**Mantak Chia, William U. Wei**

Chi Self-Massage Mantak Chia, 2006-06-05 Energetic massage techniques that dispel negative emotions, relieve stress, and strengthen the senses, internal organs, and nervous system • Shows how Chi Massage employs one's own internal energy to promote rejuvenation • Presents Chi Massage techniques for every organ and bodily system • Provides a daily practice routine that requires only 5 to 10 minutes to complete The Western concept of massage primarily concerns muscle manipulation. In the practice of Chi Massage, internal energy, or Chi, is manipulated to strengthen and rejuvenate the sense organs--eyes, ears, nose, tongue, teeth, and skin--and the internal organs. The Taoist techniques in this practice are more than 5,000 years old and, until very recently, were closely guarded secrets passed down from master to student with each master often knowing only a small part of the complete method. In Chi Self-Massage Master Mantak Chia pieces together the entire system of Chi Massage into a logical routine, revealing the methods used by Taoist masters to maintain their youthfulness. He explains the energetic theory behind Chi Massage and how negative emotions affect the organs and nervous system. By practicing the exercises outlined and following the daily routine that requires only 5 to 10 minutes to complete, readers can strengthen their senses--most notably vision, hearing, and taste--detoxify their internal organs and glands, help control negative emotions, relieve stress and constipation, and improve their complexion, teeth and gums, and overall stamina.

**Advanced Chi Nei Tsang** Mantak Chia, 2009-07-13 Advanced Taoist techniques for detoxifying and rejuvenating the internal organs through the release of negative chi • Works with the navel center, where negative emotions, stress, and illness accumulate • Presents advanced techniques to release negative energy from the body and reestablish a healthy flow of vital energy to internal tissues and organs From the Taoist point of view, good health depends upon the free flow of chi--healthy life-force energy--throughout the body. Taoists refer to healthy chi as good wind. When energy is trapped in the body it stagnates and becomes negative, manifesting in the symptoms of physical or emotional illness. Taoists call this negative energy sick or evil wind. The advanced Chi Nei Tsang practices focus on mastering these winds. They include techniques for developing sensitivity to sick winds, releasing internal energy blockages, and chasing sick winds from the body to reestablish a healthy flow of energy. Negative energies caused by stress, tension, and the effects of past illnesses tend to accumulate in the naval center, so the advanced Chi Nei Tsang techniques use elbow pressure on specific reflex points around the navel to

release energy blockages associated with each internal organ. They also work with wind access points found near the standard acupuncture points. These advanced practices build upon the organ detoxification and rejuvenation practices introduced in Chi Nei Tsang, allowing the practitioner to work intensively at an energetic level toward the restoration of optimum health and well-being.

**Chi Nei Tsang** Mantak Chia,2006-12-26 An ancient Taoist system for detoxifying and rejuvenating the internal organs • Presents techniques to clear blockages in the body's energy flow • Includes illustrated exercises to relieve common ailments, revitalize the organs, and enable readers to take charge of their own health and well-being • Focuses on the navel center, where negative emotions, stress, and illness accumulate The techniques of Chi Nei Tsang evolved in Asia during an era when few physicians were available and people had to know how to heal themselves. Many people today have symptoms that modern medicine is not able to cure because a physical source for the problem is not easily found. The energies of negative emotions, stress, and tension--all common in modern life--and the weight of past illness accumulate in the abdominal center, causing energy blockages and congestion. When this occurs, all vital functions stagnate and myriad problems arise. By practicing the techniques of Chi Nei Tsang, this stagnation is removed and the vital organs surrounding the navel center are detoxified and rejuvenated. Master Chia teaches readers how to avoid absorbing negative energies from others and take full charge of their health through the self-healing techniques of Chi Nei Tsang. He offers fully illustrated exercises that show how to detoxify the internal organs and clear the energy (chi) channels throughout the body. He also presents methods for balancing emotions, managing stress, and observing the body in order to recognize, ameliorate, and prevent maladies before they become a problem.

