entire lifetimes to master.” — Gregg Braden, New York Times best-selling author of *Human by Design* and *The Divine Matrix* “We can create better lives for ourselves—and that we are not linear beings living linear lives, but dimensional beings living dimensional lives. **Goddesses Never Age** Christiane Northrup, 2015 Though we talk about wanting to age gracefully, the truth is that when it comes to getting older, we're programmed to dread an inevitable decline: in our health, our looks, our sexual relationships, even the pleasure we take in living life. But as Christiane Northrup, M.D., shows us in this New York Times best-selling guide, we have it in us to make growing older an entirely different experience, both for our bodies and for our souls. In chapters that blend personal stories and practical exercises with the latest research on health and aging, Dr. Northrup lays out the principles of ageless living, from rejecting processed foods to releasing stuck emotions, from embracing our sensuality to connecting deeply with our Divine Source. Explaining that the state of our health is dictated far more by our beliefs than by our biology, she works to shift our perceptions about getting older and show us what we are entitled to expect from our later years--no matter what our culture tries to teach us to the contrary--including: - Vibrant good health - A fulfilling sex life - The capacity to love without losing ourselves - The ability to move our bodies with ease and pleasure - Clarity and authenticity in all our relationships--especially the one we have with ourselves Taking all the right supplements and pills, or getting the right procedure done, isn't the prescription for anti-aging, Dr. Northrup explains. Agelessness is all about vitality, the creative force that gives birth to new life. *Goddesses Never Age* is filled with tools and inspiration for bringing vitality and vibrancy into your own ageless years--and it all comes together in Dr. Northrup's 14-day Ageless Goddess Program, your personal prescription for creating a healthful, soulful, joyful new way of being at any stage of life.

**Chronicles from the Future** Paul Amadeus Dienach, 2016-03-21 In 1921, Paul Amadeus Dienach, a Swiss-Austrian teacher with fragile health, falls into a one-year-long coma. During this time, his consciousness slides into the future and enters the body of another man in 3906 A.D. When Dienach awakens from his coma, he finds himself back in 1922. Knowing that he doesn't have much time left, he writes a diary, recording whatever he could remember from his amazing experience: the mankind's history in the forthcoming centuries, from the nightmare of overpopulation and World Wars up until the world-changing globalisation, the radical new administration system, the colony on Mars and the next human evolutionary stage. Without any close friends and relatives to entrust, he doesn't say a word to anyone out of fear of being branded a lunatic. Before he dies, he hands his diary to his favourite student, George Papachatzis, later prominent Professor of Law and Rector of Panteion University of Greece. The diary circulates as hidden knowledge amongst high ranking masons in the lodges of Athens. In 1972, professor Papachatzis, despite an intense dispute, decides to publish Dienach's diary in Greek. Paul Dienach was not an author, poet, or professional writer. Rather, he was an ordinary man who kept a journal, never with the expectation that it would be published. This unique and controversial book, a universal legacy, is now carefully edited, translated and available to everyone. This is the history of our future! We deliver it to you.

**The Undivine Comedy** Teodolinda Barolini, 1992-10-30 Accepting Dante's prophetic truth claims on their own terms, Teodolinda Barolini proposes a detheologized reading as a global new approach to the *Divine Comedy*. Not aimed at excising theological concerns from Dante, this approach instead attempts to break out of the hermeneutic guidelines that Dante structured into his poem and that have resulted in theologized readings whose outcomes have been overdetermined by the poet. By detheologizing, the reader can emerge from this poet's hall of mirrors and discover the narrative techniques that enabled Dante to forge a true fiction. Foregrounding the formal exigencies that Dante masked as ideology, Barolini moves from the problems of beginning to those of closure, focusing always on the narrative journey. Her investigation—which treats such topics as the visionary and the poet, the One and the many, narrative and time—reveals some of the transgressive paths trodden by a master of mimesis, some of the ways in which Dante's poetic adventuring is indeed, according to his own lights, Ulyssean.

