Heavy Metal Music From The Inside: Quotes On Being A Rocker Aaron Joy, 2017-01-28 A rock musician's life is glamorous, but it is also a winding road of learning and discovery with no clear road signs to guide by. This book broadly

paints this unique journey via the words of those who have done it and have much to share following both successes and failures ... or at least stuff to vent about. This book - written by a musician and label owner known for his music crossword book series - goes deep inside the music business and into the musician's life, looking for the real struggle, real life and real feelings. It tries to paint the otherwise invisible street signs as it charts the life of a musician from learning an instrument to being in a band to breaking up, quoting both mainstream and indie musicians. While the book may be focused on the heavy metal/hard rock experience, the story it tells is actually one any struggling or successful working musician will relate to. This is unlike any other music quote book around and is more than a collection of thoughts but an education.

This is Your Brain on Music Daniel Levitin, 2019-07-04 From the author of *The Changing Mind* and *The Organized Mind* comes a New York Times bestseller that unravels the mystery of our perennial love affair with music ***** 'What do the music of Bach, Depeche Mode and John Cage fundamentally have in common?' Music is an obsession at the heart of human nature, even more fundamental to our species than language. From Mozart to the Beatles, neuroscientist, psychologist and internationally-bestselling author Daniel Levitin reveals the role of music in human evolution, shows how our musical preferences begin to form even before we are born and explains why music can offer such an emotional experience. In *This Is Your Brain On Music* Levitin offers nothing less than a new way to understand music, and what it can teach us about ourselves. ***** 'Music seems to have an almost wilful, evasive quality, defying simple explanation, so that the more we find out, the more there is to know . . . Daniel Levitin's book is an eloquent and poetic exploration of this paradox' Sting 'You'll never hear music in the same way again' Classic FM magazine 'Music, Levitin argues, is not a decadent modern diversion but something of fundamental importance to the history of human development' Literary Review

How Popular Musicians Learn Lucy Green, 2017-03-02 Popular musicians acquire some or all of their skills and knowledge informally, outside school or university, and with little help from trained instrumental teachers. How do they go about this process? Despite the fact that popular music has recently entered formal music education, we have as yet a limited understanding of the learning practices adopted by its musicians. Nor do we know why so many popular musicians in the past turned away from music education, or how young popular musicians today are responding to it. Drawing on a series of interviews with musicians aged between fifteen and fifty, Lucy Green explores the nature of pop musicians' informal learning practices, attitudes and values, the extent to which these altered over the last forty years, and the experiences of the musicians in formal music education. Through a comparison of the characteristics of informal pop music learning with those

of more formal music education, the book offers insights into how we might re-invigorate the musical involvement of the population. Could the creation of a teaching culture that recognizes and rewards aural imitation, improvisation and experimentation, as well as commitment and passion, encourage more people to make music? Since the hardback publication of this book in 2001, the author has explored many of its themes through practical work in school classrooms. Her follow-up book, *Music, Informal Learning and the School: A New Classroom Pedagogy* (2008) appears in the same Ashgate series.

The Leonard Bernstein Letters Leonard Bernstein, 2013-10-29 “With their intellectual brilliance, humor and wonderful eye for detail, Leonard Bernstein’s letters blow all biographies out of the water.”—The Economist (2013 Book of the Year) Leonard Bernstein was a charismatic and versatile musician—a brilliant conductor who attained international superstar status, and a gifted composer of Broadway musicals (*West Side Story*), symphonies (*Age of Anxiety*), choral works (*Chichester Psalms*), film scores (*On the Waterfront*), and much more. Bernstein was also an enthusiastic letter writer, and this book is the first to present a wide-ranging selection of his correspondence. The letters have been selected for the insights they offer into the passions of his life—musical and personal—and the extravagant scope of his musical and extra-musical activities. Bernstein’s letters tell much about this complex man, his collaborators, his mentors, and others close to him. His galaxy of correspondents encompassed, among others, Aaron Copland, Stephen Sondheim, Jerome Robbins, Thornton Wilder, Boris Pasternak, Bette Davis, Adolph Green, Jacqueline Kennedy Onassis, and family members including his wife Felicia and his sister Shirley. The majority of these letters have never been published before. They have been carefully chosen to demonstrate the breadth of Bernstein’s musical interests, his constant struggle to find the time to compose, his turbulent and complex sexuality, his political activities, and his endless capacity for hard work. Beyond all this, these writings provide a glimpse of the man behind the legends: his humanity, warmth, volatility, intellectual brilliance, wonderful eye for descriptive detail, and humor. “The correspondence from and to the remarkable conductor is full of pleasure and insights.”—The New York Times Book Review (Editors’ Choice) “Exhaustive, thrilling [and] indispensable.”—USA Today (starred review)