**Simple Chi Kung** Mantak Chia, Lee Holden,2011-12-30 Distills the many different Chi Kung practices into one simple daily routine for abundant health, calmness, and mental clarity • Provides step-by-step illustrated instructions for a complete yet easy daily Chi Kung routine • Perfect for beginners and ideal as a warm-up to more advanced practices • Clears physical and mental stress, stimulates healing and disease prevention, detoxifies the body, releases tensions, improves circulation, and works to develop flexibility, strength, resiliency, and suppleness Within every person there is a place full of energy, health, and happiness. Practicing Chi Kung allows us to visit this place of inner vitality and harmony, clearing physical and mental stress, detoxifying the body and mind, and helping us return to our natural state of abundant health, calmness, and mental clarity. An ideal complement to the treatment of chronic pain, asthma, diabetes, high blood pressure, headaches, and even heart disease and cancer, Chi Kung is a way to take control of your physical, mental, and spiritual health and live a long and healthy life. In Simple Chi Kung, Taoist master Mantak Chia distills thousands of Chi Kung practices into one simple daily routine perfect for beginners and ideal as a warm-up to more advanced practices. Designed to relax our muscles, loosen the joints, improve circulation, and develop flexibility, strength, resiliency, and suppleness, the gentle, flowing movements of

**Healing Light of the Tao** Mantak Chia, 2008-05-27 The guide to engaging and directing the three primordial forces of Earth, Heaven, and Higher Self to achieve enlightenment and immortality • Explains how to circulate the life force, or chi, by balancing yang (male) and yin (female) currents of bioenergy • Includes an overview of the complete Taoist body/mind/spirit system along with newly refined methods of activating the life force • The sequel to the classic *Awaken Healing Energy Through the Tao* In 1983, Mantak Chia introduced the “Microcosmic Orbit” to the West. Prior to that time, most of the Eastern energy practices transmitted to the West were incomplete, dealing only with the ascending yang/masculine channel, which shoots life-force energy up the spine. The Microcosmic Orbit showed practitioners how to establish the descending yin/feminine channel of the life-force energy loop. Within Taoist systems, cultivating feminine energy has always been seen as the key to gaining balance and wholeness. *Healing Light of the Tao* presents the more advanced methods of chi cultivation in the Microcosmic Orbit, offering a full understanding of Taoist spiritual theory through its comprehensive overview of the complete Taoist body/mind/spirit system. The book also includes more advanced meditation methods for absorbing the higher frequencies of Earth Force, Cosmic Force, and Universal Force (Heavenly chi) into the basic orbit. It establishes a spiritual science that not only emphasizes practical benefits to health, sexual vitality, and emotional balance, but also shows how changes made in the energy body can lead to physical rejuvenation that the Taoists called immortality.

*Life Pulse Massage* Mantak Chia, Aisha Sieburth, 2015-08-15 A fully illustrated guide to abdominal massage for improved cardiovascular health, organ detoxification, and enhanced vital energy • Includes fully illustrated massage instructions to open restricted blood vessels, direct blood flow for healing, balancing blood pressure, and detoxifying organs • Details specific massage treatments for many common ailments such as lower back pain, sciatica, asthma, headaches, and reproductive issues • Explains the ancient art of reading pulses to diagnose organ health • Reveals how blood acts as the vehicle for our vital energy Blood and chi often flow side by side throughout the body, the blood acting as the vehicle for our vital energy. Areas of slow or congested circulation lead to blockages in the flow of vital energy and toxin accumulation in the body. The practice of *Life Pulse Massage* allows these blockages to be cleared, revitalizing cardiovascular function, detoxifying the organs, and restoring the flow of blood and chi throughout the body. In this fully illustrated guide to *Life Pulse Massage*, Master Mantak Chia details abdominal massage practices to open restricted blood vessels, direct blood flow

to specific areas for healing, release arterial tension to rebalance high or low blood pressure, and detoxify individual organs and body systems such as the liver, lungs, lymph nodes, and colon. He shows how to clear and activate the master pulses of the navel and aorta and synchronize these master pulses with the 52 pulses of the whole body for optimum circulation and energy balance. He explains the ancient art of reading pulses to diagnose organ health as well as how to recognize internal health states through the unique positions and shapes of the navel. Detailing specific Life Pulse Massage treatments for many common ailments such as lower back pain, sciatica, asthma, headaches, and reproductive issues, Master Chia shows how liberating the flow of blood and chi can prevent illness before it takes hold, revitalize the organs, and set the stage for optimum health.

