Taste of Nepal Jyoti Pathak,2007 The landlocked nation of Nepal is tucked into the Himalayan Mountains between India and China (Tibet). Possessed of a varied landscape and such treasures as Mount Everest, the Nepalese are proud of their time-worn temples, sublime scenery, hiking trails, and a rich and vibrant culture. The cuisine is surprisingly diverse for such a small country, with influences from Chinese and Indian culinary methods and tastes. One of the very few Nepali cookbooks on the market, *Taste of Nepal* is a thorough and comprehensive guide to this cuisine, featuring more than 350 authentic recipes, a section on well-known Nepali herbs and spices, menu planning, Nepalese kitchen equipment, and delightful illustrations. Instructions are clearly detailed and most ingredients are readily available in the United States. Complete with illustrations. There is something for everyone in this book. For the most timid cook--Fried Rice (Baasi-Bhaat Bhutuwa) or Stir-Fried Chicken (Kukhura Taareko) are easily achievable. The adventurous home chef will be tempted to try Goat Curry (Khasi-Boka ko Maasu) and Sun-Dried Fish with Tomato Chutney (Golbheda ra Sidra Maacha). -- Amazon.com viewed August 31, 2020.

Nepali Migrant Women Shobha Hamal Gurung,2015-11-17 In this pathbreaking and timely work, Hamal Gurung gives voice to the growing number of Nepali women who migrate to the United States to work in the informal economy. Highlighting the experiences of thirty-five women, mostly college educated and middle class, who take on domestic service and unskilled labor jobs, Hamal Gurung challenges conventional portraits of Third World women as victims forced into low-wage employment. Instead, she sheds light on Nepali women's strategic decisions to accept downwardly mobile positions in order to earn more income, thereby achieving greater agency in their home countries as well as in their diasporic communities in the United States. These women are not only investing in themselves and their families—they are building transnational communities through formal participation in NGOs and informal networks of migrant workers. In great detail,

Hamal Gurung documents Nepali migrant women's lives, making visible the profound and far-reaching effects of their civic, economic, and political engagement.

Of Stillness and Storm Michele Phoenix, 2016-12-06 Award-winning and highly acclaimed author, Michèle Phoenix, pens a story of marriage and missions, and what happens when they don't always align. "The Poisonwood Bible for a new generation." —Elizabeth Musser, author of *The Long Highway Home* "I felt torn between two worlds. Each with its own mystery. One more captivating than the other, but the other more real and breathing." It took Lauren and her husband ten years to achieve their dream—reaching primitive tribes in remote regions of Nepal. But while Sam treks into the Himalayas for weeks at a time, finding passion and purpose in his work among the needy, Lauren and Ryan stay behind, their daily reality more taxing than inspiring. For them, what started as a calling begins to feel like the family's undoing. At the peak of her isolation and disillusion, a friend from Lauren's past enters her life again. But as her communication with Aidan intensifies, so does the tension of coping with the present while reengaging with the past. It's thirteen-year-old Ryan who most keenly bears the brunt of her distraction. Intimate and bold, *Of Stillness and Storm* weaves profound dilemmas into a tale of troubled love and honorable intentions gone awry. "In this fine novel, Phoenix realistically captures the deep struggles enveloping a missionary family." —Publishers Weekly

Beyond the Next Village Mary Anne Mercer, 2022-05-02 *Beyond the Next Village* is Mary Anne Mercer's memoir of discovery, growth, and awakening in 1978 Nepal, which was then a mysterious country to most of the world. After arriving in Nepal, Mercer, an American nurse, spent a year traveling on foot—often in flip-flops—with a Nepali health team, providing immunizations and clinical care in each village they visited. Communicating in a newly acquired language, she was often called upon to provide the only modern medicine available to the people she and her team were serving. Over time, she learned to recognize and respect the prominence of their cultural beliefs about health and illness. Encounters with life-threatening conditions such as severe malnutrition and ectopic pregnancy gave her an enlightening view of both the limitations and power of modern health care; immersed in villagers' lives and those of her own team, she realized she was

living in not just another country, but another time. This unique story of the joys and perils of one woman's journey in the shadow of the Himalayas, *Beyond the Next Village* opens a window into a world where the spirits were as real as the trees, the birds, or the rain—and healing could be as much magic as medicine.

Take Up Your Mat and Walk Mark Mah,2016-10-07 This book uses the metaphor of walking to gain insight into the spiritual life. Walking is the most basic movement of the human body. For many people, walking carries no value on its own except to transit between two points. From the spiritual perspective, we can derive many benefits through the act of walking. As a spiritual discipline, walking not only has health benefits but generates different states of well-being that are good for the human soul and spirit. Walking gives us pleasure, joy, happiness, and serenity. Metaphorically speaking, walking gives us a sense that we are on a journey with God. It also helps us to know the importance of engaging our physical bodies in our spirituality. It keeps us attuned to the present moment, cultivates in us a sense of wonder in the natural world, creates an inner space in our cluttered lives, highlights the need for solitude and silence, and gives us the freedom of simplicity that the soul enjoys.