**Evolve Your Brain** Joe Dispenza, 2010-01-01 Why do we keep getting the same jobs, taking on the same relationships, and finding ourselves in the same emotional traps? Dr. Joe Dispenza not only teaches why people tend to repeat the same

negative behaviors, he shows how readers can release themselves from these patterns of disappointment. With the dynamic combination of science and accessible how-to, Dispenza teaches how to use the most important tool in one's body and life—the brain. Featured in the underground smash hit of 2004, *What the Bleep Do We Know!?*, Dispenza touched upon the brain's ability to become addicted to negative emotions. Now, in his empowering book *Evolve Your Brain* he explains how new thinking and new beliefs can literally rewire one's brain to change behavior, emotional reactions, and habit forming patterns. Most people are unaware of how addicted they are to their emotions, and how the brain perpetuates those addictions automatically. In short, we become slaves to our emotional addictions without even realizing it. By observing our patterns of thought, and learning how to 're-wire the brain' with new thought patterns, we can break the cycles that keep us trapped and open ourselves to new possibilities for growth, happiness and emotional satisfaction. Key Features A radical approach to changing addictive patterns and bad habits. Based on more than twenty years of research. Bridges the gap between science, spirituality and self-help—a formula that has proven success. Easy to understand and written for the average reader.

**You Are the Placebo** Dr. Joe Dispenza, 2015-09-08 Is it possible to heal by thought alone—without drugs or surgery? The truth is that it happens more often than you might expect. In *You Are the Placebo*, best-selling author, international speaker, chiropractor, and renowned researcher of epigenetics, quantum physics, & neuroscience, Dr. Joe Dispenza shares numerous documented cases of those who reversed cancer, heart disease, depression, crippling arthritis, and even the tremors of Parkinson's disease by believing in a placebo. Similarly, Dr. Joe tells of how others have gotten sick and even died the victims of a hex or voodoo curse—or after being misdiagnosed with a fatal illness. Belief can be so strong that pharmaceutical companies use double- and triple-blind randomized studies to try to exclude the power of the mind over the body when evaluating new drugs. "In his paradigm-altering book, *You Are the Placebo*, Dr. Joe Dispenza catapults us beyond thinking of the placebo effect as an anomaly. Through 12 concise chapters that read like a true-life scientific thriller, Dispenza gives us rock-solid reasons to accept the game-changer of our lives: that the placebo effect is actually us, proving to ourselves the greatest possibilities of healing, miracles, and longevity! I love this book and look forward to a world where the secret of the placebo is the foundation of everyday life." — Gregg Braden, New York Times best-selling author of *Deep Truth* and *The Divine Matrix* Chapters Include: Foreward by Dawson Church, Ph.D. Part I: Is It Possible? A Brief History of the Placebo The Placebo Effect in the Brain The Placebo Effect in the Body How Thoughts Change the Brain and the Body Suggestibility Attitudes, Beliefs, and Perceptions The Quantum Mind Three Stories of Personal Transformation Information to Transformation: Proof That You Are the Placebo Part II: Transformation Meditation Preparation Changing Beliefs and Perceptions Meditation Becoming Supernatural Dr. Joe does more than simply explore the history and the physiology of the placebo effect. He asks the question: Is it possible to teach the principles of the placebo, and without relying on any external

substance, produce the same internal changes in a person's health and ultimately in his or her life? Then he shares scientific evidence (including color brain scans) of amazing healings from his workshops, in which participants learn his consciousness shifting model of personal transformation, based on practical applications of the so-called placebo effect. The book ends with a how-to calming meditation for changing limiting beliefs and mental perceptions that hold us back—the first step in healing. You Are the Placebo combines the latest research in neuroscience, biology, psychology, hypnosis, behavioral conditioning, and quantum physics to demystify the workings of the placebo effect . . . and show how the seemingly impossible can become possible. "I discovered that if I could teach people the scientific model of transformation (bringing in a little quantum physics to help them understand the science of possibility); combine it with the latest information in neuroscience, neuroendocrinology, epigenetics, and psychoneuroimmunology; give them the right kind of instruction; and provide the opportunity to apply that information, then they would experience a transformation... This book is about: empowering you to realize that you have all the biological and neurological machinery to do exactly that. My goal is to demystify these concepts with the new science of the way things really are so that it is within the reach of more people to change their internal states in order to create positive changes in their health and in their external world." — Dr. Joe Dispenza