*Chi Nei Tsang and Microcurrent Therapy* Mantak Chia, Aisha Sieburth, 2018-08-14 An illustrated guide to combining the new healing modality of microcurrent therapy with Chi Nei Tsang energy massage • Explains how microcurrent therapy harmonizes the body's cells, regenerates the nervous system, and boosts the body's natural self-healing abilities • Provides illustrated, step-by-step instructions for using microcurrent therapy during massage and for the basic techniques of Chi Nei Tsang massage • Shows how combining these therapies can relieve pain, reduce inflammation, and help specific ailments, such as arthritis, sciatica, fibromyalgia, and shingles Each cell of the body is animated by a highly organized and intelligent bioenergy, or bioelectricity. When cells are damaged, they become electrically imbalanced. Recently it has been discovered that microcurrent therapy--applying low-amperage electrical currents to the body--harmonizes the cells, returns them to a normal state of cellular activity, and boosts the body's natural self-healing abilities. Combining this innovative new modality with ancient Taoist healing methods, Mantak Chia and Aisha Sieburth detail how to integrate microcurrent therapy with Chi Nei Tsang energy massage for pain relief, self-healing, and rejuvenation. The authors explain how microcurrent has a regenerative effect on the nervous system, helping to increase energy levels, promote circulation of blood and lymph, relieve acute or chronic pain, restore pH balance of the blood, balance hormone function, and improve the immune system. Its effects on circulation extend to all the body's vessels, tissues, and cells as well as enhancing toxin elimination and reducing inflammation. The authors show how microcurrent therapy pairs extraordinarily well with Chi Nei Tsang massage. The microcurrent, flowing through the hands of the massage practitioner into the body, enhances the effects of the massage within the nerves and tissues, making it easier to harmonize the flow of energy, release tensions, and dissolve energetic knots in the meridians. With illustrated, step-by-step instructions, the authors explain how to use microcurrent therapy during massage and describe the basic techniques of CNT massage. They also show how CNT microcurrent therapy is beneficial for general physical health and for a host of specific ailments, such as nerve pain, arthritis, sciatica, fibromyalgia, shingles, headaches, slow-healing wounds, and tendon and ligament pain.

Chi Nei Ching Mantak Chia, William U. Wei, 2013-11-04 Fully illustrated guide to massage techniques for unblocking chi, releasing tight tendons and muscles, and alleviating back and joint pain • Explains the hammering massage technique of Tok Sen, which sends vibrational energy deep into the fascia and muscles • Details how to use the 10 Thai energy meridians known as Sen Sib and the 12 muscle-tendon meridians of Chinese acupuncture in massage • Explains Meridian Detox Therapy and Gua Sha, which clears blood stagnation, promotes metabolism, and can prevent and treat acute illness Good health depends on the free flow of life-force energy, chi, throughout the entire body. The accumulation of tensions in the muscles and tendons as well as the stagnation of negative energy can lead to blockages in the body's energy channels, resulting in pain, low energy, or illness. In this full-color illustrated guide, Master Mantak Chia and William Wei detail massage techniques for unblocking chi, releasing tight tendons and muscles, and alleviating back and joint pain. The authors explore the 10 Thai energy meridians known as Sen Sib, the 12 muscle-tendon meridians of Chinese acupuncture, and the most commonly strained muscles and tendons of the spine, neck, and pelvis. They explain how to treat specific ailments, such as headache, stiff shoulder, or lumbar pain, with the traditional Thai massage technique known as Tok Sen, which uses a wooden hammer to send vibrational energy deep into the fascia and muscles along the Sen Sib meridians. This method is particularly effective for joint pain, because the vibrations can reach more deeply and accurately within the body's structure than a massage therapist's fingers. The authors also explain Meridian Detox Therapy, which includes cupping, skin massage, and Gua Sha--the scraping of different parts of the body to clear blood stagnation, promote metabolism, and treat acute illness. The final book in the Chi Nei Tsang series, *Chi Nei Ching* offers advanced massage techniques to work with the energy meridians for optimum health.