Conning the Billionaire Blair Babylon,2022-10-11 From USA Today Bestselling Author Blair Babylon comes an

explosive thriller about a small-time con artist in Atlantic City who tries to scam an undercover MI6 spy, and soon the Philly Mafia is chasing both of them. You can't con an honest man, but I'd never met one of those. Until I met Micah Shine. I come from a long line of con artists. Grifters, if you will. Card cheats and honey traps and catfishers. My mother married wealthy men who died suddenly, and Dad counted cards at blackjack in Atlantic City until the Mafia offed him. Like father, like daughter. I was working marks in A.C. when I met Micah Shine, who seemed as if he might be that mythical beast, an honest man. I threw out the bait, and he didn't bite. Micah was tall, ripped, rich, and hot, and when he took off his sunglasses, his eyes were the green-flecked silver of opals. That night, he seemed sober, conscientious, and kind, scrupulous in his honesty, and a freaking magician in bed. That should have been my clue. Magicians are just another kind of con artist, but it didn't register. I was smitten until it all fell apart. I should've known. Because I should have realized that if I wasn't the con artist that night, I was the mark. But that didn't mean I was a sucker. Our Forgotten Cultures Bina Sharma, 2024-10-11 In the 1980s, Sasi finds herself playing the role of involuntary trailblazer, as the first Nepali woman to immigrate to her small community in Eastern Canada. There is no guidebook on how to navigate life, identity, and motherhood in this strange new place. Nor is she prepared for the triple whammy of racism, sexism, and ageism that confronts her as she seeks to gain a footing in the workplace and society. Weaving together personal recollections with those of family members, Sasi takes the reader on a journey that is strikingly honest, emotional, and ultimately hopeful.

In the Shadow of Everest Robert S. Ove, 2011 On the verge of retirement, Robert Ove was struck by an advertisement in the Lutheran Magazine for a volunteer mission trip to Kathmandu, Nepal—a valley in the shadow of Mt. Everest. His wife, Pat, agreed to join him in this yearlong adventure. Their time in Nepal changed their lives. They came to love the Nepalese and became lovingly known as Abba and Ama (Father and Mother). They now encourage everyone to take at least a short-term mission trip at some point, but not without proper advice on what to expect. Though every country and culture is different, Robert's personal experience in Nepal offers invaluable information for future missionaries on dealing with language barriers, exotic foods, foreign transportation, foreign politics, religious customs, disease and contamination,

adverse living conditions, and religious intolerance. Some struggles span continents; others are more localized. Join Robert as he encourages and forewarns you. Discover the miracles that abound In the Shadow of Everest despite, or perhaps in light of, the seeming misfortunes that have befallen the inhabitants. See what God can do if you obey his leading, even when you think your future is on the golf course.

In Search of a Future Andrea Kölbl,2020-08-14 In a conversation about youth agency, the most common discourses that come up are of acts of liberation, resistance, and deviance. However, this perspective is fairly narrow and runs the risk of reinforcing pervasive and often polarizing depictions of youth. In order to broaden the understanding of young people's collective actions and their potential social implications, it is necessary to ask: What types of agency do young people demonstrate? This book aims to scrutinize some of the conceptual ideas that underlie prevalent visions of youth as agents of social change and as a source of hope for a better future. As a part of the Education and Society in South Asia series, it provides insightful accounts of students' daily routines on and around a public university campus in Kathmandu, Nepal, and calls attention to a group of non-elite university students who have remained less visible in scholarly and public debates about student activism, youth unemployment, and international migration. By placing different strands of literature on youth, aspiration, and mobility into conversation, In Search of a Future unveils new and important perspectives on how young people navigate competing social expectations, educational inequalities, and limited job prospects.

On the Banks of a River Godfrey Mwakikagile,2020-07-18 The author looks at the challenges the city of Grand Rapids faces in terms of achieving racial equality. He also looks at prospects for achieving the goal, complemented by studies conducted by different groups, agencies and individuals including city officials. Grand Rapids is the second-largest city in the state Michigan after Detroit. The challenges black people face in terms of employment, housing, business opportunities, access to resources, education and race relations in general are some of the subjects addressed by the author. A report in Forbes magazine in January 2015 stated that Grand Rapids was one of the worst cities for blacks in terms of economic opportunities. It was ranked second from last among the nation's 52 largest metropolitan areas in terms of opportunities for black people, surpassed only by Milwaukee, Wisconsin. The author also looks at how far the city has progressed, or regressed, in more than 50 years since the 1967 riot and why the poverty rate among blacks is higher than it was more than 50 years ago. He also looks at where the city is headed in terms of demographics and political orientation. Grand Rapids is in a congressional district that has always been a Republican stronghold. Subjects covered include the city's demographic composition and transformation through the years; establishment of the first black settlement in the city's history, Auburn Hills, by blacks in response to segregation; the 1967 riot; race relations including racial integration and its challenges; gentrification and its impact on inner-city residents, mostly black; the city's gradual transformation from being a conservative stronghold to being somewhat liberal and still having conservative enclaves especially on the periphery but even within the

city itself; the city's social and political climate; and what lies ahead and other subjects.

Refugees in New Destinations and Small Cities Pablo S. Bose, 2020-09-15 For the last two decades, refugees, like other immigrants, have been settling in newer locations throughout the US and other countries. No longer are refugees to be found only in major metropolitan areas and gateway cities; instead, they are arriving in small towns, rural areas, rustbelt cities, and suburbs. What happens to them in these new destinations and what happens to the places that receive them? Drawing on a decade's worth of interviews, surveys, spatial analysis and community-based projects with key informants, Dr Pablo Bose argues that the value of refugee newcomers to their new homes cannot be underestimated.
