. They also provide insights into the challenges faced along the way as well as their own motivations in becoming part of this enterprise. Finally, each author provides his or her own thoughts as to the challenges and opportunities that could emerge for the LKY School in years to come. Read the chapters authored by dynamic, key founding and management personnel of the LKY School and discover for yourselves: the relevance of an Asian policy school what will make the LKY School's curriculum

one of the most innovative what sets global policy studies apart from all other academic disciplines why executive education at the LKY School is one of the largest in the world why the LKY School is the third best-endowed policy school in the world a view of high-profile participating student officials

**Lee Kuan Yew Through The Eyes Of Chinese Scholars** Chen Ning Yang, Ying-shih Yu, Gungwu Wang, 2016-12-27 Lee Kuan Yew through the Eyes of Chinese Scholars is a compilation of essays by highly-respected Chinese scholars in which they evaluate the life, work and philosophy of Lee Kuan Yew, founding Prime Minister of Singapore. Presenting a range of views from a uniquely Chinese/Asian perspective, this book provides valuable insights for those who wish to gain a fuller and deeper understanding of Lee Kuan Yew — the man, as well as Singapore — his nation. Marking the momentous event of his death as well as the 50th anniversary of Singapore's independence in 2015, this compilation reflects both the high regard in which Lee Kuan Yew is held across the Chinese-speaking world as well as the reservations of a few. The contributors are all ethnic Chinese from different academic disciplines ranging from a Nobel laureate in physics, Chen-Ning Yang, to historians, economists and political scientists. They include Singaporeans such as Wang Gungwu and Chew Cheng Hai, as well as scholars from China, the US and Hong Kong such as Yongnian Zheng, Ying-Shih Yu, Lawrence Lau and Hang-Chi Lam among others. Originally published in Chinese, this English translation makes the material accessible to a wider English-reading audience.

**The Singapore Water Story** Cecilia Tortajada, Yugal Joshi, Asit K. Biswas, 2013 This book describes the journey of Singapore's development and the fundamental role that water has had in shaping it. What makes this case so unique is that the quest for self-sufficiency in terms of water availability in a fast-changing urban context has been crucial to the way development policies and agendas have been planned throughout the years.

**A General History Of The Chinese In Singapore** Chong Guan Kwa, Bak Lim Kua, 2019-06-21 A General History of the Chinese in Singapore documents over 700 years of Chinese history in Singapore, from Chinese presence in the region through the millennium-old Hokkien trading world to the waves of mass migration that came after the establishment of a British settlement, and through to the development and birth of the nation. Across 38 chapters and parts, readers are taken through the complex historical mosaic of Overseas Chinese social, economic and political activity in Singapore and the region, such as the development of maritime junk trade, plantation industries, and coolie labour, the role of different bangs, clan associations and secret societies as well as Chinese leaders, the diverging political allegiances including Sun Yat-sen's revolutionary activities and the National Salvation Movement leading up to the Second World War, the transplanting of traditional Chinese religions, the changing identity of the Overseas Chinese, and the developments in language and education policies, publishing, arts, and more. With 'Pride in our Past, Legacy for our Future' as its key objective, this volume aims to preserve the Singapore Chinese story, history and heritage for future generations, as well as keep our cultures and

traditions alive. Therefore, the book aims to serve as a comprehensive guide for Singaporeans, new immigrants and foreigners to have an epitome of the Singapore society. This publication is supported by the National Heritage Board's Heritage Project Grant. Related Link(s)

*Blinded by the Right* David Brock, 2002-04-24 In a powerful and deeply personal memoir David Brock, the original right-wing scandal reporter, chronicles his rise to the pinnacle of the conservative movement and his painful break with it. David Brock pilloried Anita Hill in a bestseller. His reporting in *The American Spectator* as part of the infamous “Arkansas Project” triggered the course of events that led to the historic impeachment trial of President Clinton. Brock was at the center of the right-wing dirty tricks operation of the Gingrich era—and a true believer—until he could no longer deny that the political force he was advancing was built on little more than lies, hate, and hypocrisy. In *Blinded By the Right*, Brock, who came out of the closet at the height of his conservative renown, tells his riveting story from the beginning, giving us the first insider’s view of what Hillary Rodham Clinton called “the vast right-wing conspiracy.” Whether dealing with the right-wing press, the richly endowed think tanks, Republican political operatives, or the Paula Jones case, Brock names names from Clarence Thomas on down, uncovers hidden links, and demonstrates how the Republican Right’s zeal for power created the poisonous political climate that culminated in George W. Bush’s election. With a new afterword by the author, *Blinded By the Right* is a classic political memoir of our times.

*A Chance of a Lifetime* Peter Ho, Liu Thai Ker, Tan Wee Kiat, 2016 *A Chance of a Lifetime* details Singapore's history of urban planning, and Lee Kuan Yew's role in the development of the modern city-state.

*Keeping My Mandarin Alive: Lee Kuan Yew's Language Learning Experience (With Resource Materials And Dvd-rom) (English Version)* Chee Lay Chua, 2005-05-25 Learn Mandarin while you brush your teeth or shave? Read how Singapore's Minister Mentor Lee Kuan Yew does it! A Prime Minister as an interpreter? Find out when and why MM Lee had to do it. For the first time, this towering figure of the island-state's politics gives a first-hand account of how he has learnt Mandarin over the last 50 years and kept it alive. He also tells when and why he decided to learn the language, where he got hold of the learning materials from, whom he practises his Mandarin with and what spurs him on. MM Lee goes beyond these 5Ws and 1H in *Keeping My Mandarin Alive*, to share the agony of a mature Chinese language student and how he has overcome the difficulties — he strove to learn Mandarin only at age 32 (from 1955) and Hokkien at age 38 (from 1961). The comprehensive package also details how the English-educated MM Lee has been relating Mandarin to his master language in an effort to grasp the former and unravels how the latest technology has helped him in his quest. Edited by Dr Chua Chee Lay, one of MM Lee's Chinese tutors, *Keeping My Mandarin Alive* comprises:

*Over Singapore 50 Years Ago* Brenda S. A. Yeoh, Theresa Wong, 2016-07-07 Sure to fascinate anyone who has ever wondered what Singapore was like in the old days, this book offers a detailed aerial view of the city and outlying areas in the

1950s.

**Governing Global-City Singapore** Kenneth Paul Tan, 2018-08-03 This book provides a detailed analysis of how governance in Singapore has evolved since independence to become what it is today, and what its prospects might be in a post-Lee Kuan Yew (LKY) future. First, it discusses the question of political leadership, electoral dominance, and legislative monopoly in Singapore's one-party dominant system and the system's durability. Second, it tracks developments in Singapore's public administration, critically analysing the formation and transformation of meritocracy and pragmatism, two key components of the state ideology. Third, it discusses developments within civil society, focusing in particular on issues related to patriarchy and feminism, hetero-normativity and gay activism, immigration and migrant worker exploitation, and the contest over history and national narratives in academia, the media, and the arts. Fourth, it discusses the People's Action Party (PAP) government's efforts to connect with the public, including its national public engagement exercises that can be interpreted as a subtler approach to social and political control. In increasingly complex conditions, the state struggles to maintain its hegemony while securing a pre-eminent position in the global economic order. Tan demonstrates how trends in these four areas converge in ways that signal plausible futures for a post-LKY Singapore.