Taoist Foreplay Mantak Chia, Kris Deva North, 2010-07-13 Sexual techniques and traditional Chinese medicine for increased pleasure • Reveals how to enhance relationships by harmonizing male and female energies • Includes easy-to-follow, illustrated acupressure massage routines • Shows how to maintain sexual health with prostate massage and jade egg exercises Taught to Chinese emperors, their wives, and their concubines for thousands of years, Taoist sexual techniques

help lovers harmonize their cycles of pleasure and utilize the abundance of reproductive power that is otherwise wasted in non-procreative sex. Combining the study of sex with traditional Chinese medicine, these practices stimulate and sustain sexual desire through the meridians and pressure points and enhance relationships by harmonizing male (yang) and female (yin) energies. Using easy-to-follow illustrations, Taoist Foreplay guides lovers through simple acupressure massage routines connecting all the points and channels that increase pleasure and spark arousal. It shows how to prolong peak moments, maintain sexual health through prostate massage and jade egg exercises, and sustain the intensity of first love through all the seasons of a maturing relationship. It also explains how to reveal and overcome incompatibility with the Taoist Zodiac. From foreplay to climax, these practices offer a way to keep the flame of sexual energy alive.

*The Six Healing Sounds* Mantak Chia, 2009-03-09 The Six Healing Sounds that keep the vital organs in optimal condition

- Presents vocalizations and accompanying postures that dissolve the tensions at the root of unhealthy chi flow and organ malfunction
- Shows how to release excess heat trapped around the organs and redistribute it to cooler regions of the body to bring balance, health, and calmness to the entire system

Thousands of years ago Taoist masters discovered that a healthy organ vibrates at a particular frequency. They found six sounds with the correct frequencies to keep each organ in optimal condition. To accompany these Six Healing Sounds, six postures were developed to activate the acupuncture meridians, or energy channels, of the corresponding organs. In *The Six Healing Sounds* Master Mantak Chia explains how the pressures of modern life can cause excess heat to become trapped around the organs, causing energy blockages and sickness. He shows readers how the vibrations of the Six Healing Sounds and their accompanying postures redistribute this excess heat to the cooler regions of the body, thereby stimulating and balancing chi energy and restoring the vital organs. Regular practice of the Six Healing Sounds promotes optimal health for the organs, increased sexual pleasure, emotional balance, and the prevention of illness.

*Taoist Cosmic Healing* Mantak Chia, 2003-10-20

- Includes practices for cleansing the blood of toxins, relieving pain, using sexual energy for healing, and other tools for the treatment and prevention of disease
- Explains the unique healing potential of chi kung color therapy and how to harness universal and earthly elemental energies in healing
- By Mantak Chia, coauthor of *The Multi-Orgasmic Man*

Taoists believe in an underlying unity that permeates the universe and intimately binds all things. *Taoist Cosmic Healing* presents chi kung techniques that develop and strengthen awareness of the forces and energetic principles of the universe and the earthly six directions, allowing the reader to draw upon these forces for healing themselves and others. *Taoist Cosmic Healing* teaches the reader how to use the major acupuncture points in the hands to activate, open, and balance the chi meridians throughout the body. This practice allows the student to detoxify and rejuvenate the major organ systems and, when combined with specific body positions and the chi kung stance, to heal others. Through Mantak Chia's profound understanding of the ancient esoteric science of guiding chi energy, students can learn how

to harness the astral energies of specific stars. Master Chia also explains the important role that compassion and positive energy play in enhancing one's ability to heal. He presents for the first time in the West the details of chi kung color therapy and how it can activate and strengthen the immune system.