**Lovecraft Country** Matt Ruff, 2017-10-19 Now a major HBO series from J.J. Abrams, Misha Green and Jordan Peele (Director of Get Out) A chimerical blend of magic, power, hope, and freedom that stretches across time, touching diverse members of two black families, Matt Ruff's Lovecraft Country is a devastating kaleidoscopic portrait of racism - the terrifying specter that continues to haunt us today. Chicago, 1954. When his father Montrose goes missing, twenty-two year-old Army veteran Atticus Turner embarks on a road trip to New England to find him, accompanied by his Uncle George - publisher of The Safe Negro Travel Guide - and his childhood friend Letitia. On their journey to the manor of Mr. Braithwhite - heir to the estate that owned one of Atticus's ancestors - they encounter both mundane terrors of white America and malevolent spirits that seem straight out of the weird tales George devours. At the manor, Atticus discovers his father in chains, held prisoner by a secret cabal named the Order of the Ancient Dawn - led by Samuel Braithwhite and his son Caleb - which has gathered to orchestrate a ritual that shockingly centers on Atticus. And his one hope of salvation may be the seed of his - and the whole Turner clan's - destruction. 'At every turn, Ruff has great fun pitting mid-twentieth-century horror and sci-fi clichés against the banal and ever present bigotry of the era' - New York Times Book Review.

**The Manuscript Found in Saragossa** Jan Potocki, 1996-09 Alphonse, a young Walloon officer, is travelling to join his regiment in Madrid in 1739. But he soon finds himself mysteriously detained at a highway inn in the strange and varied company of thieves, brigands, cabbalists, noblemen, coquettes and gypsies, whose stories he records over sixty-six days. The resulting manuscript is discovered some forty years later in a sealed casket, from which tales of characters transformed through disguise, magic and illusion, of honour and cowardice, of hauntings and seductions, leap forth to create a vibrant

polyphony of human voices. Jan Potocki (1761-1812) used a range of literary styles - gothic, picaresque, adventure, pastoral, erotica - in his novel of stories-within-stories, which, like the Decameron and Tales from the Thousand and One Nights, provides entertainment on an epic scale.

**Ascendent** Tal Bauer, 2018-09-26 Sasha Andreyev grew up on the wrong side of nowhere, dreaming of starlight as he strangled a secret. He fled, enlisting in the Russian Army, and worked his way up the ranks. Years later, after surviving a beating and being left for dead, he found a new life in Moscow, working with President Sergey Puchkov. And then, he fell in love. Desperate to avoid his runaway heart, crippled with a shame that infected his soul, and ravaged by demons haunting his memories, Sasha ran. But he could never escape Sergey, or the gravitational pull of their love. Nightmares trail behind his every step and weary ghosts live in the hollow chambers of his soul. He

**Ritual, Media, and Conflict** Ronald L. Grimes, Ute Husken, Udo Simon, Eric Venbrux, 2011-03-23 Rituals can provoke or escalate conflict, but they can also mediate it and although conflict is a normal aspect of human life, mass media technologies are changing the dynamics of conflict and shaping strategies for deploying rituals. This collection of essays emerged from a two-year project based on collaboration between the Faculty of Religious Studies at Radboud University Nijmegen in the Netherlands and the Ritual Dynamics Collaborative Research Center at the University of Heidelberg in Germany. An interdisciplinary team of twenty-four scholars locates, describes, and explores cases in which media-driven rituals or ritually saturated media instigate, disseminate, or escalate conflict. Each multi-authored chapter is built around global and local examples of ritualized, mediatized conflict. The book's central question is: When ritual and media interact (either by the mediatizing of ritual or by the ritualizing of media), how do the patterns of conflict change?