**Fusion of the Five Elements** Mantak Chia,2007-04-30 A guide to the practice of Inner Alchemy, which allows you to control the energies of your inner universe to better connect with energies of the outer universe • Teaches the essential first-level meditations in Taoist practice, also known as Fusion of the Five Forces, for self-healing and emotional and spiritual development • Shows step-by-step how to remove negative emotions from the organs in which they are lodged by neutralizing and transforming the negativity back into positive energy • Includes basic and advanced-level meditations

Fusion of the Five Elements is the necessary first step in the Taoist practice of Inner Alchemy, in which one learns to control the generation and flow of emotional, mental, and physical energies within the body. It is a series of meditations designed to locate and dissolve negative energies trapped inside the body by making a connection between the five outer senses (experienced through the ears, eyes, nose, mouth, and tongue) and the five major negative emotions (anger, hate, worry, sadness, and fear). When the body is cleared of negative energy, universal chi energy flows freely and productively, nourishing both body and soul. The practice is divided into two parts. The first works with controlling the forces of the five elements on the five major organs of the body by learning the elements' effects upon each other and how to balance and utilize these energies properly. The advanced Fusion exercises then show how to channel the greater energies of the stars and planets to strengthen internal weaknesses and crystallize positive energy. By "fusing" all the different kinds of energy together, a harmonious whole is created--the key to manifesting an Immortal existence.

*Fusion of the Eight Psychic Channels* Mantak Chia,2009-01-15 Advanced Inner Alchemy exercises that promote the free flow of energy throughout the body in preparation for the Practice of the Immortal Tao • Explains how to open the Great Bridge Channel and the Great Regulator Channel • Includes exercises to strengthen and wrap the spinal cord with energy • Reveals how to create a thicker aura to protect the body and receive the higher frequencies of the Universal Force

The Fusion of the Eight Psychic Channels practice builds upon the Fusion of the Five Elements and Cosmic Fusion practices and is the final step in preparation for the Practice of the Immortal Tao. Master Mantak Chia shows how to open the Great Bridge Channel and the Great Regulator Channel--the last of the eight psychic channels that connect the twelve organ meridians and

enable energy to flow from one meridian to another. By opening these psychic channels in conjunction with the Microcosmic Orbit, practitioners can balance and regulate the energy flow throughout the body to protect all the body's centers. Master Chia also illustrates the Spinal Cord Microcosmic Orbit practice, which strengthens and wraps the spinal cord with energy, and the practice of Sealing the Aura, which creates a thicker aura to protect the body and facilitate the reception of higher frequencies of the Universal Force. Mastery of the practices in this book enables the creation of the energy body needed to receive the larger Universal Force vibrations accessible through the Practice of the Immortal Tao.

Craniosacral Chi Kung Mantak Chia, Joyce Thom, 2016-01-22 Craniosacral therapy and Chi Kung practices to harmonize emotions, release chronic tensions, and optimize the flow of energy • Provides illustrated instructions for movement exercises, breathwork, self-massage, and emotional intelligence meditations to free the flow of energy in the body • Reveals clear parallels between the craniosacral rhythm and the flow of chi • Explains how to release energetic blockages and emotional and physiological knots, activate the energetic pumps of the 3 tan tiens, and tap in to the Cosmic Flow Exploring the connections between Western craniosacral therapy and Chi Kung, Taoist master Mantak Chia and craniosacral instructor Joyce Thom detail movement exercises, breathwork practices, self-massage techniques, and focused meditations from Taoist and other wisdom traditions to release and harmonize the flow of energy in the body and optimize our potential for physical, emotional, and spiritual well-being. The authors link the craniosacral rhythm--the gentle flow of cerebrospinal fluid from the head (cranium) to the tailbone (sacrum)--and the flow of chi throughout the body, circulated by the pumps of the three tan tiens. They explain how these subtle energetic flows indicate the harmony or disharmony of the whole person and are greatly affected by physical traumas, chronic tensions, and unresolved emotions. For example, the psoas muscle, known in Taoism as the muscle of the Soul, connects the spine to the legs and is the first muscle to contract when anger or fear triggers our fight-or-flight response. Often a storehouse of subconscious stressors, this muscle's sensitivity is connected to many common ailments like back pain. Providing step-by-step illustrated exercise instructions, the authors explain how to identify and unwind energetic blockages and emotional and physiological knots. They explore emotional intelligence exercises for tuning in to our hearts so we can listen to our bodies' messages and learn to relieve related emotional burdens. They also reveal how to activate the cranial, respiratory/cardiac, and sacral pumps of the three tan tiens to optimize the body's energetic flow and explain how, when our energy is flowing freely, we can enter the Cosmic Flow--a state of calm well-being and extraordinary creativity where we find ourselves truly at one with the universe.