**Reading Roman Comedy** Alison Sharrock, 2009-09-24 For many years the domain of specialists in early Latin, in complex metres, and in the reconstruction of texts, Roman comedy is now established in the mainstream of Classical literary criticism. Where most books stress the original performance as the primary location for the encountering of the plays, this book finds the locus of meaning and appreciation in the activity of a reader, albeit one whose manner of reading necessarily involves the imaginative reconstruction of performance. The texts are treated, and celebrated, as literary devices, with programmatic beginnings, middles, ends, and intertexts. All the extant plays of Plautus and Terence have at least a bit part in this book, which seeks to expose the authors' fabulous artificiality and artifice, while playing along with their differing but interrelated poses of generic humility.

*Not Without Us* Guido Stucco, 2006 Contrary to popular assumption, the doctrine of predestination is part of the Catholic Church's teachings. The research in *Not Without Us* aims at showing how saints, bishops, and theologians from Augustine to the Second Council of Orange (529 a.d.) upheld this theology and even defended it. Together with a forthcoming volume, covering the developments in the history of this doctrine from Orange to Thomas Aquinas, author Guido Stucco outlines, in

an easily accessible way to nonspecialists, the Catholic Church's comprehensive, pre-Reformation understanding of predestination.

The text is supported by a useful selection of illustrations Excellent footnotes and a good index. Finely produced, Romanticism will stimulate the graduate and inform the undergraduate. —Choice An interpretation that rings true for our own time.... His approach to his vast subject is essentially cool, analytic and balanced This is a book that covers an immense amount of material with a freshness of touch. —John Russell, The New York Times A book of great interest and quality which gives form to a subject that is often treated very vaguely. —Kenneth Clark

*The Girl with the Crystal Eyes* Barbara Baraldi,2010-05-03 A beautiful killer, a cop determined to unravel an enigmatic trail of bloody butchery, a young medium fleeing her past, troubled dreams of murder. A perverse game of life and death unfolds between the hunter and the hunted, murderer and detective, night and day, where the female of the species proves as daringly evil as Hannibal Lecter, giving 'Femme Fatale' a whole new meaning.

*Coreyography* Corey Feldman,2014-10-07 Spares no details. —Starred Publishers Weekly Review An incredible read. —Richard Donner, Director People always ask me about life after childhood stardom. What would I say to parents of children in the industry? My only advice, honestly, is to get these kids out of Hollywood and let them lead normal lives. —Corey Feldman A deeply personal and revealing Hollywood-survival story. Lovable child star by age ten, international teen idol by fifteen, and to this day a perennial pop-culture staple, Corey Feldman has not only spent the entirety of his life in the spotlight, he's become just as famous for his off-screen exploits as for his roles in such classic films as Gremlins, The Goonies, and Stand by Me. He's been linked to a slew of Hollywood starlets (including Drew Barrymore, Vanessa Marcil, and adult entertainer Ginger Lynn), shared a highly publicized friendship with Michael Jackson, and with his frequent costar Corey Haim enjoyed immeasurable success as one half of the wildly popular duo The Two Coreys, spawning seven films, a 1-900 number, and Coreymania in the process. What child of the eighties didn't have a Corey Feldman poster hanging in her bedroom, or a pile of Tiger Beats stashed in his closet? Now, in this brave and moving memoir, Corey is revealing the truth about what his life was like behind the scenes: His is a past that included physical, drug, and sexual abuse, a dysfunctional family from which he was emancipated at age fifteen, three high-profile arrests for drug possession, a nine-month stint in rehab, and a long, slow crawl back to the top of the box office. While Corey has managed to overcome the traps that ensnared so many other entertainers of his generation—he's still acting, is a touring musician, and is a proud father to his

son, Zen—many of those closest to him haven't been so lucky. In the span of one year, he mourned the passing of seven friends and family members, including Corey Haim and Michael Jackson. In the wake of those tragedies, he's spoken publicly about the dark side of fame, lobbied for legislation affording greater protections for children in the entertainment industry, and lifted the lid off of what he calls Hollywood's biggest secret. Coreography is his surprising account of survival and redemption.
